

Lower Rail Rates Stake in Fraser Valley Campaign

McGeer Means Action, He Tells Farmers

By C. NORMAN JENSEN

CHILLIWACK, B. C., June 14

Parliament is the court to which British Columbia must look for justice in the matter of transportation costs. C. O. McGeer, K.C., told a Chilliwack meeting of his campaign, ad-hoc Farmer-Liberal candidates for Fraser Valley constituency in the Dominion election campaign.

Parliament of the Fraser Valley, he estimated, are paying \$2,000,000 in transportation rates in excess of those paid for similar service in other parts of Canada. They pay it in the domestic rate on feed grain for poultry and livestock on Valley farms and they pay it in the mountain differential on the same grain and other products that they ship to the Prairie market.

PEACE RIVER OUTLET and completion of the Peace River Railway, the Chief will double the population of Vancouver in five years, he predicted. To both of these points the Government of Mr. Mackenzie King was pledged.

"What action can you expect when your members from British Columbia sit in Parliament session and also session and never raise their voices in your behalf?" he asked.

"When I go to Ottawa as your member, I promise you that I will not sit idle in my seat," asserted Mr. McGeer. "I shall tell the Government that I mean business on this freight issue."

"I mean business on this freight issue," he said. "I shall tell the Government that I mean business on this freight issue."

"I mean business on this freight issue," he said. "I shall tell the Government that I mean business on this freight issue."
