MURATA, Sueko Irene (f) CB but National by marriage #05810 File #00114

Our names had been signed on the list requesting for repatriation to Japan in June as we could not move to New Denver.

Since that date, we have given this very careful thoughts and have now definitely made up our minds and wish to remain in Canada.

Reason why I signed is mother is getting on in years (68 years old) so unable to relocate anywhere. Have two small children to look after. Have separated with husband and living apart. He is in Slocan and if I moved to New Denver I know he will be annoying me again. Was told first that it was unnecessary to sign but later in June was told to sign or relocate. I had no alternative but to sign since being in poor health and could not relocate.

Born in Canada but went to Japan:	
To Japan	Dec. 4, 1923
Came back in	May, 1924
Second entry to Japan	Nov., 1933
Came back	July, 1934

Would you please see that our names are cancelled off that list and consideration given for us to remain in Canada.

Hoping you can let us know as soon as possible in order that our minds may be at ease.

Thanking you for this trouble.

We are yours sincerely,

Last April I signed the forms to repatriate to Japan. I had no intention or have any desire to give up Canada, a country of my choice for nearly forty years.

I am not able to do any hard work because of my old age and had I not signed for "repatriation" I feared of having to go east of the Rockies of which I was in no position to do so because of being a widower and having four children of schooling age whom are all dependent on me, and besides having the sense of insecurity of not being able to acquire secure employment to maintain the livelihood of my family. I had no alternative but to sign for "repatriation" for I did not wish to leave Tashme for the above reasons.

Have been in Canada for over 30 years and have educated our children under Canadian customs. After the outbreak of the war, we had to come to Tashme. Early in 1945, they gave us the choice of going to east of the Rockies or to Japan. We did not wish to go East because the insecurities and uncertainties in the policy followed by the Dept. of Labour. We also had no intentions of going to Japan so we signed because we heard that cancellation was possible at a late date, and knowing that Canadian Democracy would not allow such an unjust policy and in the meantime trusting that matters would be clarified.

At the time of signing, our baby was still small, and I was afraid to have her and my wife face the uncertainties of housing, and the difficulty of my getting a suitable job in the East. I was working in the gang on the C.P.R., but could not find housing accomodation for them near my work, therefore, in order that they might stay in Tashme, where housing was assured, and in order that I might retain my job, I signed for repatriation to Japan.
