'RED THURSDAY' MOVE FAILS

DEMONSTRATORS QUELLED

MEETINGS IN CANADA SMALL

WINNIPEG, March 7.—Communist demonstrations throughout Canada yesterday—set aside as "Red Thursday"—proved of small importance. Not one life was lost; there were few clashes with the police and only comparatively few arrests.

Here demonstrators, 400 strong, were dispersed by baton-swinging policemen when they attempted to stage a procession through city streets.

Prominent among the leaders was Alderman W. H. Kolisnyk. As he shouted words of encouragement to his followers, he was hurried away and the "battle" with police lasted only a short while.

At Toronto there were no casualties. Ten persons, however, were taken to the central police station, lectured, and later allowed to go home.

LIVELY DAY IN U. S.

NEW YORK, March 7.—There were many minor outbreaks throughout the United States in yesterday's "Red Thursday" demonstrations.

Today some of the demonstrators were in jail and some in hospitals. Hundreds nursed lacerated scalps, black eyes and bruised noses. And the rest—thousands of thousands—had gone peacefully back to flats and bungalows enjoying the exhtraration of having seen "a real show."

For into the night New York police detectives worked to sort out Communists from innocent onlookers among the 100 injured in the prison ward of Bellevue hospital, and in Cleveland, Detroit and Seattle hundreds of persons who no doubt are not Communists at all, nor even out of job, were recovering from night-stick blows.

FOSTER ARRESTED

With nearly 100 injured and almost as many arrested, including William Z. Foster, presidential candidate of the Workers' Communist party in 1928, New York's demonstration was the biggest.

In Detroit 13 were reported injured and 23 arrested.

In Washington the police used a tear gas bomb and their night sticks to disperse a squller crowd that gathered outside the White House grounds.

Twelve were arrested.

"GO TO RUSSIA"

At Portland, Ore., a band of 30 self-styled "communists," surrounded by a crowd that number of police and at least 1500 spectators, met in the Pine block here today, marched to the city hall in orderly manner.

Mayor George L. Baker attended the city hall gathering and declared, "If you want to establish the Soviet form of government in the United States you had better get on a boat and return to Russia."

CLASHES IN EUROPE

LONDON, March 7.—"International Unemployment Day" was observed in most of the capitals of Europe yesterday with parades of Communists and isolated clashing arrests of leaders in clashes with the police, but with very little disorder of importance except in Berlin.

"Red Thursday" proved only a pale pink tea in the British isles. In Dublin a number of unemployed were charged by police, who used their batons and arrested eight demonstrators.

In London a demonstration led to some skirmishing, in which five demonstrators were injured.

Four men were arrested in Glasgow and five in Manchester.

COMMUNIST KILLED

Communists and police clashed at municipal employment offices in Berlin, the worst serious being at the central office where a mob of 5000 persons blocked the streets. One Communist was killed.

At one place the demonstrators attacked the police with bricks and cobble stones, but were dispersed shortly. Sixteen clashes were reported from Hamburg, Breslau and Kiel.

Forty were shot in fruitless efforts and Communist demonstrations of unemployment failed to materialize. Additional reinforcements of police were on hand but they failed to do.

There were demonstrations in Stockholm, Sweden, Antwerp, Copenhagen and Budapest, but no disorders were reported, although in some cases arrests were made.

HOUSE CLASHES ON 'CLOSURE'

Prime Minister's Motion Upheld by Speaker

By Canadian Press

OTTAWA, March 7.—A ruling by Speaker Lemieux declaring a motion moved by Mr. Mackenzie King, prime minister, to strike out a sixty-minute limit on speeches on the budget debate, constituted a closure motion, precipitated a lively 15 minutes in the house of commons yesterday.

Commencing carefully, headed by the Hon. R. B. Bennett, leader of the opposition, the debate was out of order.

The word "closure" figured prominently in the discussion. Mr. Bennett argued that the motion constituted a "gag" law, while Mr. Lemieux, in his ruling, declared that the motion was out of order.

It was private members' day, and the house was discussing the motion of Mr. Peter McGibbon, Conservative for Muskoka, with respect to soldiers' pensions.

Mr. King asked that both the McGibbon motion and the amendment, moved at the beginning of the discussion by Mr. W. D. Ross (Glengarry), be referred to the pensions committee.

The amendment of Mr. Ross was "that in any application for pension where disability or death occurs such disability or death shall be presumed to have resulted from and be attributable to military service unless and until the contrary is proven."

