Dear Mr. Nigg,

We were very pleased to receive your letter. Seems like you are in good health and getting along fine which we are very glad to know.

We are thankful of the way you are looking after our farm. Things such as limb bat breaking are very likely to happen. Feeding: the dog must be a nuisance as they eat lots and do one knows when we will be back to take it off your hands so if it is a bother to you please get rid of it as we won't mind.

Topping sugar beets is a hard job, everyone complaining of aching backs sore arms and hands. Though we have been working at it for a month and one week there is still one half an acre left. It snowed yesterday so cannot finish today. The crop is not so good between 11 to 12 tons to the acre.

The weather has not been too bad yet, for the last week we have been getting the chinook winds and some snow alternately but one day it was very cold. As you stated in your letter it sure is necessary to bank the

outside up good and have a warm fire.

The grain crop is good but on this farm and many others it had not been threshed yet, because of the wet weather before last. Topping, so has to be done quite soon.

The Custodian has sent us an inventory of chattels. The wheelbarrow, which was left for you to use, is not shown and the scale. If you are using them it is fine or maybe they overlooked them.

We were going to have you take the payment for the land taxes to the Municipal Hall if the amount coming to us is not too far from the cost of the taxes. So we would like to have you send us a statement of the crop work since the last one stating the amount coming to us. Then we will send you the amount asked and the tax statement which was sent to us earlier in the year.

We think the Custodian has no right to take the money from either party signed in the lease. It is allright if they pay for taxes and other costs towards our land.

If we have you to pay the amount coming to us towards taxes, it may get you in trouble with us, we don't want to be so will you please ask Mr. A.L. Kent if it is allright.

If he says you should pay to the Custodian please ask his reason and whether the Custodian

Dear Sir. Keizo Fukumoto. File no.3923

Mr Hancq has handed me your letter to him, dated 12th.inst. He tells me that he has not sold any land to Fukumoto and therefore does not enter the picture. I believe that Fukumoto's description is right as far as it goes, but should probably be augmented by sketch on map no. 2428 - this being in the west half of the North East quarter. We show no registration other than title no.53681E, which covers only 5 acres of the 25 acres he apparently has, and is assessed for.

Re: Keiso FUKUMOTO

The above named Japanese made declaration to the Custodian of Japanese Property that he is the owner of 'Lot 2, N.E.¼ of Section 14, Township 7 - 31 acres. We find in the records of the Land Registry Office that Lot 2 of the E.½ of the N.E.¼ of Sec.14, Township 7, Map 2671 is owned by you. There is a difference in these two descriptions of property and we are not sure that Mr. Fukumoto gave us the correct description of the land owned by him. Will you kindly advise us if you have sold Lot 2 or any other land to Mr. Fukumoto and if so let us have the correct description of the land sold.

Dear Sirs:

I have just heard over the radio that Japanese farm property is to be sold and tenders must be sent in today.

This is the first intimation I have had of this, I take the paper every day, that is the "Daily Province" but have not seen it advertised anywhere.

I would like to tender for the place I am at present working and enclose my offer, I don't know whether you want a deposit, but will send one if you will advise me how much you want.

Trusting to have your consideration.

Dear Sir:

re: Keizo FUKUMOTO.

We are in receipt of your enquiry of June 19th regarding disposition of subject Japanese property.

You may have noticed in the press recently that 769 properties in the Fraser Valley have been disposed of to the Soldier Settlement and Veterans Land Act Committee, and the property in which you are interested is included in these parcels.

Any question of purchase, therefore, will need to be taken up with the Soldier Settlement of Canada.

The sale has been made subject to existing leases and this matter also will be one for the Soldier Settlement of Canada to negotiate with you in due course.

Yours truly,

There must of have been a mistake in stating that I owned 31 Acres because I am quite sure that I did not say so.

The land I own is as stated in your letter of November 12th

"Part 20 Acres of the West ½ of North East ¼ of Section 14, Township 7,

and

Part 5 Acres ~~of~~ of the West ½ of the North East ¼ of Section 14, Township 7,"

Total 25 Acres.

In your letter of June you stated, "as far as we have been able to ascertain this land has an area of 25 Acres. If this is not correct and you own an additional 6 Acres will you kindly advise us." This is correct as I did not write to you.

REPORT

Re: Keiso FUKUMOTO - 12782.

