GREAT RED TIDE UNCHECKED

Russians Surge Toward Warsaw On Wide Front

German Position in Baltics Grows Worse Hourly—Dozens of Breaches

By DANIEL DE LUKE (Associated Press War Correspondent)

MOSCOW, July 22.—Red Army tank and infantry forces, making a supreme bid for Warsaw, rolled back German rear-guard today on a jagged 200-mile battle line, and front despatches said some Soviet forces were only 90 miles from the Polish capital.

At the same time the German position in the Baltics grew worse hourly, as Col. Gen. Ivan I. Maslennikov's troops captured Ostrov and left Pokov, 35 miles north of Ostrov, in an untenable salient. Tshina, seven miles from Latvia's northeastern boundary, was occupied.

The red tide poured through the gaps of breaches in the make-shift German line onto the Polish plains, where Hitler once swaged in victory, and where now Soviet units were reported to have advanced at least five miles.

Other Red Army forces were forging a ring of steel around Great Litovsk, 90 miles east of the Baltic coast, and were pushing into the southeast, including Vilkaviskis, 18 miles distant on the Great Litovsk rail way.

After cutting the Bialystok-Brest Litovsk railway at Chasovnya, 65 airline miles north-east of Warsaw two days ago, Soviet units were reported to have advanced at least five miles.

Machine Gun Squads On Patrol, Hitler Declares Revolt Crushed

Fuehrer Says Small Officer Group Wiped Out

BLOODY PURGE

(The Associated Press) LONDON, July 22.—Adolf Hitler asserted in an order of the day to German troops today that an attempted coup d'etat by a small circle of unscrupulous officers had been crushed.

By immediate and vigorous action by loyal officers and men of the army at home, the traitor clique was wiped out or arrested by the end of a few hours," Hitler said.

His order, an obvious attempt to reassure his own followers in army ranks and to discourage any further revolt, came as press and eye-witness accounts indicated that nowheres had the one-man Hitler succeeded in seizing power or taking over key positions.

Parallel: 1918-1944

In 1918—

THE KAISER SAID: God, the Lord, has laid a heavy burden on my shoulders, but I can carry it in the consciousness of our good right, with confidence in our sharp sword and our strength.

In 1944—

HITLER SAID: The army will fight with exemplary obedience and loyalty until victory is ours in spite of all.

A small circle of unscrupulous officers had made an attempt to murder me and the general staff and to seize power in state but Providence caused the attempt to miscarry.

What is more likely is that Hitler and all his millions of followers will be shot by the people of Europe who have already begun to rise against the Nazi regime.

It is not because it was poorly executed. The men behind the scenes have already begun to rise against the Nazi regime.

Nevertheless it is possible they have succeeded, that Hitler and his millions of followers will be shot by the people of Europe who have already begun to rise against the Nazi regime.

All Air Traffic Canceled; Flood Of Rumors

NO CIVIL WAR

By A. C. CUMMINGS. From The Daily News, London, July 22. (Copyright, 1944, News Corp.)

LONDON, July 22.—The cities throughout Germany today are in a virtual state of siege. Troops with machine guns hold all strategic points. Traffic is controlled by armored cars. Bomber attacks are held in readiness on the airfields. Telegrams and telegraphs are in military hands.

No civil airplanes leave Germany and all trains leaving are run across frontiers. This is all that is known of the situation.

It is not because it was poorly executed. The men behind the scenes have already begun to rise against the Nazi regime.
