TO RECRUIT BERRYPICKERS

Ottawa and Victoria to Join In Formation of Labor Corps

Answering the appeal of Fraser Valley berry growers confronted by the biggest crop in history and a critical shortage of workers, the Provincial and Federal governments today and mounced a plan to bring 1000 school age workers to the strawberry patches.

Five housing centres for berry pickers under government super-vision will be set up at Mission, Whonnock, Hammond, Dewdney and Haney.

and Haney.

Girls from 14 and boys 13 and over will be assigned to community centres and will be housed and fed and disciplined by matrons and superintendents supplied by the provincial wel-fare department.

fare department.
Growers will call for pickers in trucks and cars each morning and take them to the fields, Mr. Henley said the government intends to establish a farm labor force for the duration of the war and will "try to elevate this corps to a high standing both as to efficiency, comfort and patriotic purpose."

OFFICE TO BE OPENED HERE

The Council of Social Agencies of the Vancouver Welfare Federation, which blue-printed the plan now adopted, will announce on

now adopted, will announce on Wednesday the opening of an office where pickers may register for work and get information. "The children are not going out to the berry fields until proper housing and feeding facilities are ready. Parents may be assured of healthful conditions and proper discipline," said Mr. Henley. He said pickers could make \$3 to \$5 a day until mid-August. Medical and nursing care will

The picking problem appeared to be well on the way to solu-tion, but continued rain re-mained a threat to the crops.

mained a threat to the crops.

J. B. Shimek, manager of the largest co-operative, said he expected a few pickers to arrive in Mission tonight from the prairies, and another 150 to leave Calgary tonight. Only a few hundred in all are expected from the prairie provinces.

the prairie provinces.

Shimek said pickers arriving tonight and in the next few days will start picking "jam berries."

immediately.

Government / representatives

The pickers will be enrolled as members of the "British Columbia Farm Service Corps," and each will have a distinctive arm each will nave a distinctive arm-band. Agricultural and com-munity halls in the five valley towns will be fitted out with toilets and showerbaths, and fa-cilities for washing clothing. Cookstoves will be installed and the Provincial Government will procure cooks. Board will be \$450 weekly

state with the state working conditions, wages, food, bousting and dischiline. Each working conditions, wages, food, housing and discipline. Each centre will be in charge of a resident superintendent or matron with two assistants. The young workers will have supervised recreation including moving-pletures, ball games, concerts, swimming and tennils.

The present plan is that each picker bring a mattress to be filled with straw at the work centre, blankets, and other personal effects.

All provincial facilities that may help to mitigate the prob-lem are being offered, and as a result it is expected that the labor shortage will be overcome. No Way to Stop

Indians Going to U.S.

Indians Going to U.S.
VICTORIA, June 16. — With
B. C. farmers calling for labor,
the migration of B. C. Indians
across the border to work in the
berry fields of adjoining states is
causing official concern — but
there does not seem to be very
much that can be done about it.
Appeals have been made by
provincial authorities to the Indian department, but officials of
that department, but officials of
that department, by treaty, to
cross the border without passports or official permits.

The Provincial Government
has also taken the matter up
with Elliott M. Little, director of
national selective service, and is
awaiting a reply from Ottawa.

UNION FAVORS MARINE AND SHIPPING

First trade union opposition to the new production plan dratted by the Joint Shipyard Trade Union conference was registered today by a shipyard electricians' union which wishes either the seven-day week maintained or separate employeemployee union agreements in effect before continuous production was introduced restored. A statement issued by the Amalgamated Electrical Workers' Union, which claims 700 members in the shipyards, said: "The conference plan was fully discussed at a meeting Tuesday night and the electrical unit unanimously decided to stand by the supplementary agreement on the seven-day week plan, which was adopted at the request of the Federal Government to remain in effect until such time as the Federal Government saw fit to discard or admit the failure of the seven-day plan.

WAR EMERGENCY.

"In event of this action by the Féderal Government, we would automatically revert to the old agreement signed between the union and employers in 1939 and ratified in 1941 for duration of the war.

ratined in 1991 for different of the war.

"At the request of the federal labor department, we agreed to work the seven-day week in a sincere effort to increase producsincere errort to increase produc-tion in this serious war emer-gency. At the same time the agreement gave employment to 15 per cent, more men in the shipbuilding industries and elimi-nated the frequent layoffs of workers.

workers.
The 48-hour week proposed by the joint conference of shipyard unions was rejected for the fol-lowing reasons:

1. The only difference be-

tween the 48-hour week and the old agreements is that the afternoon and midnight shifts

afternoon and midnight shifts stand to lose three hours pay per week on the 48-hour basis.

2. By reverting to the original agreements we would eliminate the necessity of many more conferences and meetings which are full of useless discussion and are not to the with labour's policy of useless discussion and are not in line with labor's policy of getting on with the job. By reverting to the original agreements the shipyards would be able to return immediately to normal, happy and efficient conditions which existed in the industry before introduction of the seven-day week.

