Objection to being sent to the Hospital for Orientals

Letter to husband.

"I suppose Colonel Arthur wants to send me to the Hospital for Orientals as they charge only thirty dollars a month whereas here they charge three dollars and fifty cents per day. I am going to firmly refuse to go there. Surely they will not treat a woman so harshly.

COMMENTS

The following excerpt from above mentioned letter(sister to brother in Internment Camp) is forwarded for information.

EXCERPT:X" The news nowadays is so excellent that mother's mind has changed. My mind is also in whirl, but one thing I want to do is get out of this busy-body community. I do tell her every moment counts, but whats the use, I hear you can't come out. You will have to be loyal, don't you? I hope not. If you can't,well it can't be helped, so I guess we'll have to twiddle our thumbs again and wait for another five years for this dam war to end."X

P O L I T I C A L

Between friends:
"The city assembly of Kaslo sent a protest to Ottawa and to the B.C. Security Commission asking them to permit the Japanese to remain in Kaslo for the duration and to employ them if there is work. I am sure some of them are broadminded enough to disregard racial discrimination and have love for their neighbours, but at the same time it seems to me there are others who will be friendly even with their enemies as long as they can obtain benefit from them. The reason for the Japanese to leave Kaslo now is for them to return to another ghost town.

There is shortage of man power in Canada and the government's policy is to scatter the Japanese all over Canada, so they kill two birds with one stone by employing Japanese for the war production."

COMMENT

POLITICAL

Writer states that although people down East are not vociferous about anti-Japanese sentiments, they are solidly against them.

Letter from husband to wife.

On Saturday I met Mr. Trueman and found out that the city of Toronto is closed to Japanese until the Federal Government assures the city that the city will not be responsible for relief of Japanese unemployed in the Post Was period. So I was very much disappointed for after having been in the city a few days I began to realize that inspite of all the prejudices and restrictions, Toronto, being a very large city, seem to hold some possibilities.

While in Toronto I stayed with uncle and auntie. They have a nicely furnished place, quite homey and cheerful. However, uncle and auntie still have strong feeling that their move to Toronto from McGillivray Falls was a doubtful venture. While seemingly quite adjusted to the city life, they have no feeling of security or satisfaction in their hearts. As I said before, almost all Japanese in this part of the country are living a life of real foreigner, trying hard to make the best out of a bad situation, and to some extent forgetting their griefs and troubles through inescapable forces and conditions of living.

Before I came I always thought that the people outside of B.C. are friendly and understanding to Japanese Canadians. However, I find that while the people are not vociferous about anti-Japanese sentiments, they are solidly against Japanese and have practically all the doors closed against us. I can understand now why some Japanese here discourage others from coming. They feel that it is better to face a loud apposition than to meet with a quiet yet determined prejudice.

This morning I met the Personnel Officer of the War time Bureau of Technical Personnel and was given a very realistic and true picture of Japanese employment situation. His sympathetic opinion was that I am lucky to have any sort of employment at the moment and advised me to take almost anything. ~~You know my idea. It is disgusting.~~

As far as you people coming this way on time for Dales school, the chances are very slim. As soon as I do get located, I'll send you telegraph. If you do not receive any word to come by the date, phone to C.P.C. and cancel the reservations. Any payment made will be refunded. As far as Chiye is concerned she may not be able to come with you.

How is June? I hope she is growing rapidly and in pink of health, so that the trip may not be too much for her, if and when you come. I guess Dale too is waiting too and ready to come. I think it is better to take a little more time now before we make a definite move than to rush things. So many people went through a great deal of miseries and even today are facing untold amount of suffering due to rush decisions. I haven't met any one who profess to be settled and happy after coming to this new place.

SUGGESTED STAYING AT THE CAMP

LETTER TO HUSBAND. EXCERPTS ARE TRANSLATED

A. "Father says to put off leaving the Camp until the end of the year. No doubt you are worrying about us and I too would like to see you as soon as possible but thinking of the many in this country whose parents and children are in JAPAN our separation of three years is nothing. Regarding your release I have thought it well over and asked a very reliable person about it. He said that the course you had chosen was of the worthiest. I wept and vowed to myself that we would mutually endure everything".

B. "We, as one of the families of the internees, would like to lead an honourable life."

SUGGESTING STAYING A LITTLE LONGER AT THE CAMP

Letter to husband. Excerpt is translated.

"Life in the Internment Camp must be very trying but as long as you keep fit we are bound to meet again one day, so please take good careof yourself and stay where you are. The course that you have taken is the worthiest. After your letter to Shizuo San I thought it would be better for you to come out but on inquiring about this of a very reliable person he suggests that it would be as well for you to stay where you are a little longer and see. It would not do to write too fully and give the reasons." X

FOLLOWING EXCERPT FROM ABOVE CORRESPONDENCE FROM DAUGHTER TO FATHER, IS SUBMITTED FOR PURPOSES OF INFORMATION

X"According to the news, among the Japanese interned there are 1,000 dead from January. On Oct. 18th, a memorial service is to be held in TOKYO. The dead are from CANADA, AMERICA, INDIA and Australia. The dead in Canada are either old or those who have been sick. There is no need to say why, but it was written as if they were making some excuse. You know there was a trouble in TULE LAKE, U.S.A. and some one was murdered there".X

Unpatriotic Japanese and War News

To friend.

"You would be very indignant were you to see the unpatriotic Japanese doing essential work. Working tirelessly spending their time and energy. I suppose the "Rocky" and Colorado newspapers are read around your place. These are unpatriotic and should only be read as a past-time. Sept. 9th broadcast told us of the allied forces method of landing on the islands of Saipan and Omiya. Our garrison there helped by the inhabitants fought heroically but the allied forces fought brutally. Our soldiers and the inhabitants died. This is the time when the Pacific Fleet should take revenge. When I say "brutally" I mean that they (the allied forces) used poison gas at the last moment. The battle of Perudo (?) lasted three weeks and over eighteen thousand men, one hundred and ninety-five tanks and sixty warships were destroyed or damaged by our forces. At Morotai, Biaku (?) and Palau our soldiers again fought heroically.

According to the Berlin broadcast of October 9th in the battle of Southern Belgium the Germans took over three thousand two hundred prisoners and one hundred and eighty-two tanks. In Eastern Hungary and Eastern Italy the Germans are still on the offensive. The Japanese main fleet advanced from Leichow Peninsula to Yungshien. Yungshien is southwest of Kweilin. Another fleet went from Changsha to within eight kilometres (?) of Kweilin. The second fleet went into Lunghsien and within one hundred and forty kilometres (?) of Kweilin. The second Manshu (Manchurian)-trans) fleet went to Manshien, Lien and Shui. The objective destination of this fleet is either Chang-King or Shou-Ting. At this beachhead fifty-seven Chinese divisions were destroyed by Lieut. General Sutejima's unit. Lieut-Gen Sutejima says that there were very good results from this military operation. Of the Burma battle the enveloping attack of Empu is still progressing. Our forces everywhere are all fighting very heroically and are carrying everything before

Writer advises addressee that all his belongings are as he left them, and that he does not have time to unpack them. As he makes no reference of the Custodian, his letter is submitted for disposal.

Copy of letter as follows:

Dear Sir:

I received your letter about adding machine and large typewriter.

I went to the apartment house and saw your goods over there, they are just as you left them, Mrs. Campbell is away, and we have had 2 caretakers since then, this man who is janitor now, his name is Morrison, and he does not know where to find them and I am much too busy to find time to unpack all those boxes, trunks, bags, etc.

If you can come down to Vancouver you will find everything safe and you can take it all away.

I will send the Portable Typewriter tomorrow, as you do not want it repaired.

Yours truly,

(Sgd) J.M. Macmillan.

DOING IT FOR THEIR COUNTRY

Letter to wife. Excerpts are translated.

A: I am physically fit but my spirit is------
Judging by thetalk of all those who are in the same position, with school age children and family consultations are all of the same opinion. Knowing only JAPANESE, to go out now it will be impossible for us to do anything in the present circumstances. If it were ordinary times we could manage somehow or other. No doubt after the war the government of our fatherland will do something for us. We shall have to petition the JAPANESE authorities to do something suitable for our children."
B: When we return to our fatherland the authorities (JAPANESE --trans.) will take into consideration that the backwardness of our children is owing to present circumstances and will do the right thing. Seeing it as their duty, the parents are all studying hard to keep pace with their children. And there are quite a number here who are doing so for the sake of their children. Just at present we may seem spiritless but it does not mean we are weak.
We are doing this for our country and I think the JAPANESE authorities will do something for us."

Double wire netting around Tashme and no suitable place to settle.

From sister to sister.
"Hiromu tells us that there is a double wire netting around Tashme, soldiers on guard and everything is very vigorous."
"So Kaslo is to be closed at last. It is serious. After all I think Kaslo is the best place."
"We had to come a long way but we did not anticipate all the hardships we have come up against. Within two years we have had to move three times. Though I am not greatly impressed with this place there is nothing that can be done but to stay on here. No matter where we go it will be the same. There is no suitable place to settle nor are we given any agreeable work. Memories of our life in B.C. bring tears to my eyes."

FUTURE OF NISEI

LETTER FROM WIFE TO HUSBAND. EXCERPT IS TRANSLATED.

X " One nurse here, (NEW DENVER) is a Japanese girl, graduate of a BUDDHIST Girls' School in KYOTO and is not at all interested in the current war news amd does not seem to understand the significance in all that is happening. They are more interested in moving pictures but why are they not interested in news of the war which so closely concerns the welfare of their own country. To think of this makes my heart sink. It seems the whites rather than hating or fearing the Japanese seem to have a hope of making these NISEI girls more like the aborigines. When I think of our third and fourth generation Japanese becoming like Red Indians I forget my own illness and begin to think rather of our policy re all this. What have we parents been thinking of?" The attached letter addressed to the Japanese Poetical Association Branch at Kaslo, in accordance with the topic for the month, which is chrysanthemum, contains three poems (Japanese style) in which the flower is used, as commonly in Japanese culture, to refer to the Imperial House. No individual name attached - only poetic pseudonyms.

"May the fortunes of the Imperial House go on improving for many generations. May the Imperial palace stand firm in the clear air protected by the chrysanthemum. The fragrance of the chrysanthemum reaches to the absent soldiers on the battlefield."

"No" if called up to enlist.

From son to mother.

x"That which you are all worrying about. Here there is no talk of taking Japanese as soldiers. In fact they are rather apprehensive of the Japanese. However should that time come we shall all firmly refuse. No matter what, it is "No" to the last. You understand mother?"x

Between friends.

Writer informs about Japanese furniture, stored in the private house so avoiding custodian.

Logans got a letter a couple of weeks ago and they (Myamotos) blaming Logans for not sending some of their things but it really isn't their fault as Mrs. Logan worked for two days getting it all down from upstairs and the custodians haven't had time to pick it up it really is in her way now as you know there isn't much room down stairs.

RESIGNED TO STAY IN THE CAMP.

Letter to wife. Excerpt is translated.

X"Once having made up our minds it can not be helped if sacrifices have to be made. Is it not our ultimate aim to remain in good health and wait for the day we shall meet again? All those here who have large families are suffering mentally. Because they all have large families and are not able to support them consequently they have resigned themselves to stay on here." X

ABOUT LEAVING THE CAMP.

Letter to wife. Excerpt is translated.

"Received your registered letter on the 30th. I can guess what is in your mind. We have already come to certain point so, in short, I think it is worthwhile to follow the path I have chosen. In trying to catch two oxen at one time one is apt to lose them both. With a large family like ours I cannot go out of this camp as easily as others without first considering it well. Of course if the JAPANESE GOVERNMENT order us to return then it is a different matter. Judging by the reports I believe the rules with regards to our leaving the INTERNMENT are getting stricter. As you know the money left in the CUSTODIAN'S care is getting less and less. But if you insist that I come out then we should consider MONTREAL or HAMILTON and ask them to give me the best work obtainable and act until that has been faithfully promised will it be safe to move. We must also think about having our livelihood guaranteed."

Writer encloses receipt for $5.00 and advises addresses to claim the wench?(wrench).

Dear Sir: I have received your letter of Sept. 18th and herewith am enclosing the receipt for the wench. You now are the owner of the stump puller and have my permission to go and claim the machine at your own free will. As for the handle of the stump puller, I left it at Mr. Jacobson's, but I do not know whether it is still there. However, you may ask Mr. Jacobson about this matter and if he still has the handle, you may get it from him.

I hope you are well satisfied on this matter and the machine will serve your purpose. Thank you kindly for your co-operation.

Return to Japanese Citizenship

From father to son.

"We, the whole family of seven, have applied to have our Canadian citizenship cancelled. We have asked to have yours cancelled also but the Mounted Police said that as you were eighteen you would have to decide this yourself. We told him that if we wrote of such matter the censors would delete it. He said it would not be, so will you make your own application to have your naturalization papers cancelled and become a Japanese National. And then after the war let us all return together to Japan."

T. B. PATIENTS.

Letter to husband. Excerpt is translated.

"After all sorts of rumours at last the eight (T.B. patients - trans.) have arrived safely from the Internment Camp. I have not visited them yet but Mrs. Naka and Mrs. Nakayama have been and they say that all the eight look well and seem fit. For some reason they have been treated this way. Persecuted through thick and thin. Thinking of those who are still there I wonder what will be their fate. Please be very resolved. Making illness an excuse and giving it a name they were forcibly put on the train and sent away. No matter what sacrifices you have to make please carry through unwaveringly to the end. If I were to write more fully the letter will not reach you. Japan is doing well. It is a matter for joy. Please do not worry on our account but take care of yourself and carry on steadfastly."

Re: Incident between a Jap and a white person at St. Thomas, On

Between friends.

"Last night I spent a very miserable night. Since coming here about a year ago, I have been very thankful, and I have tried to do my best in everyway, but I never experienced such an unpleasa incident as I did last night.

When I came back from work and went to the wash room, I met a white person who is staying in this hotel. I dont know what he does, but I think he works at an auctioneer's place. He wasnt well dressed and was about middle aged. I suppose he may be a European. Suddenly he stopped me and called out, 'You are Jap ye. Yellow Jap rat. You get out Hotel 1st. I kill you sometime.' I was really shocked. I replied, 'I am a Japanese, but it was not neccessary for you to say so. I am obeying the gover ment's orders, and working faithfully with good moral aim. The hotel owner and those whom I work with are all very kind and I am very thankful, I hope you too will understand me.' But he never changed his attitude and again said "Yellow rat go to hell Especially on a Thankgiving day I felt very shocked to hear such remarks and I felt very sad at heart. Most of the Canadians have sympathy towards us and I have seen several evidences of true gentlemanliness. When I met this ruffian whom I am sure has not a Canadian spirit, I wondered if there are such people in this country. I have trusted to the fair play of the Canadian so I was very shocked. This man is the only one who has said such words to me. I really thought it would be better if they sent me back to the internment camp. I was so miserable. I dont know how long this war will last, it may be for another 2 or 3 years. I sometimes wonder if I can stand the strain and I get very depressed.

