G. Nagamatsu
In Chief.

MR. McMASTER: G. Nagamatsu, No. 206 of the original list, your honour.

THE COMMISSIONER: That will be case 199.

GOICHIRO NAGAMATSU, the Claimant herein, being first duly sworn, testified through the official interpreter as follows:

MR. McMASTER: In this case, your honour, I would ask leave to amend the claim form. The claimant didn't have legal advice in drawing it, and he put in a claim for crop. Actually it wasn't for the crop, but for plants and crop, and some value should be added to the value of the land and buildings. Accordingly, I would ask to amend the value of land and buildings to \$3,000.00 and strike out the item there that appears as a crop item, so that the claim for the real property will be \$3,000.00 less \$761.00 for which price it was sold by the Custodian.

I am afraid, your honour, I didn't prepare this claim and therefore I don't know the reason for the next amendment, what instructions Mr. Leckie had. I see on the back of the claim form that the only claim shown there is for a radio sold for \$34.00. Mr. Leckie apparently has received instructions from the claimant to claim for the radio \$125.00 and for a truck in the sum of \$1300.00. I would ask leave to make those claims. All I can say with respect to it is, as I said before, this man didn't have legal advice when he drew his claim and didn't have full information from the Custodian.

MR. McTAVISH: Your honour, on the claim form, on the

face of the first page, he has something with regard to the truck.

MR. McMASTER: Yes, I see. That appears in 4 (c). He apparently got his truck in with his land some place.

MR. McTAVISH: As I see it, the claim comes down to a claim for the real property, the truck, and the radio, and I am prepared to admit amendments to allow that.

MR. McMASTER: Yes. Then the claim for chattels will be International one-ton truck, \$1300.00, and a radio \$125.00; the credit to the Custodian to be, on those two items, \$1134.00, leaving a net chattel claim of \$291.00. The net real property claim is \$2239.00.

DIRECT EXAMINATION BY MR. McMASTER:

Q: Witness, did you instruct Mr. Leckie to prepare this statement with regard to your real property with respect to which you are claiming? A: Yes.

Q: Would you be good enough to sign it please?

20 A: (Witness complies)

Q: Are the contents of that statement true to the best of your knowledge and recollection?

A: Yes.

MR. McMASTER: I ask to file that as Exhibit No. 1.

(STATEMENT MARKED EXHIBIT NO. 1)

MR. McMASTER: On behalf of my learned friend I would ask to file the Farm Appraisal Report of the Soldier Settlement Board as Exhibit No. 2.

(APPRAISAL MARKED EXHIBIT NO. 2)

30 MR. McMASTER: Referring to Exhibit No. 2, I would point

G. Nagamatsu
In Chief.

out the property is situated half a mile from Pitt Meadows, and the appraiser states it has direct access to Bonson road, which is in good condition. It is a fairly good cooperative marketing district, and then the comments on page 3 I would particularly like to draw your honour's attention to.

10 If I might refer to Exhibit No. 1, the Claimant shows that this is a ten acre farm. It was purchased in 1923 for \$1,000.00, all bush land. The claimant shows that he cleared the ten acres, and the various improvements that he placed on the land, including the buildings. He points out that the appraiser misdescribes his house and that the correct description is set out in his statement, and that the two cabins were eleven and seven years old respectively and not fifteen and twenty years old as the appraiser states. He disagrees that the larger cabin was in poor condition. All of the buildings except the four small ones, on which he has put no estimated value, were in quite good shape, and he disagrees
20 that the soil was depleted, and says it was in excellent shape for small fruit growing when he was there. Then he points out the fact that he considers that a fair value would be \$3,000.00.

Q: Now, witness, did you instruct Mr. Leckie to prepare this statement with regard to your radio and International truck? A: Yes.

Q: Would you be good enough to sign it, please?

A: (Witness complies)

30 Q: Are the contents of that statement true to the best

of your knowledge and recollection?

