The City Clerk,
Cumberland, B.C.

Dear Sir:

Re: The Former Japanese Church Site

On November 30th last I sent you an enquiry regarding the above property, but so far have not heard from you. Our Toronto Office has written again asking for information regarding this parcel of land, particularly in view of the fact that we hold a bill of sale for same.

If you will refer to my letter of last November you will note the information for which I ask, and I would be very grateful to you if at an early date you could let me know whether or not the documents we hold are of any value.

Yours very truly,

Supt. of Home Missions.

RE: CUMBERLAND JAPANESE CHURCH

Dear Mr.McDonald:

Replying to your letter of July 16th. I may say that Rev.Clifford Jackson, Convener in the Victoria Presbytery, and I, visited the above property on our recent trip up Vancouver Island. We needed only about thirty seconds when looking over the building to give but one opinion, and that is, we are fortunate to get even Seventy Five Dollars ($75.00) for it. At the time of our visit there was nothing in the building, and owing to the absence from the city of our minister at Cumberland, we were unable to check with him on what furniture is stored in the Cumberland church, and which was formerly used in the Japanese building.

In the matter of the cancellation of the insurance, the Policy was given to Mr.Cleland whom I was away on vacation, and I presume that he has written you regarding it.

Enclosed is the cheque for Seventy Five Dollars ($75.00) from the Canadian Collieries in payment for the building.

Yours most sincerely,

WPB/AD

Dear Mr. Bunt,- Re Insurance Cumberland, Japanese

I have your letter of July 12th and note what you say in regard to the vandalism to the Japanese Mission, Cumberland. I am wondering if I understand your letter correctly. Do you mean that the whole building was demolished and that the buildind and furniture were sold to the Coal Company for $75 or do you mean only that what was left of the furnishings apart from the piano was sold for $75. While your letter would indicate that the former is what you mean, it seems rather amazing that the property, which was insured for $700 should be reduced to such a state as to be worth only $75. However I am complying with your request and am sending you the policy with cancellation of our interest and no amount filled in. If this cancellation is only on the furniture, please quality it accordingly. As soon as you have completed the business with Mr. Cleland, you will please forward us the information.

Very sincerely yours,

Dear Mr Macdonald,

Re Insurance, Cumberland Japanese

After evacuation of the Japanese, the building in which we carried on our work at Cumberland apparently was the object of a smashing-up gang of hoodlums, as a result of which it was very considerably damaged. Fortunately, the piano had been removed by the Convener for the Presbytery, and taken to the Chinese Mission in Nanaimo; Mr. Reed has a record of this. Other articles of furniture, none of which were very valuable, were removed to the United Church in Cumberland, and are in the basement of that church. Mr. Nixon, the Minister in Cumberland, wrote me a couple of weeks ago urging that we make some disposal of what was left of the building as soon as possible, as otherwise there would be nothing to dispose of. Consequently I advised him to get whatever he could for what was left of the building. In reply he wrote that he had sold it to the Coal Co., for $75.00, and I expect in a day or two to receive the cheque for that amount.

Coming now to the Insurance, which was for a very small amount. If you will sign in the proper place for the cancellation of the policy, and return it to me, Mr. Cleland will make application for a refund of a portion of the premium. Do not fill in any amount, as that will be determined by the Insurance Company. If you will let me have this in a early mail I shall attend to it.

With kind regards,

Dear Mr. Nixon: Re Cumberland Japanese Church

In reply to your letter of the 25th. I may say that until your letter came I had not heard of the sale of the old stoves in the building to the Company. I presume that it was about the only thing which could have been done.

You say that "the old mission is partially destroyed and all the furniture entirely so." Who was responsible for this destruction?

As to the building, you had better go ahead and get what you can for whatever is left, and then let me have a report on what has been done. The Company owns the lot, but we owned the building.

Dear Mr. Bunt:

The insurance on the Cumberland Japanese Mission will expire on October 1st. The policy is No. 199869 in the North West Fire Insurance Co., for $500 on the building and $200 on the furniture. The furniture is the property of the Japanese people and they contributed $5 towards the premium of $12.60.

I believe you were satisfied with the amount of insurance carried, but you were going to inquire into the matter of the agency. It is the Tanaka Agency, 415 Powell St., Vancouver. It is quite possible that this agency no longer exists. We shall leave the matter of the renewal of this policy in your hands. If there is any chance of selling, we ought to keep it insured.