COMMENT

POLITICAL

Criticism of B.C.S.C.

Relationship not indicated.

"Well, since Kaslo is to be removed I don't know where my parents will go to but in this weeks New Canadian it says that the Kaslo City Council put in a protest so I've got my fingers crossed. For the younger generation it may be O.K. for them to be pushed around because they can at least look after themselves but gosh darn it I guess the Comm. never gives a hoot about the old folks I guess they don't give a hoot about anything so long as they economize on everything. After all the Japanese people are human too. I don't give a damn whether the censors cut this out or not but it sure makes me boil. Because if the Commission was going to close the place down I don't see why the heck they had to put them there in the first place. It's just more added expense and harder on the old people. Gee Flo I guess you think I'm horrible the way I use "slang" in my letters but I'm really so mad I could just sit and scream. And another thing they sold our house even for less than ½ the price. Dad and Mom don't know it's been sold yet because the letter came to my brother in Brantford. I hate to think how they'll stand it when they hear about it because my brothers had put everything they had in it for mom and dad. It's not that I'm religious or anything Flo, I'm really far from being that but someday God will punish them for that. Gosh I'll bet you think I'm crazy writing all this but I'm so damn mad I just can't help it. Gee I guess I'd better sign off now because I might really write something that the censors won't like. Hope you'll forgive me for writing a letter like this but this time I really can't help it. I hope I won't do it again."

CARRYING ON DETERMINEDLY AND STRONGLY

LETTER TO FRIEND. EXCERPT IS TRANSLATED

"According to your last letter the clouds are clearing and though it may take longer we can go on living determinedly and strongly. There are lots of things to write about but at present we cannot do so. Looking on this as our test in this world let us go forward to our goal. Other people are other people. It does not help us at all to watch what they do or to listen to what they say. Let us go forward cheerfully with firm determination.

Re: Japanese Property

"About our chattels- everything is too late - a couple of days before Kay's visit they had an auction and the Fidlers went - here's the prices - the piano sold for $140.00, the bookcase (probably with books) $5.00, and, here's where you're going to flop over, the lovely cased dolls went for 50¢ - imagine, that doll that was worth at least $50.00 went for 50¢, of all the outrageous things! We have decided to write into Custodian and ask them to send us the limited amount of allowance monthly. We are really wondering what happened to all Dad's papers etc. It's really ironical isn't it - the way they say the Custodian is kept for our protection - we would have done better had we given all our belongings to our Vancouver friends. I often wonder what they mean by fair play. It really makes me boil."

"We JAPANESE are known to be a superior race yet, because we are orientals we are treated like animals. We are forced to live away from our families. How can I express this feeling of anger and grief. This thought is not only mine, but it is the thought of all my comrades. It is not worth our while to bother with such an inferior race at present but just wait and see!"

Selective Service Work

Letter to friend.

R "As we came to this town we went to Selective Service to look for a job; all we could find was essential war work, once you get in those kind a job its hard to get yourself transfer to some other job, so all we could do was to let the job come to us, we hanged around about three weeks. Did the Selective Service get mad, three of them guys ganged up on me, saying that this is war time and they don't want anybody hanging around doing nothing. You know there is a sheet of paper and in that sheet paper we have to pick the job and have to work. Maybe thats a good ideal but the sheet they offer to you is for Japanese only. There is another sheet but thats for white guys and the wages are better. Well, anyway we got ourself a nonessential job as gardener. The work itself is not so bad but the living condition is poor." Between friends.

Writer shows great dissatisfaction with the B.C.S.C. over treatment of the Japanese.

"Read in the paper, Kaslo was going to be closed down owing to lack of employment or something. X Gee, doesn't it get your goat the way the B.C.S.C. treat the Japanese like cats and dogs and do with us as they damn well please. Grrr!! Burns me up Bet all you folks in Kaslo are again experiencing an unsettled state of mind. Just like going right back to where you started eh?" X

"A lot of people in Tashme have been laid off work. Don't know how the whole situation will work out. X Yup, they sure are cookin' up all means to get the people out of here and once you do -- well -- I've heard of cases when a person or people are promised employment but upon reaching their destination they find the whole thing to be nothing but a bunch of broken promises. Democracy? ? I've almost forgotten what it really means." X

Re work conditions in the East.

From friend to friend.

x"Some how it is very difficult for us Japanese to work comfortably among a lot of white men. The whites do not feel any restraint but at the same time the Japanese must keep their distance as much as possible. The work for Japanese here is washing dishes and clearing up at night. One other Japanese is employed as a butcher."x

Letter from wife. Excerpt is translated.

* "I hear that quite a few are leaving your camp these days, I suppose they are mostly Nisei. Will all those going out get into suitable work? Those who have gone east are not at all unanimous about conditions there. Perhaps a lot of the talk we hear is mere rumour. Some who go east get on well while others have a hard time. I suppose it depends on their luck to some extent. Well, we will know better next spring. Patiently take care of your health and carry on." *

Writer asks addressee to obtain and forward her family's belongings which have not been mentioned to the custodian.

"I wrote to the custodian but they have not answered the last letter. The previous answer was that they had taken all and sold them. I have not told them about things in the attic but asked that you be given permission to enter and pack for us. But Mr. Bell - I should think if you got permission of the lady of the house you could go up through the trap door and pack things for us and send them C.O.D. we would be very much pleased and grateful to you. Of course the old transhe and books may be burned - But other things may be useful."

Re: Japanese fishermen.
No relationship shown.
"Some of the 1st. generation men formerly fishermen were called to the Commission Office. Here an employee read a sheet of printed matter in English. Naturally the men did not understand so they asked for interpretation. Don't know what the interpreter said, but at last they started handing papers to all the men, telling them to sign their name and fill in blanks which were for age, height, date of birth, etc. After all the papers were signed, heard that Mr. Burns came out and thanked the men warmly. Later on the men found out they had just signed a paper stating that they will go out to the Atlantic as fishermen. They're swearing about that double crossing Mr. Burns. Cant tell what these people will trick us into."

A Japanese working in the Athalmer camp gives the following information.

"When I cameback to this camp last August I found the morale of the Japanese crew mighty low. The real cause was a few---- wanted to go home in August, but the Selective Service guys wouldn't give them a holiday. The results were: the daily lumber production fell off gradually until one day--two weeks ago--our boss, Simon Ronacher got mad and told a few guys that those logs in the bush were costing him 6¼ a piece! Well we didn't like the idea of the boss telling off to a few guys and not to all. Therefore we got together and called a meeting including the boss. We listed a whole page of complaints and we thrashed it out with him. After two hours and half of this we came to an understanding. The result were: Jumbo Uchida lost his position as the Japanese foreman."

REASON FOR THE RE:REGISTRATION OF SOME OF THE JAPANESE FISHERMEN

LETTER TO FRIEND. EXCERPT IS TRANSLATED:

"A few days ago all the fishermen from amongst us were toldto go to the office. at the appointed time over twenty of us went. We did the same again as when we re-registered and told to sign if there were no mistakes after everything was interpretated to us. Next day some serious rumours were started. They were saying that this was on account of unemployment so four of us went to the superintendent and asked if this were true. He said that it had no connection whatsoever and that "Even if it were so, I am the Superintendent here and if there are any here who do not wish to go elsewhere then I am not driving them away" We are not worrying as he told us there was no need for anxiety. I think that it will be only for a little longer that we shall have to persevere."

COMMENTS

Following excerpts from above correspondence between friends, are submitted for purposes of information.

(A)- - -"I went to several places and found that some of the JAPANESE seem to be quite happy and satisfied, because they have no rent to pay, and fuel is free. They also have lamps and chimneys cleaned and looked after by the commission. But on the other hand, some had to give up their properties etc. and their freedom is restricted. I feel very sorry for them. Call it fate if you like, but this kind of thing should not be permitted in a civilized country. Because we are JAPANESE we cannot express our speech or write freely, all this makes me boil with anger, but still we must be reconciled to it and try to make the best of it. At present in our mother country, old and young men and women, are putting their strength together for the war effort, and are doing their best. Their frantic effort is equal to their men in the front line. You and those who are in the camp must be worried about the propaganda news announcing

that they have captured this and that place, but do not be discouraged by news like that, but look to the result in the end. I have been in this country over 37 years, so I do not know much about the present JAPAN, but through the shortwave news, I can well surmise the condition in JAPAN. Looking at it from every angle, JAPAN compares quite well with the enemy countries of AMERICA and ENGLAND. JAPAN now has MANCHUCO, PHILIPPINES, TAI, BURMA and JAVA. All these nations are united with JAPAN to drive the enemy away as well as forward in the production of munitions and food supplies. Let us wait patiently, firmly believing that one day we shall be able to rejoice.

In the past in ATTU, GILBERT Islands and at SAIPAN we have lost valuable lives, again we regret very much to hear we have lost some of the smaller islands in the PHILIPPINES. This fact might have made the one hundred million people to have a hostile feeling, instead it only revived the spirit of our nation to do more. I think the war has reached its climax."

(B) - - - "The INDIANS lead a carefree life, because they are not allowed to sell the fish they catch or meat, potatoes etc. so they only work enough to keep themselves. It is not necessary to put money in the bank or to build houses. Our situation is very much like their's at present. I was born to be a human being so I like to be treated as one. Truly it is a great shame.

We are included in one of the five great nations in the world."

"Perhaps you have already heard about the riot in Ingersoll. It is written in the Vancouver Sun. There was a mob here at the plant to fight us, but the cops stopped them from coming inside the gate. I was in bed at the time, but I had to get up and get dressed, and if they tried to come in we had to stop them. After that whenever we go to town they call us Jap and other dirty words, so there is no use going to town."

Re: Possible enlistment of Japanese.

"Incidentally in regards to enlistment, about 32 nisei signed special forms to join up. I have a hunch that later on they may start drafting us just like in the U.S.A. I guess I go if I am called up, but darn if I will volunteer. We really should be as true Canadians, but I still cannot forget the treatment we received in the evacuation. I know that the conditions have improved greatly, but still it is hard to forget what we all went through. If only the Canadians knew what democracy meant and that it stood for equality, regardless of race, colour, or creed, I feel sure that at least we would not have been treated as we were in the first part of the evacuation. When I say Canadians, I mean those agitators who are advocating total expulsion of Canadian born Japanese."

Re: Riot in Ingersoll Ontario.

To a friend.

X "In Ingersol, Ont. there was a riot. About 200 to 300 Occidentals mobbed and tried to raid the Camp there. There is about 15 Japs there. Pretty good odds eh. Only 15-20 to one. They were armed with bars, sticks, clubs of all sorts. They wouldn't of had a chinaman's chance. Good thing the cops stopped them or there would of been 15 dead Japs beaten to a pulp. They accuse the Japs but I heard one or two stories about the Allies - "the Angels of Mercy." X

Suggesting their sons should stay in the Camp.

Letter from parents to their two sons.

Excerpt is translated:

" Some friends have suggested and again others have written that it may be as well to have you both come out and work. But as you both made the resolution to go there so without thinking of the monetary side, it would be much more to the point if you were to equip yourself for the future. This is the opportunity so without neglecting it, study hard."

COMMENT TYPICAL

War News
Letter from friend to friend.

"With this kind of weather we cannot get on with our work and are unable to make the wages we had counted on at the sugar beets, we are completely covered with mud, head to toe. The Christian group and Rev. Kabayama are very cheap. The ordinary price of onions, $4.75 per 100 lbs, is down to $3.00. We are at great loss."

"Sept. 27th being the anniversary of the signing of the Japan-Germany-Italy treaty of alliance the Emperor sent a telegram and the government sent a message of congratulations. A reply came from Germany and Italy that the Axis had been set up for world peace. The United Nations seem to be oppressing Bulgaria. Germany has all preparations completed now and will get the final victory.

"In the S. Philippines they tried to land but lost 170 tanks and 18,000 dead and a1,000 ton hospital ship was filled with Malaria patients. Altogether they lost 95 smaller war vessels. In the Muratto (sic) battle they lost over 50 vessels and 20 tanks. By the broadcast of 28th we hear that 250 were killed in the Beruroot (sic) battle.

On the continent Manchurian Main Forces have 45 miles to capture----------over 200 Kilo (sic) from Gohei and have advanced on Hanyang and are only 30 Kiro from Kweilin Another force has captured Wuchow. A force from Canton has taken Shiuking. Navy Minister Yonai says this is a very significant victory. 500 planes attacked the Philippines but did not come as far as Japan. Some R.C. school was damaged. Philippine government has declared war. All the East is united in the war.

Unless the King proposal to segregate the 'loyal' from the 'disloyal' Japanese is defeated, we will all have to return to the Far East to end our days. I call on all our race to 'rise up'. Fujiwara, the war Minister says that all preparations are completed for an attack on the Continent of America. They will come before long."

Wanting to Return to Japan

Between Friends,

"The commission is planing to make us all self-supporting, but we will not be able to become so. My husband was a fisherman while we were on the coast, so the authorities sent us notice to go to Ontario to do fishing, but we do not care to do so. We wish to go back to Japan. We heard that we have to go to Tashme.

As long as his family is cared for he is not agitating himself.

Letter to wife. Excerpt is translated.

" A letter has come to Camp from the Spanish Consul telling us that money has been transmitted to him from the Japanese Government to help those who are in straitened circumstances, more especially the old people, women, children and the sick ones. And of course the wives and children of the internees. That is well understood. Fourteen dollars a month allowance for the two of you is very trying so send in your application to the Spanish Consul. The reason why I am here is quite natural and as long as I have no worries regarding my family it is not necessary to agitate myself.

RELIEF MONEY FROM JAPAN

Letter from husband to wife. Excerpt is translated:

"A resent letter from the SPANISH CONSUL said that money had been made available, at the request of the JAPANESE Government for the relief of old persons in CANADA or for families with many children or for people who could not get enough employment. So funds are available for the relief of such persons. Naturally this money will be available for us here who may not have enough spending money. This is also a chance for you to get help. Following excerpt from above correspondence between husband and wife, is submitted for purposes of information.

" The incontrollable anger towards the barbarous treatment of this government was deeply rooted in my mind for the past five or six years. It burns me up, even if I become a demon, I will revenge when the sun (JAPANESE TRANS) rises again. If there is a god, he should not allow such inhuman tre tment to continue. Even in all the history of the world, there has not been such violent treatment. Sooner or later it will all be brought to light. We must take care of our health and endure until the trumpal song shall echo."

