School, Park and Library Estimates Cut by Aldermen

The City Council yesterday traversed nearly one quarter of the distance between estimated expenditure and revenue for 1933 when it reduced the Board of School Trustees to agree to a \$225,000 cut in the Park Board estimates by \$25,000, and pared \$10,000 from the library estimates.

Aldermen, however, were not satisfied with the school situation. They reduced the \$225,000 reduction, as a compromise from their original contention that \$245,000 would be a fair cut. The \$20,000 reduction, the school board to clash the \$230,000 was deemed to give representatives of the school board time to confer with their colleagues.

At a special meeting last night the School Board passed a resolution that, if the city council does not reduce its estimates, we cannot see our way clear to make any reduction beyond the school board's estimate.

RADIUM FIND IN WEST IS RICHEST

By Canadian Press

EDMONTON, April 25.—Canada's richest radium deposit in the world has been discovered in the north-western corner of the province, near the town of Grande Prairie.

One ton of the rare mineral discovered at Echo Bay, on Great Bear Lake, 1200 miles north of Edmonton, is worth \$8000.

Geologists reveal that radium-bearing pitchblende is not peculiar to the district surrounding Great Bear Lake but is also found in the pre-Cambrian Shield that extends over 2,000,000 square miles of Canada.

Dr. J. A. Allen, head of the department of geology, University of Alberta, has announced the results of analyses by provincial and college officials of pitchblende ore samples from the Great Bear area.

Dr. Allen declares the ore is better than the product of the mines in the Belgian Congo, the only large-scale radium producing mines in the world.

The figure of \$8000 per ton is arrived at, he explained, by estimating the pitchblende at approximately 112,700 per ton, which places the

This is the locality in which the new radium discovery has been made in Northern Canada.

NATIONALITY ISSUE CLEARED IN NEW BILL

Measure Decides Requirements for Recognition in Dominion

By Canadian Press

OTTAWA, April 25.—In the words of a bill introduced in the House of Commons today by Hon. M. C. Abbott, Secretary of State, the definition of Canadian nationality is given as follows:

(1) Any person born in Canada.

(2) Any person born out of His Majesty's Dominion, whose father, at the time of such person's birth, was a Canadian national or possessor of all the qualifications of a Canadian national as defined by the Act.

(3) Any natural-born British subject who, though not born in Canada, has Canadian domicile.

(4) The wife and minor children of any natural-born British subject who themselves have Canadian domicile.

(5) A naturalized British subject who, though not born in Canada, has Canadian domicile.

(6) The wife and minor children of any naturalized British subject who themselves have Canadian domicile.

(7) The minor children of a naturalized British subject who are included in his certificate of naturalization or who were born subsequent to such certificate and who themselves have Canadian domicile.

In the Act provision is made that Canadian domicile shall mean five years' residence here in the case of an alien, and two years' residence in the case of British-born. This, however, carries the qualifications that none of this time shall be counted if it was spent in jail, asylum or penitentiary.