Dear Mr. Nixon,

The Home Mission Board has approved of selling the building which was used by the Japanese for our United Church Mission, but I can well understandd that in its present location it may not be much of an attraction to any buyer. I wonder if you would be good enough to print some sort of a "for Sale" sign and put it up on the building. You might add, "apply Rev.J.J.Nixon", and then if you got any offers you could communicate with me right away.

Trusting that you and Mrs. Nixon are getting settled in Cumberland, and that you will have a very happy pastorate there.

I have received a copy of the letter of Dr. Dorey with reference tp the Japanese property at Cumberland. When I was in Cumberland a few days ago I looked over this property with Mr.Anderson. I do not think there is the least possibility of selling it as it is located in the Japanese settlement and from a property point of view in a mosr undesirable location.

I would suggest that Mr.Nixon be asked to print a sign offering the property for sale and listing him as the gagent. Then if anyone should be interested they would know where to apply nand there would be no ecpanse.

Dear Mr. Bunt,- Re: Cumberland Japanese Church Site

You will recall that in August of 1943 you received $75.00 from Canadian Collieries for the Japanese church building at Cumberland.

I find that we are still holding a copy of the Bill of Sale from W.L. Scott to K. Suga, and the two copies of the Bill of Sale, G. Suga to The Methodist Church, covering the property known as No. 306 situate at No. 5 Japtown, near the said City of Cumberland. Back in January of 1915, P. P. Harrison, Barrister at Cumberland, looked after this for Dr. Osterhout, and he advised Dr. Osterhout that the Bill of Sale, Suga to the Methodist Church was an assignment and transfer of the Bill of Sale, W.L. Scott to G. Suga, and did not require registration, and that the original Bill of Sale, Scott to Suga was registered some time previous.

While we are holding these documents in our files, I am wondering if they are of any value. From the description given in the documents it would look as if all our interest was in the house and contents and that we did not own the land. Perhaps you will let us know about this at your convenience.

Yours sincerely,

Our Toronto Office is holding a bill of sale, re the above property, from W.L. Scott to K. Suga, as well as one from Suga to the Methodist Church. The property was known as No. 306 situate at No. 5 Japtown near the City of Cumberland. Back in 1916 a Cumberland lawyer by the name of F.P. Dear Dr. Osterhout:

This will acknowledge receipt of your letter of Nov. 19th explaining the situation in reference to the Japanese Mission Building at Cumberland. In spite of what you say about our files, we were relying on a paragraph in a letter from you, addressed to Dr. Cochrane, under date of May 8, 1935, which begins: "We have no Japanese building in Cumberland....." We took that to mean exactly what it said.

Since receipt of your communication indicating that the Chinese Mission in Cumberland came into Union through the Presbyterian Church, we have been trying to find some records concerning that property, but up to date, without success. I understand that the Oriental work carried on by the Presbyterian Church was under the direction of the Board of Foreign Missions at the time this property was acquired, and their deeds and other documents were kept by the Treasurer. Of course it is possible that the situation here is similar to that in connection with the Japanese building, namely, that it is erected on Company property, and that we are in reality, from the standpoint of law, only squatters. It may be, too, that the local Chinese own the building. In any event, so far as our records are concerned, we now have a clear idea of the relationship between our buildings for carrying oh work among both the Japanese and Chinese in Cumberland, and we appreciate your co-operation.

We also acknowledge receipt of deed to Block 10, Subdivision of Lot 103 Cassiar, near Hazelton. Miss Best has discussed this with Dr. H.C. Wrinch, who is here in the City, and I think we understand now exactly where that four acre lot is located in reference to our Hospital property at Hazelton. The deed is made out to "The Home Missionary Board of The United Church of Canada" but Mr. Whitehead thinks it will not be necessary for us to have this changed at present. It may be a bit troublesome if we should ever wish to sell.

With very kind regards, I am

Yours cordially,

Rev. K. J. Beaton, B.A.,

Dear Mr. Beaton,

RE JAPANESE MISSION BUILDING, CUMBERLAND

I have your letter of November 10th concerning the above item and have looked through our files to discover the enclosed document, which is a copy of a similar one forwarded to head office January 20th 1916. Why can you not in Toronto keep your files in such condition that when a paper is required you can turn it up just as we do here in Vancouver!

