VANCOUVER, B. C.

January 10th, 1944

Mr. H. P. Lougheed, Supervisor,  
B. C. Security Commission, NEW DENVER, B. C.

I am advised by Ernest L. Magg, delegate in Canada for the International Red Cross Committee, that the following merchandise off the S. S. "Gripsholm" has been shipped to your area:

7 cases of Green Tea  
75 small barrels of Shoyu Sauce  
2 large barrels of Miso Paste

Mr. Magg requests that "the merchandise may be distributed at the discretion of the spokesmen for the Japanese Nationals in these various districts. If they wish to let the Nisei and Naturalized Japanese share, they may of course do so".

Will you please afford the committee whatever facilities we may have to expediate the distribution of these goods and have the receipts properly signed and returned to this office immediately upon delivery of the merchandise to your project.

(Signed) George Collins
