Farm Appraisal Report

Remarks: This place never was a farming unit. Owner now living on other land some distance away. Is an acreage of extremely high and steep rising banks, rising to at least 500 feet up a 50 degree slope in an instance. Buildings have been abandoned for years, and are grown up with brush until it is hard to even get into the house. The interior is a very steep hillside, and will soon fall down the hill into the thick scrub. Has only a salvage value. Other buildings also are old and unused. Further this place has an unusual and wild appearance of an abandoned town. The value I have placed is that of its use as someone owning other land, who could use the existing acreage and make use of the old buildings.

You have previously been advised that a sale of lands in rural districts was entered into between this Department and The Director, The Veterans' Land Act.

Due to the size of this transaction, the arrangements for same and the completion of the transfer have taken a considerable time. Negotiations were started in the early part of 1943 and were based upon valuations made by qualified appraisers and on the basis of a sale effective as at January 1st of that year. This means that the 1943 revenues from the property were for the benefit of the purchasers, but that taxes, fire insurance and other operating charges were assumed by them.

The following is a statement showing the sale price and adjustments:

Sale price of above described property	\$ 529.00
Add:	
Unexpired insurance premium as at January 1st, 1943	
Less:	
Tax arrears to December 31st, 1942	\$ 101.98
Registration fee	3.00

Net proceeds of sale	424.02

This amount has been placed to your credit and a statement of your account is endorsed hereon showing the present balance on our books. A small amount for legal fees in connection with the conveyance to the Veterans' land will be charged later.

In reply to your letter of the 24th instant, we beg to advise you that the balance of \$938.09 to Mr. TONOMURA'S credit includes the proceeds of the sale of both his properties and we give the details of the sales below. There is a charge for legal expenses yet to be made against these sales. The difference between the total sale price and the balance presently on hand is occasioned by sundry expenses of the properties.

Since last writing you in this matter, one claim against Mr. TONOMURA amounting to \$150.00 has been withdrawn, reducing the total of claims filed against him to \$792.69.