The building was purchased for a very nominal sum and while the land on which it stands belongs to the Coal Co. operating in that whole area and which I suppose as a matter of law includes also the building, yet we have nominal claim upon it nevertheless and the Lawyer in Cumberland made out the bill of sale accordingly. At that time there were some furnishings in the building which belonged to the former Board of Missions but thr ugh the process of the years these have all disappeared and when we again gained possession of the building early this year, it had no furnishings whatever. Mr. Uno borrowed a bed a table and a few chairs, as well as a stove, and has made that his habitation during the Summer, at some saving I presume to the Board of Missions and he will continue to use those quarters twice a month as arranged for his week-end supply. The members at Cumberland seem to be satisfied with this arr ngement and the Mordmans have promised to co-operate as much as they are able in keeping up the interest in the work.

The building will be in constant use, as the members according to an earlier report to you, have employed a Japanese teacher to teach two or three hours every day at the close of the regular public school session, an arrangement which is very pleasing to our members there.

This is the same building to which the grant of $100 was made for repairs some time ago. This building is now in good shape and we will see to it that no Japanese family is allowed it's occupancy in the future, as it is much easier to let a man occupy a building than it is to get him out of it when you require it yourself. Furthermore, I hope that hereafter we will at least be able to supply this work with a student, when the building will be in constant use in addition to the school activities.

1/20

The only other Oriental property in the vicinity of Cumberland is in Chinatown, which is a little church formerly owned by the Presbyterian Board which was partly repaired last year and for which a small grant of $35.00 has been provided recently to complete the repairs.

Possibly I showed you the Japanese School building on the top of the hill in which Mr and Mrs. Nomoto lived until he was appointed to the Steveston-Westminster work. We have no interest in that building whatever and more especially so since the Christians have withdrawn their children from that school.

I have gone over the list of properties with which your office was good enough to supply us and as near as I can discover the Deeds have all been forwarded to Toronto except one, which Dr. Wrinch gave me during my recent visit to the Upper Skeena, and which I forward you herewith. It is a certificate of title for a piece of property adjoining that upon which the Hospital stands and which evidently was purchased from Rev. Price, former Anglican Clergyman and Indian Missionary of the Upper Skeena. This is an indefeasible Title and Dr. Wrinch gave it to me to forward to you for safe keeping.

Trusting that this meets the requirements of your letter of the 10th inst, and with warm regards,

I remain,

Sincerely yours,

Dear Dr. Osterhout: Re: JAPANESE MISSION BUILDING, CUMBERLAND

We have your letter of Oct. 28th enclosing insurance policy in the National Union covering the church building, furniture and fixtures of the Cumberland Japanese Mission, and cheque for $3.60 being the share of the premium assumed by the local congregation. I have been trying, since receipt of this communication, to remember the different buildings which we saw in Cumberland. I do not remember a Japanese Mission building, as distinct from the house to which we gave a grant for repairs a few weeks ago, and the Chinese building to which a sum was voted for shingling half of the roof at the last Executive meeting. We have no deeds to any of these buildings here and absolutely no information in the Property files concerning them. I thought it might be a good idea to get this cleared up before someone else takes over the responsibility.

It may be that Cumberland is a Company town and that therefore we cannot own the sites; but there would surely be in somebody's possession even then, a lease from the Company or from the original owner of the property, transferring it to the former Methodist Church as long as it is used for the purpose indicated. I wish you would take time in the course of the next two or three weeks, to find out whether among the papers being held in Vancouver, there are any documents relating to Chinese and Japanese buildings in British Columbia of which we have no copies. You will be able to tell by consulting the list that we forwarded to you, of the documents in our vault.

Perhaps I should explain that there is a little legal technicality involved, since we have no documents to show that we have any interest in the buildings or that any money was invested by the Methodist Church in the properties. We might any day get into trouble with the auditor for paying premiums for insurance on a building like this Japanese Mission. I presume that most of this building programme preceded your experience as Superintendent but there may be records in your office which would indicate what amount of money, if any, the former Methodist Church invested in each case.

I am enclosing cheque for $9.00 in favor of the Tanaka Insurance Agency.