A: Yes.

MR. McMASTER: I ask to file that as the next exhibit.

(STATEMENT MARKED EXHIBIT No. 3)

MR. McMASTER: I would ask my friend to admit that this truck was sold to the B.C. Security Commission for \$1100.00.

MR. McTAVISH: That is correct, your honour, it was sold August 31, 1942.

10 MR. McMASTER: And I would ask my friend if he could produce an appraisal for the truck.

MR. McTAVISH: There is no mention of an appraisal on the file I have, your honour.

MR. McMASTER: Perhaps my friend would undertake to produce one to me, if he has one, before the hearings in Vancouver.

I would ask my friend to produce an appraisal on the radio, if he has one.

MR. McTAVISH: There is no appraisal on the radio on the
20 file, either, your honour.

MR. McMASTER: Perhaps my friend would be good enough to undertake to produce one to me, if there is one, before the hearings in Vancouver.

Q: Witness, I produce to you a Royal Canadian Mounted Police receipt. Is that the receipt that you got for your truck when you delivered it?

A: Yes.

MR. McMASTER: This is a receipt from the Royal Canadian Mounted Police, dated March 9th, 1942, for the truck
30 in question which was a 1941 International. The

G. Nagamatsu
In Chief.

speedometer reading appearing on the receipt is 5849 miles. The condition of the truck is stated, "Appears in good condition." I ask to file that as the next exhibit.

(RCMP RECEIPT MARKED EXHIBIT NO. 4)

MR. McMASTER: Now, referring to the statement with regard to personal chattels filed on behalf of the claimant, I draw your honour's attention to the fact that he purchased the truck in April 1941 at a price of
10 \$1400.00.

Q: Now, witness, I understand that you did not hand your radio to the R.C.M.P., but rather handed it to somebody at Struthers Grocery Store at Pitt Meadows.
A: Yes.

Q: Would you explain to his honour the reason for doing that?

THE INTERPRETER: I can't get his answer to this.

MR. McMASTER: Would you object, your honour, if my interpreter gave the answer?

20 THE COMMISSIONER: Can you not make it out, Mr. Interpreter?

THE INTERPRETER: No, I can't get it.

MR. McMASTER: Perhaps my interpreter might give the interpretation that he has and Mr. Upton can check on it.

THE COMMISSIONER: Very good.

MR. KUBONIWA: A: As long as I have not radio in my hand, I thought everything was okay, that is why I hand my radio to the store.

30 THE INTERPRETER: Well, I took him to say that, that as

long as he took it himself to the store, it was okay, it was all right.

MR. McMASTER: Well, I don't want to press the thing, anyway. In any event, he didn't hand it to the R.C.M.P.

My friend will admit, I think, that the radio was actually taken into possession by the Custodian and sold.

10 MR. McTAVISH: The radio was sold at auction on December 16, 1943, yes, your honour.

MR. McMASTER: Your witness.

MR. McTAVISH: It is submitted, that the real property was sold for its fair market value. It is further submitted that the truck and radio were both sold for their fair market value.

I would ask my friend to admit the assessed value of the real property, improvements \$800.00 and land \$1200.00.

MR. McMASTER: What year is that?

20 MR. McTAVISH: That is 1942.

MR. McMASTER: That appears to be correct.

MR. McTAVISH: This is the Farm Appraisal Report, your honour. I would like to refer to the remarks on page 3 of the report. "This is quite a fair type of property, nicely situated, with total acreage cleared and cultivable --

MR. McMASTER: Your honour, I am sorry, I must take the same objection I took in the other case. The appraiser will be called and he can give it.

30 THE COMMISSIONER: Well, isn't the object of putting these

in to have the appraiser appear later, to have him cross-examined and to get him to admit what the appraiser said? You have that appraisal as your brief, can't you use that in cross-examination?

MR. McTAVISH: I must object to my friend being able to put these items in and being able to read what he wishes out of them, and then object to myself reading out of them.