Re: Race Equality

Letter from friend to friend:
"Today I was listening to the radio and put up a vow (or prayer - trans) for the safety of the Far East. I think victory is not far off. Really the B.C. people have treated the Japanese very badly. They are very selfish. Now they ask us to vow loyalty. Surely this "Christian democratic country" has fallen pretty low. The world after this war must humbly return to the fundamental Christian doctrine of race equality. Are not millions of men now fighting under the call of God, for these very principles. We Japanese have come to doubt even the very existence of God."

A. "For all the Japanese who find their maintenance allowance not sufficient help from the Motherland(Japan-- trans.) is now available. They are all putting in their applications. Please do not worry. We hear over the wires (short waves--trans.) that they are thinking of and worrying about us all, evacuees as well as internees, in the homeland(Japan--trans.)"

B. "About the two patients you are anxious to hear about--Mr. Yonehara(U.S.A. trans.) and Miss Miko(G.B.--trans.) they are not as strong as they would like us to believe and if they go on in this manner sooner or later they will die. That little man (Chiang-Kai-Shek--trans) with the goggle eyes can not either live very long now. Miss Yoneko's (U.S.A.--trans) visits to our parent's home(Japan--trans.) are futile. Re Japanese fishermen.

The commission is up to something again, cause they're calling each man up to check up their former occupation have many dependents, etc.--guess they want to ship us out somewhere. They were saying they want all the former fishermen to go to Nova Scotia--oh--boy what next eh? For all we know we might find ourselves anywhere.

CONDITIONS IN THE EAST.

Letter to husband. Excerpt is translated:

x "This is in answer to your enquiries regarding the East. The other day, I asked EICHI SAN who is back here about the conditions there. He says that everybody is persuading each other to go there saying that everything is pleasant but no matter how far one may go there is always ostracism and that makes it very lonesome. This is the position of those whose families are not with them. It is impossible, I believe, for one only of a family to work and support the rest. Even if he devoted his whole lifetime, he could not do it." x.

Re: discrimination

Letter between relatives.

"A rumour is spreading round in Slocan that the discrimination against Japanese in Revelstoke is very strong and that the Japanese are not allowed to enter the city."

"Now it is the critical time for the Japanese! No matter where they go, they will be despised and discriminated against, however we can not do anything about it."

RELIEF MONEY FROM JAPAN.

Letter from husband to wife. Excerpt is translated.

" In a recent letter from the Spanish Consul he said that Relief Money had come from the Japanese Government and asked that those wishing it should apply. Those who have, in any way, lost their husband's support or who have no secure source of living expenses have no other way but to rely on this relief. What do you think? How is the condition of your purse? We do not like thus to be dependent on our mother country, but under the circumstances there is nothing else to be done."

Re: Army Medical Examination.

Copy of letter follows:

" H.B.Sasaki,
12 Dundurn Place,
Winnipeg, Man.
Sept.27, 1944.

Editor,
The New Canadian,
Kaslo, B.C.

Dear Sir:

Here is the full story on Mr. Masashi Oikawa who received an army call about two weeks ago. A front page article in the Winnipeg Tribune, Sept.27th and a similiar account in the Free Press quotes a statement made by a certain army officials as saying that Mr. Oikawa did not receive a medical examination but this is not true.

Mr. Oikawa reported at the barracks two days in succession for his medical. The first day he was able to return home on a 14 hour pass. The second day, his medical report stated "stomach ulcer" and a few days later received his rejection papers. The papers stated, Temporary expires March 1945.

A couple of days later another one of our boys went to the barracks to report for enlistment as he beleived that maybe he'd have a chance now. He was given a medical like the few occidentals present and then asked to wait a couple of days for his call. His registration card was stamped to show that he volunteered.

Both of these boys were questioned as to there country of origin before taken to the medical room.

I can't understand as to why some of these official have to make you go through with all this stuff if they didn't mean anything. Then to top it all they deny everything to the reporters. Their sure giving somebody the runaround.

And here we all felt it was the real mcoy after all.

That report you received from me is still the truth regardless of the Winnipeg papers and the supposed officials

Yours,

"Just a Perplexed Guy"

POLITICAL

Writer relates incident that happened between white Boys & Japs in Ontario.

Letter from son to parents.

"You will have seen in the papers about the mob trying to break into the Japanese living quarters here. The start was that some of our boys were said to be friendly with some of the white girls. This was an exaggerated account of incidents confined to the summer when two or three Japanese boys were seen with some white girls in the Compar Garden. Some ten young white boys, half in fun they say, raised a cry and tried to break into our dormitory. Of course these girls were not mere girls of the street but girls working in the Post Offic or other offices and introduced to us by the minister of the church. This is a small town and gossip flies fast and this story soon becam greatly exaggerated and hence the mob incident. It was, in a way, no an altogether bad thing that the crowd came at us for two policemen broke up the mob in less than an hour and no one was hurt. Ten or more of the ring-leaders were arrested and the affair seems to be all over for the moment. However, as a precautionary measure, we are asked not to appear on the streets at night for the present. We do not want to see any one of our boys hurt making it necessary for us to move from this town. Too bad that this has all arisen through gossip about only two or three of our boys. The white boys arrested declare that they have no bad feeling toward us Japanese as a whole but only against two or three whom they indicate by name. We are, all of us, going to work as before this trouble arose. The question as to whether we can go on working here depends on the future attitude of the white people. In the mob that night there were 200 people but some were merely spectators and some actually raised their voices in our favour. These latter included boys with whom we had played baseball, etc. It was not to be called an "anti-Japanese" movement at all, so do not be anxious on our account."

Riot in Ontario

from brother to sister

"Have you had any news concerning the riot we had in Ingersoll, on Sunday night, September 24th? We've had letters from Montreal and other places inquiring about the riot, saying that they heard about the mob riot over the radio, not only that it's on the front page of most of the papers here. I'm writing this letter in case you've already heard about the trouble and worrying about your loving brother. Well, he's in good health and getting along just fine, thank you.

This incident is the silliest thing I've ever heard of in all my life. The whole thing started over girls. The boys here have been going around with occidental girls of Ingersoll, not cheap ones by any means. I don't know why but they seem to prefer Japs, maybe cause we're sort of curiosity or because we arent as ignorant and stupid as some of these farmers and small town hicks. Probably one or two of them lost their girls to Japs, angry, they started to spread rumors, bad ones, and aroused rest of the young people of this town. The real reason is jealousy, trespassing on their hunting grounds, there is no other motive for the riot.

Well, anyways, it was a quiet Sunday evening, everyone at home, except Massey, listening to the radio and playing crib. When Scotty and another truck driver runs into the house saying that a big mob was coming to get us. We could hear them coming on the company grounds, about two hundred strong, led by Ske Kelly, a bloody half breed nigger. Oh, heck we thought we had to defend ourselves so we aimed with baseball bats, and other handy weapons were ready to fight em. I could see them all standing outside the fence, and it wasn't a very pleasant feeling. I don't think they had the guts to come over the five feet fence anyways, cause they had at least five to ten minutes before the arrival of the police force. The cops from Ingersoll and London stood at the gates and chase the mob back home. It was pretty exciting while it lasted. On Monday night we had eight great big policemen guarding us while we little innocent boys lay down our sweet head to dream pleasant dreams. All the excitement is over now. The ringleaders of the mob are under police detention, and everything is back to normal.

Conditions in the East.

Relationship not stated, apparently relatives.

x
"Some family came here to give better education for their children are suffering for the reason I have mentioned and mostly are misinformed about the condition here. x

x "The apartment house, which was supposed to be for the convenience of Japanese relocee coming here from interior B.C., as stated in the New Canadian was nothing but propoganda of a certain persons and some family which came here to have accommodation they were only to find disappointment and confusion. x

x "Perhaps you were told that there are many jobs waiting here for you, yes, there's a job here alright, but mostly are low class laborer job, like dishwashing, cleaning house, meat packing plant and so on with wages from 44¢ to 50 to 55¢ and construction helper which was not steady because rainy day you can't work, pays 60¢ an hour. The labor is very cheap in Province of Quebec and cost of living is very high compared to other provinces. I think there's no future here unless you start any kind of business of your own. There's no minimum wage control and many juvenile and part time workers beside peace work, therefore working condition is very poor compared to B.C. and Ontario." x

Writer advises addressee to withhold rental of his property instead of paying it to the Custodian.

Copy of letter follows: Sept. 26, 1944
Slocan, B.C.

Mr. Achetimichus.

Dear Sir:

First of all I wish to express my sincere thanks for your kind favor which you given me while I was visiting in Vancouver last July.

With regard to the house which Custodian intent to sale out without my consent, of course you have still right to purchase it by agreement at the price which must be same or better than others bids. But I am now inform you that I have taken legal action to prevent Custodian action, therefore Custodian can only sale my property when obtained judgement in the Supreme Court of B.C. So you can stay in my house without single worry for sometime.

This letter is your authority to withhold your rental until you hear me again for Mr. Murphy, agent of property have not transferred collected rental to the Custodian for past 6 or 7 months. In this effect I have adviced to Custodian

By return mail I wish you would kindly inform me up to what month you have paid rental to Mr. Murphy.

Again thanking you for your kindness,
I remain

Yours truly,

(Sgd.) J. W. Kinoshita

It appears from this letter that the sender is keeping in her house some of the things (washing machine etc.) belonging to a Japanese, possibly without the knowledge of the Custodian.

No relationship
Letter reads in part:- "Am nearly desperate to know what to do about your things. I have to leave here on the 7th of October.... Do you think Dr. Saita 455 W. 28th (address checked) would take care of your things. I'm so worried for fear someone takes your washing machine too."

"Now no single man allowed to go East until next spring. Kaslo going to close next Spring, and the men, women, girls and boys who are loyal to Canada will go East, and the people unloyal will go to Tashme. It's too late to go East now, and no use. Well, I like to go East but I have to stick with the other boys' idea. We are now studying Japanese and we are in the Bukyo Sinen Chkai of Kaslo (Buddhist Group. Re: Treatment accorded the Japs.
Excerpts: "About the boss's conduct in relation to Tanaka we in camp put up a hell of a rumpus and wired Truemen in Toronto to come down. He came down but didn't clear up anything to our satisfaction. But at least Tanaka got his full pay. The boss gave him only 25¢ an hour without any warning. Whereas we all get 40. The boss is a mean old son of a ====. The papers before I came exploited us unmercifully as buck toothed sons of heaven. I guess the boss took this all in and treats us as slaves. He tries to take advantage of everything. If he doesn't change his attitude damned quick he'll get the surprise of his life." "People tell me the war will be over in a month. See you all then. What are the people talking about there. Being property owners haven't we a chance to go back to the coast after this is all over.

REGARDING THE T.B. PATIENTS

Letter to wife. Excerpt is translated.

"Mr. YAMANAKA as you know is very stubborn and no matter what he is told he will not budge. It is perhaps because there is nothing the matter with him. Mr. Eizo is also full of pep. Everything will come to naught if they were to go out now. They can not leave here thoughtlessly. Owing to the present situation I suppose the authorities would like to send even one of us out of here."

Re: Camp life at Tashme

"I want you to kno. how much I a.. reciated the privilege of asking, to lead at Nicolum. You have no idea how many people have asked me about the camp and your life at Tashme. I have had many opportunities to tell the true facts and have not missed a chance to tell about the spirit of brotherhood that existed in our camp. People are interested in Japanese problem, Toro. I have been asked to speak at a missionary group next month so if you will write me sometime soon and tell me some facts about Tashme maybe I could give a decent talk. Things like the working problems - how much money the men get- the administrative set up, the dimensions of houses- I can't remember if you have running water or not....."

TREATMENT AT THE CAMP.

Letter to relative. Excerpt is translated.

" Last year on account of a certain incident, ice skating was not allowed. This year, I think, there will not be any need for anxiety about that. One pleasant thing now is that we are being better treated by the soldiers who guard us. As announced in the papers of this country the treatment of war prisoners in our country has been found to be satisfactory. I suppose for that reason the treatment here has improved. If this country is humane and peace-loving why do they not allow us to live with our families. I often think very deeply of this so we must persevere."

Parcel contains a fountain pen and a friendly letter expressing an opinion that the B.C. Security Commission is anxious to rid B.C. of Japanese and leave the evacuees to their ability to subsist.

x "Matsuo-Nisan's reluctance to come East right no. is a very wise thing. I have been writing him advising him against coming. He has a job there and I know he can be contented. All the B.C.S.C. or should I say Fred Fydon says is not the truth. Their one thought is to get a person out of B.C. and once here you are left on your own. All that they tell me in New Denver has as yet not materialized and I know they never will. I reported this to Selective Service but what do they care about us." x

COMMENT

POLITICAL - Re Japanese Property.

Between friends.

"I am afraid that I can not give you a satisfactory reply to your request regarding your property on the coast because I do not know the details of your affairs. The best way for you to do is to send a letter of protest to the custodian regarding the sale of your property by force. According to the lawyer's opinion if you have not received the money from the sale of your property, it will be better for your future. Of course, since we lost our income after our evacuation, it is clear enough that we need the proceeds for our living. Therefore if you need that money, it will be better for you to send the enclosed drafted lette which is suggested by the lawyer to the custodian.

When you send your request you can ask the custodian to send you the statement of your account. At the same time you can state that it is necessary for you to have living expenses.

I am sure once you send your request to the custodian your self support problem will be solved easier and I have no doubt that your trouble will be settled without fail."

Rest of letter of no interest.
Enclosure: One form letter, copy as follows:-

The custodian,
506 Royal Bank Building,
Vancouver, B.C.

Date address.

Dear Sir:

You have informed me that my property known as ---------- has been sold.
(legal description if possible)
As you aware, I have never consented to the sale nor ratified it but have at all times and do now object to the sale of my said property. Because, however, I am in destitute circumstances (and because the government has discontinued the advance of maintenance to me) (and because I am now deprived of the income from my said property which I formerly enjoyed) (or as the case may be), I have to request from you, the proceeds of the sale of my property in order to maintain myself (and family) but in doing so I wish it mad

Re: Japanese in Tashme

Between friends:

"People in Tashme all said they are going to resist to the end, but I suppose, they are getting tired after living 3 years in the Ghost town. They are gradually going out to work on the rail road, or to work in the mountains. Some are leaving for the east."

Friend to friend. One personal snapshot enclosed.

Writer states that he and some friends slipped into an Army training field at Vernon.

"On Tuesday, at dinnertime, we took 2 hours off and walked up to the army training field. It said "Anyone entering here do so at their own risk", so we did; we hiked about a mile and we entered a place laid with live land-mines. We picked up old mortar shells and rifle bullets. Luckily, the guns weren't firing so we didn't have to duck."

" It seems that the Japanese are gradually drawing the Allies nearer and nearer to the homeland as a fisherman seeks to draw the fish within reaching distance. Without any doubt we will be successful in this ruse and soon have them all in our net and all will be killed. We will hold our resolve until the very end. This is our supreme duty. This war is a war to the death for our country and we must entirely forget self and think only of the state."

