**MEMORANDUM**

File Nos.: 2068

April 30th, 1943.

To: Stillwater Files

From: Mr. Green

There is very little that can be done in the way of protection of Japanese property at Stillwater.

Mr. Logan visited this place in June 1942 and reports on 4/76 as follows:

"The two camps, Taira and Suzuki, are reached from Stillwater as follows:

4 Miles by car  
9 Miles by boat  
3/4 Mile on foot  
4 Miles by boat  
4 Miles on foot

**TOTAL: 22 1/2 Miles**

"No one can get in without Mr. McHair knowing, as his craft is used to cross the Lakes.

"Mr. Logan checked all the equipment to be found in the two camp bunk houses and lists are given herewith. It was quite impossible to decide which tools belonged to which man. Additionally, there are also some tools left in the bush which can only be located by the Japanese themselves.

"In short, such equipment as has been left behind, is perfectly safe as it could not be removed without Mr. Nat McHair knowing about it. However, for the most part, it cannot be identified and we shall therefore have to advise the Japanese concerned that we can only assume that the tools they have declared to the Custodian are actually there. It would cost more than the value of these tools to take them away."

Unfortunately, it appears that this report is a little optimistic as thefts of the McHair Company's equipment has since