North Shore Welders In Saving Other Craft Decline to Walk Out

Monday in sympathy with the
walkout of members of the
Amalgamated Welders from the
Burrard South yard, which began
Friday, proved unsuccessful.
Max Sharpe, Amalgamated
Velders' business agent, confirmed reports that a number of
members of his union left their
jobs in the North yard Monday.
Sharpe denied the men returned to their work, but a

Sharpe denied the men re-turned to their work, but a spokesman for a rival union claimed that all men went back

claimed that an men went vace to their jobs quickly, Clarence Wallace, manager of the yard, said he had heard "nothing about it."

The Böllermakers' Union, which holds a closed shop agreement in the South Shore yard ment in the south shore year and which was indirectly responsible for the walkout of Amelgamated welders, claimed today that more than half of the Amalgamated men working in the South Shore yard have taken out Bollermakers' Union cards.

Five Chinese were reported to be among men recruited by the Bollermakers to fill welding jobs in the South Shore yards.

Halibut Prices in Vancouver Highest in Nearly 20 Years

For several days record prices have been realized by hallbutters of British Columbia—prices that have not ruled for nearly 20 thicken at 1... cents and have not ruled for nearly 20 thicken at 1... cents and medium at 18 cents; tapaco so chicken at 18.5 cents and medium at 19 cents.

years.

For many years eight and 10 and 11 cents were accepted by the fishermen, but this year they have been consistently better, and today they are ir some instances exceeding 19 cents.

The first halibut trip of the season, an advertised event that always demands a fancy price, was Captain Jimmy Parsons' Agnes C and he was paid 19 cents straight.

NINE MORE DAYS

NINE MORE DAYS.

NINE MORE DAYS.

There are 9 days more of fishing, before the season in Area 2 closes, and all the boats are hurrying to unload and get back for the final trip.

On-Monday the 10 boats sold as follows: Bruce No. 1 sold 4000 chicken as 18.7 cents, 11,000 medium at 19 cents, 4000 ling cod at 6 cents; East Point sold 2000 chicken at 18.8 cents, 11,000 medium at 19 cents, 1500 ling cod at 6.2 cents. at 6.2 cents.

Ryuo No. 2 sold 7000 chicken at 18.7 cents, 7500 medium at 19.1 cents, 7500 large at 19.4 cents; Royal T sold 3700 chicken at 18.8 cents, 15.000 medium at 19 cents, 2400 large at 18.9 cents and 100 ling cod at 8 cents.

Agnes C sold 2000 chicken at 18.8 cents, 7500 medium at 19 cents, 5500 chicken at 18.8 cents, 107 sold, 2500 chicken at 18.8 cents, 107 sold, 2500 chicken at 19 cents, 3000 large at 18.8 cents, 2000 large at 19 cents, 19.6 cents, 2000 medium at 19 cents, 2000 large at 1

Iap Non-tidal-Fishing Halted

VICTORIA, June 16.—(CP)—
Japanese have been prohibited by
the British Columbia Security
Commission from fishing in non-Commission from fishing in non-tidal waters, it was announced by Attorney-General Maitland to-day. This was in response to protests from the Okanagan and Kootenay where many Japanese have been moved.

Mr. Maitland also announced the receipt of a letter from Ottawa in reply to representations of June 5 requesting the Japanese be prohibited from purchasting sawmills.

Japanese be prohibited from pur-chasing sawmills.

Mr. Mackenzle repiled that direct acquisition of property by Japanese in Canada was pro-hibited and that he was "con-fident that indirect steps to the same end would be equally illegal."

PROGRAM OFF

Word has been received here from Alan Innes-Taylor, unofficial wooden shipbuilding scout for the United States Maritime

Ior the United States, Maritime Commission, that the U. S. Government will not undertake a wooden shipbuilding program. Mr. Taylor was recently here, canvassing the possibilities of shipyard supply of timber and sites available for such a program. He has apparently reported his findings to his superiors and they have decided against undertaking a government program. ment program.

FOR THE CARIBBEAN.

It was understood the idea, had it been developed, was to build 200-foot wooden schooners,

build 200-foot wooden schooners, chiefly for Caribbean Sea trade.

A despatch was published Monday, stating the United States Government might build several hundred wooden schooners in Latin-American yards, This may be the program that Innes-Taylor because the program of the Infed States and Innes-Taylor because the program of the Infed States and Innes-Taylor because the program of the Innes-Taylor because the program of the Innes-Taylor because the Innes-Taylor b be the program that Innes-Taylor was scouting here. The United States Government, it is conjectured, proposes to tell the South Americans to go ahead and bulld wooden ships, and, United States will take them when completed.

MAY NEED LUMBER.

MAY NEED LUMBER.

The fact that if Latin-America' builds a big fleet of wooden ships it will very probably have to come to this coast for most of its hull material is not, forgotten by the lumber industry of the Pacific Coast, including British Columbia.

If the program i actually undertaken and carried are expected to be very heavy demands on the west coast mills of North America. Whether priorities will permit the supplying of this material to Latin-American firms is not known.
