CONSULATE GENERAL OF SWITZERLAND

IN CANADA

27/1-L/M. Montreal, April 5, 1946.

Sir,

I have the honour to inform you that the transfer to the Canadian Government of the following archives of the Japanese Legation in Ottawa and the personal properties of the Japanese Minister, stored with the Capital Storage Company, at Ottawa, was effected on April 4, 1946, by Mr. K. W. Wright, Counsel to the Custodian, of the Department of the Secretary of State, Ottawa, and the undersigned, Acting-Consul General of Switzerland:

Contract No. T-9758 - Property of the former Japanese Legation offices in Ottawa;
" No. T-9958 - Property of the former Japanese Legation residence in Ottawa;
" No. T-9966 - Property of the former Japanese Legation residence at 192 Daly Ave., Ottawa;
" No. T-9967 - Property of the former Japanese Legation residence at 192 Daly Ave., Ottawa.

The Capital Storage Company, 50-52 Driveway, Ottawa, have been advised to this effect and a personal visit by Mr. K. W. Wright and the undersigned was made to the storage company on April 4th in this connection.

I avail myself of this opportunity to mention that Mr. K. W. Wright has extended every possible courtesy to the undersigned in this matter, which made the transaction very pleasant and expeditious.

I have the honour to be,
Sir,
Your obedient servant,

The Acting-Consul General of Switzerland:

(Sgd) "I. SEMBINELLI"

Vice-Consul.

The Under-Secretary of State for External Affairs,

Ottawa.

Ottawa Ont.
Oct. 26- 1950

Dear Sir

I would very much like to secure some information which according to an article in the paper recently, I believe you could throw some light on.

The question is this. When the household goods and furnishings belonging to the Japanese government at 192 Daly Ave. Ottawa were sold, did the money received for same go into the custody of your dept. as frozen assets?

I have a very definite reason for wanting to have this information and if you can help I shall be deeply grateful.

I am enclosing stamps for reply.

Re: Japanese Consular Property

Dear Madam:

I have for acknowledgment your communication of the 25th ultimo and wish to advise that assets of the nature to which you refer vested in the Custodian pursuant to the provisions of The Trading with the Enemy (Transitional Powers) Act.

I also wish to inform you that final disposition of such assets will depend upon the terms of the Treaty of Peace to be signed with Japan.

Yours very truly,

K. W. WRIGHT

MEMORANDUM FOR MR. MATHIEU

Re: Consular Property

Attached hereto are two inventories of liquors stored at the Capital Storage Company, Ottawa.

One lot belonged to the Japanese Consulate and these goods are in a vault under lock of Excise & Customs. They are accessible and there is no reason for delaying liquidation. Customs & Excise have no custody charges. The Storage charges amount to $4.00 per month and are six months in arrears.

The other list belonged to Dr. Windel, German Consul, and these goods are somewhere among the 590 cases and boxes stored under his name. The storage company, owing to pressure of business at this season, cannot accept orders for removal prior to May 12th next. This delay is not serious as the liquors should be sorted when the other effects are removed. I believe the best market for such large quantities of household effects is to be found in Montreal and consideration should be given to the question of removal to Montreal and sale by auction through Fraser Brothers, who are now conducting sales of German and Japanese Consular property in Montreal.

You will recall that Fraser Brothers were selected on the recommendation of P. S. Ross & Sons of Montreal. Information recorded indicated that Fraser Brothers have the conduct of the vast majority of sales in the district and after inspecting their show rooms, auction sale quarters, etc., there is no doubt in my mind that the Custodian should engage this firm.

A letter has been received from External Affairs under date of the 8th instant as follows:

"To: The Office of the Custodian,
Department of the Secretary of State

Re: German & Japanese Government Property in Ottawa.

I beg to acknowledge receipt of your letter of 4th April and I concur in the views expressed by you though I would suggest that you delay the sale of the diplomatic property of the Japanese Embassy in Ottawa until you have received further advice.

The list of German books you forwarded to me is being examined. I will advise you further very shortly concerning any books this Department might wish to keep."

It will not be possible to take these goods over the highways for several weeks due to road conditions and rules.

If it is decided to dispose of the chattels in the manner suggested, the liquors may then be sorted and all such boxes placed in a special vault. The Manager of the Capital Storage agrees to this suggestion as he does not want liquors available as they would be in the general storage space.

As to the disposition of the liquors, I have already advised that interviews took place with Mr. Saunders of the Excise Branch and Mr. Beaton, head of the Ontario Liquor Board in this district. Mr. Beaton has forwarded lists to Toronto and I will present their report

on the matter to you as soon as it is received.

Mr. Beaton indicated we would be well advised to approach the Liquor Board in Quebec as they sell more wines there. He pointed out that it would be necessary for the Ontario Board to find a private buyer as they could not list and sell much of the wines we have to the general public.

