Acadians Will Hold Reunion In Lousiana

ST. JOHN, N. B., April 13.—On a reciprocal pilgrimage of goodwill, a party of descendants of Acadians left New Brunswick yesterday to visit kindred in Louisiana, descendants of Acadians exiled from the land of their fathers 176 years ago who found their way to the southern state.

Heading the party of 27 comely maidens, dressed in the quaint garb of the day of Evangeline and representing various sections of the Maritimes and Quebec, was Mr. Justice A. T. Leblanc, of Moncton, of the Supreme Court of New Brunswick.

At Martinville, La., where, tradition has it, Evangeline, heroine of Longfellow's immortal poem, is buried, a statue will be unveiled.

WORKMAN INJURED

James S. Gibson, 2139 Triumph Street, was admitted to St. Paul's Hospital at 10:45 o'clock this morning suffering from injuries to his back and bruises on his head. Mr. Gibson was employed by Ellis Cotton Ltd., contractors on a bunker being built near the Terminal Dock, when he was injured in a fall.

SYNOPSIS

The barometer remains abnormally low over Northern B. C. and rain has been general southward to California. Mild weather is reported in the prairies.

DEATHS AND FUNERALS

An absolute decree of divorce has been granted by Chief Justice Morrison to Norah Morton, 3776 Granville Street, at trial of action against Gerard H. Morton of Keremeos. The marriage took place at London, England, December 22, 1917. G. W. Tyrce acted for the petitioner.

JOHN McMANN

Funeral services for John McMann, 46, who died Saturday in his home at 713 Cassiar Street, Burnaby, will be conducted Tuesday at 2:30 p.m. in the Bell Funeral Parlors by Rev. S. Fee. Interment will be in Ocean View Burial Park. Mr. McMann is survived by his wife and two children.

WILLS PROBATED

An estate valued at $6503 was left by Lars Larsen of Ocean Falls, who died February, according to probate of the will granted by Mr. Justice G. A. McDonald. The estate will be divided between three children, Violet Mary, 13, Margaret Evelyn, 11, and Rebbecca Mary Larsen, 9 years old, living at Ocean Falls.

POLICE COURT

Pleading guilty to a charge of keeping a bawdy house at 108 East Hastings Street, Eddie Williams was fined $50.

Lim Sing and Fong Sing, Chinese, were each fined $50 or one month in jail, when they admitted being inmates of a disorderly house.

Robert Kinnaird and John Brooks each forfeited $50 bail when they failed to appear on charges of being inmates of a disorderly house.

Earl Johnson pleaded guilty to being an inmate of a disorderly house and was fined $25 or one month in jail.

Need Not Endure Pimples, Blotches

"There is no further need to suffer the embarrassment of tell-tale pimples and blotches. The astounding success of Dr. Dennis' prescription—D. D. D.—recommends this famous remedy." You, too, can have a clear, smooth, velvety skin if you will only try this pure, cooling liquid. Almost ever night it drives away pimples, blotches, rashes, and other blemishes. Stops itching instantly. Soothes the irritated tissues. Effectively conquers eczema, tetter and other stubborn skin troubles. Your druggist has *D. D. D. Soln to help you.*

Remember they are Dr. Carter's formula, young and old can take them. All Druggists 25c and 75c red pkgs.

CARTER'S LITTLE LIVER PILLS

DEMPSEY GIVES ACTRESS WIFE HER FREEDOM

Estelle Taylor Seeks Career Rather Than Domesticity; Divorce Looms

RENO, Nev., April 13.—Jack Dempsey, former champion heavyweight pugilist, admitted today through his manager that he is in Reno for a divorce and that he was sent here by his wife, Estelle Taylor, motion picture actress.

Dempsey Stands aside

The former champion, who left Reno early today and who was not due to return until shortly before noon, authorized his manager, Leonard Sachs, to make the statement today regarding his divorce plans.

"Dempsey is still sincerely in love with his wife," Sachs said, "but she desires a stage and an operatic career and she felt that he was in her way in this respect. She asked for a divorce, so he politely stepped out of the scene and came here.