Visited the Veterans' Land Act property, Sunnyside Road, Langley, on September 11th for purposes of checking on some effects that appeared to have been left on the property after the chattels were cleared. Collected $10.00 for some old car parts and was shown by the tenant, C.B. Wiggs, some glass and 2 incubators that had not been taken away. I saw Mr. Wiggs again today and collected $25.00 for glass, incubators, 2 old wheelbarrows (had been rebuilt by him from wheels) and an old scale.

A quantity of pipe was left, but upon examination it appeared to be badly pitted outside and corroded inside, and I am convinced is useless.

A greenhouse frame is still on the property and I do not think it would pay for removal. Mr. Wiggs showed me a lot of odds and ends left on the property at the time the saleable effects were removed, all of which I consider of no value. The flooring referred to in my letter of September 16th, 1946, to Mr. Wiggs, was sold at auction, the mail box was lying in a ditch and of no value.

Dear Sir:

Re: Keizo FUKUMOTO.

Herewith our official receipt for $10.00, covering sale of old car parts that were lying on the FUKUMOTO property.

Relative to the green-house glass and incubators that you showed the writer on the 11th instant, we have obtained an appraisal of these from Messrs. Trapp & Co., New Westminster. Their appraisal is $16.00 for the glass and $4.00 for the incubators.

We note that there was 206 feet of 1 inch pipe, 36 cases of 12 inch flooring, 2 wheelbarrows and a mail box inventoried. Can you tell us if these are still there? The writer will be in Langley next week and would like to clean up any remaining chattel matters.

Yours truly,

JAPANESE PROPERTY CLAIMS COMMISSION

REPORT

(THE HONOURABLE MR. JUSTICE H.L. REID, COMMISSIONER).

Lethbridge, Alberta,
March 25rd, 1943.

IN THE MATTER OF THE CLAIM OF
KEIJO FUKUNAGA.

PROCEEDINGS AT HEARING.

APPEARANCES:

F.M.G. MEWETT, Esq.,	appearing for the Dominion Government.
A.G. VERTUE, Esq., K.C.,	appearing for the Claimant.

A. WATSON, Esq.,	Secretary.
G.N.E. UPTON, Esq.,	Official Interpreter.

K. Fukumoto,
In Chief.
Discussion.

THE COMMISSIONER: What claim do you wish to proceed with first, Mr. Virtue?

MR. VIRTUE: No. 7 on the list, that is the first on the list for today, Fukumoto.

KEIZO FUKUMOTO, the claimant herein, being first duly sworn, testified through the Interpreter as follows:

DIRECT EXAMINATION BY MR. VIRTUE:

Q Mr. Fukumoto, is this statement prepared by you with the assistance of your Interpreter showing the value of your land and improvements?

A Yes.

MR. VIRTUE: I will put this in, sir, but I want to make a comment or two about it after it is in.

(STATEMENT MARKED EXHIBIT NO. 1).

Q And is this a statement signed by you showing your personal property? A: Yes.

MR. VIRTUE: I will offer that as the next exhibit.

(STATEMENT MARKED EXHIBIT NO. 2).

Q And this other paper, is it a short statementof your claim that was also prepared by you with the help of your Interpreter? A: Yes.

MR. VIRTUE: I will offer that as the third exhibit.

(STATEMENT MARKED EXHIBIT NO. 3).

MR. VIRTUE: Now, sir, instead of me asking him piecemeal about his figures, I simply point out to your Lordship one or two of the pertinent facts. The original cost of this land in a raw state without any buildings was $1625.00. You will find it in the summary of evidence, sir. Now, the buildings

which are listed, $2,050.00, the cultivation of only six acres of this land which has been cleared and planted, and he puts the very modest appraisal of $850.00 on his work which makes a total of $2925.00. Now what I wish to point out to your Lordship at this stage is simply this, that the land sold in that state of improvement and cultivation for $1267.00 which was less than the cost price of the land in its raw state.

THE COMMISSIONER: You must not overlook the fact, Mr. Virtue, that the land was bought in 1911 which was the peak of real estate prices in British Columbia, and the sale no doubt was made in 1943 which was at a time when real estate was not in great demand in B.C.

MR. VIRTUE: Of course that would have a bearing on it, but I thought it was an extraordinary state of affairs when improved land could be sold for less than its original cost, after thirty years of cultivation.

Q Now here is a letter from the files of the Custodian. I am going to ask the interpreter to read it to you and then ask you if that letter was written on your behalf by the Custodian.