Mr. Beaton agreed to issue permit for transfer to Quebec Board if we so desired. He also advanced the suggestion that we should sell everything we have to one of the local embassies and agreed to issue a permit if this course is decided upon.

I have talked these matters over with Mr. Saunders of Excise & Customs and he strongly recommends sale to one of the local Embassies.

Mr. Saunders stresses that if we sell to one of the Liquor Boards, they will collect duty from the purchaser and this duty would not be levied if we sold to an Embassy. We could, in his opinion, obtain a better price and get rid of all stocks readily.

I have given Mr. Saunders a list of what we have and he has promised to let me have a report by Monday next as to value and duties payable if sold by the Custodian to the Ontario or Quebec Boards.

Will you be good enough to discuss the matter with Dr. Coleman and let me know the course to be followed.

MEMORANDUM FOR MR. MATHIEU

Re: German & Japanese Consul
Property

Referring to my memorandum of April 11th, I had an interview yesterday afternoon with Mr. Audette of External Affairs relative to the disposition of assets in Montreal.

In the course of the interview I brought up the question of sale of Ottawa liquors. External Affairs appear to be concerned about the sale of Japanese diplomatic property but definite advice from them on this point may be expected in the course of the next week.

Mr. Audette was informed that consideration was being given to the sale direct to the Governor-General or one of the local embassies. Mr. Audette indicated that External Affairs favoured sale to the Governor-General rather than the Liquor Control Boards but suggested we might be faced with Custom levies. I have since discussed this point with Mr. Saunders and he advises me that no assessment will be made by the Customs Department if we sell to the Governor-General and he expressed the hope that the Custodian would decide to sell to the Governor-General direct.

Dear Sir:

Re: Liquor owned by former German & Japanese Consuls in Ottawa

Confirming our conversation I wish to send you herewith an inventory of liquors owned by the former German and Japanese Consuls in Ottawa.

This liquor, as you know, is stored at the Capital Storage Company and you presently control the cases stored in the vault which belonged to the Japanese Consul. I saw Mr. Beaton of the Ontario Liquor Control Board a few days ago and he telephoned you while I was there. I understand that if a sale is made to the Liquor Commission duties will be payable by the purchaser.

Have you any information as to the value of the majority of items listed in these inventories? The Custodian must have something to guide him if a deal is made with one of the Liquor Commissions and it would be appreciated if you would give us whatever information is available from your records. In order to facilitate this we are sending you the inventories in duplicate in order that you may mark the prices on one copy and return it to us, retaining the other for your file.

An early reply would be greatly appreciated.

Yours very truly,

K. W. Wright

Re: Japanese Government Property, Ottawa

It would be appreciated if you would refer to your letter to us under date of April 8th in which you suggest that we delay the sale of the diplomatic property of the Japanese Embassy in Ottawa until we receive further advice.

Would you kindly let us have a decision in this matter as we have started preparations for the liquidation for the sale of the German property in Ottawa and, if the Japanese assets are to be liquidated, we would like to proceed with these as soon as the German assets have been taken care of.

MEMORANDUM FOR MR. MATHIEU

Re: Japanese Consular Goods stored at the Capital Storage Company.

Referring to my memorandum of June 17th, we have a letter from the Capital Storage Company today, which reads as follows:

"Referring to our conversation of Saturday re the value of Japanese goods stored at our driveway warehouse. The writer feels that the value would not exceed ($3500.00) Thirty Five Hundred Dollars.

Trusting this is the information that you require. Thanking you, we are,"

Dear Sirs:

Re: Japanese Effects - Ottawa

Confirming the writer's conversation with your Mr. Gill in this office a few days ago, I wish to advise that the effects formerly owned by the Japanese Consul, which are stored at Capital Storage Company have been taken over by the Custodian from the Consul of Switzerland.

The Custodian has decided to insure the effects against fire in the sum of $3,500.00, and it would be appreciated if you would issue a new policy in favour of the Secretary of State of Canada acting in his capacity as Custodian, for this amount.

We return the statement of account which you left with us. A cheque to cover your account will be forwarded upon receipt of an amended statement.

Yours very truly,

Attention: Mr. Chapleau

Dear Sirs:

In accord with the provisions of the Revised Regulations Respecting Trading with the Enemy (1943) the Custodian took possession of a quantity of wines and liquors which formerly belonged to the German Consulate General in Ottawa. There were also some wines in the cellars of the Japanese Consulate and these were also taken over and all placed in the Capital Storage Company, 52 Driveway, Ottawa.

Consideration is now being given to the question of disposing of these stocks. I have been instructed by the Custodian to write and ask if you could arrange to visit Ottawa in order to examine the goods and make a report as to the quality of the wines and liquors and the present value.

There are approximately 111 cases of goods now in storage.

It would be appreciated if you would let us hear from you as soon as convenient.

