April 25th, 1942

Mr. G. W. McPherson,
Custodian,
206 Royal Bank Building,
Vancouver, B. C.

Dear Sir,

Enclosed please find a list of effects of Japanese who have been evacuated from Knight Inlet. As you can see by the enclosed lists the effects here are mostly fishing gear.

These nets &c. were valued by two independent experienced parties, and I think their values are very fair. You will see that the Japanese ~~have~~ put a value on their effects here, and we have put in two separate columns, what they ask for, and what value these effects are worth. As you will notice there are various items which are absolutely of no value to anyone, such as the Dinghys. These are a small flat bottom skiff about 8 ft. long which really belonged to their boats which were taken over by the Boat Disposal Committee and should be on their gillnet boats. The wooden buoys are home made and of no value to anyone, only themselves when fishing. The lanterns &c. are all old and most probably used for the last two or three seasons.

In the event of these lists being satisfactory to you, would like to hear immediately so that steps can be taken for disposal. As the fishing season commences in June it will be advisable to dispose of these effects immediately, as deterioration will set in and also the men who most probably we can dispose of these effects to will not wait.

Also attached we are sending you a list of Registered Conditional Sale Agreements against these nets and held by us, and would ask you to advise me procedure regarding these.

Yours truly,
"W.J. Matthews"
