JAPANESE PROPERTY CLAIMS COMMISSION

B E F O R E

(THE HONOURABLE MR. JUSTICE H.I. BIRD, COMMISSIONER).

Winnipeg, Manitoba,
April 16th, 1948.

IN THE MATTER OF THE CLAIM OF

KAMAKICHI NAGASAKA.

PROCEEDINGS AT HEARING.

APPEARANCES:

J.W.G. HUNTER, Esq.,	appearing for the Dominion Government.
S.M. CHERNIACK, Esq.,	appearing for the Claimant.

A. WATSON, Esq.,	Secretary.
D.J. HANDFORD, Esq.,	Official Interpreter.
T.P. HORROBIN, Esq.,	Official Reporter.

THE COMMISSIONER: Yes, Mr. Cherniack.

MR. CHERNIACK: My lord, the first case this morning is No. 26, Kamakichi Nagasaka.

THE COMMISSIONER: This one looks formidable.

MR. CHERNIACK: It is, my lord. I ask leave to amend for a total value of land and buildings, my lord, of $12,500.00.

THE COMMISSIONER: That is in lieu of $2500.00 and $10,375.00.

MR. CHERNIACK: My lord, I have $12,875.00.

THE COMMISSIONER: But under 4(e) you have land improved, $2500.00, and buildings as per attached list.

MR. CHERNIACK: Yes. In lieu of both, $12,500.00. It is just that we have evened it up.

THE COMMISSIONER: Yes.

MR. CHERNIACK: The sale price gross is stated correctly at $2,029.00. The loss is $10,471.00.

The amendment, my lord, on the chattels, the total claim is for $6252.00.

THE COMMISSIONER: That is in lieu of $7619.03, is it?

MR. CHERNIACK: That is correct, yes, my lord, in lieu of that amount. There is another claim there for chicken houses. Those were real property, my lord.

THE COMMISSIONER: $6,252.43.

MR. CHERNIACK: Yes, my lord. The credit should be $1900.75, and the net claim, therefore, is $4351.68.

KAMAKICHI NAGASAKA, the claimant herein, being first duly sworn, testified through the Interpreter as follows:

DIRECT EXAMINATION BY MR. CHERNIACK:

Q Witness, I shew you a typewritten statement, with a sheet attached to same. Was all this prepared in accordance with your instructions?

A Yes.

Q Is this your signature? A: Yes.

Q Do you swear the contents to be true to the best of your knowledge and recollection?

A Yes.

(STATEMENT MARKED EXHIBIT NO. 1).

MR. CHERNIACK: On behalf of my learned friend, my lord, I file as Exhibit 2 the S.S.B. appraisal.

(S.S.B. APPRAISAL MARKED EXHIBIT NO. 2).

Q Witness, I show you a snapshot. What building is that?

A This is my chicken house.

Q Do you know the size of this chicken house?

A 244 x 20.

Q 20 x 244, and when was this built?

A 1929.

Q Do you know when this photograph was taken?

A About one month ago.

Q Is that all he said? A: It was sent to me a month ago by a white man.

Q You don't know when this photograph was taken?

A No, I don't know when it was taken.

Q Does it appear to be altered in any way from its appearance at the date of evacuation?

A No, it is the same.

Q Has it been painted since then?

A I don't know. It was painted soon after it was put up, but since then I don't know.

MR. CHERNIACK: I file this as Exhibit 3, my lord. I might point out that the witness has identified this building as being No. 15 on the list attached to Exhibit 1.

(PHOTOGRAPH MARKED EXHIBIT NO. 3).

MR. CHERNIACK: Your Lordship will note from Exhibit 1 that this property was purchased in two pieces five acres at one time, one parcel in 1919 and one parcel in 1930. The price paid was $500.00 for each of the five acres, making a total of a thousand dollars for the ten acres. At the time of purchase there was no cleared portion, it was all in bush. The claimant states that he fully cleared 4¾ acres and partially cleared 2½ acres, of which the first five had been fully cleared. He constructed ab about 1200 to 1300 feet of deep ditching, some cedar covered, and some tile. He dug three wells at different times and hired labour for two wells and used his own labour on one well and shows the cost of the two weels at $300.00 and the cribbing at $100.00. Installed an electric pressure pump in the fall of 1941. The cost of the pump and tank, pipe and insulation was approximately $500.00.

I might at this time bring to your Lordship's attention that Exhibit 2 gives the appraiser's estimate of the cost of reclamation at $125.00 to $200.00. The appraiser also shows, my lord, a

lesser portion of cultivated land than the claimant states in Exhibit 1. The list of buildings is attached to Exhibit 1. All of the buildings with the exception of the smallbuilding listed as Nos. 16 and 17, and the woodshed, toolshed and garage and workshop were supplied with running water, pump and pipe from wells and the necessary fixtures were installed. Your Lordship will find when we proceed with the chattel claim that originally goods estimated at $1193.40 were sold with the real property as fixtures, and we have abandoned all of that claim with the exception of $39.25.

