June 8, 1946.

Mrs. S. Nishihata,
Reg. No. 02741,
Tashme, B.C.

Dear Mrs. Nishihata,

I have for acknowledgment your letter of June 4 and note with pleasure that you and your family intend relocating to Eastern Canada.

Regarding your radio, I think the best procedure would be for us to hand it to one of the most reputable transfer companies, such as Crons or Beacon, and have them crate it and send it to you express collect at your new address. You did not mention this address in your letter, but since I clear permits in this connection I shall make the necessary arrangements.

We were very pleased to care for your radio during the past four years. It was kept in an even temperature and was played occasionally and seems to be in very good shape.

I sincerely hope that you and your family are happy and successful in Eastern Canada and that you will meet with good opportunity.

Yours truly,

C.V. Booth
