

JACL Pledges Support For Govt. In Program Of Evacuation

SAN FRANCISCO—The greatest forced migration in American history, the movement of 120,000 citizens and alien Japanese out of the Pacific Coastal areas, will be carried out by federal and military authorities with the whole-hearted co-operation of the Nisei—American-born Japanese. It was indicated at the close of an emergency 3-day session of the Japanese American Citizens' League here.

Two hundred delegates from the JACL's sixty-five chapters in ten western states were unanimous in pledging support to the authorities concerned with the evacuation problem.

"Many of us were opposed to the principle of evacuation but now that evacuation is a fact, we are anxious to do our part so that the process may be completed with the minimum of hardship to all concerned," national secretary Mike Masaoka said.

James Y. Sakamoto, Seattle publisher and former national president of the League, urged that those who might be bitter at the treatment accorded them to "turn their bitterness against Japan, because the Japanese war lords are responsible for all this."

In a press release the League declared that "the greater our co-operation with the government, it can be expected the greater will their co-operation be with us in the solution of our problems."

The policy that the JACL will recommend in the handling of the evacuation program was indicated by Saburo Kido, national president of the organization, who said that "in view of the existing threats of vigilantism and lawlessness, we have decided that evacuation under military supervision is the wisest course."

Democracy at Work As Chinese Gives Nisei Job

Over in the Orient the Japanese and the Chinese are right at one another's throats—tooth and nail. They drop bombs on each other, shoot, bayonet and bombard each other and what one Chinese thinks of a Japanese would probably be unprintable.

But here in Canada it seems the democratic ideal is still alive. A young Vancouver Nisei truck driver, who lost his job with the impounding of motor vehicles, came smack up against it when a Chinese offered him a job.

"Well, I guess today finishes me. Our place closes up tonight," I said to the Chinese fellow whose vegetables I was loading," told the Nisei.

"He came over laughing and asked me if I wanted to work for him. I thought he was only kidding, so I turned around and said, 'oh, su-u-re!' Even when he said he meant it I still didn't believe him, and asked if he knew that I wasn't allowed to drive either.

"Oh, that's o.k., you can work around the warehouse here, there's lot's to do," he said. So that's why I'm still working."

No "Get Even" Action In Canada Warns Prime Minister In House

OTTAWA — "Retribution for these nationals in Canada must be contemplated. Let it not be forgotten that there are still Canadians a British in the hands of the Japanese."

A. W. Nell, veteran anti-Japanese M.P. from Comox-Albera mildly protested against what he considered an inference that there had been some tendency to "get even" with the Japanese in Canada.

He added a stern warning that the government would not countenance any suggestion of reprisals against Japanese aliens or Canadian citizens of Japanese origin in Canada.

Opposition Leader R. B. Hanson declared that "Reprisals are unthinkable to those of us who believe in the Christian way of life." "I would sound a note of warning that reprisals against Japan-

NEW YORK—The New York Times said editorially that "The United Nations must not and cannot retaliate in kind on Japanese soldiers and civilians now within their lines."

"The property, rights and interests so vested in and subject to the control and management of the Custodian, or the proceeds thereof, shall be dealt with in such manner as the Governor in Council may direct."

The above provisions do not apply to fishing vessels, deposits of money, shares of stock, debentures, bonds or other securities, or property required to be delivered to any person by the owner pursuant to the Order of the Minister of Justice dated February 26, 1942, but enable persons of the Japanese race to deliver to the Custodian, before they are evacuated from a protected area, such other property as they have not disposed of and are unable to take with them.

All such other property not disposed of or delivered to the Custodian, prior to evacuation automatically comes under the control of the Custodian upon the evacuation of the owner but persons of the Japanese race are urged to report their property immediately instead of waiting until their evacuation as this will enable the Custodian to take prompt action to protect and administer the same.

Forms for setting forth the particulars of such property may be obtained on written application to the undersigned and should be completed as fully as possible by owners of property and mailed to the undersigned without delay.

Dated at the City of Vancouver this tenth day of March, 1942.