A Yes.

MR. VIRTUE: I would like to read this, my lord, and offer it as an exhibit. It is dated at Raymond, Alberta, which is a little town about twenty miles south. (Reading).

THE COMMISSIONER: What is the date of that letter?

MR. VIRTUE: May 1st, 1944, sir. I offer that as the

E. Palmerton,
In Chief.
Examination.

mark exhibit.

(LETTER MARKED EXHIBIT NO. 4).

Q Now, I want to ask you about just three or four pieces of your personal property. You list building material for a greenhouse, 20 x 30 feet, at $125.00.

A Yes.

Q Did you have that material for the greenhouse and leave it there when you left British Columbia?

A You mean the material?

Q The material to build it. A: Yes.

Q What did that material cost you about?

A The glass was $50.00.

Q Glass, $50.00? A: Oh, the frames.

Q The frames were how much?

A $50.00.

Q $50.00 for the frames? A: $25.00 for pipe.

Q $25.00 for pipe?

A Two inch pipe.

Q Haven are told that that was sold altogether for $21.00? A: Yes.

Q Was that a fair price?

A I think it was very cheap.

Q Yes. Was it worth $125.00 you have claimed?

A Yes. I consider $125.00 a fair price.

Q Now, I want to ask you about one or two other things. There were two incubators, one you valued at $50.00 and one at $60.00. Take the $50.00 incubator first and tell us whom you bought it and what you paid for it? A: I bought it at $75.00.

E. Palmquist,
In Chief.

Q How long before you were moved away had you bought it? About how long?

A About six or seven years.

Q About six or seven years. Was it in good working condition in every way?

A It was in good condition when I was evacuated.

THE COMMISSIONER: This is the $50.00 incubator?

MR. VIRTUE: This is the $50.00 incubator.

Q Was it well worth $50.00?

THE COMMISSIONER: Well now, that is decidedly leading, Mr. Virtue.

MR. VIRTUE: Yes, I realize that.

THE COMMISSIONER: We have his statement that it was worth $50.00.

MR. VIRTUE: Q Well what was it worth when you left?

A I think $60.00 was a fair price.

Q $60.00 was a fair price.

A $60.00.

Q Now take the second incubator, the one that you valued in your claim at $60.00.

THE COMMISSIONER: Now just one moment. There is one incubator at $15.00 and one at $50.00.

MR. VIRTUE: According to the Custodian's list, sir, there is one incubator on the list as No. 40, and then there is one on the list as 42. There were three all told, one at $15.00, one at $50.00, and one at $60.00.

THE COMMISSIONER: You are quite right. I see the three now.

MR. VIRTUE: I am not asking about the $15.00 one, but

the $50.00 one. I don't want to cover them all.

Q Take the one he values at $60.00 and ask him the same thing about it, when he bought it, what condition it was in, and what it was worth?

A I bought it for $65.00.

Q $65.00. And was it in good condition? Was it in good working order when you left?

A Yes, it was in good condition.

Q And that is the one that he bought at $65.00? What was the value of it when he went away?

A In my opinion, $50.00.

THE COMMISSIONER: Q: When was it bought?

A Eight yearsbefore I was evacuated.

MR. VIRTUE: Q: Which one is he speaking about now?

A Apout the one that we have been referring to.

Q That is he bought them about eight years before—the both of them? A: This particular one.

Q One was bought six years before and one eight?

A One was bought six or seven, he said, and this one eight.

Q Q While we are on the incubator question, apparently he had a third incubator which he valued at $15.00. What condition was it in? Why did he value it at $15.00?

A That was an old machine.

MR. VIRTUE: I don't need to waste your time getting this information out of him, sir. You will notice that the second machine — not the third one, but the second machine — was sold for $4.00.

K. Fukumoto,
In Chief.

THE COMMISSIONER: I have not the Custodian's analysis form yet.

MR. VIRTUE: I will ask Mr. Hunter if he would mind putting that in now.

MR. HUNTER: As your Lordship knows, it has been customary for counsel for the Japanese to file these on my behalf early in the presentation of themes in order to facilitate your Lordship. I would appreciate it if he could do that.

MR. VIRTUE: Yes, I neglected that; I am sorry. The one that is first described, sir, apparently sold for $10.00. The one that was secondly described was sold for $4.00, and there is a remark opposite it, "Sold for $4.00" on No. 40.