THE COMMISSIONER: That appears on the Custodian's analysis, does it?

MR. CHERNIACK: Yes, my lord, it will appear so, and that therefore there were two claims considered as chattels in excess of $1100.00 which has been included in the sale of the real property as fixtures. If I might read this comment first, my lord. He states in Exhibit 1, "The appraiser says the garage (shed) was 20 years old. It was built in 1939."

MR. HUNTER: I don't like to object when an examination in chief is going on, but this kind of thing has been going on for some days. I don't blame my learned friend but that is going too far. The appraiser says no such thing at all, my lord.

MR. CHERNIACK: Oh, I am sorry.

THE COMMISSIONER: Of course, if there are mis-statements in these memorandums, it is not going to react

favourably with claimants. I will have to read all these exhibits, in any event.

MR. CHERNIACK: My lord, I appreciate my learned friend bringing this to my attention and I expect and have expected at all times that should an error appear that my learned friend would bring it to our attention, and I submit that the inferance that this has happened all along is rather unfair. The garage and shed referred to in the appraisal -- the appraisal gives no estimate of age, and it may be, and this is only an assumption on my part, that Mr. Leckie, my lord, took that as a ditto mark in making his comment.

THE COMMISSIONER: It is much ado about nothing.

MR. CHERNIACK: In any event, the statement stands that the claimant states that the garage and shed were built in 1939. The greenhouse was five years old, not 20, as stated in the appraisal, my lord. "I disagree that the land was in poor condition with numerous weeds. It was in fair condition and spring attention had not been given at time of evacuation. All of the buildings in addition to the erections described as good were in quite fair condition and serviceable. The land in crop was ploughed every year and the poultry runs every third year and lime applied. There was no pollution when we were evacuated." And he sets out that he considars it excellent poultry land, good for growing berries, and he estimates the total value at $12,000.00.

K. Nagasaka,
In Chief.
Discussion.

My lord, in the previous cases that we have presented, I have attempted ~~to~~ to refrain from calling your attention to the disparity in the buildings because it is quite obvious to your Lordship in comparing the two items. Here, however, we have buildings with an estimated value of at least $11,000.00 estimated by the claimant, shown by the appraisers as estimated at $3700.00. There are several great disparities, my lord; one would be the garage and shed to which I have referred, which the witness claims he erected in 1939 at a cost of $2000.00. The appraiser shows a valuation of $200.00. The item entitled "incubator house" which was built ayear prior to the appraisal, the claimant states it cost him $2500.00 and the valuation is $1500.00, and at the bottom, my lord, the poultry and feed shown at 20 x 236, which I assume is what the claimant refers to as 20 x 244, a picture of which was filed as Exhibit 3, my lord, the claimant states it cost him $4000.00. He values it at $3000.00 at the date of evacuation, and the appraiser values it at $1000.00.

THE COMMISSIONER: It looks from the photo to be a well constructed building.

MR. CHERNIACK: I would invite any cross-examination on these buildings, my lord. I do feel there is a large difference here, and it should be brought to your Lordship's attention. Then in spite of the fact that these values are low compared to the claimant's statement, the appraiser almost cuts in half the value of the buildings to the farm by

reducing them from $3700.00 to $1850.00.

THE COMMISSIONER: This is all a matter that can very well be brought out on cross-examination. I probably will not get down to a final consideration of both sides of this or any other claim for at last another year, and certainly I am not attempting to tax my memory with what transpires here.

MR. CHERNIACK: Yes, that is true, my lord, but this is going into the record. Your Lordship will note Exhibit 2 shows the assessment which would appear to be for 1942. My learned friend may have the 1943 assessment and if he has it, he can state it as there was an increase.

THE COMMISSIONER: The assessor apparently has been pretty kind to the taxpayer in the matter of his assessment on improvements.

MR. CHERNIACK: I think he just hasn't come around.

MR. HUNTER: I only have the 1942 assessment here.

MR. CHERNIACK: I thought you must have because I have a notation of what it is but I haven't the bill here. Well, it is shown on your slip.

MR. HUNTER: For 1943, my lord, it shows improvements $2000.00, improvements $1000.00, making a total of $3000.00 for improvements and a total of $549.00 for the land. This is a change from 1942. In 1942 the improvements were only assessed at $1500.00.

THE COMMISSIONER: Exhibit 2 shows improvements $1000.00 on each lot, that would be $2000.00, and the land $544.00.

MR. HUNTER: I am sorry, my lord. I see there is a note here saying the improvements are assessed for taxation for 50% of value, so it would be $3000.00.

MR. CHERNIACK: Q: Witness, I show you a typewritten statement. Was this prepared in accordance with your instructions? A: Yes.

Q Is this your signature? A: Yes.

