"People over your way must be worried over the bombing in JAPAN, but there is no need to worry as that is only newspaper talk. We should only look after the things immediately concerns ourselves. As a JAPANESE we should not be misled easily and worry later on. It is wrong to do so. Keep your mind at ease and have a firm intention then there is nothing to worry. The war is nearing it's end, just wait patiently for the day. It won't be long now."

"Today I can not help myself from shedding tears of blood while reading your letter of April the 9th.

The victorious countries have already started the conference to turn the minor nations into slaves.

I cannot help but laugh at you pitiful materialists who have the sense of superiority following the downfall of democratism.

When I was a child I learned the old saying " Righteousness will gain the final victory.

Of course this fact has been recorded by the ancient and modern histories. Please do be firm and take no notice of other people's idea, but accomplish your original purpose. I pray.

Being here, I can see and hear more often of the brave actions of our special attacking units

I can not help myself but shed tears of blood whenever I hear of it. I wish I had a pair of wings so I could fly back to my native land.

I would love to give them a piece of incense or a branch of flowers to offer my respects to those true spirit, great and capable JAPANESE who sacrificed their lives in defending their Imperial country.

I hope you will offer them even one handful of wild flowers from a distance of ten thousand miles away."

POLITICAL
Reference to Repatriation

Between friends.

Translated extracts:-
 "I intend to go back to Japan after the war."
 "We have been living with background (background meaning Japanese Government DB/299) behind us. I now realize that the immigration policy was utterly wrong. As the Japanese government's power becomes stronger, our restriction will be more lenient. On the contrary if Japan is to weaken, we only face death. We must think of our future plan. I am tired of the policy of this country. Is it necessary for us always to work as 3rd class labourers?"
 "If we decide to return, I think we will receive more help from Japan than those who continue to stay on in this country."

WRITER CRITICISES DEMOCRACY

Friends

"Gosh I am sorry to hear all about this bally-hoo about your sis having to go to Tashme. Times are bad enough without making it any worse eh? Ah this stinking system gets stinkier every moment. Gee, Kimi-chan only had five days to get ready eh? Those god damned so and so's don't give a hoot as to what happens to us, so long as they get paid for asking, or rather telling us to do radical things (You don't mind my cussing in this case do you, Yosh?) Gee, I hate to ask this, but is your sis gone to Tashme now? If she hasn't, (which I doubt) give her my sincerest wishes that she finds Tashme, a decent place to live, at least. If it isn't one thing, it's something else (namely, the cussed Custodian). All this junk about a so-called democracy. Racial equality and toleration, all men are born equal. Like the devil they are. Chase us from one place to another, stick us into places worse than pig-pens and cow stalls. To-day I heard the new President of U.S.A. to-day, when he addressed the government of America. He said that he was calling on every American, regardless of colour, creed, race, or nationality to help keep that so-called democracy. God, it's a wonder those guys can say such things with a clear conscience. I know I couldn't. If they can I'm glad somebody can. Well I guess I should quit this "profitless criticism". Shakespeare said "profitless inquisition", but I'll be different and fool him eh?"

Excerpt:-
"I'm leaving this camp to-morrow morning train to Cranbrook. I suppose to go to Fernie C.P.R. section work with 3 others Kawamoto Takahashi and Takamatsu, but we're not going there because the Selective Service is forcing us. We might land in jail for refusing so don't worry about me."

Enclosed one \$50.00 Bond 7th Victory Loan Dominion of Canada, P.3 H0401655 to be held until writer returns to Slocan.

Letter to a relative. Excerpt is translated

"When I shut my eyes and think of the past, memories come crowding before me and I see friends of that time who have taken courses as far apart as east and west but in the end they will unite so I think their ideas are the same. As long as the colours of their eyes and hair do not change they will forever be the same. In plain words a JAPANESE is a JAPANESE to the end. You probably have already made up your mind regarding this proclamation that was published lately in the NEW CANADIAN. Let your conscience be your guide and do not do anything that will take us down in history as a laughing stock."

Between father and son.

Translated Extract:

"Recently the drinking water in Kaslo is very bad. Originally the drinking water in Kaslo was taken from the creek, but lately a new mine has started on the upper reach of the river. Therefore our drinking water is the dirty water which flows from the smelting refinery. We have many cases of diarrhoea through drinking the water. We do not know what to do."

P O L I T I C A L

Letter from nephew to uncle. (Translated extract)

"In the last three years we have been knocked about, ending up here in Popoff where we have been half starved, until last year when I went to work at about one half the wages I got at the coast. The government will not help us. We asked, through the Spanish consul, to be sent back to Japan, but nothing has happened as yet. They are now asking us to show our loyalty by going to work in the East."

"The war in the Pacific has been dragging on for some time but the real fighting has just begun is what they have been saying from Japan by radio. The Allies say the war is nearly over, but here is where the difference in the people of the two races is best seen. The Japanese radio broadcast says Japan is prepared to fight on for twenty years yet. The Allies declared two years ago that the German armies were almost beaten yet they still have a lot of fighting left, so with Japan."

"Why do they try to turn us out, we who have worked hard and been guilty of no crimes? We are humans even though our skins are of different colour. COMMENT
POLITICAL

Letter from neice to uncle and aunt. Writer charges that her father was a victim of assault.

