

## Japanese Property Claims Commission

The position regarding when this Sub Commission will complete its hearings, as at November 5<sup>th</sup>, 1948, appears to be as follows :-

Number of Claims received from Vancouver as at November 5<sup>th</sup>, 1948 248

Less: Cases which will be heard jointly with other cases or where Claimants have made two claims to be heard together 3  
245

Cases which have been heard to Friday, Nov. 5<sup>th</sup> 129  
Cases still to be heard 116

Number of Sessions required to complete hearings, taking 6 cases per day 19 (approx)

Number of days on which Commission will sit up to and including Thursday, Dec. 2<sup>nd</sup> 19

Consequently, there are at present 2 cases to be heard on Friday, December 3<sup>rd</sup>, 1948

We would impress upon the Counsel for the Claimants to see that 6 cases are called every day from now until all cases are heard