HARDSHIPS IN CAMP.

Letter from husband to wife. Excerpts are translated.

A. "About half of the old men confined here have trouble with their backs. Several of them are quite lame."

B. " This must surely be the peak of our suffering. We will never during our lifetime, be called upon to endure anything worse than this. But this is war so please take care of yourselves. There will be nothing to worry about after the war. I know you are hard up but if you can please send, in some one else name, a little cash for my spending money. Our daily needs should be supplied here but they are not."

REASON OF REMAINING IN THE CAMP

Letter to friend: Excerpt is translated.

"Some day the bells will ring for the last time over the immigrants pathetic story and we shall return to our country. I am preparing to make the rest of my life of some use. In such a camp as this there is no incentive and when I think of all the young people out in the world dying daily my heart becomes sore and I am ashamed beyond words of my petty complaints. Without any thought to future undertakings I am training myself to live a better and a more useful life than I have done up to now. With that intention I am staying on here. I have read the magazine "TESSAKU" ("Iron Railings" ? trans) published at TULA LAKE and in it I found many things that coincided with my own feelings. If you get the chance you must read these magazines."

HANDLING OF THE INTERNEES AND THEIR FAMILIES.
LETTER TO WIFE. EXCERPT IS TRANSLATED

"So you also have had to go to work from the 4th. As you have not worked for some time it must be very hard and at such dirty work too. However as it is work given you by the Commission just acquiesce and carry on. As you are one of the families of the Internees the Security Commission is not likely to give you more suitable work. This treatment is just short of murder, and here we are being handled in the same way. It will get harder and harder as time goes on. To make the internees and their families suffer is the object of the Politicians. With politicians such as these what can be expected of the lower officials. However all this will be settled for after the war and as that is only for a while longer you must submit and carry on perseveringly."

COMMENT

POLITICAL

War News as related by a Japanese.

From friend to friend.

"Premier Koiso announced six great laws in the Diet and broadcast them to the world. Also Messrs. Kondo, Ota, Matsumura and Tsurumi broadcast about the Diet. The War Minister Sugiyama and the Navy Minister Tonai gave reports of the War. The Minister of War Production, Mr. Fujiwara reported that Japan would produce as much material for the war as was needed but would not produce the foolish machines (sic) the B29, B24, and Norma B3F, as the U.S. is doing.

The New Cabinet will await the attack of the enemy in the Philippines. A new American attack was made on Saipan, Omiya and other islands in the South Seas. In several places this attack was defeated. They planned a landing - Tarao. We inflicted losses of 6,500. The U.S. hospital ship was busy with the wounded. There was great loss of tanks. There is fierce fighting on New Britain, Rubor (sic) New Guinea.

The New Canadian prints the false rumour that U.S. planes have attacked Ansan. Four squadrons took part in this attack. The Japanese fighters were waiting and shot down six planes and put the others to flight. We inflicted losses on 40 out of 80 planes (sic). The crew of one escaped by parachutes.

The Cabinet reports that the airports in three provinces of China were put out of commission (follows some lines undecipherable - translator).

Re: Loyal and disloyal Japs.

"When the Germans are defeated, then it will be Japan. Then we don't know what sort of hardships we Japanese over here may have to face. The young people don't think much about it but it is too bad for the older people. We are quite prepared for that day. It may not be safe for us to walk along the streets. When the time comes to divide the 'loyal' and 'disloyal' we are quite prepared."

JAPANESE SENTIMENTS

Letter from friend to friend. Excerpts marked are translated.

A: "One thing I regret in all this trouble is the fact that I was not able to bid farewell to you three friends, when you were leaving for the internment camp. I am sure you are very angry at being incarcerated when you do not even know even the cause The fact that you three are, in one sense, making a sacrifice for us is felt deeply by all your friends here."

B: "I am sure that getting all the newspapers filled with rumours fills you all with great anxiety. But carry on and do not be discouraged, a time of rejoicing will surely come to us all before long. By recent broadcasts we learn that the JAPAN-AMERICAN WAR is coming to a climax, at present we can hardly guess which side will gain the final victory. We in ghost towns are almost as much prisoners as you are We have to bear various restrictions."

SCHOOL ENTRY: LOYALTY AND DISLOYALTY.

Letter to husband. Excerpts are translated.

A. X "HIRO could not enter school this year. The reason is because the authorities are getting very niggardly, more niggardly than ever. They are decreasing the number of teachers and not taking any more new pupils." X

B. "They, (the authorities--trans.) are to question and probe right into the minds of the JAPANESE to find out who are loyal and who are disloyal to this country. It is not known yet when they are coming to do this but it is rather late in the day to do it now. I am going to tell them to do as they like where I am concerned. I am one of the internees' families. Once having boarded the ship I have to sail along in it and if the wind changes the ship has to go with it. And the wind may change. To go to the EAST is a matter for serious consideration according to all that I hear lately from those who have moved around. I believe it is a very low and mean place so we should not leave this place thoughtlessly."

Following excerpt from above correspondence between friends is submitted for purposes of information.

"Right at the start, I was at the road camp, then sent here later on, so I don't know how much but MR. MIYAZAKI and MR. AKIYAMA came straight here according to their wish. The young people here say that MR. MIYAZAKI'S and MR. AKIYAMA opinions were different. MR. MIYAZAKI'S former pupils left the camp to work. MR. MIYAZAKI, ARIGA & HORI were not very friendly towards each other. Of course I did not know who was in the right. When MR. AKIYAMA was on his way to JAPAN, he asked a higher authority. It seemed that his opinion was right. So it was very akward for MR. MIYAZAKI to stay in the camp and at the same time, his wife being ill he left the camp, so they say."

LETTER FROM WIFE TO HUSBAND EXCERPT IS TRANSLATED.

"That we have changed into a "family house" is all to the good, but the house is poorly constructed and we look forward to winter with considerable anxiety. There is absolutely no place to store our fire wood. I have been to the Commission about all this but they can give no definite promise as to when any repairs will be done With bad weather coming on, with no husband here to rely on, I on insufficient relief am really to be pitied. COMPLAINTS RE TREATMENT

Letter from son to parents. Excerpt is translated

"By your letter I learn that Yukiko (younger sister-translator) has had to go out to do housework. We, Japanese, living here in an enemy country, are thus made to suffer. But we have to resign ourselves to the will of these white people, for this is war. We pray the gods and Buddhas that as soon as possible peace may come and the sun shine upon the Japanese again. By the National Mobilization law even we Japanese, men and women alike, if over 18 years of age, have to go out to work. We, even those born in Canada, are treated as enemy aliens, sent away from the B.C. coast, our property confiscated (sic) our employment taken from us and our families scattered. Now if we are aliens, why do we come under this law? It is a stinking (sic) shame. I would like to ask them why we were driven from B.C."

COMMENTS

Letter from husband to wife. Excerpt is translated.

"The life here is anything but interesting. I wrote a letter to Mrs. Booth of the B.C. S.C. yesterday on the matter of my release. As my friends go out I will become more and more lonely. You had previously written her I think. Recently very few men have been released, only two since May. Many have asked permission to go out but permission is not readily granted. I hear that if one's wife and children have gone east already it is easier for us to secure permission. Possibly my letters to Mrs. Booth may bring results. A request filed in the office here does not help much, I hear."

New Westminster, B.C.
Sept.18, 1944.

Mr. T. Mototsune,

Dear Sir,-

I received your letter of August 30th and am enclosing money order for $5.00 as you stated for payment of stump puller at south Westminster.

If you would be so kind as to send me a reciept for same with letter stating change of ownership to me so as to clear up any dispute by any party when I go to claim the machine at Jackobsens I would appreciate it very much.

Thanking you for your co-operation on this matter.

I remain,
Yours truly,

R. Siverston.

WOULD RETURN TO JAPAN.

Letter from husband to wife. Excerpt is translated.

"Mr. Nakayama (t.b. patient) is still here. Being men who have no fear of death I do not know how this matter will come out. We here have nothing we can do but to wait for peace. Also there is nothing for our families but to do likewise. Keep in good health. On the morrow of victory we must go back to Japan and lay the foundation of our children's education. It will not be long now. Keep this resolve firmly in your heart for as parents it is our duty to see that this calamity does not fall upon the children again."

Writer complains of the lack of educational system in the Japanese re-location centres in B.C.

"How was the educational system out there in the re-location centres? Our High School students have to take correspondence course, which is very difficult for majority. Sometimes I wonder how the People of Canada expect the Japanese to speak English without proper education. Really can't blame us for speaking Japanese, because if we were not Japanese we wouldn't be here."

Writer claims to be agent for Japanese properties at Alert Bay, but he does not make any reference to the custodian.

Copy of letter follows:

St. George's Hospital,
Alert Bay, B. C.,
Sept. 16, 1944.

Mr. Sam or Seizaburo Miyake,
Lemon Creek,
Slocan, B. C.

Dear Mr. Miyake:

We are today forwarding you a wicker backet or case, containing wearing apparel that was in your house at Hyde Creek, Alert Bay. The writer felt that the effects had a personal value and as such should be returned to you, instead of being offered for sale.

Kindly drop me a line and let me know when you receive the parcel.

I am afraid the sewing machine has depreciated in storage. It is impossible for a sewing machine not to suffer when not in use and especially when stored so near the salt water.

Will you please let me know what is the lowest price you will accept for this sewing machine as a private sale as perhaps it will realize more money this way than if sold at public auction.

As perhaps you know I am secretary of St. George's Hospital and also acting as agent for Japanese property in the Alert Bay district. So you can see this letter is being sent you in good faith as agent.

T.B. PATIENT IN THE CAMP

Following excerpt from above correspondence between friends, is submitted for purposes of information:

"The question of T.B. patients did not start recently. It seems that a certain group had some scheme. At first I surely thought that it would not come to anything, but now it is quite clear. It was in the Spring when we all had to be examined and had X-RAY taken for the T.B. test. When the result of this notice came, there were 40 suspicious cases. We did not think much about it because no one looked ill. But on May 17th. 13 of them were put into isolation, not exactly a hospital, but into a room, but with no special attention. They were just left alone. Especially these 13 looked very strong and healthy, so we could not make out what it was all about. Then about the middle of August, 7 out of the 13 had notice to go to NEW DENVER, that is if they wished to go. But none of them wanted to go, so they are left to this day. As far as I can judge, it is absolutely clear that these certain groups are making plans secretly to send them away".

To a friend.
Writer expresses his attitude towards some picture shows.

We have only one theatre in this town awful isn't it. It changes three times a week but most of them aren't worth seeing, especially those propaganda pictures, like Behind the Rising Sun," "Destination Tokio", Dr. Wassel" etc. These pictures are supposed to be good, but not my taste."

RELOCATING

Letter to friend.

X "According to the letter from Tsunekichi Yamamoto he has been told by the Commission to relocate himself in the East. On account of his bad health he has refused. He is still being urged through he is not well enough to go. Up to the present there has been no such incident in Tashme. Healthy single men of eighteen to forty-five years of age have had their jobs taken away and no other work given them by the Commission. Just as soon as they attain the age of eighteen their jobs are taken away but without any loss of time they get themselves "unfit" certificates from the Doctor and carry on as usual." X

RE: LABOUR

"I forgot to tell you about us being canned from our former place, that's Wood's. We only worked for four days in August and he expected us to pick Wealthys in colour, piece work. Well, if you could get 3 boxes off one tree you'd be doing damm good, so we didn't go to work and had a strike. The next day Dolf Brown, the head of the North Okanagan Committee came to see us and said there's no other way than to send us home. So we asked him for a transfer to another orchard. We were lucky to get the transfer, so here we are baching with 7 guys counting an old man. We have to wake up at 5:00, prepare the breakfast, make our lunch, wash the dishes and by the time we're finished it's after 7:00. This is worse than I thought it was. No light, no bath, this places living accommodation is hell. Well it's just another couple of weeks of GAMBARI and we'll be scramming home, if I got enough money."

COMMENTS

FOLLOWING EXCERPT FROM ABOVE CORRESPONDENCE BETWEEN FATHER AND SON, IS SUBMITTED FOR PURPOSES OF INFORMATION:

"I read in the paper recently whether or not to send the JAPANESE back to VANCOUVER after the war. They are just talking like this because it is war time. As long as there's a talk like this the war will not end. This war is to stop all racial prejudice. The JAPANESE will not be able to go back to VANCOUVER but will be allowed to settle in the East ? You think East is a nice place, but it is harder than farming in ALBERTA, owing to the severe cold. Nothing but mountains and trees, but the trees do not grow big and fruit and vegetables are difficult to grow".

"We can't live without eating. If I write more in detail it will be cut out. Don't you think it is a good chance for us all to go back to JAPAN ? Then later on if we wish to return again, we can come back anytime we want to. I can guarantee that".

Letter from wife to husband.

A. "TSU was called up to the Welfare Office and asked whether if given a fishing licence, he would go East. If not, he was told to give his reason in writing. He replied that he would go on these three conditions.

(1) That he be given complete privileges as a Canadian.

(2) That he be loaned the necessary capital for starting a fishing business.

(3) That the living expenses of his family be guaranteed.

"He was proud of his answer and as he knows the authorities would not loan the money, says he will not likely hear any more of this 'going East business'."

B. "He seemed to think that the government should even pay the loss of income the Japanese had sustained by being evacuated from the Coast. He was childish. Would he expect that all Japanese working on the road, in the woods etc should be reimbursed? It would be laughable. GOHO thinks that the Japanese will send.....

re WIFE'S ILLNESS

Letter from friend to friend. Excerpt is translated

"No doubt you have been caused much anxiety on hearing of the long illness of your wife. But even if you were home here there is little you could do to help. She is getting good care in the hospital here. There is nothing more you could do. Just wait patiently for her recovery. Relatives visit her in hospital to cheer her up. Just be patient where you are. There is no immediate need for you to endeavour to come home."

Dissatisfaction with Housing

From friend to friend.

"Here we are living in a 9 x 10 room. We have five in our family. In the next house one woman is living comfortably in one room. A family from Sandon with six children is packed in like sardines in a couple of rooms. Another family of three gets a two room house by themselves. This may all be just my envious feeling but.....I suppose this will be corrected some time."

Between friends.

Writer expresses pro-Japanese sentiments.

"The Diet held the 85th session. In addition to the budget already passed 25 million yen was voted, making a total appropriation of 63 billion yen for this year. Only a great power like Japan can afford such a prodigious sum in its expenditure. I understand the United Nations spend 260 million dollars a day. Each nation vies with the other to develop and improve conditions."

"The real peace negotiations will not be until after the election, I think. We expect there will be elections both in ENGLAND and CANADA. The new Cabinet in JAPAN is a peace cabinet. They seem even now, in JAPAN, to be making preparations for peace negotiations. The losses to humanity have been very heavy. CHINA, INDIA and RUSSIA are all really in a bad condition. Difference of Opinion

Between friends.