Q Do you swear the contents to be true to the best of your knowledge and recollection?

A Yes.

MR. CHERNIACK: I file this as Exhibit 4, my lord.

THE COMMISSIONER: This is the chattel statement.

MR. CHERNIACK: Yes, my lord.

(STATEMENT MARKED EXHIBIT NO. 4).

MR. CHERNIACK: On behalf of my learned friend, my lord, I file as Exhibit 5 his analysis of personal property claim.

(ANALYSIS MARKED EXHIBIT NO. 5).

MR. CHERNIACK: My lord, Exhibit 5 is a lengthy document. Now, we went through it with the claimant and made notes opposite many of the items and reduced the valuations originally placed by some $1400.00, the large share of which would appear to be real property fixtures. I gave our copy of the analysis to my learned friend, but obviously he hasn't had an opportunity to copy those comments onto your Lordship's analysis.

THE COMMISSIONER: Perhaps you better call them off to me, once I get the exhibit.

MR. CHERNIACK: Either that, or, since they are lengthy, if

you would prefer to release this exhibit to me over t the weekend I could have it properly changed.

THE COMMISSIONER: I would much prefer that now that I see what it is. I will do that.

MR. CHERNIACK: I will try and do it over the weekend, if it is permissible.

MR. HUNTER: The reason I didn't copy that onto your Lordship's sheet, apart from the time factor, is actually it didn't affect the analysis much. There was $1400.00 reduction by way of fixtures, and you will observe on the last page of the analysis I have written it in on the left hand side as showing it little affects the analysis.

THE COMMISSIONER: You do not think it is necessary to make those notations?

MR. HUNTER: I thought so. I show on the analysis the reductions and they are written on the last page of the analysis, and it didn't seem to me there was sufficient left to make it very vital that the rest be left in. If my friend could merely state it for the record, it would save a lot of time and bother. There are a great number and it took me over an hour to note them.

THE COMMISSIONER: If you wish to note them, that is all right, you are free to do so. I will leave it in your hands, Mr. Cherniack.

MR. CHERNIACK: In that case if I could have the exhibit when we are through, I will go over it with this and see if it is important or worthwhile. My learned friend is quite correct in his statement as

to the fixtures, and it may be it is not important enough.

This statement as to personal chattels, my lord, only gives nine items which are the larger items that appear in the itemized claim form. They have been checked on my copy. I don't know whether that has been done on your Lordship's copy, but it has been checked on my copy by a cross indicated opposite the item which we have given in detail in the personal chattel list. Your Lordship could check that readily because on the third page of Exhibit 5 commencing with "list No. 3 in basement". Are there two items shown there with a cross opposite them ~~00~~ two Charter incubator and one very large Queen incubator?

THE COMMISSIONER: No.

MR. CHERNIACK: Well, those two are the ones referred to as Nos. 1 and 2 in the personal chattel claim. Possibly since the list is not long, it might be worthwhile pointing them out to your Lordship.

THE COMMISSIONER: Yes.

MR. CHERNIACK: On page 4, my lord, the ninth blue line down, the electric brooder motor and fans, taking up two lines, shown at $50.00, that is item No. 3 on the personal chattels.

On the next page, my lord, the two items immediately above the heading "list No. 5", "One large Buck-eye Mammoth incubator and one large Buckeye Mammoth incubator", those items are both shown as items 4 and 5. On the next page, my lord,

just about in the middle is a two line item, "one 50 Cuc. Ac. electric motor amounting to $45.00."

THE COMMISSIONER: I see it.

MR. CHERNIACK: It is item No. 6 in the personal chattels claim. The next item is on page 11. It is the first item under "upstairs" about two-thirds of the way down, three beds. That is No. 7 on the personal chattel list, my lord. On page 14 are the final items near the bottom of the page, "7 round and 1 square eledtric brooders". They are the items in 8 and 9. Your Lordship will note a summary at the foot of page 15. You will note thereon, my lord, that goods to the value of $758.14 were abandoned. And my learned friend, Mr. Shears, may know whether they were just left on the farm with the tenant or if they had been removed. I think there is a page which shows that.

MR. HUNTER: It says "inspected by me and I consider they are valueless and should be abandoned."

MR. CHERNIACK: There is no indication of where they were at that time.

MR. HUNTER: Probably right on the premises.

MR. CHERNIACK: The next item is $162.65, unaccounted for, theft, etc. Near the bottom of the list $319.76 were used on the property by Mr. Accarias.

THE COMMISSIONER: Who is he?

MR. CHERNIACK: He is the tenant of the Custodian, is that not correct?

MR. HUNTER: No, I think he is your tenant, isn't he?

MR. CHERNIACK: I wouldn't say unless I was pretty sure.

There is a lease on your file, Mr. Hunter, dated December 21st, 1942, between the Custodian and Accarias.

MR. HUNTER: Yes, that is correct. Your tenant was S. Gilsom.

