Airmen should know - the answer's KIWI!

"Say, Mom - what's the name of a bird that ain't a bird?"

"Why that's a KIWI, sonny."

"KIWI? But that's what gives such a small shine on our shoes."

"Of course! KIWI is also the name of a New Zealand bird."

"Thanks, Mom - guess that's why KIWI was so popular with those New Zealand and Australian airmen we had here... they sure were a smart-looking bunch!"

"Probably... but then KIWI shoe shines are popular all over the world because KIWI soaks get down deep into the pores of the leather and keep it soft and supple in any climate - it's especially a favourite in Canada, too!"

"You never do explain things, Mom... I bet those airmen know that... anyhow I notice Dad soon got wise when he saw that KIWI shine!"

Bird Hints Hearings On Japanese Claims May Take 3 Years

KAMLOOPS (CP)—The one-man Japanese property claims commission continued today to hear claims by Japanese-Canadians that sales of their property by the custodian of enemy property during the Second World War were at below-market-level prices.

Mr. Justice H. L. Bird of the British Columbia Court of Appeal, who is hearing the claims, said Thursday it was quite likely the hearings would take three years. Commission secretary Alexander Watson added that the longest sitting probably would be in Toronto.

The commission is the first of its kind ever established in Canadian history in that at no other time in the Dominion's 80 years has a judicial investigation been ordered into alleged racket abuse by the country.

Moved from British Columbia's "protected areas" when war with Japan broke out, the Japanese-Canadians complainants charge their goods were paid at a loss to them.

Ontario, holding some 7,000 of the remaining 18,000 Japanese-Canadians, is expected to produce about 1,000 claims. A total of 3,000 is expected, some appearing at Lillooet, Vernon, Grand Forks, Nelson and Kamloops (again) in British Columbia. Lethbridge, Moose Jaw, Winnipeg and Port William also will be scenes of hearings.

Total value of the claims is estimated at from \$10,000,000 to \$12,000,000.

ber of the family, Kenneth 11, was not in the truck in which his father was driving the three boys to school. He has been in hospital for the last two weeks.

Woman Dies After Told 4 Of Family Killed

TILLAMOOK, Ore. (CP)—Mrs. Elma Howey, whose husband and three sons were killed Thursday in a level-crossing collision, died from shock early today at the home of friends here.

The woman, severely shocked when advised of the tragedy, was found dead this morning by Mrs. Jack Cimic, who had been sleeping in the same room.

Coroner C. W. Sindlar said Thursday night he would call an inquest into circumstances of the death of the four members of the Elgin County family in the crash.

Victims of the collision between the truck and a Canadian Pacific Railway train were Elmer Howey, 42, driver of the truck and his three sons, James 15, William 13, and George, nine.

Mr. Howey died in a hospital five hours after the accident.

A doctor, who found Mrs. Howey dead on his arrival, said it was simply a case of the woman's heart not being able to bear the tragedy.

The only survivor of the crash is her seven-year-old daughter, Mary Lou. The only other mem-

Tributes To Senator Buchanan On 40th Birthday Of Newspaper

LETHBRIDGE (CP)—The Lethbridge Herald embarked today on its 40th year as daily, the best wishes of Canada and the northwestern United States speeding the newspaper and its publisher, Senator W. A. Buchanan, on the way.

The 40th anniversary was marked by a 2½-pound, 288-page issue published in Alberta—followed a few hours later by a dinner tendered Senator Buchanan by the city's Board of Trade, and attended by his newspaper and business colleagues in two nations. More than 250 attended.

Great store as had been Senator Buchanan's contribution through the columns of the Herald, the influence of his personality had left its mark in fields altogether outside the scope of the newspaper, said Victor Sifton, publisher of the Winnipeg Free Press and vice-president of the Canadian Press, in presenting the 7½-year-old publisher with three southern Alberta landscapes on behalf of C.P. members.

"That was the keynote, too, of our honours given Senator Buchanan.

The Lethbridge Board of Trade presented him with a life membership in a grateful recognition of long and distinguished service to this organization and to the city of Lethbridge and district."

MANY CONGRATULATIONS

There were telegrams from Prime Minister King, who said in part: "May the Herald continue, through the time to come, to uphold the principles which have become a part of its tradition," from federal cabinet ministers, Hon. W. McL. Robertson, government leader in the Senate, Lieutenant-Governor J. C. Bowen and Premier Manning of Alberta, president W. M. Neal of the Canadian Pacific Railway, and others.

Senator Buchanan said he was "overwhelmed by the many greetings which I have received today and I feel very humble and unworthy of all these expressions."

The most influential newspapers were those which did not fear to criticize the political