"Yes, the question of segregation of the disloyal and the loyal brought up quite an excitement for awhile but it has more or less faded as no more is heard of. In this place among the men patients anyway I guess there aren't any others that would honestly declare themselves loyal beside me. Often and often I run into a lot of hot water whenever any discussion pertaining to the war comes up. One of the fellows (Nisei) even said to me one time that if I wasn't in here he'd take it out on me but, I've just as much rite as he has to give my opinion so I do stand up for my rites, much to the disgust of the fellow patients. These fellows are so darn narrow-minded that they listen to one side of the story only and have no interest whatsoever to the other side. Lately for my own good I avoid subject on war. These fellows think that I'm next to a dog or something the way they talk. One of these days I sure would like to make them feel so small and I will too. Even the Niseis in here are terrible. I never get any support either when I give my opinion. So, the best thing to do is to keep quiet and let the others enjoy themselves and am sure my time to laugh at them will come.

The sooner I get away from this crowd so much the better. The attitude of these patients is something that I do not like at all.

Friend to friend

Writer expresses her preference for living in Japan.

"But Iris I didn't know that you had a brother living in Japan. It's really a shame isn't it to be parted so far away---especially in times such as this. I could imagine how your parents feel Iris, and your brother too, he's thinking of you all each day I know--and looking forward to that day when you shall be re-united once again. That'll be one great day for you Iris and I too will be praying so that day will come to you very soon. When did your brother go back to Japan Iris. You know often times I sit at home and wonder why I ever come back again instead of staying there when I was back in Japan visiting only four years ago. They coaxed me to stay but I wouldn't listen and came home with my mother and young sister, but oh how I regret it all now. Of course Iris, had I remained there and my family out here--I'd be in the same position as your brother you so long for--so it may have been the best that I am here with my family anyways. But, one of these days, I sure hope to return once again tho'."

Re: MAINTENANCE MONEY.
Writer also expresses Japanese sentiments.
Between friends.

"Today, I am supposed to receive the maintenance money, and was told that I will receive 10% increase, but so far it has not come through yet. The welfare tells me that they are still looking into the matter in Vancouver.

They already had full particulars from me when my husband died from an accident, but still they don't seem to understand, all seem to be dumbells. So much money is being spent on the Japanese, but they must be lining their own pockets and we don't get the benefit. If this was the doings of the Japanese government. They won't have to be asked twice.
Once they made an investigation, there is no need to do it agai
I wish peace will come soon and we can look for the progress of Japan.

Japanese Complaints re treatment.

from friend to friend.

"In this country, called a civilized country, we have been deprived of our just rights and scattered all over the country for thousands of miles. They are, half of them, blind. But this will not last forever. The leaders of the United Church call for racial equality and equal treatment for all and call attention in the newspapers to the injustice of selling Japanese property without the owners' permission. Surely the authorities will change their tune very soon."

COMPLAINTS RE TREATMENT

You say you have not had a letter from me for a half a month. They might contrive to send on our letters, at least, a little faster than that. Unlike JAPAN they do not give you even one cigarette nor one cent of spending money. This country treats you terribly. Is this according to International Law? They give us $12.00 per month here. How can they expect us to live on that? When prices were lower as they were before the war one might get by with that but not now with salmon at 40 cents per pound and everything else in proportion."

NOTE: In the above letter the words for "JAPAN" "this country" and "International Law" had been partially obliterated)

IN DOUBT RE-LEAVING THE CAMP

C 13,194-B-851
IRB (M)
N.D. (MI 3)
N.D. (POW)

Following excerpts from above correspondence between husband and wife, are submitted for purposes of information:

"No one can tell what the future will be, but I would not like to stay in this country for good. I have to decide very definitely one way or the other, so I want you also to think this matter over very carefully. If I leave this camp, it will mean that I have cut off all connections with our mother country. It might be very difficult when the time comes for us to return. This is the point we are all very anxious about. After all I have come so far so I cannot leave here very easily".

LETTER FROM HUSBAND TO WIFE. EXCERPT IS TRANSLATED.

COMPLAINTS IN CANADA.

x " For almost three years now we have been illegally confined here. We cannot tellhow much longer we must stay here, but we are entirely resigned to our fats and feel it no hardship at all. It is all too bad for you folks. This country preaches christianity and democracy but that is lip service only. Their treatment of us shows their real heart. We cannot believe anything they say." x.

BETWEEN FRIENDS

Delighted with the conditions in Montreal

"There is no need to worry about the rumours we have been hearing about the young people in the east. I am very pleased to let you know that all the Japanese young people here are doing very well. I was able to see for myself the real conditions out here. Even in the streets there is no racial discrimination. Right from the start it gave me a very good impression. There is plenty of work. A large family where there are no small children will do well, more hope and security than in ghost towns."

WIFE'S LOYALTY TO JAPAN

Between friends:

"To tell you the truth, I thought several times that I would like to go to your place to work, also for my wife to work a little too, then she might forget about her illness a little. But now she says, she won't go anywhere, because very soon Japan will send for us to return, so I can't do anything about it. I am very sorry for you as well as for myself."

"I worry every day, even at work, I don't know why we didn't return to Japan long ago. I regret it very much."

Re: Living Conditions.

Between Relatives

"I think the war might last another ten years so no freedom for us during that time. I am working very hard but I can only make about $70.00 per month, so it is barely enough to feed the five of us. Often I feel I should buy shoes etc. for the children, but no money for such things. We have managed so far with our old things patching them up. Four of Yaeko's brothers & sisters are in the east. Yaeko's elder sister often writes and asks me to go east, but I do not feel like going, even to leave ghost town and find work is a problem.. I hear among the many who receive relief cheques find it not enough to feed their family so most of them go into debt. In cases like that the man is obliged to leave ghost town and work, if not, the debt just piles up. I hope the war will end soon and that we can buy some Japanese things again."

Japanese Sentiments.

Letter from father to son.

"No matter where you are or under what circumstances you may be living you must never fail to keep up your Japanese spirit. He who forgets the soul of Japan loses his worth as a man. No matter what hardships you must meet keep your loyalty shut well in the very bottom of your heart and remember that you are a member of a very superior race."

P O L I T I C A L

Regarding relocating to the East.

Letter to wife.

"According to your letter you have been told that five families have come here. So you too are being persuaded to come here. Five or ten families may have come East but no five families have come here. With honeyed words they are trying to get you to come here. No matter how sweetly they are put, do not listen. I have been taken away from my wife and children, you from your husband and the children from their father. We can not say that we are a family when we are taken away from each other in this way. They have fooled us and made fools of us. Making us pay rent and saying they are going to stop our maintenance. I think you are afraid and just saying "yes, yes" to whatever you are told. There is no need for you to be afraid of anything or to be reserved. Have we not been deprived of our rights. It is not necessary, I think, for you to go to them when they call you. Tell them to come to you if they have anything to say. If you are told again to go to the East you say that until your husband tells you to come you are not moving from there. The more I think of it the more annoyed I get. If I know his (the Head Commissioner's, trans.) name and address I would write and complain. Send me his name and address in your next. Pay the rent if it is not more than five dollars but if they want more say you can not pay it but if they insist tell them to bring your husband back and give him work and then you will be able to do so. Don't let them think you are a weak woman but show them that you are a woman of great courage." x

COMMENTS

Following excerpts from above correspondence between husband and wife, are submitted for purposes of information.

A. "I was requested to return the receipt of the radio in safe keeping. It seems they sold it without my knowledge for a little over $ 55. I am reporting it to the SPANISH CONSUL.

B. "To some of us, they did not ask to return the receipt, yet they asked me, so I am asking them to look into it.

POLITICAL COMMENT

Re: Conditions in the East.

Relationship not stated.

"There is about 500 Nisei's in Montreal now. Some of them are doing very well, others fair, and the bulk of them are down in the dumps. A few prosper, others struggle hard and most don't care. I asked one fellow how he liked living in Montrea and he said "oh terrible." So I asked him where he considered good and he said, Nowhere, I guess. Vancouver's about the best. There it is, Clara, that's the answer to the whole problem. These fellows haven't adjusted their gears yet to fit into the trend of life. They are being pushed by the machine of life instead of controlling their own life and steering it onward to their objectives. In other words, they are still living in Vancouver, and their minds are not functioning with their bodies.

Brother to sister.

M"Mom says in her letter to get out of here. Well, who would like to stick to this T. B. joint? I am not staying here for health or pleasure. This place is frozen, I can't get out. I went to see Mr. Trueman, Mr. Whitton in the Selective Service, and the manager of this Institution. But all the answer I got is no, so what can I do. I picked this place when I first left Internment Camp because the fellow that gave us our release said this was the only place that wasn't frozen. But to my disappointment this place was frozen. Charlie was a damn liar. I'm so disgusted now that I intend to get out of here even with the risk of jail term." X

LIFE IN CAMP.

"I suppose we are the only idle ones today but this is not of our own choice and cannot be helped. In this prison life there are times when we feel sad but at the same time there are times when we feel great satisfaction. But this is a time of war and we cannot help our position. We hope to make this time as full of meaning as possible. The one topic of conversation here is our post war prospects. Our one contribution to our country is to keep our bodies fit."

HIS MOTIVES AND RETURNING TO JAPAN.

Letter to wife. Excerpts are translated.

A. x " It will not be long now until we meet again so please persevere. It may seem very selfish on my part to make you all suffer but the time will come when you will all understand my motives. Think of my own sufferings and forgive me. In my heart I am weeping but thinking of a man's pride. I steel it against all compassion." x.

B. x. "The day of rejoicing is very near so keep fit and persevere. Are you making preparations for our return to AIKOKU place (Japan--trans.). It is the only place for our children's future so for their sake you must decide to return there. There is no need for you to worry about anything. JAPAN will welcome all young people." x.

The sun to shine once again.

Letter to younger brother. Excerpt is translated.

"The last three years have passed by like little drops of water on a stone. It will be for just a little longer but we shall carry on every day encouraging each other. There may be all sorts of difficulties around your way but please do not stray from the path of justice. Our future path will be strewn with thorns but once we have passed over it and around the corner a smooth one will be ahead of us. If we fall by the way it will be the disgrace of our lives. The time will come when the rising sun will shine again on the trees and grass under the eaves. At present, in this world, justice is held down but it will rise and shine brilliantly again."

POSSIBLE OBSTRUCTION OF JUSTICE

Relationship not clear.

The writer tells addressee that the Police was after him and what she told them. She writes; "I wanted to tell you that the Mounted Police came on Saturday asking for you. It seems you went to Letillier on June 30 or thereabouts with your car. I asked him what it was about, but he just told me that much. He said something about going up to see you sometimes. He's that fat guy who's the head of the Police Department in Portage la Prairie. Well I just wanted to tell you that and Mom wants to know what's the matter."

LIFE IN THE INTERNMENT CAMP

Letter to wife. Excerpt is translated.

"Life in the internment camp, spiritually and physically, is both uncomfortable and inconvenient. Nor is it interesting. Having had to lead this life for more than two and a half years I wonder I have not become insane. By telling myself 'Wait, wait a little longer' I give myself courage and carry on perseveringly. I am just living for the day of peace."

Regarding a veteran of the last war.
Letter from mother to son. Excerpt is translated.

"I heard something of great interest so I shall tell it to you. It is about a man who joined the Canadian Army and fought with it in the last war. A few years ago he went back to his native land. The newspapers lauded him so much and made it so embarrassing that he had to return here. He told the people over there that quite a number of Japanese had volunteered for the Canadian Army and fought with it. They were full of admiration. The daily lauding of the newspapers drew a lot of attention to him. I do not know but somehow or other he evaded the call for military service. Now this is, in Japan, a violation of the conscription law. A month ago I met one of these veterans and asked him why he was not treated as a Canadian. He replied that he was not looked upon as an enemy subject.
"Then how is it," I asked "that you were treated as an enemy subject like ourselves and driven away from the coast." He said that as it was necessary to send some veterans as watchmen to the evacuation centres, instead of sending white ones he and othere were asked to come and given the necessary papers. After all a veteran is a veteran! I am amazed and greatly struck."

WAR NEWS AND THE RELOCATION OF THE JAPANESE.

LETTER TO FRIEND. EXCERPTS ARE TRANSLATED:

A. " At first the war appeared as if it would be settled in no time but on account of the tactics it is lasting longer. Advance, retreat and capture, all very interesting operations. To the unitiated, such as myself, all this seems very dangerous and there are times now when we are saddened by some of the news. I wonder is we are now at the crisis of the war. We think the war might last longer but the end may come quicker than we expect. Life at the camp must be very inconvenient and uncomfortable and yet you have many diversions that we have not. I am envious. Wherever we, JAPANESE, go these days we cannot escape being treated as enemies. We are now being allowed to read the books which were sent to us from JAPAN and I am deriving some comfort from them. Reading the ones which were more recently published I am inspired by the courageous spirit with which our countrymen are marching on and my heart vibrates with the sounds of their footsteps.

B. " Two or three days ago Watanabe, who is living at my place was called to the office and asked whether he would go to the East if he were given a fishing licence and told to give his reasons if he did not want to go. He replied that he would go. " If I am given a full Canadian

The following excerpts from above mentioned letter are forwarded for information.

Letter is from sister to a brother-in Internment Camp, and shows fear of post-war future.

Excerpts: "Yes, we're still puzzled with our future, what to do. Honestly, is you think deeper, the only thing to do is just stay the way we are at present. But that will not get us anywhere so the best way out of everything will be to do our best for family re-union. There's always two ways in thinking so we must think of one way to get together and face the future which will not be of any luxury."

"----but when there's sign of Spring.I myself, will make decision." "HELEN doesn't want to go because she fears the after-the-war problem."

"What are the rest of the people in there planning to do? Why not fight for re-union? Do tell us everything you know. Keep these (things) to yourself, won't you? No decision has been made, so please keep everything private."

COMMENT
POLITICAL

Regarding loyalty, disloyalty, relocation and Canadian policy.

Letter to friend.

"Thinking of the future, there is nothing on which we can rely. By making it appear as if they were giving us permit to relocate we have been scattered with no guarantee that we may settle wherever it is we go. The properties of the evacuated have been sold for mere songs. Secondly, what have we to start a foundation at our relocation? Things of any value are not handed over to us. Though they have not actually said they would not but as they have not done so, it comes to the same thing. There is a great difference between Canada's and the U.S.A.'s methods of relocating. I can not foresee the future in this dark world so I do not know whether to undertake anything or not. This relocation is in name only, there no difference in the authorities treatment of us. It has been mentioned in Tashme that there is to be a questioning as to who are loyal and who are disloyal to this country. How they will go about this I do not know. Unless they find some special lens with which they can look right into the minds of each they will not be able to say which is which. This is a question that can not be disposed of until the war ends. Up to the present there has not been one Japanese in this country who has shown any animosity towards it. I am old and alone so it does not matter what happens to me but it is serious for those who have nisei (2nd generation) children. Relocation, therefore, is a matter for consideration. There is nothing to be gained by moving. We must carefully chose our undertaking in the future so that we do not come up against any more of this kind of trouble. Not one of our country men in this country would defy Canada now or in the future but its policy is puzzling.