MR. CHERNIACK: Yes. Possibly I can give this briefly. My learned friend has the documents on his file which he can produce. The property was rented by the claimant to a man by the name of S. Gilson on a share crop basis. Perhaps my learned friend will produce the lease because my note says there is permission for the lessee to make use of one pump, and there is no reference to any other items.

THE COMMISSIONER: Now your only purpose in putting it in, I take it, is to show that the tenant had promised to use only the one article.

MR. CHERNIACK: Correct.

THE COMMISSIONER: If counsel agree that is the term of the lease, why not read it into the record and avoid the necessity of filing the document?

MR. HUNTER: That is agreed, my lord.

MR. CHERNIACK: It has been read into the record already. Well, my lord, perhaps we need only read this into the record if my learned friend agrees with my statement, that the laase entered into between the Custodian and his tenant Accarias is dated December 21st, 1942, but the term commences November 1st, 1942.

MR. HUNTER: That is correct.

MR. CHERNIACK: And perhaps my learned friend will also

agree that the inventory on which these claims are based is dated November 26th, 1942.

MR. HUNTER: Correct.

MR. CHERNIACK: Now, my lord, this again isn't shown on the analysis, but perhaps my learned friend will agree that all the goods sold by tender as filed shows that Accarias purchased over $1000.00 of value. I am sorry, Accarias bought over a thousand dollars or paid over a thousand dollars for goods purchased. I should say, my lord, that includes $965.00 for incubators.

MR. HUNTER: Yes, and another $511.00.

MR. CHERNIACK: In addition to that?

MR. HUNTER: Yes.

MR. CHERNIACK: Well then, it is more than I had thought.

THE COMMISSIONER: That would be over $1400.00.

MR. CHERNIACK: Yes, my lord. Now, my lord, this is not intended as a claim, but I have discussed this matter with Mr. Shears and he suggested I make a statement for the record, it is an accounting matter which he has undertaken to go into providing he is reminded to do it from the record. A perusal of the Custodian's files shows a purchase was made of these incubators for $965.00, and the file shows a receipt or receipts totalling $915.00, plus a certain interest. There appears to be a discrepancy of $50.00, and Mr. Shears has undertaken to look into that.

May I make one further statement, my lord, and that is that a perusal shows the Custodian's file

does notcover -- does not reveal that any payment was made by the tenant Accarias for the goods totalling $319.76 which in Exhibit 5 are said to have been used by Accarias.

THE COMMISSIONER: I take it what is more important from your point of view, Mr. Cherniack, is that no credit was given to the claimant for those goods.

MR. CHERNIACK: That is what I mean. That is correct.

THE COMMISSIONER: Or for that money.

MR. CHERNIACK: I am asking whether you can confirm, Mr. Hunter, whether there was no credit received, or credit given to the claimant for goods used by Accarias.

MR. HUNTER: I don't know about the accounting of it, my lord, but I see nothing here to indicate that a credit was given.

MR. CHERNIACK: May I conclude by citing the comment on Exhibit 4. "Mr. Accarias was never given permission at any time and had no right whatever to use any article. I have had my solicitor make a note on the analysis form of articles (a) shipped to me by Mr. Accarias and received, (b) alleged to have been shipped to me by Mr. Accarias and never received. In estimating, I have allowed for depreciation on used articles". He means by himself, of course. "Unused articles have been listed at cost. I have used the Custodian's inventory of November 26th, 1942, in making up my claim."

THE COMMISSIONER: In the comment, "I have had my solicitor make note on an analysis form of articles

(a) shipped to me by Mr. Accarias and received,

(b) alleged to have been shipped to me by Mr. Accarias and never received".

MR. CHERNIACK: I think possibly it should be "received or alleged to have been shipped to him by Accarias and never received". You see, there were certain goods shipped which he received, but there are other goods alleged tox have been shipped which he never received. I think I willhave to make the proper changes in Exhibit 5.

THE COMMISSIONER: Yes, Mr. Hunter.

MR. HUNTER: It is submitted, my lord, that the real property was sold for its fair market value. It is submitted that the chattels sold were sold for their fair market value. It is submitted that the claims made for chattels not sold by the Custodian are fantastically exorbitant.

CROSS-EXAMINATION BY MR. HUNTER:

Q Is that your signature (producing)?

A Yes.

Q And the information contained in this J.P. form is made up from information given by you?

A Yes.

Q And this inventory in the J.P. form is an inventory given by you? A: No, this is the list provided by the Custodian -- given to me by the Custodian.

Q Hardly. This is a list dated April 22nd, 1942. When was the Custodian up to your property to make

up this list? A: I was evacuated to beet growing and this was sent to me and I was asked if it was all right and it was sent back.

Q When were you evacuated to beet growing?

A On May 18th.

Q This J.P. form, Mr. Nagasaka, is signed on the 22nd of April, 1942. Where were you then?

