Dear Sirs:

re: Sakon IBUKI - \$21.00

We submitted the above claim to IBUKI
for payment and he has replied as follows:-

"But as you know our living allowance which
we receive from the Security Commission is
hardly enough to buy other things than food. But
if in the future I am able to pay, I would gladly
do so."

Under the circumstances it does not seem that
we can do more toward effecting a settlement of this
claim.

Should you desire to contact him, his address
is:

Kaslo, B.C.

If you should arrange payment with him
please advise this office.

Yours truly,

Dear Sir:

Yours of the 20th instant to hand, and we note that you are unable to pay off the Royal Columbian Hospital claim against you at the present time, however, we suggest that although you may not be able to pay this account in full, you could probably pay a monthly instalment to this office, which would be set aside until such time as we could pay off your debt to the hospital.

Please inform us, at your earliest convenience, if you can arrange this.

Yours truly,

A. McAlister,

Dear Sir

Referring to the letter File No. 792 which I received on October the 19th, the debt which I owe to the Royal Columbia Hospital New Westminster B.C. is quite correct. But owing to the Evacuation of us Japanese people, I am not able now to pay the debt. If it was not for this evacuation I would have bravely paid my debt. But as you know our living allowance which we receive from the Security Commission is hardly enough to buy other things than food. But if in the future I am able to pay, I would gladly do so, but until then I would have to ask the custodian himself to do something about it or whatever you think.

Yours truly

Dear Sir:

I have now checked the inventories for the Japanese houses which you sent me and am enclosing same. You will notice I have drawn a line through those articles I cannot find which as you will see is mostly fishing gear, but Mrs. Anderson told me that a Govt. boat came and took most of it away, also a Mr. White took some up to Ostros machine shop. Of course I cannot accept any responsibility for that statement.

There is a fair quantity of lines and hooks still there but not being a fisherman I cannot determine one from the other.

I have added a few articles of furniture all homemade, that particularly applies to Hiraoka house now rented by Mrs. Elliston.

I regret delay in returning inventories but I work a different duty each week and only one of them is suitable for such work.

As regards rental I have posted a notice in each of the stores, but the prospects of renting are not bright as Grappler is an inconvenient area to live, furthermore none of the houses have any conveniences such as lavatory, bath or hot water, in fact there is no plumbing of any kind.

I have made the rentals as reasonable as possible as an inducement, as there is no doubt if the houses are unoccupied they will deteriorate especially during the wet winter season we get here.

I am,

Dear Sir,

Faithfully yours