LOYAL AND DISLOYAL

Letter to friend.

"Lately the question of loyalty and disloyalty has come up again. This seems to be greatly excercising the minds of the authorities. It is so absurd because we were asked this at the time of our evacuation and we signed papers before R.C.M.P. And after that we were sent out here to live in pig pens and our freedom taken away. After doing all this and not thinking it still sufficient they want to know whether we are loyal or disloyal! There does not seem to be any necessity to do this all over again. They make us pay the same taxes every month as the white people and yet our freedom is taken away from us. We have not even the liberty to walk on the streets. Shut up within the limits of fifty miles we have to put up with all sorts of inconveniences.

Parents living in B.C. were not allowed to go and see their child who was in the east, very ill and suffering greatly. The child had to go on its last journey without seeing the parents or saying a last word to them. Is it still necessary to make us confirm our loyalty or disloyalty? If they would let me return to Japan now I would go with the greatest of pleasure. But in the present circumstances this is not possible so inevitably I must go on working. I am disgusted beyond words with the restrictions of freedom placed on the Japanese. From the ghost towns all single men have been sent to work on the hills, sawmills, farms or to the east. If a single man if found to be unemployed then he is sent right away to the east. But fortunately there is plenty of work at present."

Selecting a Representative to meet the Spanish Consul

"I wouldn't like to go to a place like Tashme. Where there are so many of Mr. Morii's followers. What do you think happened the day before, there was a mass meeting of the only true Japanese. It was to select a representative to meet the Spanish Consul. There at the meeting Mr. Suzuki who is an imperialist said to Mr. Chuzo Turukawa most terrible things right to his face. He said to him "You are a very bad man" then turning to the crowd he said " You must not select this man to be a representative." Then said more terrible things to Mr. Turukawa. Even after Mr. Turukawa arrived here he is always doing things to annoy people so he is very disliked."

"In a former letter you mentioned that somebody said this war would last at least another three years. No one can foresee such a thing. There is some talk of peace. With five years of war the people of Europe are tired and weeping for fear that the whole of Europe will come under the domination of Russia. Perhaps after the U.S. presidential election there will be an earnest effort made for peace and it may come towards the end of this year or in the spring. So please wait with patience and without worrying. We are not wasting our time. It is only human to want to grumble when thinking of and seeing other families all gathered together. I understand your feelings but remember there are many others in our native country who are more miserable."

POLITICAL

To a friend.

Writer has (presumably) purchased cigarettes from German Prisoner of War, also expresses his views re: racial prejudice.

"Do you want anymore German cigarettes? I didn't send you much the last time because I didn't have many, but I've got about a dozen packages now.....maybe you don't like them either, but it's something different and you can brag about it to your friends."

"Well Oscar, everything seems all right. But right now, with the labor shortages us Japs are quite welcome as we fill a much needed position, as labourers. I believe that as soon as conditions return to normal anti-Jap sentiments and prejudices etc will be sure to come out. At the present, everything is hunky-dory. But I know that's only the surface, and I'm fully prepared morally that is for whatever may face me after the war.

I was talking to a Chinese storekeeper last week in town, and he says he's pretty tired of living in Canada. (he says Canada is a swell country to work and to live, but the white people are all so bloody prejudist against his people that he's come to the point where he positively won't take it any longer, and hopes to return to China. Compared to the treatment received by the Chinese in Canada when the China from which they originally came happens to be an "Allied Nation in this war, well us Jap. Canadians aren't so bad off at that. Chinese even in Vancouver are being refused services in restaurants, etc., if you read the N. Canadian. And those fellows are fighting for Canada too. Isn't that a laugh tho?"

LOYALTY TO JAPAN

Following excerpt from above correspondence between husband and wife, is submitted for purposes of information.

"Why indulge in such trifling thoughts as being loyal or disloyal! Those who worry about such things are same everywhere, they cannot stand firm, it is like the wind blown from one place to another. Remember, there is no need to decide one way or the other at present. In these days of tribulation you must be very definite in your aim. Do not be mislead by any rumour, if you are faithful to the right course you have taken, that should be more than sufficient. Do not loose your self respect."

ABOUT LEAVING THE CAMP.

Following excerpts from above correspondence between husband and wife, are submitted for purposes of information.

A---"Many of us here are thinking of leaving the camp on account of the recent war conditions, also by the U.S.A. PRESIDENT'S. decision.

B---"I too think there is something in what they are talking about. When I think of my three children I don't know what is best for me to do."

C---"I hear several have left for EAST from your place, let me know, what sort of people left for EAST in your next letter."

On being called up for military service.

Letter to her sister.

"Received your letter and note that Tomiji may be called up for military service. And this just as you have brought him up to the age of eighteen. I am sure you will miss him very much. It is very sad also for brother-in-law who having reached the age of sixty and has to part with his eldest son for such purpose. We, Japanese, are different from the white people. We do not expect the government (country trans.) to support us when we get old. It is the tradition of our race for our children to support us. Some how or other could it not be arranged so that he does some other kind of work for the government instead of going into the military service. If you do not hurry your worries will increase as Kimio too will be called up and Mr. Natsuda also. Can not something be done about it? It is not as strict as that here in Canada. Perhaps if you were to explain the situation, the authorities may consider somehow or other I would like to stop Tomiji from going into the military service. But if he has to go after all please tell him to take very good care of himself."

Not planning till after the war and broadcast from Japan.

Letter to friend.

Which ever way, I think the work, locality and climate are unsuitable for the Japanese and there are not much prospects ahead for them wherever they go. I have looked it all over from Alberta to the ghost towns and there is nothing different anywhere. There is a beginning and an end to everything and this war is not a permanent thing. There is bound to be an end. We do not know which side is going to win so the only thing to do is to put our trust in Providence. For this reason I shall persevere here till the peace negotiations are settled and then decide what I am going to do. It is no light matter to move a large family like ours with all their possessions. If we start up any queer ideas now and carry them out we may have to spend the rest of our lives in great hardship. And so with this in mind I have decided to wait until the peace negotiations are settled. This morning at half past ten I listened in to the broadcast from Japan. Premier Koiso spoke and judging from what he had to say I think all is well for our side in China and knowing the spirit of the Germanpeople my anxieties, on their behalf, are light. Here, the older ones, like myself, look forward to the daily broadcast from Japan at half past ten in the morning."

SISTER TO BROTHER

Addressee is apparently planning to break the law and has previously written insulting letters about the custodian.

"Gosh just because you are going to do something rash and land in jail you think I wouldn't have anything to do with you. A fine sister I'd make and I myself wouldn't like a deserter for a friend. Whether you do land in the clink from what you boys say you are going to do, rather you probably have done it by now, this is war time. People are even killing each other and that's a serious offence in peace time--but war time I guess those things are ignored."

"But remember this will you--what you write in letters insulting custodians and what not may get you in serious trouble for I've heard of results on people who wrote wrong things in their letters

Friend to friend:

Excerpt shows writer's unco-operative attitude towards B.C. S.C. and government relief.

"Lots of people went to Kamloops for hops picking last month. I wanted to go too, but in a way I don't cause the relief will be cut off just as much as I earned so what's the sense to it. We got sucked in by the B.C. S.C. Okay, ha ha! nuts."

"There really isn't any job for girls in Slocan. See if your over 18 they'll easily gey you by Selective Service so its a (Japanese word meaning 'you have to think about it), if you go out. Oh those things can't be helped but sure gets you. Oh how disgusting."

TO SON. EXCERPT IS TRANSLATED.
RACIAL DISCRIMINATION

"Why is this war being fought? For nothing else than for racial equality. After this war any one of any race will be free to go where he pleases. If not we will never see the end of the war. Some countries e.g. ENGLAND and U.S.A. have fought their way to the top but what country will be on top when the war ends? All will want to assemble in such a country. Happily we of JAPANESE race will gather with our parents and children in our father land. This will be our good chance to look out for the future of our children. I feel sure that my two years in this prison camp have not been in vain. As I have said before, do not listen to baseless rumours, trust me until we meet."

ABOUT LEAVING THE CAMP.

Following excerpt from above correspondence from son to father, is submitted for purposes of information.

"Instead of making any inquiries at the Y.M.C.A. I thought it was better for the teacher (MR. MIYAZAKI) to find out all about the conditions in MONTREAL. I do not care for the work at the SANATORIUM or any other work of that nature. If the work is too hard, I will not be able to attend night school so, I won't leave here. I left it for MR. MIYAZAKI'S discretion. If I go out and can't make enough to keep myself, then it is better to stay on here, where I am sure of my living. I don't care which UNIVERSITY, I'll attend the one that will be recommended by the teacher. I can't tell you definitely whether I shall leave here or not , even if I have an answer from the teacher, but in any case, I wouldn't want to contact MR. TRUEMAN nor his party. I am prepared to stay here until the war ends, unless everything is feasible to me."

RACIAL DISCRIMINATION IN THE EAST

Between friends.

"For the past 2 weeks, I've hunted all over for a place to live, in this awfull heat, but it is very difficult to find. Whenever I see a sign for rent, I go in to ask, but they just look at my face and say it is already rented. 9 out of 10 the answer is the same. There are the few who are kind, and that is why there are about 400 of us already settled here."

"Because we are Japanese we can't rent a place even if there were some. I haven't come across anyone who are kind yet. So I decided to take my time over it. I started to work about a week ago but the problem of work is just the same, no nice work because we are Japanese."

"Of course there are some who are lucky and receive good pay others are not, one might say it can't be helped but on the whole it is because of the discrimination."

"I received a letter addressed to me for the Japanese Committee from the Spanish Consuls. It was a letter of thanks for the gift of $70.00 to the Internees. It was readdressed from the internment camp to me."

Conditions in Province of Quebec

Between friends.

"It is quite a problem for those who have large families and not many who can work. The labour condition is not so good in Quebec as in B.C. but there is very little racial discrimination. There are lots of lower class people, French and Jews, but mostly the Jews are capitalists. I should say 7 or 8 per cent are Jews. Most Japanese are working in factories owned by Jews. No minimum working hours. So they work 10 to 15 hours per day, 10 hours per day is quite ordinary just as it was 30 years ago in B. C. No compulsory education for the labouring class. One week's pay amounts to $14 or $15.00. They usually have a good time on Sundays until the money is all spent. It will take them 40 or 50 years to catch up to what B. C. is at present. In Toronto there are a good many English people so the condition is better but things are very expensive."

"It is very inconvenient because we are not allowed to hold meetings to discuss these problems. The second generation do not seem too keen to speak to us when we meet them in the street. At a .....firm (may be Japanese firm, translator) There are jobs to be had, but worse than the Jews. Such small pay. At.....boarding house they charge $12.00 a week with 2 meals per day, but if one is unable to pay, one is turned out at once, just out to get all they can for themselves. Unless you have a friend to come to it will be better for you to stay in B. C. But for a single man with a special trade it might be all right. Of course English language is necessary and French too. The Chinese have ill feelings towards us and in some restaurants they refuse to serve us".

Writer gives his view re post war disposition of Japanese.

"Did you read in the New Canadian of the Prime Minister's Statement? In reading the statement carefully I can't think that the Government will be unfair in it's division of loyal and disloyal. Of course if a person voluntarily says he is disloyal then it's only fair that he should be sent to Japan after the war. But if a person behaves himself and obeys all the laws there is no reason why he should be considered disloyal just because his ancestry happens to be Japanese."

Excerpt is translated: "I was indeed surprised when dad was included among them for he's one of the healthiest men in here, tanned, and husky. His case is reported as light and not active. Dad himself doesn't believe it and thinks it is one of the doings of the Commission and he won't budge."

Japanese Property

between friends.

"At my Cordova St. house, I had machines , Nobuko's furniture, Kazuko's new gas stove, in fact the 3 front rooms were just packed with different things. In the factory I had plenty of 3 x 12 spruce. The Custodian sold these things for next to nothing. I understood at first that the Custodian can sell these things for more than I could get for them so I left them in his care. Even when I was in Vancouver, I could have sold them for far more than the Custodian has done. When I heard from the Custodian that the house was rented for $20.00 I thought I better sell my machines, and furniture etc. I thought I might be able to sell the machine either in Toronto or Montreal so I telephoned there, also sent a telegram to the Custodian. Then he told me that he had sold my things long ago. If I had known about it I need not have gone to Toronto. The Custodian promised to let me know before selling but he did not give me any notice and sold them very cheaply. That's the way the custodians do their business."

Re: Construction of Airport.

between friends.

"At the point of writing I just came back to Clark City from one months' work at the Canada's largest airfield when completed. In detail follows:- On August 7th Gulf Pulp and Paper Company's truck and I were hired out to General Contractor E.J. O'Connell of Montreal who is constructing one of the Canada's largest airports in the making. Purpose for this huge project--Post-War Stuff Take off and resting ground for Trans Atlantic and Trans Continental Air Lines. Especially built for those B.29 models when they start using them for air transportation. This air-field is located 27 miles east of Clark City. It's over 1 mile square with five very wide and very long cement runways near completion. Five runways facing five different directions so the landing planes can drop down smoothly when whichever ways the unpredictable nesty (male and females) old and young minds might be necking. I must be determinating mentally at the rate I am mixing up my insufficient vocabulary. Carry on with my latest adventures. This is the second year they are working on it. Takes another year to complete it all. Roughly 150 men are employed 50% from beal seaport town of Seven Island, population 1000. Seven miles away from the airfield. Rest of the workers are mostly from Quebec City. Over half a million dollars' worth of equipment are used. I shall quote roughly estimated value of some of the toys used, to make it clear, 5 large caterpillers, with huge earth carrying trailers, total $115000.00 3 tractors $3000.00 On extra large combination cement mixing and laying out machinery$45,000.00, three gas shovels $45,000.00, 20 or more heavy duty dump trucks $25,000 each; one grader (5¢); 4 water tank trucks; one heavy cement rollers one medium cat. with half a dozen ploughs and rakes, plus many more minor money piling junks. These cat operators are working full blast from 6:30 A.M. to 8 P.M. Rest 6:30 to 5:30.

O'Connells ' camp where I moved over for my temporary domicile is right bedsides this airfield and the R.C.A.F. are station nearby about 10 minutes stride from the camp. First week I delivered

WANTING TO SEE JAPAN

Following excerpt from above correspondence from son to his mother, is submitted for purposes of information.

