MEMORANDUM

TO: MR. A. H. MATHIEU
FROM: MR. K. W. WRIGHT

RE: Vancouver Office Retirement Bonus

In accord with your instructions, I advised Mr. Shears, under date of September 5, 1946, that the practice of allowing one month's salary for every year of service or proportion thereof, was to be followed in Vancouver.

The monthly statements lead me to believe that the allowance was not being made and a report was asked for on the 2nd instant.

Mr. Shears' reply is attached.

You will note several were employed for nearly 5 years. They did not leave of their own accord (Miss Graham excepted). They did not benefit by 10% increase.

I am of opinion that bonus should be granted. Mr. Shears states that unless it is completely retroactive, a certain discrimination would arise. I would like to discuss this after you have had opportunity to consider.

K. W. WRIGHT

PRIVATE & CONFIDENTIAL

K. W. Wright, Esq.,
Counsel to the Custodian,
Office of the Custodian,
Victoria Building,
Ottawa, Ont.

Dear Ken,

I received your letter of the 2nd instant in regard to Retirement Bonuses.

At the time I received your letter of September 5th in regard to this matter I came to the conclusion that taking everything into consideration the adoption of this policy should perhaps begin with the coming New Year.

Unless the matter was completely retroactive a certain amount of discrimination would arise at some point or another. It appeared to me that after completion of all the changes which it was agreed would become progressively effective until the end of the year would, in the circumstances, be the best time to place the remaining staff on the new basis of a Retirement Bonus.

The question of salaries has been a matter which has been very closely under the control of Ottawa and I feel that a decision in regard to this matter should be made at your end, and if any retroactive changes are decided upon I would of course be very pleased to make the adjustments.

I am attaching a list of those persons who would be affected if this matter was set back to the time when this matter was first brought to my attention.

Yours very truly,

FGS/PMH

MEMORANDUM FOR MR. A. H. MATHIEU

Re: Vancouver Office

Since returning from Vancouver I have dealt with numerous reports and other matters, all of which have been the subject of discussion on several occasions in your office. I feel that you have a clear picture of the situation which now exists, as well as the problems with which we are confronted in order to attain our present objective, viz., reduction of expense through curtailment of staff and general overhead.

The staff of the Vancouver office is now comprised of 44 persons and in my letter to Dr. Coleman, from Vancouver, under date of August 14th, 1946, being the day of my departure from that city, I suggested that in the course of the next few months it would be possible to reduce the staff to approximately half of the present number. This is to be accomplished by adoption of a plan which provides for more rapid distribution of funds to Japanese evacuees. The plan was outlined in the attached memo which Mr. Shears read to the entire staff the last afternoon I was in Vancouver. This was also presented and received the approval of both Dr. Coleman and yourself, since my return.

In accord with your instructions, I wrote to Mr. Shears under date of the 5th instant, and requested him to forward a list of those members of the staff whose services might be dispensed with by the end of the year. Mr. Shears replied under date of September 7th, 1946, and indicated that the matter of reduction of staff was also taken up during Colonel McPherson's visit, and that recommendation had been put forward allowing for the retirement of 16 members between now and the 1st day of January next. I agree with the recommendation made. This will bring the number on the payroll down to 28.

Mr. Shears also pointed out in his letter, that since my visit, three offices known as Suite 509, have been vacated, thereby effecting a considerable saving in rent.

A record of the number of employees and the total monthly salaries at the end of each year, and at the present time, is as follows:

	<u>1942</u>	<u>1943</u>	<u>1944</u>
Male Employees	- 47 - \$8,691	36 - \$ 7,400	29 - \$ 5,990
Female Employees	- 73 - \$6,209	57 - 5,736	41 - 4,107
Total	- 120 - \$14,900	93 - \$13,136	70 - \$10,097

	<u>1945</u>	<u>1946 (Aug)</u>
Male Employees	- 20 - \$4,250	15 - \$ 3,530
Female Employees	- 29 - 3,383	29 - 3,407
Total	- 49 - \$7,633	44 - \$ 6,937

Reference has been made in earlier communications which I addressed to you, that the movement of over 3,000 Japanese to Japan created a great deal of additional work for our Vancouver office during the past year. This necessitated the retention of the present staff during 1946.