A I supplied the Custodian with an original list just before evacuation, and then the Custodian sent me a further list after I evacuated here, and asked me to check as to whether it was in order.

Q Now, Mr. Nagasaka, when I ask a question, I want you to answer that question, if you don't mind. Is that a list furnished by you to the Custodian?

A Yes.

Q And where did you make that list?

A At my house while I was in B.C.

Q That is that list was drawn up while you were living on the premises on your own land?

A Yes.

Q Yes. Now, Mr. Nagasaka, you were, I presume, making this list from the actual articles, were you?

A Yes.

Q And how long did it take you to make this list?

A About two days.

Q Yes, I see. Did you consider that you had all the main items on here? A: Yes.

MR. HUNTER: I tender the J.P. form, my lord.

(J.P. FORM MARKED EXHIBIT NO. 6).

Q Then, later, Mr. Nagasaka, there was a list sent to

you, a copy of which is now attached to your claim form, is that correct? A: Yes.

Q And when you made up your claim form, you were not content with the list you put in on the inventory, but you claimed for everything except a few odd items that had been shipped that was in the inventory furnished by the Custodian?

A I had consulted my book and made it up from the items in my book.

Q Now, Mr. Nagasaka, stop wasting time, please. You made it up from the inventory which was furnished by the Custodian, didn't you? It is in the same form exactly? A: Yes.

Q Now, you know that there are many items on the Custodian's list that were not on your original list?

A Yes, that is so,, but I was evacuated to the Beets in such a hurry that I didn't have time to take a proper inventory.

Q You have just stated, Mr. Nagasaka, that you took two whole days to make up one page of foolscap. Why did it take you two days to make up one page of foolscap if it isn't made upp carefully?

A At that time I still owned a very large number of chickens and I wasn't able to devote the full two days to making an inventory.

Q In other words, you didn't spend two days making up that inventory? A: From the point of view of times spent, I didn't take two days, but I was working at it in between looking after the chickens.

Q And what day in May do you say you were evacuated from your property? A: May 18th.

Q And that lease was made on the 22nd ofApril. What were you doing between the 22nd of April and May 18th? A: As I was due to leave for the beet fields very shortly, I had to spend a good deal of my time disposing of my chickens.

Q How many hours did it take you to make up that inventory on the 22nd of April?

A I can't say exactly but I would estimate about five or six hours.

THE COMMISSIONER: Now, Mr. Hunter, it is obvious the man had three or four weeks in which to make up an inventory, and if he failed to make it up carefully he may suffer the consequence. However, there is this further thought from his point of view, that at the time he made up his inventory he wasn't thinking in terms of the property being sold, nor was anybody else.

MR. HUNTER: No, my lord. What I am trying to indicate is that he had covered the main items in his inventory and the list made by the Custodian was almost exceptionally careful as will be seen by the large number of items which were later abandoned.

THE COMMISSIONER: Yes.

MR. HUNTER: I have a list of items which were abandoned as of June 28th, 1945, my lord, certified to by R.M. Anderson.

THE COMMISSIONER: It might be helpful to put that in,

subject to proof later.

MR. HUNTER: He is available, my lord, and can back it up.

(INVENTORY MARKED EXHIBIT NO. 7).

MR. HUNTER: For your Lordship's convenience, I suggest that this list of goods used by the tenant go in, because otherwise you will have to look through the long analysis whereas this shows it boiled down.

(LIST MARKED EXHIBIT NO. 8).

MR. HUNTER: I would also ask to be attached to the last exhibit, my lord, another small list of things that were abandoned certified by Mr. Iverson.

There is a dispute, my lord, as to the number of things that were received, as my learned friend has stated. In the analysis, there are a number of items shown as having been shipped by the tenant, some of which the claimant admits having received, others he stated he never received. I don't know the weight of all these various things, my lord, none of them look very heavy, and I am proposing to file the bills of lading for 690 pounds of freight which was shipped to this claimant. The first one is dated June 5th, 1942, the other is dated July 20th or 28th, but it doesn't show the year, but down below there is a stamp showing 1944, so I presume it is in 1944, my lord. The first one shows a weight of 440 pounds and the second one of 250 pounds.

THE COMMISSIONER: What are these documents, bills of

lading?

MR. HUNTER: Bills of lading of the C.P.R., my lord. Mr.Shears has drawn up a list, my lord, of those which have been shipped and admitted to have been received and those which are alleged to have been shipped and which it is submitted have never been received. Would it be convenient to have that filed?

THE COMMISSIONER: Yes, it likely would be. There will be a serious controversy as to whether the goods were received or not.

MR. HUNTER: This is taken from the analysis and it shows the pages on the analysis where the items are.

MR. CHERNIACK: May I suggest that it be attached to the analysis as showing the Custodian's own summary.

THE COMMISSIONER: That might be helpful, Mr. Hunter.