"Dear mother and father: You do not seem to understand anything. You wanted to see Canada. So from Japan you came 7000 miles by boat. I just want to do the opposite and travel 7000 miles to a place I have never seen. Why do you think it is wrong? I know that the "2nd generations" are different from the "1st generations" but I want to stay on here maybe for another year and a half. I know I shall be lonely, but I want to see the new country and the new houses."

INTEND TO STAY ON IN THE INTERNMENT CAMP.

Following excerpt from above correspondence between husband and wife, is submitted for purposes of information.

"You should love and trust your husband, and help him to carry out his first intention is a true JAPANESE woman's duty. Why should you worry if people are getting a dollar or a hundred dollars, it doesn't make any difference you shouldn't worry over such trifles. We should share our hardships together. You shouldn't think of joining your uncle TSIYI but stay on where you are. There are several people who are in the same position as you are. Think of those who have children. Don't you remember the 1st letter you wrote me? In it you said you were glad that I came here and was taking the right course. I am going to carry ~~on~~ my first intention to the end.

SICKNESS IN CAMP.

Following excerpt from above correspondence between husband and wife, is submitted for purposes of information.

"MR. NAKAYAMA and others are quarantined in the hospital. They do not receive any special attention and have the same kind of food as we have, which is of very poor quality. We do sympathize with them. Recently the authorities tried to move them from here, but they denied that they have infectious disease. They do not look ill either, in fact they look healthier than we do. MR. NAKAYAMA told me that he remembers having the same illness over 30 years ago, but there is no danger of infection."

REPENTS FORMER REQUEST TO RETURN TO JAPAN.

X "No answer has come to my request to leave this camp. There is no use in my grumbling about this now. Last year the authorities told us to send in our names if we wanted to return to JAPAN. That I sent in my name is probably the reason I get no reply to my request mentioned above. My idea last year was wrong and I regreat my action at that time."

SHORT WAVE NEWS FROM JAPAN

Between friends.

"The 210th day (typhoon season, trans.) have passed quietly. The crops are good. In some parts they had flood, but on the whole they are expecting a good harvest. In Akita province the crops were more than usual and harvested 18,000,000 Kam. (Kam.-3.75 Kilogramms translator). In Manchuco they are expecting 18% more than usual of potato crops. In Burma, Tailand Indo China and in Dutch East Indies, already harvested one crop and are now planting the second lot. The cotton crop is good in Philipines and in Northern China.

It is just five years since Mongolia became under the Japanese Government and for the first time since that time they have produced plenty of leather and iron. Since the Germans started war it is in the 6th year. Mr. Higuchi, head of the information of Foreign affairs announced all this very carefully. As I have said before, you must not believe radio or newspapers, over here, they are full of propaganda. For instance, London papers said peace was declared with Finland and still they are fighting, this is the 2nd time they announced it. It is not true. Several times they said they have signed peace but it is impossible.

Production of planes by month. Russia 1,800 Germany 2,500 and more from the occupied countries U.S.A. 8,000. Guess, that [redacted] production is nearly as much as USA. We call people who have no brains also fat and slow of action "fools". People in our country say among themselves "we shot down so many fools". Lt. Endo is a god father to B 24 and B 29. On August 20th 62 fools (meaning American planes trans.) were sighted, but Endo's forces shot down three of them instantly. Soon afterwards five planes went up into the clouds and shot down two. Three escaped. Authorities announced that they could see the aviators covering their faces with their hands as they came crashing down. They should have had about 13 men on each plane, but only had about 7 or 9 men. The evidence is clear, they are short of men. Out of these 7 or 8 about 2 of them are women. The former ambassador Kichisaburo Nomura announced that

the enemy landed on the Western shores of Omiya, but they were afraid to come further inland, we must prepare to defend.

I, the Ronin will soon be leaving for Japan. On August 27, R.C.M.P. called on me with other men and asked several questions but I am the head of the loyal Japanese. I wish to go back soon and I had better be making some eastern Asia Banana wine, and prepare to have a drink in welcoming my comrades.

Please let me know when you evacuate for the second time.

COMMENTS

Letter to her sons. Exèxpt is translated:-

X "It is a matter of conjecture when Mr.SAKURA (JAPAN ?) and MISS YONEKO (U.S.A. ?) will become reconciled. Miss YONEKO seems to have gone to Mr. SAKURA'S home three or four times but his family kept a good look-out and did not let her in. She threw stones and ran away but Mr. SAKURRA caught her and gave her a good beating. It must have been very mortifying to MISS YONEKO. She has not shown herself since. I suppose she remembers the beating. After a lot of disputing MISS YONEKO has finally pulled MISS PAHKO SAI (SAIPAN ?) into her own house. Mr. SAKURA is a man of strong character so women are no match for him."

Writer uses an allegorical style, doubtless to confuse the censor.

Letter from husband to wife: Excerpt is translated:

INTERNEES' OPINIONS RE:STAYING IN CAMP

"During this war we will not find a happy life anywhere. I hear that there is a group in the ghost towns who think that we have been interned because we have broken the law in some way. But, on the contrary, we who are here are here because we are all most sincere of heart. My anxiety is that I fear you and our children may be thinking that the course I have taken is wrong. Let me know whether you are thinking that I am wrong in staying here. But I am interested not in your and my own opinion alone. We must think of the long future of our children. Remember the declaration of the Government of Canada that they hold that the children of the Japanese are to be treated as Japanese to the very last."

COMMENT

POLITICAL

Letter from friend to friend. August 31, 1944.
Copy of letter follows.

Mr. Roger Obata,
89 Prince Arthur Ave.,
Toronto 5, Ont.

Dear Roger:

I feel much honored that the energetic and aggressive chairman of the JCCD takes time out to send us some information, particularly since it is important dope. Thanks, indeed. If I sound a little sarcastic, I really don't mean it. It's only regret that we haven't been able to keep in touch as much as I would have liked on these matters. The fault, no doubt, lies as much upon us and our inability to move your way as upon anything else.

There is really too much to say once started on practically any political question, for the compass of a letter such as this. But in reply to your question about the "quasi-judicial commission", so far as we have seen no trace of it. The nearest thing to any official information I have is (a) Advice from a high BCSC official that they are merely awaiting further word, (b) An "inside tip straight from the horses mouth" from an official that there will be a lot of changes effected in the Kootenays before another summer rolls around. You can take that for what it's worth. Mr. King's statement has helped to clear up some uncertainty; but, of course, the policy now announced will require considerable clarification of administrative detail.

My reaction to your news note, which incidentally has been carried to a wider public by the CP, is a mixed one. I am not so enthusiastic over it, because it does not seem to be such a fair and sincere approach to the question. It is, like so much of government policy, evasive. If we can register our wish to serve, and steps are taken to make that possible then it seems only reasonable that something be done to make service itself possible.

For/

For a long time, ever since the U. S. program has been going so well, I've been turning over in my mind the possibility of having Nisei Canadians joing the Japanese American combat team. Two weeks ago, I dropped a line to the editor of the Pacific Citizen, mentioning the idea. Today, he wrote me saying he thought the idea was an excellent one, and in answer to my inquiry suggested that a letter might best be addressed to the Assistant Secretary of War, John J. McCloy, Mr. McCloy, he informs me, "has had much to do with the opportunities granted the Japanese Americans in the armed forces."

My interest in this matter is purely on personal account, but knowing your own views on the matter (at least I think I do) I thought I'd write you this note, while acknowledging yours. It would be interesting, however, to learn from you what body of support you think might be secured from easterners, many of whom, I know, are resentful over what they consider, not without cause unjust treatment. At the same time, I do feel that some such move is essential to us now and for the future, and the one I have suggested ought to meet the practical objections which I used to encounter in arguments with Lt. -Col. Sparling.

There's a good deal more to be said. The situation continues to call for a trip eastward, so look for me sometime within the next year or so.(?).

Our mail closed in two minutes. My regards to the JCCD and company.

When are you getting married?

(sgd) Tom.

P O L I T I C A L

To cousin

Letter describing Canada's largest air field in the building and the cost of machinery and materials being used.

"Another same old surprise, at the point of scribbling. I just come back to Clarke City from one month's job at the Canada's largest to be air field. To put it more plainly on August 7th. Paper Company's truck and I were hired out to General Contractor H.J. O'Connell of Montreal who is constructing the one of Canada's largest air field in the making. Purpose for this huge air field - Post War- take off for the Trans-Atlantic Air Liners. After war those huge B 29 models will be used for transportation across the ocean. This field 5 located 27 miles east of Clarke City. It's over one mile square with extra wide, long cement runways near completion.

Over half a million dollars worth of equipment used. This is the second year they are working on it. Take another year to complete fully. Just for fun I will give you a rough estimated value of some of the cheap equipments. 5 Large caterpillars with dirt carrying trailers total $115,000, 3 tractors, 3 gas shovels $45,000, 20 odd heavy duty dump trucks $2500 each, one grader, one large combination cement mixing and laying out machinery $40,000 or over, heavy cement roller, 4 water tank trucks, and many many minor money piling junks. They say this group of machineries are part of this company's total investment. These are numbered and the highest numerical stamped on is 282. I don't mind pick pocketing one of these fortune makers.

Over 150 men are employed. 58% from a local sea port town of Seven Island - population 1000, 7 miles apart from the field. Rest of the workers are mostly from Quebec City. Cat. operators are working full blast from 6.30 A.M. to 8 P.M. Rest from 6.30 to 5.30.

O'Connell camp where I moved in for my temporary homicide is built right beside this air field and the R.C.A.F. are stationed nearly 10 minutes stride from the camp. The Canadian Pacific Air Lines park here once or twice a week. I might hop back on the wonderful crate.

First week I delivered large cement tiles all along the side of the runaways. And then for three weeks following I hauled cement which arrived from Montreal via Seven Island on the freighter to the unfinished runaways. Working conditions, chow (good eats especially) and the fellow workers were way better (100%) than Clarke City Paper Company which all add up to kind of discouraging to go back to that cheap Paper Company.

Air Force crew are awful decent. In fact they had an open discussion on Canadian Japanese at the Air force canteen when they heard us coming here. Outcome was in favour of us so naturally everything par excellence."

LOYALTY OR DISLOYALTY TO CANADA

Following excerpt from above correspondence between friends, is submitted for purposes of information.

"Recently the government is investigating whether we are loyal or disloyal to Canada. I can imagine how disturbed the Japanese' feelings are, how about it where you are? It is unnecessary for us to talk over such things, as we made up our mind two years ago, and have not changed our intentions."

LETTER FROM HUSBAND TO WIFE. Excerpt is translated.

You write that those who wish to go back to JAPAN, and those who do not are to be put into different categories. As for me I have not the slightest desire to remain in this country. Though I was born in this so called democratic country it will not grant me the common privileges of any human being but gives us very inhuman treatment and makes great distinctions on racial lines. I do not wish to live in such a country. There is more hope for us to start anew in our mother land. I hold to my decision."

REGARDING ONE OF THE T.B. PATIENTS.

Letter to friend. Excerpt is translated.

"I gave all details regarding Masatoshi in my letter of the 22nd so I think you understand fully. There was nothing the matter with him though he was included amongst the thirteen T.B. patients. He just happened to be amongst the bad numbers drawn. It was only a scheme to make it an excuse for some purpose. It must have been a great shock when you heard he was ill. There are twelve or thirteen patients but they are all suffering from minor illnesses other than T.B."

T.B. PATIENTS IN THE CAMP

Following excerpt from above correspondence from son to father as outlined on post card, is submitted for purposes of information.

X "I hear that there are several dangerous cases of ilness in the ghost towns, isn't is terrible. Day before yesterday, 6 T.B. patients returned from the hospital to their own huts. The 7 of them left behind are getting worse. The doctor advised them to go to New Denver, but for some unknown reason they are refusing to go. X

Re: Racial discrimination.

Between friends.

"Mr. Oshiro's (from Kenora) elder son Jimmie is fighting as a gunner in Europe. His second son Hiroshi has joined the Air Force some time ago. Mr. Nobaru met him in Edmonton while he was stationed there. I think he has been sent somewhere since. The Japanese Canadians have done their best for Canada and a good many have sacrificed their lives for this country. I wonder what those white men who dispise us and discriminate against us think of this!"

Letter from wife to husband. Excerpt is translated:

Loyal or Disloyal.

"It is an entirely unreasonable thing that they keep innocent people so long in the internment camp. For myself I think I will follow Mitsuyo's (possibly son) idea in this matter of answering this loyalty question. I expect this country will be glad for every one of us who expresses disloyalty and a desire to return to Japan. There is the rumour that all the disloyal ones ones are to be gathered at Tashme, but the future is uncertain. It is not known what division will be made but the Government's action will be made the easier."

re: Racial discrimination.

"The wages here aren't as bad as it is in Nakusp. I think Nakusp jobs are cheapest. Just because we're Japs, they think they could use us for cheap labour and drive us like slaves too. How is it out that way? Do they hate Japs like the people at the coast? Remember how they sneered at us. I remember a couple cases where drunkards swayed towards us and said: "Dirty Japs, get out of here." -And mind you we were walking on Hastings St. I have just the same rights as anybody else haven't I. One word I hate to hear is JAP. We (Jap. Canadians) aren't considered as Canadians and still we aren't fully Japanese. We are in race but that's all. Our heart belongs to Canada where we were born and raised but no we're considered as outsiders put into camps like this. What harm could we have done at the coast????"

Reference to use of poison gas by Americans

to friend.

"July 18th One hundred million Japanese subjects were indignant on account of those civilians, as well as the army, on a certain island being all wiped out. From July 7th to the 11th the American fleet came twice to that island and finding the Japanese garrison's resistance too strong, they used poison gas. It is inhuman to use poison gas bombs. I wonder how the American Commander reported this affair to his own country. The Pacific Commander must have received a sword made of human bones or a pipe for his reward.

The International Red Cross meeting in 1924 decided to abolish the use of poison gas. To think that the country which calls itself the greatest in the world, had to use the poison gas. It is brutality.

"On Aug.10th. a delegate from the Pope in Rome and three countries' Red Cross representatives went to this island in the Philippines by plane. Upon their landing on this American recaptured island, they went to investigate taking some Japanese as guides. They took back some of the war weapons as proof."

"The Roman Catholic Church, the International Red Cross, also the Eastern Asia Christian Association will send in petitions to the American government and will broadcast to the public to protest against the use of poison gas."

"On Aug. 11th at 1 P.M. twenty American planes from China were busy over Southern Korea, N.W. Kyushu and North of Saien District. But the Japanese garrison speedily repulsed them. The Americans dropped bombs everywhere in their frantic attempt to escape. In N.W. Kyushu and in Korea no damage was done, but in Saien some dwellings caught on fire, but were quickly extinguished Japanese air formation called the wild eagles was over the province of Shensi destroying airfields and oil tanks in Sanshui, Siam and Hanchung. The Japanese were on the look out for the twenty American planes returning to Siam" and destroyed all of them."