(CLAIMS ANALYSIS MARKED EXHIBIT NO. 5).

MR. VIRTUE: I would also ask him about four bronze stoves and pipe which he valued at $60.00.

Q Ask him when he got that and what he paid for it and what condition it was in?

A What was the price?

Q He valued the four, apparently, at $60.00. I am talking now, sir, about No. 40 on the list.

A Yes.

Q When did he get those and what did he pay for them?

A I bought one in 1913 — 1917 — 1920 —1927 or 1928.

Q About what did you pay for all four of them? Tell him it doesn't have to be to a cent, but about?

A About $90.00.

Q Yes, what condition were they in?

E. Palmquist,
In Chief.

THE COMMISSIONER: Q: $90.00 for the four, is that clear?
A Yes, that is correct, my lord.
MR. VIRTUE: Q: What condition were they in? That is, when he left. A: One wasn't in very good condition. The others were serviceable but slightly damaged or slightly poor.
Q What was a fair value for those four when he left, that is the whole four put together?
A About half the price I paid for them.
Q That would be about $45.00?
A Yes.
THE COMMISSIONER: Why does he claim $60.00 if he now says they are only worth $45.00?
MR. VIRTUE: I take it he is revising his estimate downward, sir.
Q Now, you had a Ford truck when you left?
A Yes.
Q What did you use it for? A: I went to Langley Prairie to get feed.
Q It was in running order then, was it?
A It was in useable condition.
Q What was it worth? A: I bought it for $150.00.
Q When did you buy it? How long before you left? About how long before you left?
A Two or three years before I was evacuated.
Q Have you kept it in repair?
A Yes, I looked after it.
THE COMMISSIONER: What was this, a 1929 Ford?
MR. VIRTUE: All I have here, sir, is a Ford truck.

E. Fukumoto,
In Chief.

Q Does he know what year it was?

THE COMMISSIONER: In his claim form it is referred to as a 1929 Ford truck.

MR. HUNTER: That is correct, my lord.

MR. VIRTUE: Q: It was sold for $50.00, tell him. Was that a fair price? A: I think it was far too cheap.

THE COMMISSIONER: Q: What do you say is the value of it at the time it was sold?

MR. VIRTUE: Q: Tell him "about". He doesn't have to get it down to a cent or a dollar.

A I think about $125.00.

MR. VIRTUE: All right, thank you.

MR. HUNTER: It is submitted, my lord, that the real property was sold for its fair market value. It is submitted that the personal property was sold for its fair market value. It is submitted that any claims for property which was abandoned, lost, destroyed or stolen are exorbitant. I file the Soldier Settlement Board appraisal.

(APPRAISAL MARKED EXHIBIT NO. 6).

MR. HUNTER: Reference is made to Exhibit 5, my lord. The glass for the greenhouse was appraised by Messrs. Trapp & Company for $16.00, and sold for that. It is the first item, my lord. The glass that is included in building material for greenhouses.

THE COMMISSIONER: By whom was it appraised?

MR. HUNTER: Messrs. Trapp & Company of New Westminster. The incubators down further, items 40 and 42, were appraised together for $4.00 and sold for $4.00

by the same outfit. The car was appraised for $50.00 and was sold for $50.00.

CROSS-EXAMINATION BY MR. HUNTER:

Q Now, Mr. Fukumoto, the frames for this greenhouse, they were wood, I presume?

A Wood.

Q Yes. And had they all been cut, ready to receive the glass? A: Yes, they had been made or they were ready to receive the glass.

Q The framework was all completed? It wasn't just raw material? A: No, they were ready to receive glass, not raw material.

Q But the framework wasn't constructed?

A They were 20 x 30 and ready to receive the glass.

Q In other words, they were just long boards, 20 x 30, or long, narrow boards, 20 x 30, that had been grooved to receive the glass, is that correct?

A They were prepared ready to receive the glass.

MR. VERTUS: I would like to interrupt to go a little further and say if it is true that the witness drews a picture of the frames -- square frames all ready to receive the glass.

MR. HUNTER: My lord, if my friend has anything to say on this, I would be much obliged if he says it at the end of the cross-examination.

THE COMMISSIONER: I think Government counsel's position is well taken. Counsel will refrain from interjecting in the course of the cross-examination. If you have an objection, I would be glad if you

would state you have an objection rather than to break into the cross-examination.

