C.C. ROAD PROBLEMS OUTLINED BY ANSCOMB

(Daily Province Staff Correspondent.)
 VICTORIA, March 1.—Herbert Anscomb, minister of the works, in a two and a half hour speech in the Legislature Tuesday, told of some of the major problems that confronted the province.
 These included the \$210,000,000 program worked out as a three year project for rehabilitation of the highway system, securing federal assistance in the reconstruction of roads used by military traffic; future of the Peace River country; situation of the Pine Pass route, and the provision of a road through U.S. territory for a better highway between Rossland and Grand Forks.
 The minister declared the C.C. program would not work, and he achieved power in B.C. would bring an end to outside investments.
 "The road program was almost entirely dependent for its prosperity upon foreign trade. The fact was facing enormous problems after the war, and it is not realistic that the world will be able to buy from B.C. He suggested the solution was largely dependent upon tax reduction and freeing of trade from government interference. Such could not exist under the C.C. program unless we could get out of existence if Socialists achieved power."
MILITARY ROAD TRAFFIC
 Mr. Anscomb said military traffic had created a serious road situation. "We have consistently argued with the minister of national defence that we should give some consideration for damage that national defence is doing, but always have been met with a refusal," he said.
 Military men, he continued,

PASSES

A Helsinki despatch broadcast by D.N.E. reported the death today of Peter Eivind Suinhuud, 82, who served as President of Finland from 1931 to 1937.

Service Depended On What We Wanted In Home

(Special to The Daily Province.)
 VICTORIA, March 1.—Some of the hardships of life in a small B.C. town were enumerated in the Legislature Tuesday night by Tom King (Coalition, Columbia).
 Mr. King recalling the days when Golden obtained its electric power from a mill operation near the town, said that for a considerable time there was no electricity during the day.
 Then the mill manager's wife bought a washing machine and the town got power Monday mornings. A little later the manager's wife procured an iron and the power was extended to Tuesday mornings.

Pattullo Annoyed Over Debate Going On

(Special to The Daily Province.)
 VICTORIA, March 1.—T. D. Pattullo charged Premier John Hart with discourtesy to him on Tuesday, because the House went on to debate a resolution in his absence, after he had previously adjourned the debate.
 Premier Hart said no discourtesy was intended, but he and Opposition Leader Welch had decided before it was known that Mr. Pattullo was about to go on with the debate.
 "I still maintain it was very discourteous," he said, "to go on with the debate when a private member has some rights in this House."

KAMLOOPS MEMBER CHARGES

Jap Cash Buys Interior Land

(Special to The Daily Province.)
 VICTORIA, March 1.—Japanese money was competing with the Dominion Government in the purchase of lands for settlers, R. H. Carson (Coalition, Kamloops) charged in the Legislature Tuesday.
 "There is a very serious situation developing. I am told—both naturally it is very difficult to get any concrete evidence—that the Dominion representatives in purchasing these farms are in competition with Japanese money."
 "I am told that certain individuals are purchasing some of the best farms in this area (Kamloops) with Japanese money with the intention that the same shall be transferred to the Japanese after the war," Mr. Carson said.
STAND IN INTERIOR
 "We know the Japanese fishing boats have been sold and I understand that the fishing industry does not intend to allow the Japanese to return to the industry. Likewise, the Japanese farms of Fraser Valley have been sold and I presume that they shall be kept out of that area. This being the case, it would appear that the Japanese are planning on making a stand

Wild Horses Eating Up Range Lands, Says Uphill

(Special to The Province.)
 VICTORIA, March 1.—In his district are hundreds of wild horses, Tom Uphill, Fernie member, told the Legislature Tuesday.
 "These 310 horses are eating up the range lands that should be feeding 310 steers," he declared. He complained he could get no action from different government departments for the destruction of the horses.

Permits Required For Dairy Plants

(Special to The Province.)
 VICTORIA, March 1.—Dairy plants may not be started in B.C. in the future without consent of the minister of agriculture, a bill submitted to the Legislature on Tuesday by Hon. K. C. MacDonald, minister of agriculture, provides.
 In applying for a permit, an applicant must furnish proof that such a dairy plant is necessary. The measure also provides for appointment of milk-testers and cream-graders and the establishment of cream grading districts. Dairy inspectors will also be appointed.
 Where any provincial dairy inspector finds any cattle, stable, premises, containers or equipment of any dairy farm being kept or maintained in a condition contrary to the provisions of any statute or to the regulations made thereunder, he is to be empowered to prohibit the sale of production therefrom.
 The government may frame necessary regulations which permit holders must obey.

MacNeill Says Interests Block B.C. Steel Plant

(Special to The Daily Province.)
 VICTORIA, March 1.—B.C. has no steel industry because of the opposition of interests in the East and in U.S. C. G. MacNeill (C.C.P., Vancouver, Burrard), told the Legislature Tuesday.
 "International cartels, with subsidiary organizations in Canada, control the steel, aluminum and oil industries," Mr. MacNeill said.

Vancouver Towns Planning Commission

will meet on Tuesday, March 1, at 11 a.m. in the board room, 309 Royal Trust Building.

Now I Do Sleep Well

"Now I awake rested and bright and ready for another day of work or pleasure. Any day is a pleasure when you feel well."
 This is the experience of many women who have learned to depend on Dr. Chase's NERVE FOOD to help them overcome loss of sleep, chronic fatigue or indigestion and to do their best.
 In Dr. Chase's NERVE FOOD you get Vitamin B₁ and the essential minerals which go directly to the building up of new pep and energy and better health.