"I was amazed at the news in the paper written in such a wild way on Aug. 2nd. Hand to hand fighting took place in Omiya Island with civilians and the soldiers. Quite the contrary. Omiya is flat and is cultivated. The mountains are on the N.W. July 29th news was that the 1st division landed in Omiya Island, but the Americans soon pushed towards the mountains. The dead were 17,00, casualties were small on our side.

"N. Saipan is nearly all mountains, the American dead were 4,000 and the injured 2,500. The news of the capture of Saipan and Omiya was false. Not much going on in India at present owing to the rainy season.

"The news on Aug. 11th was that the Japanese are preparing to go to (Empool) ? in Indo China. Japan's main war front is at present in Huling in Hunan Province. Aug. 13th, Chinese officers with Hunan Provincial Chief and the Mayor put up a flag and unconditionally surrendered to the Japanese. The dead and wounded were 66,049 and 16,000 prisoners were taken, including 36 American officers, to only 350 casualties on our side."

"About 800 sappers who were engaged between Kunming and Kweilin were routed. Huling connects Chungking and Kweilin. Japanese navy and Army casualties in June were 435 planes to about 1,40C American planes. In July 139 Japanesd planes to 1,390 Americans planes."

"Premier King's announcement was well written of in the New Canadian. Those loyal to Canada are to be scattered all over the country, but the treatment they will receive later will be the same as that of the veterans of the last war We already have them as samples. To be loyal is foolish. Stand firm we will celebrate with our countrymen under the cocoanut trees in the occupied countries."

COMMENT

POLITICAL - Re Japanese entering Calgary without permission.

Excerpt.

"As you probably know lots of the Canadians of Japanese origin have come into Calgary quietly, not asking permission. I happen to have several of them in my church. They came in without permission (they did not seek it) and have been here for some time. One of the girls teaches in the SS and her husband is Secretary of our Board of Stewards. Rev. Horace Burkholder has been helping out with some cases. About two weeks ago he helped Eva Kobohama come in to the city, and she is now working at Mount View Home. Mr. Burkholder could give you these details. He is on holidays now."

RE: LEAVING CAMP

"As you know already things are changing every second under the present crisis. When I think of the future of our children, Naomi, Mitsuaki, and Sumire how about making our home in the east. Taking Toronto as the center, either Hamilton, Chatham, London, St. Thomas or Guelph in Ontario, anyone of these places you might think suitable. If you wish me to leave here, think very carefully from all angles, then put in your application."

Re: Japanese desirous of coming to Toronto

"I think there is still a chance to get into Toronto but the Commission might not let single men in. But you can go outside of Toronto city limits and stay there and work in Toronto if you get what I mean. Once you're outside the city limits you can get in Ontario but can't stay in Toronto city. Toronto is a big city but not so big that a fella can't go to visit his pal if he's outside the city limit. Lots of guys apply to get into Toronto to stay outside the town but after a while they sneak into town and Truman the representative of B.C. Security Commission lets them go because as long as he doesn't let them in it's o.k. but as soon as he lets them in the city then everybody else would want to come in too, get what I mean. I said a lot but I guess it doesn't make sense so I suppose we'll have to skip the whole subject but if you really think of coming in let me know and I'll ask Truman to let you in town, maybe he'll let you in and maybe not but a fella can always try.

LETTER FROM BROTHER TO SISTER
EXCERPT translated.

ENCOURAGES SISTER

"There are many rumours flying about so do not be misled but keep a strong spirit. Keep your eye on the strength of our fatherland and be patient for yet a little while. I know you meet anti-JAPANESE feeling everywhere and that your life is far from easy. It is hard for you to settle down. Prices are high also but remember what our relatives had to go through in CHINA."

Letter from husband to wife: The following excerpt is translated:

X "In your recent letter you said that you felt as if you were the wife of a soldier at the front. I feel grateful when I think of the sufferings you are enduring on my account and I feel great pride. I was low in spirits when your letter came but it revived me somewhat. Following excerpt from above correspondence from husband to wife, is submitted for purposes of information.

"Those blue eyed fellows will lose heart in a very short time. If we were to change our mind now, all the past endurance will be in vain.

Those who laughed at us, and left this place are now in difficulties without much income, however they must take the consequences of their own deeds."

Friend to friend.

Reference to Japanese situation

The writer says: "I went up to Tashme, one of the most depressing of the Japanese evacuation towns.....
The schooling should be a state and not a church responsibility.
It was really pathetic to see how grateful those poor folk were that someone should take sufficient interest in them to go and take their services.....
The whole Japanese American problem here.....
is a veritable King Charles' head.....
Some screaming raciat (?) lashes the unthinking and uninformed portion of the population with political demagoguery of the worst type"

COMMENT

POLITICAL

Relationship not mentioned.

"....Kaz got sick so Wat escorted him home without a permit. I was going to go with him if the permit came, but it never came so Wat went. I had everything planned. I asked the foreman if I could take a few days off and go to Raymand. I was ready to go there Friday to catch that baseball dance. On Wednesday nite Kaz ducided to go home. So the foreman asked me to go escort Kaz home instead of going to Raymond. I said okay. I wanted to see youse guys again before I left Alberta. If I went with Kaz it was going to be for good. Wat went for good. They left Thursday nite. We are going to go as far as Nelson anyway. We're going to sneak out of this province and go into B.C. Mounties will probably catch us in Nelson so from there it's either the jail or freedom. But let's expect the worse. If I go to jail I'll have maybe a bad reputation so I guess nobody would like to have an ex-convict for a friend. Under the circumstances in front of our faces it's the only way to freedom. They may chuck us into the internment camp. But I don't care. If I go through anything to gain freedom, I'll be a proud man though the rest may not think so. I may lose every friend I have. I won't blame them either. So I am going to take the consequences like a man. It'll be entirely up to you or the rest, whether they still want to keep in touch with me or not. On the other hand if I get through okay then I'll be very happy. Anyway this is going to be the last letter I'm expecting to write to you. We'll leave on the end of this month. That is, if you feel the same as me."

"We'll get even with the Custodian for selling all our properties etc! The day will come. And when it comes, they'll be plenty sorry."

COMMENTS

Letter from Husband to wife. Excerpts are translated. Writer's statements are strongly Japanese nationalistic.

A. "The exalted Japanese spirit which we at first enjoyed in this camp seems to have largely faded out and it is a question just how many here retain the consciousness of the fact that our motherland is in the midst of a great and dangerous war. I at least, pray that I may never forget this but may, in spirit, advance in step with my brothers on the battlefields."

B. "We look forward to the day when, with healthy bodies, we will again tread the soil of our fatherland. It is important that we here in an enemy land, hold this vision before our eyes. Don't let us be deceived by the rumours of an early peace as spread abroad in the newspapers here. It is hard to guage whether the war will be long or short. Our enemies are suffering many hardships and I can quite believe they will break before long. The war may last for another five or even ten years but our Fatherland will surely win a victory that will surprise the world. In comparison the sufferings of a few of us are not in the least worthy of being counted. Let us, then, worthy Japanese stand firm and fight faithfully until the day of peace."

ABOVE DESCRIBED JAPANESE RED CROSS MESSAGE FORM #19336

CONTAINS A MESSAGE WHICH TRANSLATED IN FULL READS:

"MOTOO: How are you, we are wall well. Did you receive my last letter."

aA. X"The beginning of summer has come. The trees are becoming verdant."X

B. X"The Sun (JAPAN) is getting stronger."X

EX.'S REMARKS: The final sentence marked "B" in pencil by Examiner isdesigned to convey Japanese nationalistic encouragement to an INTERNEE. Probably the sentence will be deleted in OTTAWA. Since the preceding sentence, indicated in pencil as"A" has no other purpose than to conceal from censor the true meaning of "B" it's deletion also isrecommended.

Letters have been tested and nothing suspicious found.

Correspondence sent to the Editor of "New Canadian" for publication in that paper.

Excerpt:- "Oh hell....what's the diff.....we're behind the eightball no matter how you look at it. Did you read in the paper about whatsis name from New Westminster said about us in the House of Commons today? What I wouldn't do to that guy if he were here. Guys like him who go about preaching fascism in guise of democracy ought to be shot. I wonder what happened to Wilson? Remember him? Now there was a guy I wouldn't even feed to the cannibals. They might even get sick or something.

Excerpt:- "Dear Editor:
The above was written in an attempt to convey the feeling of uselessness and loneliness that seems to be so rampant here among the Niseis in Toronto."

COMMENT

POLITICAL

From husband to wife.

The sender advises the addressee not to pay the Commission the money required after the birth of a child.

"Did the Commission ask you to pay the $90.00 for the baby when you gave birth to him. Whatever you do don't pay it because we are short of money and need every cent. Kamitomo's boy was telling me that Otto Garagizawa got his bill of $90 to the commission, but he's gambari. Well to tell you the truth I will do the same."

LETTER FROM FRIEND TO FRIEND:
THE FOLLOWING EXCERPT IS TRANSLATED.

OUR FUTURE

"I have written you before that EAST ASIA will welcome us after our hardships and in that storehouse of riches we will have a good chance. I had hoped to retire from this country, which gave me birth, with feeling of gratitude but the miserable fate of my brethren has made an indelible impression on my heart. I have read a pamphlet published in one of the relocation centres in the U.S. and find that they over there have the same ideas. We must think of these things profoundly and make our choice".

LETTER FROM WIFE TO HUSBAND:
THE FOLLOWING EXCERPTS ARE TRANSLATED

A-Letter contains a five page resume of the MORII investigation in 1942 as published in a 100 page official report. Given are the names of witnesses called by the "NEWS HERALD", The Mounted Police, the B.C. Security Commission and by MR. MORII himself. Some facts about each witness are given. Statement is fairly objective. Writer promises more to follow.

B-"According to a statement made by Mr. KING, we JAPANESE are to be divided into two classes those loyal and those disloyal, the one to be dispersed across CANADA and the second to be repatriated to JAPAN. We, here in TASHME, are very much excited about this".

C-"We are treated like naughty children punished, now on one side, now on the other. What will come upon us next ? We JAPANESE in the evacuation centres are very greatly to be pitied".

Letter to Wife: Excerpts are translated.

A-"We cannot do anything about the letters being deleted but God (meaning JAPAN-trans) will settle all that after the war. As long as we have good health there is no need to be pessimistic. Our father (meaning JAPAN-trans) who is away beyond, is waiting for us with outstretched arms. Looking towards him we can march on. Everything will be alri ht if you carry on with the same spirit as ourselves".

AN EQUIVOCAL LETTER

Internee writes his sister and refers to the Government's policy regarding the Japanese nationals, now resident in Canada, as set down by Prime Minister King. Writer asks her to think of how long the War is going to last, of the education of the younger ones and whether or not she would care to stay there indefinitely. "Keep in mind, writer says, that it won't end in a day or two. If things are not going to expectations, there is a possibility that I might join the KONDO family (?) In such case of emergency I do hope you will use your head and take steps accordingly. This matter is very very important so write me immediately."

COMMENTS

Regarding T.B. patients:

Letter to wife: The following excerpt is translated.

"As I mentioned before, Mr. Nakayama and the others are going to New Denver. Word has been received to that effect. Of the thirteen T.B. suspects seven are going to New Denver. Amongst these are Mr. Nakayama and Mr. Okano. The six others are coming back here. They all objected to being sent elsewhere. Their objection is now under consideration. As these boys are very stubborn it will not, I think, be a simple matter. Our present position is full of difficulty so it is necessary to hold firmly to our determination. Nothing will shake our resolution."

ENCOURAGING THE HUSBAND TO STAY IN INTERNMENT CAMP

Following excerpts from above correspondence from wife to husband are submitted for purposes of information:

"A" X"It is all very well for the people to go East, if they want to continue living there after the war, but in our case, it is better to remain here and put up with it. By the end of the year, the war should be decided one way or the other, but I still pray that the victory will be on our side". X

LETTER TO FRIEND-THE FOLLOWING EXCERPT IS TRANSLATED

"I believe there is a job waiting for me but for the duration work is a secondary matter to me. I think the present is a time when we should throw aside our feelings as immigrants and keep pace with own people in the fatherland. We want you to cheer and support us. When peace comes and we, youngsters, leave this place with weary minds and tired bodies please greet us with smiles and warm welcomes".

REASONS FOR STAYING IN CAMP.

Following excerpts from above correspondence from husband to wife, are submitted for purposes of information.

A....."You wrote in your letter that you would like me to leave here. I wrote to you in my No. 46 letter, but if you still wish me to leave, it will be as good if your husband is dead. Do you want me to die? As I wrote in my last letter, unless one is sick or dead, no one can leave this place."

B...."If you write again to say you would like me to leave, all the plans we made while we were still in Vancouver will be in vain. Please think it over very carefully. Even Mr. Miyazaki in his circumstances cannot leave here. Those who asked for permission to leave here aobut 4 or 5 months ago are still here."

LETTER FROM HUSBAND TO WIFE. THE FOLLOWING EXCERPT IS TRANSLATED.

STAYING IN CAMP

"The opinions I am about to express are my well considered convictions even after taking into account all that you say about the hardships you and the children are having to bear. So far as I am concerned myself, my living here is assured, I have time for reading and study and the only hardship I have to complain of is my loss of my freedom. I have great sympathy with your point of view. All the hardships I personally have to endure are but natural in time of war in an enemy country. My only anxiety is the thought of leaving you alone to take all the responsibility of bringing up the children. Many of the men here have the same feeling I suppose. We do not know what turn events may take but we have to live just day by day. Please do not misunderstand me in this matter.

LETTER FROM FRIEND TO FRIEND: EXCERPT IS TRANSLATED. WAR NEWS.

"We hear a good deal of news fron YONEKO (meaning the UNITED STATES-translator). CHANG'S country has about given up hope. The country is in a bad state internally. Much baggage (loot-translator) has been taken to JAPAN. KOYO (it is difficult to understand what place is meant-translator) is also in a bad way. It is hard to say where JAPAN will attack next, possibly SAIPAN. The war will become more and more interesting, now that JAPAN has all her preparations made. There is no need to be anxious about the outcome, we were a little late with our preparations, that is all. JAPAN is very strong, so that possibly before the end of the year she may greatly change the course of events. We will let you know all that happens for you are of our party. The U.S. planes have visited the BONIN ISLANDS, but there was no damage. SAIPAN is gone but may be retaken soon I think".

The only work I could look forward to in a town would be driving a car, but against that there is the drastic gasoline shortage to be taken into consideration. RE CANTEEN FUNDS IN THE CAMP

EXCERPT TAKEN FROM THE LETTER TO HIS OLDER BROTHER

"There is a rumour going around here that the smart ones though they have money of their own are drawing on the canteen funds. They will do this as long as they are here and save their own money to use after the war. Those who have ewen ten cents of their own cannot draw on the Canteen. This is no place for anyone who has "funds" of his own."
