Mr. Helford Wilson  
City Hall  
Vancouver, B.C.

Dear Sir;

I heartily commend you on the stand that you are taking on the Oriental question and the way that you continue to fight this problem despite the entire lack of co-operation from other members of the council.

Should you know of any way that I might be of assistance to you in this fight, and will let me know I will appreciate it.

Yours Truly

Dear Mr. Galloway:

Many thanks for your letter of yesterday's date, assuring me of your interest and support in curtailing the activities of the Orientals in our City.

I can assure you that such letters are appreciated, and make me feel that my efforts are not in vain and that such support encourages me to continue the campaign on behalf of our own people.

I remain,

Yours very truly,

Dear Sir:

I wish to congratulate you on the first circular, copy of which I received yesterday.

I note that 4,000 of these circulars dealing with the Oriental question have been distributed, and I trust that you are making efforts to enlist the support of the people by way of affiliation with your Organization.

Might I suggest that in your next circular you enclose a coupon, returnable to you, which would be in the form of an application for membership?

Wishing you continued success,

I remain,

Yours very truly,

Halford D. Wilson