"His divorce complaint will be of a very mild character, probably alleging incompatibility. It is expected that Mrs. Dempsey will file an appearance and make no contest and the whole affair will be over."

Sachs said that the couple had already settled their property affairs.

Dempsey last night told personal friends he would not hinder the efforts of his wife for an operatic career.

Estelle Taylor Longs for career

He declared he had every regard for her and would say nothing in his divorce charges which would reflect upon her in any way.

He has always wanted a home and a family, his manager says, but with an actress as a wife, who has great ambitions in the stage direction and none for home, conditions are incompatible.

COGESHALL IMPROVES

Clyde Cogeshall, Seattle and San Francisco engineer, who alleges he was "beaten up" in a quarrel in a Vancouver rooming house a month ago, reported to be in an improved condition in Harborview Hospital, Seattle. Cogeshall was admitted to the hospital last Tuesday. His condition was then so serious that blood transfusions were necessary.

C.M.A. Produces Fine Handbook

Striking views of Vancouver and Victoria are prominent in a profusely illustrated time table and itinerary issued by the Canadian Manufacturers' Association for the Diamond Jubilee convention excursion to the 60th annual general meeting scheduled for Victoria June 1, 2 and 3 and Vancouver June 4.

Eastern delegates will come west over the C. P. R., leaving Toronto by special trains May 25, and will return over Canadian National lines, leaving Vancouver June 5 at 9:30 p.m. It is expected that some delegates will return via Prince Rupert.

TRADE BOARD SEEKS PACIFIC COMMERCE

Three new committees of Vancouver Board of Trade were in process of organization to keep in continuous touch with possibilities of trade development with the Orient-Pacific countries.

Board members named to the committees are:

China: H. J. Oldaker, Frank J. Burd, C. J. Collins, C. Dither; J. G. Mitchell, D. Cramer and L. Killam.

Japan: R. H. Baird, Norman Sawers, Robert McKee, R. Robertson, M. Rhoden, G. A. Roedde and B. C. Hansuld.

Australasia: J. K. McDonald, H. A. Stevenson, F. C. Brown, J. K. McRae, J. C. Irons and S. K. Murray.

"The idea is to keep an active group at work on matters of importance affecting better understanding and increased trade between Canada and the countries named. They will study conditions and keep in constant touch with developments," W. E. Payne, executive secretary said.

Flames Destroy Old Building in Manitoba City

PORTAGE LA PRAIRIE, April 13.—Landmark of this city's business section for years, the Garland Block today lies a blackened ruin of crumbled walls and burned-out debris.

Fire which threatened to sweep into other main streets structures, totally destroyed the store and office building early this morning. Fire fighting assistance was rushed from Winnipeg.

City firemen were unable to save the Garland Block, but held the blaze from spreading to adjoining buildings until arrival of the Winnipeg units.

Fumigation For Ants Kills Women

PITTSBURG, April 13.—Poisonous gas released in the basement of a north side apartment house to kill ants brought death to two women, when fumes spread through the building. Three other persons were overcome.

Marin Mohney, 40, and Julia White, 32, were those who died.

Police arrested two employees of an exterminator company and held them pending further investigation.

TOURIST RUSH IS INDICATED

Continued from Page One

Burrard and that of the Puget Sound-ers and British Columbians' Association, a proportion of which has been carried on in the east.

SPEND MUCH MONEY HERE

These figures reveal an increasing interest of the East in the scenic beauties of Vancouver and its surroundings, the fame of which is travelling far and wide as visitors of former years return to their homes and spread the tale of the natural beauties they have seen.

The tourist business of Vancouver has grown by leaps and bounds of recent years and has attained the status of a premier industry.

Just what it means in dollars and cents to this community is hard to state in exact figures, but when it is realized that visitors to the city must eat and sleep, must buy gasoline and oil for their automobiles, what they spend in the innumerable side trips to the surrounding beauty spots, the money they leave in the stores of the city, it can readily be seen that it must amount to an enormous sum.