MR. HUNTER: Yes, my lord. This will be attached to the analysis, Mr. Watson.

THE COMMISSIONER: The bills of lading will be Exhibit 9.

(BILLS OF LADING MARKED EXHIBIT NO. 9).

MR. HUNTER: Q: Mr. Nagasaka, you had several of your friends store their furniture in your place as well, didn't you? A: No.

Q Is this your letter? A: This is a letter written by my son.

Q Yes, and is it written pursuant to your instructions?

A Can you explain what is in the letter?

Q Would you read it to him, please?

THE COMMISSIONER: I did not hear you.

THE INTERPRETER: The witness asked me, "May I have

explained to me what is in the letter?"

THE COMMISSIONER: Q: Find out if that is his signature at the end of the letter?

A No, I think it is my son's signature.

THE COMMISSIONER: Yes, all right. Now explain to him what is in the letter. Are you nearly finished, Mr. Hunter?

MR. HUNTER: I think so, my lord.

THE COMMISSIONER: Perhaps we can leave it and have the Interpreter explain it to him during the recess and we can go on and clean up anything that is required to be done.

MR. HUNTER: I think this would be a convenient time to recess, my lord.

THE COMMISSIONER: Mr. Interpreter, I am going to recess for a few minutes, and that will give you an opportunity to explain the contents of the letter to him.

THE INTERPRETER: Very well, my lord.

(PROCEEDINGS RESUMED AFTER SHORT RECESS)

KAMAKICHI NAGASAKA, resumed the stand, testified further as follows:

THE COMMISSIONER: Q: Has that document been explained t to the witness?

MR. HUNTER: Yes, my lord.

Q And is the information in that document information which he requested his son to give?

A I was mistaken at first. Three of my friends had some trunks and effects stored in my house. I was then evacuated and I later heard that they had received Mounted Police permission to go and re-

claim their goods that had been left there.

THE COMMISSIONER: Q: Mr. Interpreter, will you require the claimant to answer the question which is put to him which is this; does the letter contain information given by the son upon instructions of the claimant? Please try and hold him to answering the question that is put. A: Yes.

MR. HUNTER: This is a letter, my lord, dated October 26th, 1942. "I was informed from Mr. J. Eskildsen, of R.R. No. 1, New Westminster, B.C., Delta Municipality, whom I leased my poultry farm to, advised me that he had to give up his lease in favour of somebody that can put the place into production because he was not actually putting the farm in operation.

If this is so, kindly, if it is possible to make arrangements to have the new incubator house unused on our farm because I am storing several of my friends' furniture and other merchandise. I would also like to leave some furniture with Mr. Eskildsen. If this arrangement is possible, kindly send me a reply by return mail."

(LETTER MARKED EXHIBIT NO. 10).

Q Do you know whether your friends who stored belongings on your property ever actually obtained those belongings? A: Yes. I received a letter saying that was so.

Q You received a letter from whom?

A S. Iwasaki, T. Hamada, and M. Inouye.

Q You received a letter from each one, did you?

A Received letters from just two.

Q From which two? A: T. Hamada, and S. Iwasaki.

Q Just a moment. You said you redeived letters from two of them. Did the letters say they had received all of the property whihh they had stored on your property? A: Yes.

Q Have you those letters? A: Since I was evacuated I have moved from one place to another about five or six times and they may be hidden away somewhere.

Q You haven't them available? A: No. I have been busy in beets during the summer and other work at other times of the year.

THE COMMISSIONER: What is this, Mr. Hunter, discovery for some other claim?

MR. HUNTER: No, my lord. There is a very strong suggestion that when the inventory was taken that the inventory not only was for his own goods but those of his friends.

Q Do you know when your friends received this property, or do you know when they went or stated they went and obtained their property from your place?

A I believe it was in June or July, 1942.

Q Yes. But you don't know? A: I am not certain. I think it was June or July. A great deal has happened since.

Q Now when you left your place, Mr. Nagasaki, you had a repeating rifle under your floor, didn't you?

A No, I know nothing about it.

Q You hid it under the loose flooring in the attic, isn't that the fact?

A No, I know nothing about that at all.

Q Did you own a thirty-thirty calibre Winchester repeating rifle? A: Yes, I owned a broken -- just a handle of a broken Winchester.

Q Answer the question, please. Did you own a 30-30 calibre repeating Winchester rifle, rusty but useable? A: No, I didn't own a useable rifle. It was broken.

Q Q What was broken? A: As far as I remember there was only the handle part of it left. It wasn't a complete rifle.

Q Did you own a revolver? A: No, I didn't.

Q And you have no idea who this rifle hidden under your attic floor and to whom this pistol belonged to?

A No, I don't know.

Q You never heard of any such weapons on your place?

A No, I don't know.

Q And you would have no idea where they came from?

A No, I don't know.

