Farm Appraisal Report

YAMADA, S.

Remarks: The actual approach to the buildings from the road encroaches a small space on to the adjoining Japanese property on the north. Some rough planking has been laid to cover the start of the ravine running west by the buildings. Generally the property shows neglect. This applies more especially to the outhouses and the low land to the west of the buildings. Some fruits were grown there formerly; now sad-grown and N.G. Probably too wet. There are many ditches which have eroded and are now small ravines. The back low land would be a natural forest pocket.

I am very doubtful if the strawberries, in spite of fair summer hoeing, would pay for fertiliser. They will yield little and should be ploughed out in July and the land seeded down.

Take it all round, it is a very modest little place; pleasant location up out of the fog and only half a mile from the main highway.

(FOR ORCHARD LANDS ONLY)

REMARKS: re general lie of land, fertility of soil, irrigation, drainage or dyking and reclamation.

The long poultry house has a rhubarb forcing house below; as usual this is hard on the structure above. This building is all out of plumb and in my opinion has only salvage value.

ANNUAL COST OF IRRIGATION, DYKING AND DRAINAGE.

MISCELLANEOUS CHATTELS (Lumber, etc.):

Mr. Virtue's attention should be directed to Paragraph 5 (c) of his own Claim Form as submitted under date of October 12, 1947, wherein the Claimant states "Property entrusted to Mr. C. Black, Mission City, B.C., . . ."

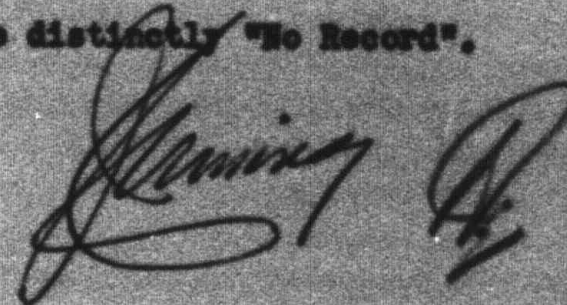

Mr. Virtue should note Exhibit 6 (JP Form) on which the Claimant states that he owned no personal property. The Claimant's wife also signed to this effect on registering.

Neither the Claimant nor his wife ever advised the Custodian of the existence of any chattels.

Mr. Virtue's third paragraph directs DTB's attention to pages 10 and 11 of the Transcript and says of these ".....you will see that the Claimant should be paid this claim, of \$150.00.....". There is nothing on these pages other than presentation of the claim.

Dear Sir:-

4980-^{Russell}
There are payments due on the property we
sold Okuba and Yamada at "Reston" and what
I'd like to know is this do they have to make those
payments?

They bought the property in 1926 and made one
payment, before they made any more the interest
was more than the principal after the death of
the wife father I got the interest ^{CUT} all but \$1.00 and
he said he'd pay it but then make their interest but told
them I wanted them to see to it those payments
were made as we had commitments to make and were
depending on those payments to carry them over.

I wrote Yamada asking him if he wanted to
sell in fact I have written him twice I could
get or could have good a cash deal and told him as
asking him if he wanted to sell and set a price
on some.

If they do not make these payments what can
we do about it?

Yours truly

Claim

Dear Sir,

The writer as Administrator of the Estate of Marie A. Read, holds a judgment dated 28th November 1935 against Shauemon Yamada and K. Yamada for the sum of \$616, and the amount now owing in respect of this judgment is the sum of \$847. From correspondence which we have had with Shauemon Yamada it appears that he resided in 1941 at Ruskin, B.C. and on looking at the file we find that he had an agreement for sale and purchase whereby he agreed to purchase certain lands at Chilliwack, B.C. On the 27th. September 1941 Shauemon Yamada wrote and informed us that his co-defendant K. Yamada died in April 1941.