Translated Extract: "Sorry for the anxiety we have caused you. Father is getting better now. Recently a letter came from Mrs. Tanaka to Mr. Miyata asking about father. Mr. Miyata told me that he replied to her. We fear he (Mr. Miyata) may not have told the truth so please tell Mrs. Tanaka in detail. Those who perpetrated the foul play on father were Shinsui Kawazoi of Kochi Ken and Teijiro Baba of Shiga Ken (two provinces back in Japan.) When father was in an argument with Mr. Kawazoi, Mr. Tanaka came up behind him and struck him on the head and knocked him unconscious. Then they both struck him as he lay on the ground. They put a thick rope around his neck and were consulting about throwing him into the Lake when Mr. Sugano came along and persuaded them to desist. Later these two said over and over again before Mr. Sugano, mother and myself that the quickest way would be to throw him in the Lake. Although there are good witnesses it is case we cannot take to the courts as two or three members of the Japanese Community asked the B.C. police and R.C.M.P., without father's consent but in his name, not to take the case to court. It was Kazuo who asked Mr. Sugano to come to father's assistance. We could not do anything about it so we were simply onlookers until Mr. Sugano stopped the affair. There are other facts I cannot write. Whatever happens keep this letter safely. This will come out sooner or later. Some person may write some lies about father. The Mrs. Tanaka who wrote the letter about father is a teacher of embroidery."

Letter to husband. Excerpt is translated.

(A). "When I think of your frame of mind it makes me angry. You are always talking about wanting to return to your wife and children. Why don't you make up your mind to stay there till the end of the WAR. In any case as we are returning (to JAPAN - trans) after the WAR and if you stay there to the end we shall be amongst the first ones to be repatriated. Please stay there till the very end. If you come out now I shall divorce you. I received a letter from ANYAN (brother - trans) and he says he is staying there to the end. You probably will say that we are different. We are not. Mr. MABETA who is there has left his wife with the care of five children and yet he does not talk so effeminately. Aren't you a man? Why did you go there if you want to come out now. Just make up your mind to stay where you are till the very end or else I shall go crazy. Even if it is a matter of life and death I would keep to the path I first took. I am thirty-three and not afraid of anything. Should there be an investigation don't you dare say that you want to come out to return to your wife. If you love your wife be firm. All husbands love their wives and their children as you do but a man has to have will-power. Think well. This is not a matter that can be disposed

"Again all kinds of trouble have started amongst you. What are those----hairy beasts dreaming about. Such foolish notion must have entered their heads, spring fever or what. I could say a lot, but I had better stop. I've answered your questions several times, but the answer did not reach you. This is a clear evidence that what I said was against the government's policy so just^{to} the opposite, then we'll be all right. People who change like the wind are no good. We will never change, and we will carry on our first intention to the end. It will never do to change, people who change their mind will never succeed."

Following excerpt from above correspondence from wife to husband, is submitted for purposes of information.

"X" Someone received a letter from the east to say that some JAPANESE 2nd. generation are voluntary joining the Army. MR. ISHIWARA'S son's wife's sister's husband was working in the commission's office last year and was making a good salary, and he did not want to go, but his wife had a sister back east so she persuaded him to go and they went to Montreal. He was working for a while there but lost his job, so he joined the army.
 MR. UCHIDA who is in the same place as you are, well his brother sent a telegram to his father to say he joined the army the day before. His parents and his sister are going east very soon, so the father sent a reply by telegram to tell him to wait until they join him.
 ANI KOHMA who was staying with FURUYE in NEW DENVER, her brother joined the army. He is MR. KUNITA's wife's younger sister's brother-in-law. Now they are going voluntary but later on I don't know what will happen. If there's no work I suppose they will have to become a soldier."X

LETTER FROM MOTHER TO SON. EXCERPT IS TRANSLATED

A-- "Recently a good many people have been going East. That is not very happy. I am rather sorry for the letter I wrote on February 9th. The very thing that we worried about three years ago is happening today. The life you are living to-day is the safest for you. Endure the hardships along with MR. NAKANO and MR. KOZONO. Surely that is the best course for you."

Letter to friend. Excerpt is translated:-

"There is a rumour that those in the camp will be moved again that there will be quite a number leaving it in April. You and the others please keep to your first intention and stay there until the very end. No matter which way the war ends your present course is the best I think. Please don't be led astray and come out. I also heard that JAPAN has sent a large sum of money for those at your camp. Is it true? Really it is something that brings forth tears. You can see by this which is the right course. Apply to return back to JAPAN and stay there until the end of the war. Please tell TADAO to do the same."

"We won't be happy to go to TASHME so we won't hurry, may be we will have to go sooner or later. The people in the camp won't be happy to go either, do you mean to say that you are tired and can't be bothered to keep up your Japanese spirit. You are selfish only to think about yourself all the time. I don't like what you said, I will keep my Japanese spirit to the end. I am a Japanese. Where do you think is our native country. Think of those who have sacrificed their husband and children, our situation is nothing compared to their's. They still keep up their spirit no need to be down hearted all depend upon how you look at the situation. If you and I don't agree we won't be happy either when we meet again. People who stayed in the camp this long should know their own mind, don't you be in a hurry to do anything."

Writer mentions that addressee had never been on Selective Service.

Excerpt:

"Sorry to say, but I never did get you on Selective Service, so as far as I am concerned there is no need of any separation slips. Please do not let this be known too much, or it would mean some trouble for both of us."

"The American's are bombing Tokyo, Nagoya, Osaka, Yokohama and Kyushu, the whole country is in an uproar. Germany and Japan will have to give in earlier than we figured. Over 3 years now so may be for another year or a year and a half to endure. By the end of the year we should more or less know how things stand.

Letter from friend to friend.