EMORANDUM FOR MR. MATHIEU

RE: Japanese Consular Assets

Since October 28th, Mr. Aubrey and the writer have spent 8 afternoons at the Capital Storage Company examining the contents of 16 filing cabinets and 8 safes which were removed from the Japanese Legation. The task was difficult due to the fact that these were stored in lockers, packed to capacity and we were obliged to work in narrow aisles that were not too well lighted.

It is safe to assume that the Japanese representatives destroyed all secret documents and communications before leaving and left the cabinets and safes crammed full of records and correspondence which we doubt will be of any value to the Department of External Affairs.

I would not say that our examination was by any means complete for the reason that time did not permit close scrutiny of hundreds of correspondence files which we have placed in boxes and I suggest that in the not-too-distant future we should make arrangements to have a representative of External Affairs attend with us and sort the material which they believe will be useful.

There are hundreds of pamphlets issued by various Departments of Dominion and Provincial Governments, which we believe should be sold for waste paper. There are thousands of pads with Japanese headings, as per attached samples, and at the moment we are at a loss to know to what use these might be put. In the absence of directions to the contrary, we will assign these to the waste paper group. This is a matter which we would ask you to consider.

Many filing cabinets contained yearly invitation lists, receipts, newspaper clippings, invitations to social functions, Christmas lists, almanacs and parliamentary guides. The safes contained hundreds of correspondence files, ledger books, velvet curtains, Japanese flags and hundreds of unused canvas folders. Mr. Aubrey has taken samples of these blue folders with a view to finding a purchaser.

Up to the present time, nothing has been destroyed. We have ten or twelve large boxes marked for examination by External Affairs and five or six more marked "waste paper", but will not send these to a waste paper company until approval has been received from External.

Other boxes are marked for shipment to Montreal when sale of a large quantity of dishes and household furniture is arranged. This is a matter which we hope to deal with early in the New Year and in this connection I recommend that we engage Fraser Brothers of Montreal to conduct an Auction Sale. Boxes and barrels containing the above have not been examined and in our opinion they should be shipped as is, but a representative of this office should be present in Montreal when they are opened and should also be present when the sale takes place.

Recommended "M" In accord with directions, 16 filing cabinets and one stationery cabinet were delivered to this office yesterday. Some of the filing cases contain office accessories which Mr. Aubrey advises we need and it will be necessary to have Mr. Popham appraise these and the Custodian should issue a cheque for the amount which he determines is fair and reasonable. Mr. Popham has already put a price on the filing cases and stationery cabinet and the Custodian will pay for these as well.

RECOMMENDED "M" Apart from the above, we find that there are 40 bookcases in storage all full of English, French and Japanese books. Mr. Aubrey says the office requires 3 bookcases and these will be selected, appraised by Mr. Popham and paid for. When the representative of External Affairs attends to examine the contents of the filing cases, we will also have him check over the books and advise as to their disposition. Mr. Aubrey tells me that it will be possible to dispose of the remaining bookcases in Ottawa.

OMMENDED "M"

There are also two swivel chairs and one knee-hole walnut desk which Mr. Aubrey advises we need. I recommend that this furniture be brought to the office, valued by Mr. Popham, and that the Custodian issue a cheque for the amount of his appraisal.

RECOMMENDED "AHM"

As to the safes, I recommend that Mr. Aubrey arrange with Mr. Popham and the Office Specialty Company to submit offers for seven of the safes and that we dispose of these to the highest bidder. I understand that you have a prospective purchaser in mind for the other safe, but if he does not agree to pay the appraised price, I suggest that this should also be sold to Popham or the Office Specialty.

It is not possible to adopt the usual procedure and call for tenders for the reason that the Capital Storage Company has no facilities for displaying the articles and to rent space would entail moving expenses and would involve a representative of this office attending to show the goods to all prospects. I gather that there is a good market for these and have no doubt that, due to short supply, Popham or the Office Specialty will make us a good offer.

If above method not successful, we may try this "AHM"

The only other suggestion we might offer is to have the safes taken to an auctioneer's room and offered by public auction, subject to reserve bid in line with an independent appraisal to be obtained. I doubt if you will realize any more, but this line of procedure may appeal to you more than selling to a retailer.

Your instructions would be appreciated.

MEMORANDUM FOR DR. COLEMAN

RE: German and Japanese Consular Assets

In the course of our interview yesterday, you stated you would reply to the communication received from the Under-Secretary of State for External Affairs, under date of 28th ultimo, and asked for my comments.

You are aware that every precaution was taken to avoid publicity when the assets above referred to were being liquidated and as far as I know, not one item appeared in the press. Auctioneers were instructed not to disclose original ownership of the goods and their advertisements merely indicated that instructions had been received from the Secretary of State to dispose of the articles.