We wish to inform you that the claim in question is on a promissory note of the judgment debtor given to the plaintiff in respect of rent of a farm and for damages for removing rhubarb roots from the farm. The farm was leased on the representations that the Lessee was K. Yamada and in fact and as it turned out in proceedings in the County Court in Westminster, the Lessee was Mrs. K. Yamada, and accordingly the lease was obtained by fraudulent misrepresentation.

On behalf of the Administrator we formally put the claim in and shall be pleased to know whether Shauemon Yamada has any property.

Yours truly,

Dear Mr. Braidwood: RE: SETTLEMENT AWARDS
Shouemon Yamada, Case No. 780
Custodian File No. 3006

REAL PROPERTY:

We are able to approve the Award although we observe that property which cost \$5,184.25; valued at \$4,100.00; assessed at \$1,350.00; sold for \$846.00.

MISCELLANEOUS CHATTELS:

There was a claim for \$150.00 and you will notice that a large part of it was for lumber.

If you will read pages 10 and 11 of the evidence you will see that the claimant should be paid this claim, of \$150.00.

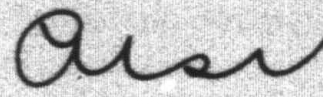

We trust that we may hear from you with this in view.

We particularly feel that the chattel claim should be allowed in view of the fearful beating which this man took on his real estate.

Dear Sirs:

Re: Shouemon YAMADA - Recn. No. 13370

Some time ago you filed a claim of \$51.00 against the above named Japanese, and we are now making a pro rata distribution of all the funds we have on hand belonging to him to his creditors. Your share in this distribution amounts to \$4.85.

As we see no possibility of collecting any further monies for his account, would you be willing to accept the enclosed cheque in full settlement of your account. If so please send us a receipt in full.

If you cannot accept this in full settlement, you will have to look to Mr. Yamada direct for balance. The last address we have for him on file is P.O. Box 131, Picture Butte, Alta.

30

S. Yamada,
In Chief.

THE SECRETARY: Case No. 780, Shunemon Yamada.

SHUNEMON YAMADA, the claimant herein,
being first duly sworn, testified
as follows:

DIRECT EXAMINATION BY MR. RUSSELL:

Q Mr. Yamada, I am showing you your summary of evidence
in support of claim; you are familiar with this
document?

A: Yes.

Q It was prepared under your instructions?

A Yes.

Q And direction?

A: Yes.

Q This is your signature at the end?

A Yes.

Q You believe the same to be true?

A Yes.

(SUMMARY MARKED EXHIBIT NO. 1).

Q Mr. Yamada, you bought this 9.77 acres in 1926,
it was uncleared, and you paid \$1000.00 for it,
is that right?

A: Right, yes.

Q Do you think that the \$1000.00 was an excessive
price for this land?

A: At the time I

bought it it was a fair price, going price, that is.

Q What have you to say about the price of neighbouring
land?

A: It is about the

same price, only depending on the selling conditions,
of course, but if I had been a quarter of a mile

south from my place, you might say it is rather
fifty per cent or more sandy, and for that they

were quoting \$60.00 to \$70.00, and that was a
fair price when I purchased it.

S. Yamada,
In Chief.

THE SUB-COMMISSIONER: Q: \$60.00 or \$70.00 an acre,
you mean? A: Yes.

MR. RUSSELL: What is for land less valuable than his.

Q You estimate the value of the clearing, six acres
at \$1200.00, that is \$200.00 an acre; how do you
arrive at that figure of \$200.00 per acre?

10 A In a lot of cases it varies different in expenses,
depending on the number of big tree trunks, but
it averaged me around \$200.00 an acre, and, of
course, that would be spent on powder, my own
labour, too; that \$200.00 includes my own labour
and outside help, like the team with the cable
and the block and things like that, but I figured
it will cost me around \$80.00 per acre for powder,
fuse and caps and things like that, for about
\$80.00 an acre.

Q Well, how many boxes of powder would you use?

A It varies too again, but it averaged me around
twenty cases to an acre.

20

Q Twenty cases?

A: Yes.

Q What would you have to pay for twenty boxes of
powder?

