Minister of Pensions and National Health

Ottawa, 2nd March, 1942

My dear colleague,-

I discussed with Dr. E H. Coleman, Under-Secretary of State, the appointment of additional custodians of enemy property, with a view to providing for the care of the property of Japanese removed from the protected area on the Pacific Coast.

Dr. Coleman has been in communication with Major Austin Taylor on the telephone and tells me that he will leave for the Pacific Coast in two or three days.

Yours sincerely,

(Sgd.) Ian Mackenzie