400,000 LAST YEAR

Last year more than 400,000 tourists visited Vancouver by automobile, and correspondingly large numbers by train and boat. Government statistics show an average stay of three days.

Records of the Publicity Bureau show that there was an increase of approximately 30,000 in the number of tourists who came here in 1930 as compared, with the previous year.

For the first three months of this year an increase of 2252 is shown in comparison with the same period of 1930.

These figures would tend to show that, in spite of the depression, people will find money to spend on their annual holiday, and that Vancouver will get an increasing share of the tourist traffic this year with the resulting increase in the general business of the city.

GALETTA, April 13.—A 5-year-old boy was fatally burned early Sunday morning in a fire that razed the home of Wilfred Allison. Allison succeeded in helping his wife out of the window and dropped a younger child after her, but when he returned for his son Russell, the lad had disappeared.

Woollen Traders To Be Guests Here

The Scottish Woollen Trade delegation now on a trade mission to United States and Canada and due here Wednesday evening from Victoria, will be entertained at a complimentary luncheon of the council of Vancouver Board of Trade Thursday, to be followed by a trip about the harbor as guests of the harbor commissioners.

Friday at noon the delegates will be guests of the Foreign Trade Bureau of Vancouver Board of Trade at the weekly luncheon meeting in Hotel Vancouver, when J. Macpherson Brown of Galashiels, chairman of the mission, will be the principal speaker.

Civic Employees Rap Relief Plan

Protest against the operation of the Unemployment Relief Act was wired today to Angus MacInnis, M.P. and ex-alderman, by W. J. Scribbens, agent for the Civic Employees' organization.

At a recent meeting of the association it was stated that bylaw funds were being diverted to supply the city's share of unemployment relief expense and that such monies should, rightfully, be used for civic employment, who contended that about 100 of their number had been laid off because of this practice.

In future, the employees, claim, donations from the Government should be based on the needs of each locality rather than on the amount which municipalities can contribute.

U.S. Aviatrix Sets New Speed Mark

DETROIT, Mich., April 13.—Ruth Nichols, Rye, N.Y., aviatrix, set a new speed record for women over a three-kilometer course here this morning, with a speed of 210.685 miles per hour. Mrs. Amelia Earhart Putnam held the previous record of 181.167 miles an hour.

Miss Nichols made two flights, one against strong south wind and the other with the wind. Her speed was determined by averaging the two flights.

LIVED IN B. C. 62 YEARS

VICTORIA, April 12.—Another of the links with the pioneer's day of Victoria was severed with death Saturday of Mrs. Georgina Jane Porter, widow of James Porter, for many years Gold Commissioner at Telegraph Creek. She resided here 62 years. She is survived by two sisters. Mrs. Beaumont Boggs and Miss Edith Richardson of this city.

NIPPON DOCTOR CHARGED WITH HAVING DRUGS

Arrest Follows Discovery of 'Private Hospital' Here

K. Kusaka, Japanese physician, was arrested this morning on a charge of illegally possessing drugs, the arrest resulting from a police raid on Kusaka's "private hospital" at 368 Cordova Street, where a quantity of what is believed to be narcotics was found.

The place is three blocks distant from the "private hospital" conducted by Sinkichi Sakurada, one of the three accused in the Naskichi Watanabe murder of March 30.

Kusaka was released on bail of $3000. Major W. M. McKay, City Prosecutor, told Magistrate H. C. Shaw that Kusaka was not qualified to operate a hospital and urged that there should be no distinction between this case and that of any other person similarly charged.

The sleuths learned that the Japanese proprietor of the place was a qualified physician in his own country, but was not licensed in British Columbia. He may be prosecuted on a charge of practicing without a license.

T. Hitomi, whose confession recently was a sensation in the Watanabe case, was taken with a fit in his cell Sunday, and is now receiving medical attention. The third accused is Bunshiro Fugino, Japanese insurance agent.