Yours very sincerely,

Kenneth J. Beaton

Dear Sir,

I have received the enclosed Fire Insurance Policy from Mr. Ono, and am writing to Toronto for the $9.00 cheque - $3.60 of which has already been paid me by the mission members, but before doing so, permit me to suggest a slight change in the wording of the Policy. In case of fire, the $300 would be paid to The United Church of Canada, and the $200 to the local members in Cumberland, therefore the policy should be made out to - "The United Church of Canada and The Cumberland Japanese Mission", and loss if any payable to "The insured according to their respective interests" or "As their interests may appear".

With this alteration, I shall forward the policy immediately to Toronto for payment.

Thanking you for your good services in this matter, and with kind regards,

I remain,

Sincerely yours,

Dear Mr. Beaton,

I enclose herewith a Policy for $500.00 Fire Insurance - $300 on the Japanese Mission Building at Cumberland, and $200 on the furnishings, the latter belonging to the members there, and loss if any by fire to be made payable to them and to the United Church as their respective interests may appear.

The Agent Mr Tanaka, a local Japanese is a friend of mine, a member of the S.C.M. during his University course and favourably disposed to our Japanese work in Vancouver. He asked for the privilege of placing the Insurance as above when on a trip with Mr Ono to the Japanese groups at Great Central Lake, Sproat Lake and Alberni, Mr Tanaka furnishing the transportation. I thought it was well to cultivate his friendship a bit by taking out a Policy as he requested with his company. Besides I understand he made a discount of more than 10%.

The arrangement I have made with the Mission is that they should pay the two-fifths and the Board of Missions the remaining three-fifths of the premium. Mr Ono brought their payment and handed it in to me the other day and I am passing that on to you in the cheque herewith enclosed. -

Trusting that this will be satisfactory and with kind regards,

I remain,

Sincerely yours,

Dear Mr. Herdman,

In the absence of Dr. Osterhout from the city, I am taking the liberty of writing you regarding the Cumberland Japanese Mission Building. An Insurance Co., here have 'phoned wanting to know the legal description of the building, the Japanese are evidently putting some insurance on it. We have nothing on file here giving the legal description, and as I do not know whether Mr. Ono is still on the ground or not, I am troubling you with this. Is there any way in which you could find out the legal description and let me know?

Rev. Thomas Keyworth,
Grand Forks, B.C.

Dear Mr. Keyworth:

I regret very much that you have been ill, and trust that by now you are well on your feet again. Sickness has been very prevalent all over British Columbia, and when I returned from the Kootenay I found two of my family in bed and the other two should have been. The result of it was that I caught the bug, and have not completely thrown off the cold even yet. About three days in bed was all that I felt I could take, owing to the annual meeting of the Home Mission Committee.

Our Special Committee on Japanese, held a lengthy session when Dr. Dorey was here, and the thing which gave us most concern was the proposal to sell the property of the Japanese. The committee took a very definite stand against such action, and Dr. Dorey sent a communication to Dr. Cochrane by air mail, asking that the Sub-Executive of the General Council be called together to register a strong protest against such procedure. Dr. Dorey, with the help of a Vancouver Lawyer prepared a very fine statement to be presented to the Sub-Executive. You might let Mr. Ogura know that our Church is taking action and he in turn might pass the information along to his people. The other matter of taxation is secondary to that of the proposal to sell, and so the committee is directing its protest against the more serious consideration of the two.

I am enclosing a statement to the Tire Ration Officer which I hope will secure for Mr. Ogura, the additional tires which he requires.

With my kindest regards to Mrs. Keyworth and yourself,

I remain,

Yours most sincerely,

The Custodian of Enemy Aliens Property,
Royal Bank Building,
Vancouver, B.C.

Dear Sir,

In responde to the request from your office for a list of the United Church Properties which were used by our Japanese congregations, I submit the following:-

1. Cumberland: Lot 24 Nelson District, building known as No.306, at No.5 Jap-town, near the City of Cumberland. The Title to this property rests in the Coal Company which owns most of the land in and ar und Cumberland. The building was provided by our Church, and in the meantime we keep it insured.

2. Ocean Falls: North East Corner Lot 31 Range 3, Coast District, Part of lot 103. The Title rests with the Pacific Mills Co, and is held by the United Church of Canada on a ninety-nine years lease.