Proposed reductions are based on the transfer of about 1800 files, together with accounts to the Ottawa office and I submit that the time is now opportune to deal with this matter. We are all agreed that centralization of enemy assets in the Ottawa office is desirable and I therefore recommend that transfer be effected within the next few months. The accounts of the Enemy Section in Vancouver have not, however, been audited and it is my considered opinion that an audit should be conducted prior to transfer. May I point out that Messrs. P. S. Ross & Sons were appointed controllers of practically all the Japanese enemy companies in British Columbia and it might therefore be desirable to engage some other firm to audit the books. If you agree that an audit should be made I suggest that instructions be issued to the appointed firm to proceed with the work with the least possible delay.

Following the audit it would appear necessary to have two representatives from this office visit Vancouver in order to complete arrangements for transfer. I therefore recommend that if time does not permit your personal attendance, our Comptroller should be present in order to gain first hand knowledge of the existing records from members of the accountants staff in the Vancouver office.

During my inspection visits in January and August last, I was impressed with the need for more frequent visitations, and in this Mr. Shears concurred.

Colonel McPherson in a memo addressed to the Minister under date of December 23rd, 1942, recommended in part, as follows:

"That the Vancouver office be left to operate as an entity for the present and that close liaison between Ottawa and that office exist.

That it is highly desirable that somebody from Ottawa visit Vancouver at least every two months to review the situation with the Acting Director."

Due to the fact that the volume of work in Vancouver has decreased since the above report was made, I do not think it necessary to send a representative from here every two months, but someone should spend at least two weeks there every three or four months in order to assist Mr. Shears. The mopping up process reveals unexpected problems and I have reason for suggesting that he very much prefers to discuss these, rather than depend on correspondence at such long a range.

If the audit could be completed late this fall, a visit of inspection at that time would, therefore, serve a two fold purpose.

Mr. Shears in his report to Colonel McPherson refers to salary changes for those remaining, and recommends an approximate increase of 10%, except in one or two cases where special consideration might be given. Mr. Shears spoke to me about this when I was in Vancouver and I promised to bring the matter to the attention of Dr. Coleman and yourself, but time has not permitted my doing so other than in a general way. The

GENERAL CORRESPONDENCE

General Correspondence and
Memoranda re staff Vancouver
Office 1942-1946

salary list received from Mr. Shears a few days ago discloses initial salaries, increases and present salaries. I consider the suggestion of a 10% increase very reasonable in the light of advanced living costs and the salaries paid, as shown on the attached list. My understanding is that such increases would only apply to those who are to be retained. In my opinion an exception should be made in regard to Mr. Shears personally and that a higher award should be granted. Mr. Shears' work speaks for itself and I consider it most fortunate that the Department has Mr. Shears to watch over the western organization with its multitude of contentious and at times vexatious problems.

Summarizing curtailment of expense plans may I point out that reductions to conform to the attached chart will bring the monthly payroll down to \$5,016.00, on existing scale of pay. Mr. Shears estimates a saving of roughly \$1,900.00. In addition rent charges will be less and next month's returns from the Vancouver office will furnish figures as to the exact amount. Provided a 10% increase is granted to the members of the staff who remain, we will still effect a monthly saving of \$1,400.00 plus the difference in rental outlay.

August 26, 1946.

COLONEL G. W. McPHERSON.

As a result of our conference regarding the Staff position, I am submitting this memorandum.

