Curls on company time are a now feature in several factories in the United States, Dr. Allen also reported. Permanent waving machines have been installed to insure the good grooming and happiness of women employees with a minimum loss of time from work.

P. R. Mull of Indianapolis closed the morning session with an address on professional pharmacy. There's a real future for women in this field, he said, quoting as an exemple the fact that any hospital board would prefer a woman to a man in the dispensary.

Mrs. C. Merrett, literature.

Serving on their committees an address on professional settled for \$2500, plus \$558 for his expenses while in Shaugh pharmacy. There's a real future inessy military Hospital.

No More Lumber in

In Auto Accident

Sight for City Homes Further expansion of lumber and Supply, said on his arrival supplies to meet Vancouver's here this morning.

supplies to meet Vancouver's deritted wardine housing problem is not in sight just now, John Schofield, construction controller of the department of Munitions of the department of Munitions of the second s

3123 East Seventh, Vancouver, and AC. Phil Pannell, Midway, B.C., installed the water system.

An oil barrel was placed on ground level outside each of the hule, long senicircular rooted buildings sunk about four feet into the volcanle ash ground.

ground, , The tap is just inside the hut, and each man has a sink and a

and each man has a sink and a runoff system.

The running water anables the men to wash and shave without running through a snow or sleet storm to a washroom, and allows them to have such treats as hot midnight lunches in their own quonsets.

LUMBER FORAGED

The writing desks and clothes closets were made from lumber the lads "scrounged" wherever possible on the treeless island.

At first there was little lum-ber available, and parties from each quonset made "comman-do" raids at night to get sup-

plies.

There was no paint or valuish available, so the men, used a blowborch to give the furnitude a blowborch for give the furnitude a burnt-grain effect.

The metal-shaping machine was built by Morris and Pannell from a design they saw in a magazine. With it they can turn sheet metal to fit any section of an airplane. an airplane.

Pannell also constructed a barber's chair from a discarded fighter plane seat and made tempots from abandoned food cans. He soldered to each a spout, handle and strainer.

Demand for Jap Real **Estate Light**

Demand for Japanese owner real estate which is being solo by the Dominion Government ha

by the Dominion Government has been very light so far, a canvass of some of the Vancouver real estate agents handling the Jap properties, revealed today. Most of those questioned have from six to 12 inquiries on hand, mostly for dwellings, but potential purchasers have shown in, terest in several stores and one factory. actory.

Quite a number of inquirers are looking at the outside of properties for themselves before asking the agents to arrange for interior inspection. Some people are expecting bargain prices.

Some people are expecting bargain prices.

Cash terms of sale and the 12 month period before buyers not cocupying the premises can take possession, will be a deterrent to qulok sale of many of the properties, some agents believe.

One firm has six inquiries on the board for Japowned dwellings in the Grandview area and another had inquiries about a factory and two dwellings in Hastings Townsite. A number of potential purchasers are tenants of Japanese property who have been awaiting the opportunity to buy.

There are 167 parcels in the first group of properties offered for sale by the Secretary of State, tenders for which will be accepted up to July 19. In the other two groups there are 167 and 130 parcels respectively and tenders for them will be opened later.

today when his solicitor, C. R. J hit by an auto at Hastings and Young, appeared before Mr. Jus-Abbott last Nov. 7, has been settled for \$2500, plus \$558 for the trial of the McDermott's suit bis expenses while in Shaugh messy Military Hospital.

The settlement was disclosed

NOW IS THE TIME TO STRIKE

It's time to strike! For over three long years the Army has been training . . . impatient . . . straining for action . . . now we're ready to fight like all-hell-broke loose. There's nothing 'phoney" about the Army's role . . . THE ARMY MUST FINISH THE JOB!

Don't fool yourself that the enemy will simply fold up . . . we expect heavy casualties . . . we'll need reinforcements. It takes a year to train a soldier. That's why your active help is needed-not next year-BUT RIGHT NOW!

Men and women, if you are of military age and

physically fit, volunteer now! Be ready to play your part in order to hasten the glorious. final showdown.

For information regarding enlistment in the Canadian Active Army, apply to any Army, Recruiting Office or your local Civilian Recruiting Adviser. . In Vancouver, apply to Recruiting Offices at Vancouver Barracks, Granville Street (Old Hotel Vancouver).

THE ARMY NEEDS . . .

MEN. 18 to 45 years of age, and physically fit, for the Canadian Active Army.

YOUNG SIEN of 17, with Grade VIII schooling, for special trade-train-ing courses.

WOMEN from 18 and under 50 years of age, without depend-ents, for the OWAC. VETEBANS of the last