A: The price of
powder at the time, of course, I bought this on
several different occasions, but it was \$3.35
at Nancy and, of course, I had to pay 25¢ for
haulage on top of that and it comes to somewhere
around \$4.00.

Q \$4.00 a case?

A: Yes.

Q And you said it would take you approximately twenty
cases?

A: Yes.

30

S. Yamada,
In Chief.

Q So that in round figures your powder would cost you around \$80.00 an acre? A: Yes.

Q How would the other \$120.00 estimate be made up?

A Well, you see, around three-quarters of that would be about \$90.00 of mine, as it took me practically a month to clear an acre of land, and then outside of that there is expenses in that \$200.00 is spending on the hiring of a team of horses, cable and other machinery to finish the job; plowing is included in that too.

10

Q So that you value your own labour at \$90.00 a month, and you say it took a month to clear an acre?

A Yes.

Q And then you say that you spent approximately \$80.00 on blasting materials? A: Yes.

Q And what about the other \$30.00?

A The other \$30.00 for outside labour, that is, I had to pay that in cash, besides powder and things, for help, like hiring a team of horses with a man, and cables and block, and things which I didn't own, and that runs around \$30.00 an acre.

20

Q Was this land of yours forest land or just bushland when you purchased it? A: It was originally forest, of course. In some cases three or four or five feet in diameter stumps, and it had been logged out before, and the stumps was there, and a bunch of older trees and young second-growth fir trees.

Q You show drainage at a cost of \$350.00? How did you arrive at that figure? A: I have peat soil

30

S. Yamada,
In Chief.

downthere. It is hard to explain, but on this west end of the property I have a peat soil about an acre and three-quarters where it takes a bunch of drainage, and I have about, I don't know, this figure might be out, I don't know, about an acre and a half in four strips that I have drainage in it, and I figured at the time it cost me around 35¢ a foot for labour and material. The material we used on it I can get it in my own place, it was cedar about three inch in thickness, and by lying two rails on the bottom of the ditch and put cedar covering on top of it before I put the dirt on it, and that is the way it worked out, and I figured the cost out at about 35¢ to a foot.

10

Q Now, cost of planting, in paragraph 6 (f), you show one acre of strawberries, \$85.00; how do you arrive at that \$85.00? A: I don't know whether I am exactly right down to a cent on that figure, but I figure it takes about 3000 to the acre.

20

Q 3000 plants? A: Yes, 3000.

Q I see. A: And, of course, there is a different price and different variety of strawberries, but it takes at least \$12.00 to \$20.00 a thousand for plants alone.

THE SUB-COMMISSIONER: Q: That is for the plants?

A Yes, for the plants.

MR. RUSSELL: Q: You have shown it then the price of the plants alone? You have shown it one acre of strawberries, \$85.00; that would be pretty well

30

S. Yamada,

taken up in the price of the strawberry plants themselves, would it not? A: That figure there, I just took the figure that I made out a couple of years after I came out to Alberta, and then I just copied that out, and I might be left my own labour out of that. It might be just the price of the plants because that is the price we generally paid for our strawberry plants.

10

Q The \$55.00 which it cost you for the three-quarters of an acre of asparagus, how did you arrive at that figure? Was that for the plants or what?

A Yes, that was only for the plants.

Q I see. How did you arrive at the figure of \$115.00 for one acre of raspberries? Is that the cost of the canes alone, or is that the cost of the canes and the labour?

A: No, in that case it is mostly on manure I brought from Strawberry Hill by hiring the truck and I made a good preparation for the raspberry patch, and that takes in most of it outside of about \$25.00 for my own labour.

20

Q What about the canes? Is that with the cost of the canes included?

A No, I don't think it cost any except to get it out from my neighbour.

Q Getting the canes from your neighbour?

A Yes.

Q You were given the canes? A: Yes.

30

Q I see. And you say it cost \$105.00 for one and a half acres of rhubarb. How is that made up?