Extract translated:

"We get the short wave news from Japan every morning at ten. Since last summer it has been very unfavourable to us and lately has been getting worse. They try to comfort us by speaking of tactical retreats, but we wonder whether we are not the victims of enemy tactical operations. But the final score is not settled yet. We may have some clever scheme in mind yet. We do not need to be too anxious. My father is nervous but we have a proverb meaning 'right will win in the end'."

COMMENT

Letter from friend to friend.

Translated extract "Last year we were told that India would soon be invaded from Burma but that hope failed. Also, since the fall of Saipan the Americans have had it much their own way in the South Pacific. We hear of tactical operations on our part but we do not see much of them as yet. On the contrary our large cities are being severely bombed with much loss of life for our people. We cannot but be very anxious. But our old proverb says--'Right will win in the end'. A time of joy will surely come."

LETTER TO ELDER BROTHER. EXCERPTS ARE TRANSLATED.

"According to what was said in February those who are receiving relief would be sent to either MIDWAY or TASHME. As there are dogs and dogs one of them must have told the Commission. The commission told us and (elder-trans.) brother TOKU to leave GREENWOOD by the 1st. March and go to Midway. I do not know what would be the best thing to do."

"No doubt it is the dog's doing. Father is old and not working whereas other old men are. Seeing that (ELDER-TRANS.) BROTHER TOKU is young and not working, I suppose they are doing this to worry us."

COMMENT

Letter from friend to friend.

Translated extract: "We have been anxious now for three years. Every morning from 10 to 10.30 we hear the short wave broadcast from Japan. Ever since D day in Europe last year the Germans have been on the run. Since the capture of Saipan the Americans have been on the offensive in the Pacific. Today the news from Manila and Iwo jima is very bad. This last week 4 or 5 of our great cities have been largely destroyed. With great loss of weapons our leaders are having a hard time. But we do not know their final strategy. They keep saying to us 'The end is not yet'. Will the final victory be with the East or West? We believe it will be with us if there is any God or Buddha in the universe. Now here in Canada they are discussing what to do with us Japanese. They are able to do with us as they wish. We used to be counted one of the three strongest nations but now - - . But let us not be too much discouraged."

A wish is expressed by sender, Bes, probably the wife of co-sender Ken, to send bullets to addressee, a Japanese evacuee.

Excerpt:

"Ken has a few .22 shells left, but do you think he would be able to send them to you. Under the circumstances we would like to, Stum, but you know how it is. Are our letters to you ever censored? Yours to us never are but maybe they would be if you put your address on them."

"These days you seem to worry about us more than before, what has happened to your former spirit, it is not like you. You say it is useless to go through any more hardships. I think otherwise, this is only the beginning. You only think of your comfort and of things that are profitable to you. I never think of such a thing. At this decisive phase you had better stick to your 1st. intention and carry on. Don't we look forward to returning to our native country? Don't you worry unnecessarily but have your old spirit back again".

Correspondence between friends, also set of poems hand copied in Japanese characters.

One verse translated reads as follows:

"In hot pursuit B.29 was brought down into the sea in springtime."

(Ex. comment: See previous submission re same verse of poetry viz March 6, J. Seko to Mrs. W. Hikichi. Mrs. Hikichi in returning letter, has crossed out above quotation, apparently not agreeing with this type of nationalistic expression).

"Last year, peace did not come as we expected nor did it come this new year, we are still continuing the destruction and death in this world. The activities of the suicide squadron in JAPAN are splendid. The invention and manufacturing of anti-aircraft guns and robot bombs in rivalry in JAPAN are the best in the world. PHILIPPINES as objective, the AMERICANS and ENGLISH are fighting desperately.

**GP/KE
AMRIL. 2**

Last summer the people in VANCOUVER were preparing for peace, but all in vain. Even the President cannot tell when peace will be declared. Both sides are at its decisive phase. This year a fierce battle will take place to fight to the finish. So the newspapers say. A certain admiral in JAPAN said that it will be a crucial year for the fighting in ASIA. Joy and sorrow are mingled in the news from here and there. This year's zodiac sign is a bird. It represents brightness. So let us be bright and look forward till we meet again. JAPANESE in AMERICA have permission to return to the COAST. I wonder if it will be the same here. Peace might come unexpectedly. The rumour is that some great change will take place here in the near future."

EXPRESSING CONFIDENCE IN JAPAN.

Japanese Internee writes to friend:

" I was hoping the war would end sometime this year but the war news doesn't seem to be very encouraging, is there? Anyway, we all have great confidence and faith towards our home country and people, who are fighting for justice and world peace.

Writer further states: " On Feb. 23rd. my brother received a post card from my sister in TONYO. We were greatly relieved to hear that she was in her best of health and as usual busy with her singing. MR. AKIYAMA (our school teacher and repatriate from this camp) wrote to one of our men in our hqt. He's a big shot now (transportation head) in JAPAN.

COMMENTS

Letter from wife. Excerpt is translated.

"Those who were working in the hills around here are without work. Those who were not working for the COMMISSION used to return every Saturday but starting from this year once they go away to work they have to stay away. I don't know what is going to happen to this place now."

"I had a letter from Mr. Akiyama who returned to his mother in Japan about a year ago. In it he said for us to carry on as we have been. Surely some good will come of the hardships we are going through. We discussed this among us. Since I have gone through these hard times I gave up the idea of leaving the camp and just wait and see what will happen. I am thinking just the same as you do, this war might last another 4 or 5 years."

COMMENT

POLITICAL

Letter from niece to aunt and uncle. Translated extract.