10 MR. McMASTER: Your honour, if this were a normal court proceeding, we would be at liberty to call the claimant after my friend had put in his case and to examine him in reply. Now, due to the physical set-up, the Japanese being all across the country, it just isn't possible to do that. Normally speaking, we wouldn't make reference to these appraisals at all in the first instance; we would wait for my friend to prove his appraisal and then we would put in a reply to it. The only purpose in filing these appraisals, as I understand it, is so that
20 when we do make some reference to the appraisal report by nature of a reply, the Commissioner will understand what the reference is. But it is understood that the Crown will call these appraisers and will submit these appraisers to cross-examination, and until that is done, I think it is only proper that the appraisal can be filed for the purposes mentioned, but nothing more.

MR. McTAVISH: Your honour, my friend, right straight
30 through these proceedings has read from the appraisal reports, referred to them and read from them.

Now, I don't think it is correct he should do that when it suits him and object to it when it doesn't suit him.

10 THE COMMISSIONER: Well, that may be quite right, you have to substantiate your case and he is, in effect, calling from a document from the other side, and naturally he can take what is of value to him. But if you wish to do this, I will make the same ruling as I did before -- it is up to the Commissioner. It is not going to help you, in my opinion, but then, my opinion is not what binds; it has all to go before the Commissioner. I think it is of great value to you to have that appraisal for purposes of cross-examination.

MR. McTAVISH: That is correct, your honour. I will continue reading, then, from this page 3.

20 "The main drawbacks are soil conditions and buildings. The soil fertility has apparently been depleted either by the use of commercial fertilizer or by soil leaching, or a combination of both. The acreage in strawberries is for the most part in three-year-old plants which should be plowed under, also a plan for soil restoration by production of clovers to be used as green manure should be arranged.

30 "Buildings are old and for the most part are in poor condition. Building used as house is shack-like, one room, lined with V-joint, the inside being in fair condition. The house is not numbered nor served with electric light, but electric power is available

from line on Bonson Road."

With regard to the real property, your honour, it is a question of value only.

With regard to the personal property, I would like to draw your honour's attention to the original claim put in for the radio. The original claim was put in at \$50.00.

CROSS EXAMINATION BY MR. McTAVISH:

10 Q: Would you ask the witness in what year he bought the radio? A: 1938.

Q: 1938. What price did you pay for the radio? A: \$195.00.

MR. McTAVISH: Your honour, this radio was sold, as stated before, by auction on December 16, 1943 for \$ \$34.00. With regard to both the truck and the radio, your honour, they are, again, just a question of value.

20 RE-DIRECT EXAMINATION BY MR. McMASTER:

Q: This radio was a General Electric radio, as you state here? A: General Electric.

Q: Eleven tubes? A: Yes.

Q: In a large cabinet? A: Yes, it was a large one.

Q: And polished wood on the cabinet? A: Yes.

Q: Did it also play gramophone records, or not?

A: No.

Q: Just a radio? A: Yes.

30 Q: Whereabouts did you buy the radio, do you remember?

A: Hudson's Bay.

Q: Through their Japanese salesman?

A: Yes.

Q: What was his name, again?

A: Shiga.

Q: How do you spell that?

A: S-h-i-g-a.

Q: Does he know where Shiga lives now?

A: I don't know.

MR. McMASTER: That is all.

Comments re Appraiser's report not covered by above information: The appraiser misdescribes my house. Correct description is set out above. The two cabins were 11 and 7 yrs old respectively, and not 15 and 20 yrs old, as the appraiser states. I disagree that the larger cabin was in poor shape. All of the buildings, except the 4 small ones (no value estimated), were in quite good shape. The cabins were finished inside and habitable and were used by me for living quarters. I disagree that soil was depleted. It was in good shape and was the best for small fruit growing. Comments the property is all cleared and well located and I believe that it was worth at least \$3000 when sold as of Jan 1, 1943.