S. Yamada,
In Chief.

A Now, it seems to be hard for me to explain that too because those figures, some of those figures I made out, as I said before, two years after I arrived here, just to see what the total loss was, and I copied that out, and I am pretty sure that that is including everything, that is, plants and all the other expenses.

Q Labour, hauling and everything?

A Yes; but I can't now explain it.

10

Q You have several buildings on the land, and you put them on, and they weren't there when you bought it in 1926?

A: I beg pardon?

Q You put several buildings on the land which were not there when you bought it in 1926; now, would you tell us who built those buildings?

A I wasn't much of a carpenter, and I naturally had to hire outside help, but I did lots of it by hiring friend carpenters and in getting material. I had a neighbour out there had a truck, and he was handy to haul anything, and I left him to figure things out, and he made out the list and I paid the cost and the expenses.

20

Q Well, how did you calculate the cost of the material, or how did your friend calculate the cost of material for these buildings?

A: The one way to do was to tell him the size of the building and how I wanted it and then he figured things out for me.

Q Do you mean, was this done before the buildings were built, or is this how you arrived at this claim today? What I am getting at is this: For example,

30

S. Yamada,

you say that your 18 x 24 dwelling cost you \$480.00 for material, \$270.00 for labour, and the total cost was \$750.00. Now, how did you arrive at the figure of \$480.00 for material?

10 A If I keep track of whatever I pay as I built it on I naturally would add on the old ones and the new ones which I build on to, wouldn't I? Is that what you mean?

 Q I mean, this figure here, \$480.00 for material, you see that (indicating)? You see this dwelling, 1939, material cost you \$480.00; now, is that from records which you kept? A: No, it isn't from my records. There is one or two cases -- there is only two items like these, that is on the brooder house, like the \$36.50.

 Q That is from your records? A: Yes, and the installation of electricity, this here (indicating).

 Q What are you speaking about, the installation of electricity? A: I had to hire the electrician to do all the work, and I don't know what just it takes work, but there is the record of the payment, the amount that I paid to the electrician. I had forgotten the party's name, now, I have, but that is what I paid.

 Q How much was it, \$147.35? A: Yes.

 Q That is what you actually paid?

 A Yes.

 Q And you say that you have records only in these two cases?

 A: Yes, only in these two cases; outside of that it is the closest

I can get.

Q How did you arrive at that estimate? Is it just by rule of thumb, or how? A: I figure the amount of lumber there is in the building.

Q You figured the amount of lumber in a building?

A Yes, and the nails and all the other material that is in it.

Q And then what did you do?

10

A Add the whole thing and take the closest guess, closest estimate I had. Of course, it doesn't mean actual figure, but you can easily figure how much lumber it is and just how much you paid on it, \$1000.00 at that time; that is how I worked it out.

Q That is how you worked it? A: Yes.

Q You say the rental value of the plant was \$500.00 per year. How do you arrive at that figure? Is that an estimate too?

MR. RICE: Let him answer; that is a fair question.

20

A It is an estimate, and that is the price I would like to get it if I was going to rent it at the time.

MR. RUSSELL: It may be the price that you would like to get, but is it the price that you could get, or do you know? A: I don't like to set a price and not believe in it, that I don't believe.

THE SUB-COMMISSIONER: Q: Pardon?

A I don't like to quote a price in things that I can't believe in.

Q Oh, I see.

30

MR. RUSSELL: Q: You have reason to believe that

S. Yamada,
In Chief

this land could rent for \$500.00?

A Yes.

Q What reason is that?

A: There is a building for chicken, more than 600 birds' capacity, it was chicken house there as well as the brooder, and small fruits like strawberries and raspberries, rhubarb, and other items, and was handy to the road and electricity right there, and if I was renting it I think I can easily pay that \$500.00; that is about all I can explain.

Q I see. Did you operate a sawmill?

A Yes, I did.

Q And you turned out lumber from this sawmill, did you?

A All lumber there is what we call deer stock, and it has to be edge-grained, and that is what it is.

Q What is the deer stock used? A: For the doors.