"You mention that you sent the children some candies but I wonder if it has been seized since I have not received the packet. Saying that the thing (or things - trans.) belonged to Japanese some persons have seized them. Since Tetsu-chan has not acknowledged the four chickens I sent her, I wonder if they too have been seized. I sent them as Christmas gift. I wonder why they so ruthlessly seize all the things the Japanese send. Really it is very annoying. If they continue to spite the Japanese they will regret it one day."

Letter to wife. Excerpt is translated.

"There is no sign of the money which you mention having sent about the middle of January. Perhaps it has been seized. Everything is opened en route so we must be careful. Our four children were born in this country but owing to the severe racial prejudice in Canada and because being Japanese they would have been oppressed and not have been able to prosecute their studies. It was fortunate that we sent them to Japan. There are great hopes for their future there. Ambitious no doubt but then we have great ambitions. When I think of all this it is best for them to live and serve under the powerful Government of Japan. After the war Japan will be very active in the control of world affairs so for the young people there are great prospects which they have not in this country. Even in my middle age I have hopes of regaining what I have lost through this war. The war has entered its last phase. Putting my absolute trust in our Mother country's real strength and without being misled I am passing my days contentedly. Every one of us must keep in good health so that when the day of peace comes we shall be able to return to tread the ground of our native land. I think this is a very important thing."

" I resisted, because my intention at first was to evacuate with the family, but I was put in here. I wonder how long the government will keep us in here cut away from freedom, I really do not know. Some of the single men are saying they will stay to the end, but there are several men especially those with families who would like to go out.

Translated excerpt
"As you know I fought for Canada in last war but that does not help me any. Now I suppose it can not be helped. I think the commission treats our returned soldiers very badly. I do not see why we should have such bad treatment. In fact, I think we deserve to be treated better than the others. The Commissioner Cartwell of this place is a kind of person who will be good to deal with if one is ready to offer him a bribe. Of course we poor people cannot afford to do anything like that."

X "I received your letter of Feb. 8th. today. I was glad to hear from you and to know that you are hoping for the bright future and still enduring the present situation. The Government's forced evacuation of us, we came to NEW DENVER more than 2 years ago. Before the evacuation I worked terribly hard until I was quite sick. I was hoping to take a long rest, but quite the contrary, when we arrived here, the houses were not ready, so I had to start to work right away helping in the building of houses. If one wants to eat, one had to work, unless one is sick we can't get relief. Our pay is 22½ cents an hour from the Government, it is very small, however I am carrying on. So please put your mind at ease."

"The receipt for the money which Mitsuye sent in December not having arrived yet, you must be quite anxious. Some one, possibly the delivery man, has thrown it away. This makes a lot of trouble. The money which Mr. Shirakawa sent almost two months ago has not come to hand yet. I am worrying whether he did not enclose cash. If that was so there is no way to investigate if lost on the way."

"Three years ago if I had already gone to work in one of the Road Camps I would not have been arrested and sent to this camp. The very time that I was reading a letter from a friend in Raymond, Alberta, in regard to finding a residence in that city-that very time I was arrested. From that time my wife and children have been living with my father-in-law. They are quite independent. I have never had even an iota of a desire to oppose the government. Since my internment I have always been looking for a chance to go free but no opportunity came. I would be glad to go to Lillooet but if not I will ask to go to you in Winnipeg and call my family there. Have you any other idea to suggest?"

"We will hear some good news in March, said the chief boss. (chief boss meaning someone in Japan-trans.) Those who are still staying on in the camp are those who will stick to their first intention but not you. Some wives are saying that their husbands went in with the idea of staying for five years. They are not like you who put a stain on one's good name. Don't you do anything in a hurry, nor do things to be laughed at by others. I know you too well, so I can't help but worry. "Do not be too anxious about what I wrote in my last letter. We knew from the beginning that the course we had taken would bring hardship, but we will emerge into joy and happiness at last. Letter from friend to friend. Excerpt is translated.

"As the war is going now it seems likely to last for some time. Russia is drawing in on Berlin. In the West the Allies are breaking through the Siegfried Line. I expect they will have it in for Japan now. According to the newspapers and the radio they are attacking nearer and nearer to Japan. Japanese troops are defending the line north of Manila with great courage. U.S. Marines have landed on Iwojima just 750 miles from Tokyo. The U.S. Airforce is making fierce attacks on Tokyo.

What papers do you see in your Camp? Do you get radio? Every day as we read the papers we are covered with perspiration at this news. Let us hope for an early end of the war so that we all may be free."

Following excerpt from above correspondence from father to son, is submitted for purposes of information.

"It is no use to talk about it, we cannot do anything, this family separation, whether we wish it to be so or not. Is it right that we should be so oppressed and be so governed? For what reason and from whom this shallowness of thought originated. Do you understand Takeshi? If you find it difficult to understand it now, the day will come, may be in 3 years or even in ten year's time, you will find out clearly and the truth will be exposed. Your father can foresee it."

MESSAGE CONCEALED IN FOOD SENT TO CAMP 101

The sender writing to her friend in the INTERMENT CAMP, notifies him that they have sent him 31 or 21 tins with Wiso Paste (Trans. condensed bean paste for making soup). The factory girl wrote a note and put it under the cover of one of the pails.

EXCERPT: "... are you working in the kitchen? If you are did you accept the Wiso Paste you ordered to the factory here. I think thirty one or twenty one of them - Anyway in one of the Wiso pail, inside the cover, the girls working in the factory made nuisence and wrote something and I guess I'm included in the signature. Have you ever came across it or maybe you didn't take notice at anything. We made sure that the pail went your way or maybe you haven't come across yet. It was only last month I think, so if not look for the cover with a scratch on it. If not don't bother to see the inside. I don't know myself what is on but..."

