# ORIENTALS' EXCLUSION ATTACKED

**B.C. Professor Urges Ultimate Removal of Bars**

Ottawa, May 20.—Ultimate removal of all discriminatory immigration laws against natives of China and Japan and the negotiation of trade treaties with those countries were advocated last night by Prof. W. H. Angus of the University of British Columbia, as a means of insuring peace on the Pacific.

Angus was addressing the Canadian Political Science Association in annual session here.

Professor of Atlantic in this connection, he contended, and eventually immigration restrictions should be placed on their own territories which would be produced as a result of the present situation.

Angus said that the Chinese would be admitted to the United States and that the Japanese would be admitted to the United Kingdom.

He said that the United States and the United Kingdom should be urged to remove their immigration restrictions against the Chinese and the Japanese.

Angus said that the United States and the United Kingdom should be urged to remove their immigration restrictions against the Chinese and the Japanese.

## Tobacco Share Exchange Offered

Imperial Plan Outlined in Statement by Tredwell

WASHINGTON, May 20.—For some years a tobacco share exchange has been the subject of the ordinary share of the Imperial Tobacco Co. Ltd.

In August, 1929, the Imperial Tobacco Co. Ltd. was incorporated in Canada and the ordinary share of the company was divided into two classes, the ordinary share and the tobacco share.

The tobacco share is a share in the profits of the company, and is a share in the assets of the company.

The ordinary share is a share in the profits of the company, and is a share in the assets of the company.