Q The frames or the actual doors themselves?

A The frames.

Q The frames?

A: Yes.

Q Well, is the 3200 board feet of deer stock, price paid \$75.00, value \$100.00, and you say "It is my own product from my sawmill"; how do you mean that price paid was \$75.00? A: Well, that is what I figure it would cost to produce the amount of lumber that there was, and the market price at that time of that grade was \$32.00 to \$35.00 a thousand.

Q I see.

MR. RICE: I am submitting, your Honour, that the real

estate was sold for its fair market value.

I am submitting that the chattels claimed for we've never declared by the claimant and the Custodian had no knowledge of the same until the claim was filed. I am further submitting that the claimant's chattels were turned over to others than the Custodian and the Custodian is not responsible.

I tender the following documents as exhibits:

Farm appraisal report.

(APPRAISAL REPORT MARKED EXHIBIT NO. 2).

MR. RICE: Assessment notice for the year 1943 by the Corporation of the District of Maple Ridge, assessing the land at \$600.00 and the improvements at \$750.00.

(ASSESSMENT MARKED EXHIBIT NO. 3).

MR. RICE: A real estate summary.

(SUMMARY MARKED EXHIBIT NO. 4).

MR. RICE: And a summary relative to the claim, showing the assessed value of the land and its appraisal and sale. It also sets forth that the chattels claimed for were not declared and the Custodian had no record of them at any time.

(SUMMARY MARKED EXHIBIT NO. 5).

GROSS EXAMINATION BY MR. RICE:

Q I show you a J.P. form dated the 13th of April, 1942 (indicating); will you look at that document and tell me if you completed it and signed it?

A Yes.

Q You did?

A: Yes.

S. Yamada,
Gross Exam.

MR. REE: I tender that as an exhibit.

(J.P. FORM MARKED EXHIBIT NO. 6).

MR. RICE: Q: Before you were evacuated you appointed a man by the name of C. Black, I believe, to look after your property for you?

A: Yes.

Q: At that time did you owe money on account of the purchase price of your property?

A: Yes.

10 Q: To Mrs. Gilchrist, Mrs. Black and Mr. Gilchrist?

A: Yes.

Q: I believe you owed \$662.50, that would be the amount, would it? A: I think so.

Q: You left all your affairs in the hands of Mr. Black to look after for you? A: Yes.

MR. RICE: Perhaps for the purpose of the record I should explain, your Honour, that the claimant originally filed a claim for land \$2500.00, buildings \$1600.00, and that was subsequently amended to land \$3223.75, buildings, \$1960.50, total \$5184.25, and by the summary of evidence filed by the claimant today his claim is reduced again to the original amount of \$4100.00. I am right in that?

20

MR. RUSSELL: Yes.

THE SUB-COMMISSIONER: Reduced to what?

MR. RICE: It was \$4100.00, it was increased to \$5184.00, and it is now reduced to \$4100.00.

MR. RUSSELL: \$5184.00 was the actual cost.

THE SUB-COMMISSIONER: On page 3 of Exhibit 1, you show the loss on the claim at \$3254.00, and then you

30

S. Yamada,
Discussion.

carry it over on to page 5 at \$4338.25. I was going to ask you about that. What does that mean?

MR. RUSSELL: Apparently that was taken from the original valuation, the loss being claimed as \$3254.00.

THE SUB-COMMISSIONER: But you see on page 5 the loss is \$4338.00.

MR. RUSSELL: That is incorrect.

THE SUB-COMMISSIONER: That should be \$3254.00, should it?

MR. RUSSELL: Yes, \$3254.00.

MR. RICE: Apparently nothing is taken into account for what the claimant owes on account of the purchase price, \$662.50 in his computation.

THE SUB-COMMISSIONER: That is all, thanks.

MR. RUSSELL: I would point out, sir, just in summing this up that the land was sold for approximately two-thirds of the assessed value by the Custodian.

THE SUB-COMMISSIONER: Yes.