Excerpt:

Translated extract:

"The world war in Europe and in Asia is at it's decisive phase. Their position is ever changing advancing and retreating. At present fierce fighting is going on to gain position in Iwo Jima taking more than a week. 41,000 soldiers landed and inflicted losses of 2,800 men. Fighting is going on in Luzon, Manila as the main objective. In Lingayen house to house fighting is going on. 24th of this month Corregidor was attacked by air, land and sea. Sooner or later no doubt we will hear some good news.

Letter from wife to husband. Excerpt is translated:

"Your feeling is quite opposed to mine. I sometimes wish I were a man. You have a habit of writing the most pitiful letters. Sometimes I am moved to tears by them".

LETTER FROM WIFE TO HUSBAND

EXCERPTS ARE TRANSLATED HEREWITH:

"A" "Yesterday I visited Mr. Miya's home where I met Mr. Saiai (a name designed to hide the real man). He asked whether I heard from you and asked how you are. I said you were as usual. He said to tell you that I see him (Saiai) at Miya's house sometimes. He said to tell you that the women of Shinidsu (Japan) are very brave. When I heard that I felt that no matter what hardships I have to bear I must be brave too."

"B" "Morning and evening I pray for the safety of our children and for the Emperor."

"I wake up at two or three in the night and am so cold I cannot get to sleep again. Our home has so many cracks that this cannot be helped. They covered the house with building paper once but did it so roughly that what with the wind and rain we have here it is as bad as ever. They did it as cheaply as possible, putting on very thin paper. Our house is like a beggar's hut. I asked to have some slabs nailed over the cracks but nothing is done as yet. Our supervisor is most unkind. He has electricity in his own home and office only but not even on the street corners. Some one from the RED CROSS will be here soon and I will take the matter up with him. I would like to write a lot about our return to JAPAN but it would only be cut off and never get to you so I leave it out. Have pleasure in awaiting the outcome."

Letter from sender to his pal informing the latter about a house - divided among the Japanese evacuees in New Denver and a meeting called at which a new committee was elected.

Excerpt:

"In New Denver, there was a general meeting on February 11th which resulted in the election of new committee members since on Christmas eve there was a terrible fight between a collaborator and the original committee members. The result of the fight was a broken neck for the poor man who went against the committee. The community was angry at the cruelty in which the committee treated this collaborator and a hatred was aroused between the people and the N.D. committee which was finally decided last week, with the election of a new committee.

COMMENT

POLITICAL

The following is a translation in full of correspondence between friends.

Re: Nationalistic Sentiments and War News.

Raymond, Alberta,
February 19, 1945.

Dear Sir:

How are you getting on since I last heard from you?

The Japanese residents like a Prussian carp in the muddy ricefield are ignorant of their course. Their fine quality of the Japanese spirit characteristic of our race has totally disappeared. The incompetent and cunning gang are intent on establishing arbitrary power, and the bestial fellows are working havoc among our countrymen and contend that wrong is right and would make no concession.

Ah! If we are at the mercy of this bestiality and if there is no one that will effect the salvation of the world, how can the descendants of our nation at last be graced with a paradise? If both the awe-inspiring men and patriotic women of our country, who would first proclaim this to our residents, can stamp out the social evils and exhibit the naive beauty of life, well, they must be the most pious people in society.

As quoted from the New Canadian paper, "If you enter a village you must observe the custom of that village," these are nothing but peace-time words. And many are the idiots that mimic the words of Ambassador Nomura and fools that are ignorant of the wartime foreign policy. They who forget our Fatherland are fools and they who scorn our Diving Emperor are traitors. The Japanese people in Canada must think no more of the craft and bestiality. They must manifest their right mind wholeheartedly no matter how difficult it may be and effect a settlement.

Last year from July up to January 6th, the enemy raided our

mainland 21 times and dropped 600 lb. bombs. They lost 840 planes and 13,500 pilots and expended \$235,900,000. I wonder how much damage did they inflict upon us.

About 300 tanks and 10 enemy divisions were landed at the port of Lingayen in Luzon Island. Impossible to break through the mountainous terrain, the enemy advanced southward along the coast but they were counter-enveloped. Our shock troops landed at Lingayen and Sato's raiding units went into furious action.

About 4 enemy divisions landed at a point 30 kilometers from Manila and tried to cross Karin River but lost nearly half their number. They advanced northward, but found great difficulties in crossing the river as four bridges at the same place were demolished, and lost a great number of their men. Being under fire from the fortifications at the foot of the hill facing Nicholas (15 kilometers from Manila) they turned southward. Many of their troops that re-landed at this place were captured, and Yamashita's forces were in front and in the rear of them. Our one month's fighting from January 9th to February 9th resulted in taking 20,000 prisoners and inflicting a loss 30,000 upon the enemy. They are confirmed figures, but actually the estimates exceed these. There were 190 tanks, 68 mortars, and anti-aircraft guns, machine guns and army trucks lying in heaps. I have very pleasing news that on February 15th, a special raiding unit of 7 killed 78 enemy at Nicholas.

On February 11th, an enemy task force of 30 ships including 10 airplane carriers passed the offing of Formosa and attacked Iwo Island in the Mid-Pacific. They attempted to make a landing, but our garrison supported by carriers and submarines surprised the Americans and sank a total of 23 ships comprising carriers, cruisers, battleships, transports and fast boats. After fighting for nine hours they were in hot pursuit of the enemy. A thousand planes from the 10 enemy carriers raided Shizuoka, Kanto and Nagoya, but they were intercepted along the coast and could not penetrate inland. Up to the afternoon of February 17th, 275 raiding planes were shot down and 39 damaged. They became rubbish of the sea since they could not return to their carriers. The foe lost a total of 314 planes. It is estimated that we lost 17 planes and 2 planes self-exploded.