Graf Zeppelin Completes Flight

FRIEDRICHSHAFEN, Germany, April 13.—The Graf Zeppelin landed here at dawn today after a 97-hour journey to the southern Mediterranean, Egypt and Palestine.

While she was gone the dirigible landed twice Saturday at Cairo, Egypt, to debark and embark passengers.

Too much ACID

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms, such as headaches, gas, heartburn, etc., will disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now.

Be sure to get the genuine, prescribed by doctors for conditions due to excess acid. It is always a liquid; it cannot be made in tablet form. Look for the name Phillips' and the word *genuine* in red.

MADE IN CANADA

Cutting a hole through the bottom of a safe in the office of the Canadian Legion Club, Fraser Street and Forty-seventh Avenue, during the week-end, safecracks obtained $355 in cash.

$5000 BAIL SET

Charged with robbery with violence, John Bestwick was remanded to April 21 when he appeared before Magistrate H. C. Shaw in Police Court today. Bail was set at $5000.

Strange Sea Denizen Has Five-Part Brain Like That Of Humans, Says Scientist

By HOWARD W. BLAKESLEE
Associated Press Science Editor

BOSTON, Mass., April 13.—The revolutionary idea that there is an inescapable resemblance between fish and men has a new confirmation at Boston University.

It is comprised in two of the rarest known members of the fish-tribe, sea eel eggs. These embryo fish, called Bdellostoma, are possessors of the lowest order of brains among existing vertebrates.

Nevertheless, said Dr. J. Leroy Conel, professor of anatomy, their brains have the five parts found in the fully developed human brain. These parts have the same function as man's. The fish have even the beginnings of a cordical tissue, the great brain covering in which besides a large part of their mental ability.

To date no scientist has learned fully the government of this sea eel brain structure, mainly because no one has been able to obtain them from the ocean depths. For 100 years scientists have marched on them.

Thirty years ago a Chinese fisherman laboriously gathered about 60 for the late Dr. Bashford Dean of New York, but the fisherman never told how he did it and died with his secret. Dr. Conel last summer devised a fishing system of his own which succeeded.

B.C. Goods Shown In Historic Store

A relic of Vancouver's early days, the old Hastings Mill store in its new location at the foot of Alma Road, is being put to ultra modern uses this week with the opening of a British Columbia products show under the auspices of the Native daughters of British Columbia. Revenue derived will be used for further preservation of the old store and beautification of its new site.

In addition to the commercial side of the show there is a display of early Vancouver and Klondyke relics that is proving most interesting to visitors.

A fashion show is given twice daily during the show, and refreshments booths cater to the wants of the inner man.

The Best SPRING TONIC is

JOHN BOYD DUNLOP

The Man Who Made Modern Motor Traffic Possible

JOHN BOYD DUNLOP conceived and built the first pneumatic tire in 1888. In doing this he provided the foundation for a world-wide chain of research laboratories which, more than any other agency, is responsible for modern tire performance.

This chain of laboratories still bears the inventor's name. In these DUNLOP laboratories there have been developed or tested every single worthwhile improvement in tire building . . . and through this research every one of these advances has been incorporated in DUNLOP Reinforced Cable Cord Tires.

That's why the late Sir Henry Segrave used DUNLOP Tires.

That's why Sir Malcolm Campbell chose DUNLOP Tires to set a new world's speed record of 245.7 m.p.h.

And that is why millions of DUNLOP Tires are in use today the world around.

You will reap the advantages of this unparalleled tire building knowledge and experience in the form of long, safe tire mileage by seeing to it that you ride on DUNLOP Reinforced Cable Cord Tires.

TRACTION-BALLOON:
The finest general purpose balloon tire science can build.

PACEMAKER:
An exceptionally strong, long mileage balloon tire, slightly lower in price than Traction-Balloon.

MULTIPLE-BEAD BUS-TRUCK:
A massive, new, patented wide-tread tire to carry heavy loads at new low cost per mile.

CLEATED-GRIP:
Grips like a cleated shoe. Gives safety and traction in mud and snow—and definite extra miles. Patented —exclusively DUNLOP.

DUNLOP
