Dear Sir,

Upon looking into the two camera cases, I have found that there is a lens, a sheet of black cloth and a shutter missing.

My camera case which is black is very much newer than the one I have received a few days ago.

Please look for them and if they are found please send as soon as possible!

Mr. Takumi WAKAYAMA,
Reg. No. 05113,
New Denver, B. C.

Dear Sir:

Your letter of April 24, has been received. We note that some items of camera equipment which you state were surrendered were missing from the shipment received. We will investigate and will write you later in regard to this.

We note that your camera case was newer than the one received, according to your letter. We understand that the camera case sent to you was marked with your name and the RCMP number given to your equipment, so we do not think that a mistake could have occurred. It is five years since this equipment was surrendered and the years in storage might have resulted in some aging in the appearance of the case. Would this account for the change you noticed?

Yours truly,

F. Matheson,
Office of the Custodian.