A Tokyo broadcast says the American Government made a radio announcement that bombs of the newest type marked "Made in Japan" have been dropped seven times on the American Mainland over an area of 200 miles causing deaths and extensive damages. The Japanese military authorities tacitly admitted it. Look it up in the Rocky Shimpo Newspaper. On January 23rd, in reply to question, Foreign Minister Shigemitsu stated it is true that Chiang Kai Shek is seeking peace. According to an announcement made by the Wang Government (Nanking) on February 16th, members from CHIANG KAI SHEK and one or two members from the Communist Party will join its cabinet, and a parley to discuss the setting up of a Communist government in the interior is in progress.

"I have been in here 3 years, but do not think that I have wasted my time. After the war however much poverty-stricken, I will return to JAPAN. Needless to say why I came here. It is impossible for me to change my first intention, having this motive firmly fixed in my mind. Yet I have esteem and respect towards my brother's action. I beg you to understand me, as I wish to carry out my intention. Concerning money matters, it is a second question. I have quite decided to start my life afresh after the war, so I write to tell you that my intention comes first and money a second thought."

EXCERPT IS TRANSLATED.

X " It must be very difficult for FUJIO SAN(Japan-trans.) lately. YONEKO (U.S. trans.) has become quite arrogant. As FUJIO San is an Adonis Yoneko will be no match for him. Yoneko is doing her best to draw him towards her but he is too wise and will not be drawn. She has approached him several times but she has not made any impression." X

Between friends. POLITICAL

Excerpt translated:

To-day the short wave radio broadcast announced that two or three days ago the American bombers started to bomb Tokyo continuously. I am very sorry indeed that the war is getting worse and more confused. I hope that the world peace will come as soon as possible.

COMMENTS

Following excerpt from above correspondence from wife to husband, is submitted for purposes of information.

"I feel sorry to think that you lose your head over such a trivial matter. Why do you say such a thing to make me worry. You say if people are sick in the interment camp they feel as they could cry, the only one who is weak enough to cry is you. As long as you have made up your mind to be in the camp you should never change, others will no more think of letting their wives know that they feel lonely. No use grumbling about it now, better reconcile yourself to the present situation and stick to your first intention. Don't let me have any more burdens. If you look at our pictures you feel homesick so you had better burn it. I'm sorry I ever sent it to you".

"You know that your wife is doing her best to look after the children, surely you don't have to worry. I will gladly do a man's work if I thought it was my duty. Now don't make anymore trouble. I'll get sick if you do. Surely the day will come for us to rejoice, so let us be patient and look forward to it."

Parts translated.
Letter from friend to friend.

-They have formed an anti-Japanese Society at Steveston. The president is George Parker who used to live across the street from me. Other officers are Harry Starchberry, Bob Lancehod, Ken Yude, Stanley Lechi and many others we know by name. It is laughable that such nonentities should be taking up this business. They all have this to say - that if the Japanese return it will become inconvenient so that in this war time they wish to make it so that the Japanese will not come back to the coast. They are a poor lot.

-I have lived here over thirty years and planned to have my children be Canadians, but now for the first time I understand the democracy of this Christian country. It will be hard for them in this country to repent as they should.

COMMENT

P O L I T I C A L

This cover contains two enclosures in ink which are not of interest and one in carbon copy or pencil of which the poems outlined under A.B.C. are translated.

A. The first swing of the axe in the new year brings to mind the powerful progress of the country.

B. Swing the axe with the same intention as our country.

C. Looking down at the ships bedecked with flags, I swing the axe for the first time in the new year.

Translator's note:

In Japan the first three days of the new year are kept as festival days. Most activities re-commence on the 2nd day, thus work begins for the first time in the year. The writer here uses the idea of "swinging the axe" to symbolize "work", "labour", "activity". The title for the poem translates: "Using the axe for the first time in the year."

FOLLOWING EXCERPT FROM ABOVE CORRESPONDENCE FROM BROTHER TO SISTER, IS SUBMITTED FOR PURPOSES OF INFORMATION.

"We cannot find happiness in a place like this where there is no freedom, but you are very fortunate. The life in here is just awful, most of them have no refinement and they are pigheaded, very few occupy their time in a useful way. The longer I continue this kind of life, the more I dislike it. The only pleasure I have is to read books or do some woodcraft. If I did not come here in the first place, I might have had a nice wife and would have been living happily. DESTINATION OF SHIP

From tone of correspondence it would appear that writer and addressee, a Japanese, are pen pals.

Excerpt: "I may be in Hawaii sometime soon and if you don't mind I'll drop around to see you. By soon I mean a few months--- I'll be in Chile in a few months and it is quite possible I'll be in Hawaii Islands somewhere."

"Regarding that matter papa says he does not know what to say about it. Whether to stay there or come out. Even if you came out now you will not be allowed to return to B.C. and we would still have to live apart. If you stay interned it might be better than having to go to the East to work as there would be no cause for worry. It would be a different matter if you were able to come back to B.C. then we could all live happily together. The only thing papa seems to be worried about is the children as goodness knows how long this is going to last. Of course if it were possible the right thing is for us all to live together. However if there is no change in the situation by the Spring we shall have to see what can be done about it."

Letters from wife and daughter. Excerpts are translated:-

A: (from wife) "A lot of hardship but we are winning so there is no need for worry."

