## Strong Upward Cover the Waterfront Canada Cattle Jap Boats Protect Shipping Material 50 Cents Us From Jap Bombs

Fireboat Committee Plans to Install Fire-Fighting Equipment in Two of Seized Japanese Seine Boats

By BON MASON

It's a mixed-up world.

The John MASON

It's a mixed-up world.

Two Jan-wheet boats will soon be hard at work in this great Port of Vancouver as fireboats—their particular task being the protection of the port and its scores of vital industries from Jap bombs or Jap sabotage.

That is, they will be if Esquimalt naval authorities say "yes," and if a qualified expert gives the boats his O.K.

War in the Pacific will not stop the speedy flow of air mail originating in the United States for countries in the Near and Far East, even though pouches are going a roundabout way to reach their

destination.

All air mail which prior to the outbreak of the war with Japan, was carried over the trans-Pacific route, will now be promptly routed via the new South Atlantic air mail route and Africa. Postmaster General Frank C. Walker has an-nounced.

## NEWS of the FARM

## **New Regulations for** Canada Seed Production

year as additional safeguards a tain the very high reputation

**New Dates** 

DISTRICT EXHIBITS

Gens. Burbank and White Ro A highlight of the even expected to be the district tato displays, open to any trict in the Province.

trict in the Province.

Each district display must consist of six lots of potatoes, grown by six different growers, and produced from 1839 and 1840 certified seed.

Each lot must consist of 32 botatoes of the same variety and be grown by the same person.

or brocom, account and mangols.

Judging will be done by Dominion and Provincial Department of Agriculture officials.

Field Crop

Value Drops

A preliminary estimate of the gross value of the principal field crops produced in Canada place trops produced in Canada passes the amount at \$649.058,000, no decitine of \$53.30,800,00 from the vised estimate of 1940. The 1941 estimate is subject to revision and does not represent each income received from the sales but is a gross value of farm production.

cline of the total value field crops was wheat. The sharp reduction in wheat production resulted in a lowering of the total value from \$287.620. 000 in 1940 to \$160.953.000 in 1941. The 1941 values of all other crops except bitishwheat, grain, hay, and sugar beets were hybrid the corresponding estimates

for the 1940 crops.

The higher values in 1941 we herought about largely by creases in prices but in sor