A record of the number of employees and the total monthly salaries at the end of each year and at the present time is as follows:

	1942	1943	1944	1945	1946 (Aug.)
Male Employees	47 \$8691	36 \$7400	29 \$5990	20 \$4250	15 \$3530
Female	73 \$6209	57 \$5736	41 \$4107	29 \$3283	29 \$2407
	120	93	70	49	44
	\$15000	\$13136	\$10097	\$7633	\$6937

It will be seen therefore that there has been a continual reduction since the office was organized. This might have been more marked during the present year except for the fact that the movement of over 3000 Japanese to Japan has created considerable additional work during the past several months. Some of the staff have been required to visit various Department of Labour Interior Housing projects for the purpose of receiving cash and securities which the Japanese were required to deliver in order that arrangements might be made for yen equivalent to be secured by them in Japan. Other members of the staff have been required to review the Files concerned so that the correct amount of "Free balance" could be made available for the same purpose. In this connection the amounts dealt with were as follows:

Cash surrendered	\$81,189.00
Free balances available	<u>\$154,972.00</u>
	\$966,161.00

Arrangements for the return of a further number of voluntary repatriates is now being arranged by the Department of Labour requiring the co-operation of this office.

While liquidation is mainly complete there are approximately 35 properties still available for sale and about 30 properties owned by Organizations which up to the present have not been included in the policy of liquidation.

At the end of July the number of Ledger accounts was reduced to 3842 the amount of Evacuee money involved being \$1,418,671.00. In the interview which we had with Mr. Pickersgill he expressed the opinion that it was still desirable to continue monthly payments to those residing in housing projects rather than send the full amount at their credit. However the number living in these camps is now considerably reduced and further movement to the East and to Japan will improve this situation. Every effort will now be made to remit the total available funds to all Japanese residing outside the Department of Labour projects.

Colonel G. W. McPherson

2.

August 26, 1946.

A review of every file is also proceeding for the purpose of summarizing the administration and liquidation of each property and the handling and disposition of chattels. The amount of detail involved can only be appreciated by actual experience. I drew your attention to a memorandum which I prepared for Mr. Wright in regard to a modification in the detailed review concerning Chattels. If this is adopted it is expected that progress in closing Files will proceed more rapidly.

I discussed with you a further reduction of Staff and am prepared to recommend that by the end of the year the services of four men and ten or eleven women may be dispensed with. This would make a reduction of about \$1900 per month. Changes in salaries have so far only been made when responsibilities have been increased. I do feel however that with the reduction suggested above that it will be very desirable to make some adjustment with those whose services will be required for some while longer. No allowance has been made for the definite increase in the cost of living in Vancouver and present salaries are not as high as many of our former staff are now receiving in other employment. Even for those remaining the employment is still on a temporary basis and we concluded that an approximate increase of 10% should be made and that in one or two cases some special consideration was required. While this would mean an adjustment of five or six hundred dollars a month, taken in conjunction with the reduction in staff, an overall saving of twelve or thirteen hundred dollars per month would be made. In addition to this some curtailment in office space will be made as soon as this is possible thereby effecting a further reduction in overhead expenses.

ORIGINAL CORRESPONDENCE

General Correspondence and
Memoranda re: staff Vancouver
Office, 1942-1946

WHEREAS under Regulation 6(2) of the Consolidated Regulations Respecting Trading with the Enemy (1939), any power or duty conferred or imposed by or under the said Regulations upon the Secretary of State and/or Custodian may be delegated by him, to such person or persons as he may think proper.

AND WHEREAS it is expedient that certain of such powers be conferred upon FRANK GOULD SHEARS, of the Custodian's Office, City of Vancouver, in the Province of British Columbia.

NOW THEREFORE the Secretary of State of Canada and/or Custodian under and by virtue of Regulation 6 of the Consolidated Regulations Respecting Trading with the Enemy (1939), hereby delegates to FRANK GOULD SHEARS, of the Custodian's Office, City of Vancouver, in the Province of British Columbia, the power to execute in the name of and on behalf of the Custodian Certificates of Vesting and Certificates vacating any such Certificates of Vesting, to execute leases of land and/or chattels, to sign all documents relating to the sale or other disposition of Fishing Vessels, Scaws, and/or Motor Vehicles.

Signed in the City of Ottawa, in the Province of Ontario, this 17th day of December, 1942.

N. A. McLARTY

Secretary of State of Canada and
Custodian of Enemy Property.