B: X (from daughter) "The war will not last long now. A lot of trouble in GREECE. In two places in GERMANY they have been enveloped. And according to brother's (elder--trans.) letter lots of things are coming but they seem to be sold out just as soon as they arrive." X (Probably meaning that planes are going over just as soon as they arrive they are brought down--trans.)

"You asked me in your letter what I thought about you leaving the camp. Have you thought it over carefully? You think that if you left the camp you will be able to live freely? You do not speak English very well, so you will find it hard to get a good job. If you will not be able to earn enough to live, what are you to do, never mind about yourself, but how about me. You have already endured for the past three years, think of the people in JAPAN, they are having a hard time. So how about you carrying on your first intention. I think it is the best course for you to follow. Please think it over again carefully."

"The only unsatisfactory thing is the wages problem. We do not get the same pay as last year, as soon as we came back to work this year we discovered that our minimum wages had been cut down to 65 cents an hour. We all expressed deep resentment at it. This vital problem affects both Japanese and the white men. After two meetings they negotiated that they should get the same pay as last year. The Japanese and the white men have unanimously agreed that if they are turned down as a last and best resort they would go on strike.

We expect to have our reply in two or three days time, at the latest we shall know by the 10th, our pay day.

The food in this camp compared with that we had in Donak last year is worse."

Following excerpt from above correspondence from son to mother, is submitted for purposes of information.

"By your letter No. 11, I understand clearly the atmosphere in your place. It reminds me of an article in one of the Tule Lake magazines called Tetsaku. A certain article in that magazine was written by someone with a pathetic cry at the idea the people in Tule Lake have of a true Japanese spirit.

The Japanese spirit existing in Tule Lake and the Japanese spirit actually in the people in JAPAN are very different.

Same in this camp, there are many who have the wrong idea of a Japanese spirit.

Only in order to express their own selfish motive they use the word "Japanese spirit". At first it used to get on my nerve and made me argue with them, but now it's no use. It's like saying a prayer to a horse's ear. No use what so ever to argue with them I leave them alone now".

LETTER TO FRIENDS. EXCERPT IS TRANSLATED.

"A race that has the red blood flowing through its veins and living this unnatural life and going over thorny paths, must keep to one course, that of faith and hope. We must endure these misfortunes and hardships strongly and rightly. Since it is only for a little longer and whilst we are enduring stoutly peace will come. The time when the joyful bells will ring out from the skies of the world is near at hand. As winter passes so spring approaches and the day when the sun will shine again is near."

COMMENTS

Following excerpt from above correspondence from wife to husband, is submitted for purposes of information.

"MR. KAGAWA who came from SANDON, but formerly lived near the BUDDHIST temple in VANCOUVER, had 3 sons back EAST. The sons are in the AIR FORCE and going overseas very soon. They had two weeks leave so they sent a telegram to the family to come. So they all left for the EAST, but I do not think they will return here. People say those who understand the JAPANESE language are voluntarily joining the army. They need so many like them for intelligence service. I heard MR. TAKEUCHI'S son joined up or something. When they go EAST they all change their mind in that way."

Excerpt: "You might as well get this through your head once and for good. I just despise all "hakuyins". I think they all stink. They're the cause of us being evacuated to the Interior. And I hate their way of democracy. They just say democracy just because the word looks good. They don't even know the real meaning of democracy. These "hakuyins" treat us Japanese as if they were the master race, or something. We're treated lower than the Indians."

Excerpt

"When I said we must not grumble but be thankful, a certain young 2nd generation who had 1 or 2 years high school education in Japan said, 'It is because of the influence of the Japanese flag we have no fear'. I was dumfounded. If this kind of boy is to stay on in this country after the war, he will stand in the way of the Japanese who wish to remain in this country."

Letter to friend, found enclosed in a magazine.

Excerpt.

"Well today I got those letters from you, so I told Mrs. Parker that I've got a letter from Sammy and it took 15 days and she said tell Sammy to change his name (Japanese characters translated) to change to a white man's name and she said if Sammy writes to you tell him to put your name as Miss. O. Parker, so they won't censor it (Japanese translated) Just put that on the address only and we will see I think if you do that it will come quickly. Gee I wish I could change your name neh, you know that letter which you wrote to Mr. Parker? It came on 18th or 19th gosh! It came fast. Well I'll send this letter with book (magazine-censor)"

COMMENT

POLITICAL

Excerpt:

"Yes, the people of Kaslo have decided that they don't have to move. Honestly I don't know what to think. Sada takes the Rocky paper (Rocky Shimpe) and Mr. Miyazaki takes the Colorado They quit the New Canadian. In the Colorado, the Americans who returned home aren't welcomed very much. I have ceased to let the thought of returning to my home in New Westminster become an obsession with me. For we too have no home to go back to, and Dad admits that what's the use of doing farming again. We'll be treated as the Americans are now being treated."

Letter to friends. Excerpts are translated. Letter signed as from "A man from the same village, S-Sei".

A. X"Being splashed by the waves of this war, we are going to feel the after effects. To a race such as ours it is a tragedy to be placed in this adverse situation. We are a pure red blooded race, descended from unbroken line for three thousand years and so with a spirit worthy of such we have endured these hardships. Though our positions are different no doubt you have experienced the numberless hardships as we have."X

B. "Since we have stoutly endured up to this and as it is only for a little longer let us without breaking down now carry on in good health and spirit till the peace bell rings."

Letter to wife. Excerpt from letter is translated.

