### **40 MILES FROM SPOT** WHERE PLANE CRASHED

Rigors of Two-Months Trek Out Too Much for Vancouver Airman: Death Several Days Ago Told

WHITE HORSE, Dec. 10 .- E. J. A. Burke, aviator, who with two companions has been missing for six weeks in Northern B. C., died of exposure some days ago, it was reported by Frank Wasson, who returned here today bringing Emil Kadin and Bob Martin, who survived the ordeal in the bush since the crash of their plane.

The missing party was found forty miles u priver from where the plane was located.

Capt. Burke, a Vancouver air pilot, was lost on a flight started October 11, from Liard Post to Atlin, B. C. He was accompanied by Emil Kading, air

B. C. He was accompanied by Emil Kading, air engineer, and Bob Marten, veteran prospector.

The search for Burks and his companions has been one of the most disastrous in the annuals of Northern Canadian aviation. In addition to Burks's death, the episode it is feared has caused three' other filers to lose their lives.

Numerous planes have sconsed there' other filers to lose their lives.

Numerous planes have sconsed the country north around Atlin district and hope was abandoned some time sog for the safety of Capt. Pat Renahan, who with Flight Lieut. Phinney and Flying Officer Dunlop, left Vancouver October 28 to join the search and was never heard of again. Wasson, a plact of of the Treadyell of the Burks plane Normber 28.

Wasson was unable to lead of the October 28 to join the search right following his discovery of the Burks plane Normber 28.

Wasson was unable to lead of the Wasson was unable to lead of the maching 48 miles on food. He found a message carred into a tree truth. He was the companion of the search of the Lieut River.