MR. HUNTER: For your Lordship's information, this rifle and revolver were found on the premises. There was a rifle under some loose boards in the attic and they were turned over by the Custodian to the R.C.M. P.

MR. CHERNIACK: Will that evidence be given?

MR. HUNTER: Yes. I think that is all, my lord. The real property would appear to be a question of value.

THE COMMISSIONER: Yes. Any re-examination?

MR. CHERNIACK: Yes, my lord, just briefly.

RE-DIRECT EXAMINATION BY MR. CHERNIACK:

Q How many people were living on your property prior to evacuation? A: Seven people.

Q Could he itemize who they were?

THE COMMISSIONER: What is your re-examination leading to?

MR. CHERNIACK: It is only on the question of these fire-arms, my lord.

THE COMMISSIONER: I do not know that I am at all concerned with either of them.

MR. CHERNIACK: That is fine then, my lord.

Q He said there were 7? A: 7, yes.

MR. CHERNIACK: My lord, I would like to draw your Lordship's attention to the bills of lading and to the summary of the Custodian, and to goods shipped and admittedly received, and goods alleged to have been shipped and not received. If your Lordship will permit, I would like to read into the record the items which the bills of lading show were sent; 1 box of tools, 2 trunks, H.H. Goods, that would be household goods, 2 boxes and ditto marks under "household goods", and 2 boxes of dishes, and the items on the Custodian's analysis which have been received by the claimant sets out a carton of crockery, bowl, enamel pot, quantity of dishes, one round basket, oil cloth, apron, quantity of clothing, box religious matters, metal box personal effects, carton personal effects, fur neckpiece, badminton racket in press, small child's wheelbarrow.

THE COMMISSIONER: Is that everything, Mr. Cherniack?

MR. CHERNIACK: Just one thing more, my lord; I am certain,

my lord, at a later date the confusion and the state of mind and the activity that went on prior to evacuation will be adequately presented to your Lordship. My learned friend has raised the question of the itemization of contents and intimated the witness had filed a prepared and elaborate itemized list. I could go into the question with this claimant as to what went on during that period of time.

THE COMMISSIONER: I think it is reasonable to infer there must have been a period of disorganized effort.

MR. CHERNIACK: Thank you, my lord, that is all.

THE COMMISSIONER: That is all, thank you, Nagasaka.

MR. CHERNIACK: Oh, there is one more question of Nagasaka.

Q You have gone over these items on the statement with Mr. Leckie, witness, Are you now claiming for any goods which did not belong to you?

A No.

MR. HUNTER: I wonder, in view of the fact that the witness has been recalled, I could ask one further question.

THE COMMISSIONER: Yes.

MR. HUNTER: Q: Now, Mr. Nagasaka, why did you make a claim for goods which you received and which you have since acknowledged having received?

A No, there aren't any things of that nature included in the claim. I have struck them all out.

Q That is not the question I asked you. I asked you why you claimed originally for things that you had received.

A I have deleted such items.

THE COMMISSIONER: If it can be shown later, Mr. Hunter, that there were items included in the original claim

which he actually received that perhaps will be a matter of comment in the course of argument.

MR. HUNTER: Quite, my lord, and I would intend to dothat, but I wondered if he had some explanation forit.

THE COMMISSIONER: Perhaps I might put the question to him.

Q Government counsel tells me that you did include in your original claim articles which had been shipped to you. Have you any explanation to offer?

A I have a list with me. I can explain it from that.

THE COMMISSIONER: All right, get your list. Mr. Interpreter, will you convey to him that I do not want the details. All I am asking him for is his explanation as to why he included articles which had been shipped to him.

MR. NAGASAKA, JR.: We have never claimed for anything that has been received.

THE COMMISSIONER: Q: Well I would like the witness to answer it.

A As far as I know, such things were deleted. When I took it up with Mr. Cherniack, those items were deleted.

THE COMMISSIONER: I do not think we are going to get very far. All right, that willdo.

(Witness aside)

THE COMMISSIONER: When you have completed Exhibit 5, it will be returned to the Secretary.

MR. CHERNIACK: What I had in mind was if I couldn't get it done today, I coulddo it in Fort William.

THE COMMISSIONER: That is quite satisfactory.

Comments re Appraiser's report not covered by above information: The appraiser says garage (shed) was 20 yrs. old. It was built in 1939 - greenhouse was 5 years old (not 20). I disagree that the land was in poor condition with numerous weeds. It was in fair condition and spring attention had not been given at time of evacuation. All of the buildings (in addition to the erections described as good) were in quite fair condition and serviceable. The land in crop was ploughed every year and the poultry runs every third year and lime applied. There was no pollution when we were evacuated. In my opinion the valuation is very much below a fair value for this property.

Comment- This property was certainly not "very poor" as the appraiser states. It was excellent poultry land and quite good for growing berries with the necessary cultivation and fertilization. I believe that this property when sold by the custodian was worth at least $12,500.00.