If it is decided to furnish the Ottawa Journal with information, it does not appear that there is anything in my report of July 8, 1946, which should be withheld. The Journal desires details but in my opinion their request in this connection should not be granted.

I note that they have expressed an interest in the liquor. No disposition has as yet been made and the goods are in bond under lock and seal of Customs and Excise at the Capital Storage Company, 46-52 Driveway, Ottawa.

You will remember that in accord with Ministerial direction, Mr. Henri Chapleau, Chief Chemist, The Quebec Liquor Commission, Montreal, made a physical examination of the liquors (spirits and wines) last March in order that we might know exactly what we had on hand; quantity, condition, quality and market value. You are familiar with the report submitted by Mr. Chapleau wherein he noted that certain bottles were found broken, completely emptied, partially emptied, leaking, or partially uncorked, and these were destroyed as they had no market value. Forty-one samples were taken by Mr. Chapleau for analysis and examination, but apart from the above, the inventories are as they were when taken over from the Consul of Switzerland.

I enclose Mr. Pearson's letter, together with copy of my report of July 8, 1946.

Dear Mr. Saunders:

Under date of December 23, 1947, we wrote you, in part, as follows:

"I wish to advise you that the Custodian has directed me to confirm acceptance of the offer which you have received from the Ambassador of the United States for the purchase of the liquors indicated in the inventory forwarded with today's communication.

The amount fixed, $854.90, is subject to increase following examination of the balance of the stock by your Officers. All goods, f.o.b. Capital Storage Company, 46-52 Driveway, Ottawa".

Kindly let us have a report in connection with this matter, together with a cheque for the amount due the Custodian.

RE: Japanese Consular Effects.

Dear Mr. Wright: -

In reply to your letter of the 20th, inst., we are very pleased to confirm your arrangements for shipping the barrels and boxes to our Warehouse on the 16th, or 17th, of October. Either date will be satisfactory, but would be even more convenient for us a week earlier.

Will you please instruct the Capitol Storage to inform us of the number of boxes and barrels which will be coming in. This will assist us in reserving adequate space for unpacking. Also the definite date and expected hour of arrival will be a help in due course.

We naturally will give Mr. Aubrey, every assistance necessary in preparing the inventories and will be pleased to welcome you also if you come.

We thank you for entrusting the intended liquidation to us.

Yours faithfully,

EXCERPT from ARTICLE 14 of

TREATY OF PEACE WITH JAPAN

2. (I) Subject to the provisions of sub-paragraph (II) below, each of the Allied Powers shall have the right to seize, retain, liquidate or otherwise dispose of all property, rights and interests of

(a) Japan and Japanese nationals,

(b) persons acting for or on behalf of Japan or Japanese nationals, and

(c) entities owned or controlled by Japan or Japanese nationals,

which on the first coming into force of the present Treaty were subject to its jurisdiction. The property, rights and interests specified in this sub-paragraph shall include those now blocked, vested or in the possession or under the control of enemy property authorities of Allied Powers, which belonged to, or were held or managed on behalf of, any of the persons or entities mentioned in (a), (b) or (c) above at the time such assets came under the controls of such authorities.

(II) The following shall be excepted from the right specified in subparagraph (I) above:

(i) property of Japanese natural persons who during the war resided with the permission of the Government concerned in the territory of one of the Allied Powers, other than territory occupied by Japan, except property subjected to restrictions during the war and notreleased from such restrictions as of the date of the first coming into force of the present Treaty;

(ii) all real property, furniture and fixtures owned by the Government of Japan and used for diplomatic or consular purposes, and all personal furniture and furnishings and other private property not of an investment nature which was normally necessary for the carrying out of diplomatic and consular functions, owned by Japanese diplomatic and consular personnel;

(iii) property belonging to religious bodies or private charitable institutions and used exclusively for religious or charitable purposes;

(iv) property, rights and interests which have come within its jurisdiction in consequence of the resumption of trade and financial relations subsequent to September 2, 1945, between the country concerned and Japan, except such as have resulted from transactions contrary to the laws of the Allied Power concerned;

(v) obligations of Japan or Japanese nationals, any right, title or interest in tangible property located in Japan, interests in enterprises organized under the laws of Japan, or any paper evidence thereof; provided that this exception shall only apply to obligations of Japan and its nationals expressed in Japanese currency.

(III) Property referred to in exceptions (i) through (v) above shall be returned subject to reasonable expenses for its preservation and administration. If any such property has been liquidated the proceeds shall be returned instead.

(IV) The right to seize, retain, liquidate or otherwise dispose of property as provided in sub-paragraph (I) above shall be exercised in accordance with the laws of the Allied Power concerned, and the owner shall have only such rights as may be given him by those laws.

(V) The Allied Powers agree to deal with Japanese trademarks and literary and artistic property rights on a basis as favorable to Japan as circumstances ruling in each country will permit.
