Re: Pictures of Japanese settlements.

You may be interested in seeing, on its way to the file, a portfolio of pictures of Japanese settlements in Canada. These were taken by National Film Board at our request during Mr. Maag's visit to the settlements last January. Three portfolios have been sent to Mr. Maag - one for himself, one for Geneva and one for Tokio. Three have been sent to Mr. Schwarz - one for himself, one for Madrid and one for Tokio. I believe four sets of pictures have gone to Wartime Information Board and four to Labour.

There are 97 collect pictures S.M.S.