3. Queensboro: Lot 26, Block "A" on Lot 757, Group 1 New Westminster. The Title is in the name of the United Church of Canada.

4. Steveston: Lot 9 Block 3 of Section 10 Block 3 North, Range 7 West, New Westminster District. The Title is in the name of the Methodist Church.

5. Vancouver: (a) Lots 23 & 24 Block 33 D.L. 200 A, Plan 197 Group 1 New Westminster District; corner of 6th Ave.' Columbia Street. The Title is in the name of the United Church of Canada.

HOME MISSIONS SUPERINTENDENT (BUNT)

5. Vancouver: (b) Lots 1 to 4, Block 53, D.L. 196, corner Powell St., and Jackson Avenue. The Title is in the name of the Methodist Church. (legal successor United Church of Canada).

6. Mission City: This property is in process of transfer from the Trustees of the local congregation to the United Church of Canada. Mr. Oscar Lundell, Barrister and Solicitor, 510 W. Hastings St.,City, has the matter in hand and some months ago secured consent from the Custodian to the transfer of this property to the United Church of Canada. The transaction is practically completed at the present time. The legal description is Lots 7 & 8, Block 6 of Section 21 Township 17, Map 664, District of New Westminster.

While the titals to the Steveston and Vancouver Powell Street properties are in the name of the Methodist Church, yet by virtue of the United Church of Canada Act, the United Church of Canada is the legal successor to the Methodist Church, and consequently is the present owner of those properties.

Trusting this information is what you require,

I remain,

Yours very truly,

Superintendent of Home Missions.

July 3, 1942.

Mr. John Paterson,
Recording Steward,
United Church,
Kaslo, B. C.

Dear Mr. Paterson:

The Conference Committee on Japanese Work met yesterday and after hearing the report of Rev. Mr. McWilliams on his recent visit to Kaslo the Committee instructed me to write and ask for the opinion of your Official Board on the following proposals in connection with our work among the Japanese now living in Kaslo.

1. The use of the old Methodist Church after it has been repaired and made suitable for through-the-week work among these people. We understand that the Security Commission is prepared to make a grant of $250.00 towards the repairs of this building and if additional were needed it is likely that the W. M. S. and the Home Missions Board would be willing to share in the expense.

The property would still remain in the hands of your Trustees and after it is no longer needed for the Japanese work would be available in a much improved condition for whatever your Board might wish to do with it. I presume that the necessary repairs would include shingling, building a kitchen and putting in necessary sanitary accommodations.

2. The making of certain improvements on your present Church building which would fit it for the work which would be done among the Japanese both by the W. M. S. and the Japanese pastor.

The idea would be that after the required repairs were agreed upon and the cost known, a recommendation would go to the Home Missions Board and the W. M. S. to share in this expense. It should be made quite clear to your Board that the use of your Church for Japanese work would mean its almost constant use throughout the week. The Home Missions Board and the W. M. S. might reasonably be

HOME MISSIONS SUPERINTENDENT (BUNT)

1/20

expected to recompense you for incidental expenses such as light, heat and minor repairs which would arise from the building being in constant use.

3. That another building quite apart from either your Church or the old Methodist Church be secured either by purchase or rent and used for all work among the Japanese, except the Sunday services.

The Committee recognises the fact that there are thosemembers in your congregation who have reasons of their own would prefer not to have the Japanese using your Church, and the Committee is quite prepared to recognise the right of these members to their own opinion in the matter. I understand that it has been mutually agreed that the Canadian-speaking Japanese are to enter in to the fellowship and worship of your regular congregational life.

Regarding proposals 1 and 3 the Committee is inclined to think that there might be the least amount of difficulty in one of the other of these. Whichever plan might be adopted it is to be expected that the Japanese congregation will have its own local Board and, under its own pastor will manage and direct as a separate organization, the work and worship of its people.

It would further look to us as if that might be more easily accomplished if the Japanese work were carried on in a building which they might look upon as their own and, to the Committee, it would seem as if proposals 1 or 3 would be preferable to Number 2.

Will you arrange with Mr. Armitage to call a meeting of your Board and discuss the content of this letter? And will you make it clear that the proposals are not mine personally but those of the Committee. I am sending Mr. Armitage a copy of this letter.

With kind regards, I am,

Most sincerely yours,

WPB/HCR.
