Messrs. Gowing, McTavish, Osborne  
and Henderson  
Ottawa, Ontario

Attention: Mr. Osborne, Mr. Merriam, or Mr. McClenahan  
or Member of the Firm

Dear Sirs:

Introducing Mr. Kiichi Asano.

Mr. Asano is a student from Japan who, with some four or five others, has for some time been at the University of British Columbia pursuing his studies. Mr. Asano has been interesting himself in International Law.

He is anxious to see something of the Supreme Court building and to gain information as to the operation of our highest Court, and possibly to be directed as to how he had best go about seeing the Parliament buildings and meeting any of the officials there who might be interested in him and what he is doing.

Any courtesy that you may be able to show to Mr. Asano will be much appreciated by me.

I have in mind your very great kindness to one of the Japanese Judges who was here and in respect of whom Mr. Osborne took a great deal of trouble. I think that I told you that after his return to Japan I received a formal letter from one of their government authorities expressing their appreciation of all that we were able to do for him here. I know that our Consul here was very pleased indeed.

All this is to the good on the footing of international relations.

Yours very truly,

Mr. Justice T.G. Norris

Dear Kit:

I enclose herewith a letter of introduction to members of the firm of Messrs. Gowing, McTavish, Osborne and Henderson. This is one of the leading firms in Ottawa. I know two members of the firm very well indeed and I am quite sure that one of them would be glad to assist you. I have noted on the letter the names particularly of Mr. Osborne, who was one of my officers overseas, Mr. Merriam, who is very prominent in Canadian Bar Association affairs, and Mr. McClenahan. If these gentlemen are not there, please ask one of the secretaries to present your letter to a member of the firm.

I do hope that you will have a pleasant visit in the east and that we will see you back in Pitt Meadows in October.

Kindest regards,

Yours sincerely,

REGIONAL TRAINING CENTRE FOR UNITED NATIONS FELLOWS

Cables: "UNOVAN" VANCOUVER

UNIVERSITY OF BRITISH COLUMBIA  
VANCOUVER 8, CANADA

22 September 1960

My dear Mr. Justice:

United Nations Fellow Yoshimitsu Yamada from Japan has completed his training programme, and on behalf of my associates in the United Nations, may I thank you for your invaluable assistance in helping to make his Fellowship a success.

Judge Yamada has told us how very helpful and kind you were to him and how generously you gave of your time to assist him. I have no doubt that as a result of Judge Yamada's experience and training with you and your colleagues during his Fellowship, he will be much better qualified to carry out his work and assume his responsibilities in his country's development plans upon his return home.

Sincerely yours,

Dear Mr. Dore:-

Mr. Justice Norris has asked me to acknowledge your letter of May 16th with regard to the Japanese students who will be in Vancouver this summer.

Mr. Justice Norris is on circuit and will not be back in Vancouver until the end of this month. When he telephoned from Cranbrook yesterday, I told him the contents of your letter. He will be glad to have a student over the weekend of July 1st - 3rd and, as you suggest, probably the third year law student would be a good choice.

I telephoned Dr. John Norris and discussed the above with him. He said he would see you Friday evening.

It may be that it would work out better if two students were Mr. Justice Norris' guests for the weekend, particularly if they don't speak English to any extent. John will also discuss this with you. The Judge has ample accommodation for two.

Yours sincerely,

Secretary.

Dear Mr. Justice Norris,

I promised sometime ago to let you know how arrangements for entertaining the Japanese students were progressing. It turned out, in the end, that only two of the students going to Japan lived in Vancouver and could board a Japanese student. And yours was the only additional offer of hospitality which we received. Subsequently, the Koerner Foundation offered to pay the residence fees for all the students for the whole period. We decided, therefore, to put them in the University residences, but to try to arrange entertainment for them at the weekends. For two or three weekends they will be taken on trips all together, but for the long weekend July 1-3, and for Saturday and Sunday, July 23, 24, we are hoping to board them out in private homes. I wonder if it would be possible for you to take a student for either, or both, of these weekends? I enclose a list of the students; you will see that one of them is a third year Law student, who, I am sure, would be delighted to have the opportunity of staying with you. (or student)

You also asked me to let you know about the travel fund. It has been established under the name Japan Student Exchange Fund and I should, of course, be grateful for any donation.

With best wishes and again many thanks for your kind offers of assistance.

Yours sincerely,

Dear Mr. Justice Norris,

Very many thanks for your letter of 4th January, and for your generous offer to put up a student for the Summer Session period. It sounds like an ideal situation. I will certainly let you know how the scheme progresses, who the Japanese students will be and when they will arrive. As far as the fund goes, the response has so far been small and I may drop the idea of a travel fund altogether. However, if we do go ahead with this I will most certainly contact you and let you know how and by whom the fund will be administered.

With best wishes, and again many thanks for your generous offer.

Yours sincerely,

Dear Sir:-

I received your circular letter of 16th December with reference to entertaining a Japanese student during the summer.

I live at Pitt Meadows and go in and out every day except Sundays and sometimes except Saturdays. I have ample room in my house and will be glad to put a student up. He could come into town with me in the morning and go out when I go out in the evening. I would be willing to put him up for the whole six weeks. He would, however, to some extent have to fend for himself as I get my own breakfast and have lunch in town. Sometimes I have my dinner in town and sometimes I get it for myself at home. I will be glad that he should have dinner with me when I have dinner in town and would look after him for his evening meal when I am at home. I have no housekeeper but a woman comes in every day to wash dishes, clean the house, make beds and do the washing. There is a bus service into town in case he wanted to come in at times I was not driving in.

I thought it best to write you rather than fill in the form you sent because of the peculiar circumstances of my case.

I have an excellent library and the house is extremely comfortable. I would see, of course, that he got around and generally was looked after.

I suggest that you discuss the matter with my son, John, who is an Assistant Professor of History at the University. He will explain to you any details

of how I live. The surroundings at home are beautiful and I have a good garden.

With reference to a donation to assist with travelling expenses I suggest you give me a call on the telephone and let me know what I might be expected to give and we can discuss the matter then. My telephone number is Mu. 4-9311, local 222.

Yours faithfully,

(The Honourable Mr. Justice T.G. Norris)

I would be grateful, should you be able to help in any way, if you would return the attached form to me. Would you also, please, ask any U.B.C. student who might be interested in going to Japan to contact me at the University.

To the Members of the Japan Society.

16th December, 1959.

The University of British Columbia has for a long time maintained good relations with Keio University in Tokyo. We have regularly been making an annual student exchange, and many other Keio graduates have come to do post-graduate work at U.B.C. This year Keio has proposed, and we have decided to try to co-operate with, a summer exchange of students.

The idea is that five Japanese students would come to Vancouver and be given free accommodation, board and entertainment by a Canadian family for the six weeks of the U.B.C. Summer Session. In return five Canadian students (possibly, and indeed preferably, from the same homes) would be boarded and entertained with an English-speaking Japanese family in Tokyo for the same period.

As soon as the new term begins at U.B.C. this scheme will be advertised among the students. Meanwhile, it would be very helpful to know whether any members of the Japan Society would be willing to entertain a student for all or part of the six weeks, 27th June to 6th August; also whether there is any possibility of receiving donations from members of the Society to finance the boat passages of both the Canadian and Japanese students. If some such financial support were available, the value of the scheme would be considerably enhanced.

I would be grateful, should you be able to help in any way, if you would return the attached form to me. Would you also, please, ask any U.B.C. student who might be interested in going to Japan to contact me at the University.