"Outwardly we appear very carefree. There being no need to worry about food, about a place to sleep. This is a most suitable place for single men. I wonder? But if it were really so perhaps I would not be suffering from insomnia. Supposing we were allowed now to return unconditionally to our families how many would remain behind in the camp? Practically all the men with families will leave I think. One does not know what is at the back of the minds of those who are even now talking so "strongly". There are a number of those who at first spoke so stoutly and now do not know how to retract their "brave" words. If I were allowed to return to my family now I would pay my own fare. I feel that way. From amongst those who applied to return to JAPAN but with the lapse of time there are many now who would like, if allowed, to remain in this country."

Excerpt
Between friends.

"The Japanese have sacrificed their lives greatly during the 1st world war, yet in spite of it all as early as 1919 Anti-Japanese feeling existed. Furthermore a man who held high responsible position in B.C. was an extreme vanguard of Anti-Japanese. He was Mr. Manson, the Chief attorney-general. This time, because we are an enemy alien we must expect to face much bitter experiences than before. The Japanese community did not recognise the Labour Union seriously enough before, therefore we could not obtain any help from the white people's Labour union at the time of evacuation. Even now from various evacuated places we hear reports of exclusion from workmen."

X "This is a time of great tragedy and misery for a race that has the pure red blood flowing through its veins for 3 thousand years. I think we must mutually take the one course, that of faith and hope. We may be in different places but our hardships are the same. It is just for a little longer till the bells of peace shall ring and the sacred light shine over the world. As winter passes, so spring approaches. Let us stoutly endure." X

"When you sent me on the message from the minister of Foreign Affairs, I was deeply impressed and was full of thankfulness. Especially to us who are going through these hard times, it was very comforting. I read it to the 3 children and I explained it to them. Your present situation was made clear to them. SEOGO has developed not only physically but spiritually, I see it in the way he expresses himself these days. I think it is better than anything else that he is inclined to take the same course as we."

Extract translated:

"This democratic country's hypocritical administrators are like a grave stone painted white. The outside looks beautiful but the inside is like a dead man's bones and full of filth.

Oh! If only these administrators will change their mind and become really democratic. When we think of the people living east of the prairies they have plenty of trouble ever since the (other) Japanese have come in. All this is because there is no good leadership. How could I describe them to you, they are like lunatics.

Towards the end of last year the o o (Japanese trans) cabinet decided about the relief money for 60,000 comrades overseas. I heard that the Spanish Consul sent a letter to the Parent Teacher's association over here. They had a big meeting to vote for the money. Have they any right to vote when it was already agreed on by the cabinet.

End of last year a certain Japanese Military Lieutenant-General broadcast to the overseas comrades. They heard, but closed their ears to it. OO group of people came to my place as I am the chief of the information office. I get up at 8 and after breakfast I study for a couple of hours, then gradually the people start coming to my place. I give information on different subjects. I explained to them about the richest country in the world but now they have a shortage of Tungsten. The use of tungsten in present day fighting is a vital point, considering the trajectory of naval guns.

Six and a half tons of poison gas in 60 billion cubic metres of air is sufficient to kill sixty thousand people in one half hour. It's use is forbidden by international law.

On Jan. 8th an article in a Japanese newspaper reported about a

spot of white cloud appearing in the sky and black spots on that cloud like a milky way; it moved towards the North-East. As it did so, smoke went up. This was from destruction of buildings in New York. It was a dream. A dream told by Professor O-----. Scientific inventors get ideas from a simple story like this. Japan produces a great many scientific inventors.

The name Hiko-hodan originates in Japan. Did you see the New Canadian paper of Jan. 13th. The Emperor donated some money for scholarship to the children overseas. I was deeply moved and feel grateful.

In one year the enemy's loss was:- 1,120 ships destroyed.

In Leyte Bay from Dec. 8th to the end of the year the loss was 110 ships. Middle part of OO coast 204 ships. To Jan. 9th in Mindoro 355 ships. Jan. 10 to 13th 71 ships. Total in 13 months and 5 days surprising number of 1860 ships destroyed. That means about 50,000 men. They cannot be replaced.

In Mindoro the enemy's loss was 355 against 2 of ours.

That shows that spiritual civilization will be victorious in the end.

The Kamikaze plane was first built in Showa 11. (1936) by the Mitsubashi and Nakashima factory, but it has been improved greatly according to the advancement of science, good training and Yamato spirit (Japanese spirit).

To Professor Sato,
from

The Chief of Ronin.

Jan. 17th. 1945.

P.S. A 17 year old young man was caught stealing. Rev. Katayama and myself assisted in this court case after the judge's decision, an old pioneer, Mr. Koyada was put in charge of him. His abnormal mentality is caused by the war. This is the 2nd offence so it was difficult to settle the matter.

Ronin specialize in the study of the air force and the navy.

First of all I will tell you about the calculation of the distance in bombing.

From a height of 4 thousand meters, the current of air is a great factor.

Aiming at C. (see diagram and the arrows representing plane's speed and wind velocity) the projectile will hit D, if the speed of the plane is 160 Km. and the velocity of the wind 90 metres. Aiming at C under an angle of $22\frac{1}{2}^\circ$, the actual spot hit may be D or F. According to wind velocity.

"The expected peace did not come last year. We are still continuing the destruction and death in this world. The activities of the suicide squadron in Japan are splendid. The invention and manufacturing of anti-aircraft guns and robot bombs in rivalry in Japan are the best in the world. The Philippines as objective, the Americans are fighting desperately. Last summer, the people in Vancouver were preparing for peace but all in vain, even the President cannot tell when peace will be declared. Both sides are at it's decisive phase. 1945 is a crucial year, so the newspapers say. A certain admiral in Ja an said that it will be a crucial year for the fighting in Asia. Joy and sorrow are mingled in the news."
