Dear Sir.

Regarding the letter about our radio which I received some time ago, I have seen the R.C.M.P. about it and they did not know so the R.C.M.P. stationed here sent that letter to Vancouver and said that only in a case when someone in the hospital they'd release it. But what I can't understand is, the R.C.M.P. allows us to have radios here and wouldn't give us the release on our radio when the British are willing to release it for us as long as the R.C.M.P. is okay. I wonder if it is possible for ~~of~~ the British to get in touch with the Head of the R.C.M.P. and investigate on this or would you kindly let me know the address of the R.C.M.P. office at Vancouver so that I may write to them and ask. If this is impossible for me to get my radio I would like to know if I may sell it. A white fellow remaining