Farm Appraisal Report

Remarks: This is a very poor property situated on the benchland south of the Fraser River. It lies on the height of land and soil is for the most part of a light sandy gravelly nature, porous & hungry. Numerous boulders are scattered over the southerly portion of Lot 104, whilst Lot 107 is for the most part uncleared bush. The property has been operated as a straight poultry proposition for a considerable number of years and it is said that the land adjacent to poultry houses is polluted and should remain fallow for several years - judging from general appearance, this condition is indicated. There are three good buildings on property, viz.: poultry house No. 7; Garage, and Incubator house. The first two mentioned are comparatively new construction and in good condition. The incubator structure is new construction, insulated, lined and insulated, on cement foundation. Outside of these buildings the balance are old and generally in poor condition. Property is leased to J. Eskidsen, as from Apl 1942 for a period of 3 yrs. for 40% of fruit crop. Japanese owner is responsible for payment of taxes.

RE: Mr.and Mrs. Sanjiro IKEGAMI

I have today examined the undermentioned articles and am convinced that they are valueless and should be abandoned:

Mattresses
2 Beds and springs (springs broken)
Quantity of clothing
Fishing rod (part)
Clothes cabinet (converted packing case)
Crock (broken)
Home made table

The room had been infested by rats.

Dear Sirs,

I was informed from Mr. J. Eskildsen, of R.R. No.1, New Westminster, B.C. Delta Municipality, whom I leased my poultry farm to, advised me that he has to give up his lease in favor of somebody that can put the place into production because he was not actually putting the farm in operation.

If this is so, kindly, if it is possible to make arrangements to have the new incubator house unused on our farm because I am storing several of my friends furniture and other merchandise. I would also like to leave some furniture with Mr. Eskildsen.

If this arrangement is possible, kindly send me a reply by return mail.

Yours truly,

K. NAGASAKA B.C. 442-P CASE NO. 850

A poultry farm located on the Horel Road just west of Scott Road in the Municipality of Delta. Identification was made by use of the legal description and the house number appearing on the Farm Appraisal Report photostat.

This unit is primarily a poultry farm: a place for the production of poultry and eggs. It is in the shape of an elongated "L" with the foot bordering the Horel Road. The layout and condition of the buildings suggests that the property was, in 1942, showing the results of a long time development program.

We were not able to locate a resident or neighbour who could give us any information on the property. The buildings are now empty except for one which is being used as a piggery.

The soil appears to be of a sandy gravel nature as described on the photostat: a condition quite suitable for the purpose intended. We confirm the presence of the fruit trees and currants as described on the photostat.

The condition of certain of the buildings and the notes given in the photostat indicate that very substantial improvements were made just prior to the evacuation of the owner. Two of the buildings account for a large part of the value of the unit and a third is of quite superior construction. The capacity of the two-story incubator house suggests that a chick-business, or at least a hatching business, was operating or had been started.

The glass house is still standing and is in quite fair condition. One of the wells has a substantial cement cribbing around it. We were not able to locate pumping facilities.

We were not able to locate all the buildings described or sketched by the first appraisal, but we were able to confirm the presence of building scars and debris in locations suggested by the photostatic sketch. Where we were not able to

locate a building it was accepted at the figure shown on the photostat.

The methods used in appraising this holding are the same as set out and described for Cases 493, 813 and 850 in the Japanese Claims on which we have reported for Campbell, Brazier & Co.

The value of $216.40 as shown in the photostat for the land is accepted.

Table 4 sets out our schedule of values.

Table 4

BUILDING	DIMENSION	AGE	SSB PRESENT DAY VALUE	BIRD CAPACITY	CLEMENT VALUE PER BIRD	VALUE PER UNIT	NOTES
House	22 x 34	20	$ 300.00			$ 300.00	
Garage & Shed	20 x 30	3	200.00			800.00	
Shed	14 x 40	20	50.00			50.00)	Appraised
Shed	14 x 20	20	25.00			25.00)	at board value
Incubator house	28 x 48	1	1500.00			1500.00	
Poultry house	20 x 70	20	85.00	350	$ .30	105.00

Poultry house	20 x 48	4	175.00	240		175.00	Not located
Poultry house	15 x 28	20		105			Not located
Poultry house	26 x 30	20		195			Not located
Poultry house	24 x 116	20	300.00	696	.50	348.00	Piggery
Poultry & feed (7)	20 x 236	4	1000.00	1100	1.70	1870.00	
11 Colonies			55.00			55.00	
		Totals	$3710.00	2866		$5288.00	

Total value:

Land $ 216.40

Buildings 5228.00

~~$5444.40~~ $5504.40

A competent poultry operator would be needed to handle this unit in a proper manner. A competent operator should have been willing, in our opinion, to pay ~~$5250.00~~ $5400.00 for this unit in 1943.