Speaker Lemieux rose and announced that such a motion was non-debatable. This precipitated the objections.

Finally Mr. Speaker called for a "yea" and "nay" and the prime minister's motion was declared carried.

BISHOP MANNING, head of the Protestant Episcopal church in New York, disturbed by the "war on God," which he finds to be world wide, blames "the intelligentsia" in America for complicity in Russian attacks on religion.

"Communism," says the bishop, "has no place in the world of Jesus."

The remarkable thing is that capitalism should have a place "in the world" of One who said: "Take all thou hast and give to the poor, and follow me." Some, with authority less than that of Bishop Manning, think that communism is at least as near to Christianity as capitalism.

AN English clergyman reveals King George's six maxims, all hung up on the walls of his library.

The first is: "Teach me to be obedient to the rules of the game."

Excellent for a constitutional monarch, obeying the will of his people.

Rulers of a different kind, Alexander, Caesar, Napoleon, had a different maxim: "See that you obey the rules of the game as I make them."

YESTERDAY Mahatma Gandhi, loved by millions of Hindus because of his sincerity, handed his ultimatum to the British government.

India must be independent, allowed to run herself or there will be "an intensive campaign of civil disobedience."

It would be interesting to know how Gandhi expects India to rule herself.

Who would take care of the rajahs and hold them in check? Who would discourage the Moslem mussulmans, fond of murdering Hindus, for sound religious reasons?

Who would keep the Afghans from coming in and murdering everybody?

KYOTO PARLEY EXPLAINED

NORTH VANCOUVER, March 7.—Mr. George Kidd, who attended the Pacific Relations conference, recounted his experiences and observations in China and Japan, during a dinner meeting of the Canadian club in the Palace hotel Thursday evening. He referred to the rapid expansion of Japan in internal and world-wide commerce.

The conference cemented friendly trade relations between Pacific coast countries and the Orient, he said.

Laments Choice Of Orientals

Special to The Vancouver Sun

VICTORIA, March 7.—Election by Victoria of a Chinese member and by Vancouver of a Japanese member of the Boys' Parliament whose sessions are held in the parliament buildings was scathingly denunciated by Mr. C. F. Davis, Conservative, Cowichan-Newcastle, in the legislature Thursday.

It might be voicing a forlorn hope to expect the Oriental problem could be satisfactorily solved, he said, but at least British Columbia should not encourage Orientals.

The two keys to success are luck and pluck—and some people call it luck in finding someone to pluck.

among soaps

because its vegetable oils protect and soothe as well as cleanse"

says

Mme. ELIN DAHLSTRAND

foremost beauty specialist of Stockholm

"Time can do nothing to a skin that is safeguarded by Palmolive Soap and my special products. But remember that it must be Palmolive Soap, if you want to obtain these results. It cannot be done with ANY kind of soap."

Elin Dahlstrand
HAMNGATAN 10
STOCKHOLM

In the treatment given by her assistants, Madame Dahlstrand finds that Palmolive's outstanding.

The pure vegetable oils in Palmolive Soap are nature's most effective safeguard for lovely skin.

HOWEVER successful I am with my beauty treatments, all my efforts would be in vain if my clients did not continue the treatments in their own homes," says Mme. Dahlstrand. "My principle for home treatments is first of all to keep the skin clean, the most vital condition for beauty, and Palmolive Soap is my valuable assistant in the service of beauty."

In all Sweden there is no more important beauty shop than that of Mme. Dahlstrand, of Stockholm, who gives this interview on beauty. Her salon is housed in a magnificent marble palace, and her beauty theory was learned in Paris, center of the cosmetic arts.

"This fine facial soap," she goes on to say, "keeps the surface of the skin well protected. It is bland and neutral. Use it with warm water, for careful cleansing; then rinse with cold water or ice to prevent relaxation of the skin."

The great specialists all over the world, 19,800 of them, agree on the efficacy of Palmolive Soap. They may differ on dozens, hundreds of other theories. But on this one facial treatment they all agree.

Recommended by those who know

Could there possibly be a more authentic recommendation than this approval of 19,800 professional experts?

Palmolive owes its natural green color to palm and olive oils . . . to no other fats whatever. The fresh odor of these oils makes unnecessary the addition of heavy perfumes. It is a pure, vegetable oil soap, safe for the most sensitive skin.

Take Mme. Dahlstrand's advice and begin this very day to use Palmolive.