MR. VIRTUE: I am just doing it for this purpose, sir-

THE COMMISSIONER: Well I prefer you do not do it, Mr. Virtue, and I am so directing you.

MR. VIRTUE: My lord, I would like to be heard on this.

THE COMMISSIONER: Yes.

MR. VIRTUE: I noticed in standing beside the witness and the Interpreter that the witness drew a picture for the Interpreter. Now, all I am interjecting this for is to ask the Interpreter, subject to your Lordship's instructions, to show that the witness did draw that picture.

THE COMMISSIONER: Very well. Now, if in the future you have an objection to make, I would be glad if you say you have an objection and I will allow you to break in, but I do not like counsel breaking in in the middle of cross-examination.

MR. VIRTUE: I don't like it either.

THE COMMISSIONER: We will let it go at that. Now, Mr. Interpreter, would you kindly have the witness identify the plan or sketch which he has drawn for you?

MR. VIRTUE: And since I have objected, I would like to conclude my objection now, my lord, in this way; I take it we will be here for some days and I don't want to interrupt my learned friend or lengthen the proceedings at all, but I want to object to this method of cross-examining the witness. My learned friend got the answer three

separate and distinct times that it wasn't just rough lumber, but that the frames had been prepared ready to receive glass. In spite of that he keeps on, again and again and again, asking the same question over again. I object to that method of cross-examination of witnesses.

THE COMMISSIONER: I note your objection, Mr. Virtue.

Q Will you proceed, Mr. Interpreter?

A That is a sketch that he has made, my Lord. 30 there and 20 there (indicating).

THE COMMISSIONER: Now then, Mr. Secretary, would you hand this document down to counsel? Perhaps you would join the Interpreter and Crown counsel in order to be sure you hear what is said by the Interpreter, Mr. Virtue. Will you repeat for the Reporter, Mr. Interpreter, just how the witness has described that sketch he has drawn.

A This is a sketch that he has drawn. It is 30 feet there and 20 there (indicating).

Q Did the witness have anything to say in regard to the nature of the cutting of this lumber, as to whether it wasready to receive glass or was not ready to receive glass? Did he show it on the sketch, or attempt to? A: I don't think, my lord, the whness has the foggiest idea.

THE COMMISSIONER: There was no greenhouse built on the property. It was just building material for the greenhouse.

MR. HUNTER: That is what I thought, my lord.

THE COMMISSIONER: The claim is for building material for

a greenhouse, not for a constructed greenhouse.

MR. VIRTUE: That is true. Apparently this glass and the frames, and so on, and pipes had been assembled.

THE COMMISSIONER: There was no structure that had been erected.

MR. VIRTUE: No, it hadn't been erected.

THE INTERPRETER: It was ready to receive the glass.

Q I think, witness, you are confused because it is quite obvious from the sketch you have drawn that no glass could be put in there. Were there cross pieces in this 20 x 30 framework?

A It was ready to receive the glass.

THE COMMISSIONER: Perhaps you might ask him, Mr. Hunter, how he proposed to install the glass.

MR. HUNTER: Q Mr. Fukumoto, how did you propose to install the glass in this twenty by thirty frame?

MR. VIRTUE: I am sorry, but I must object to that question in that form, sir, and I will state my reasons. What this witness said in the beginning was he had assembled material including the frames for a greenhouse 20 x 30, but he didn't say the frames were 20 x 30. My learned friend apparently has that in his mind, but that is not what the witness said that the frames were 20 x 30 feet. I didn't put the question to him that way and I don't think the question should be put in that form.

THE COMMISSIONER: I don't think there is any significance to be attached to the length of the lumber. I understand the purport of your question, Mr. Hunter,

is how he proposed to affix the glass to the lumber, whatever length it was, is that correct?

MR. HUNTER: My Lord, the witness has repeatedly stated the lumber wasready to receive the glass. Quite obviously it couldn't be ready to receive the glass unless it had been erected.

THE COMMISSIONER: I do not want argument now. Counsel has objected to your reference to the fact that the lumber was 20 x 30.

MR. VIRTUE: That the frames were 20 x 30. As a matter of commonsense, we all know you don't have sheets of glass 20 feet by 30 feet.

MR. HUNTER: Maybe I misheard the witness, but my impression was he said these pieces were 20 feet by 30 feet. It may be my mistake in interpreting it into feet, my lord.

THE COMMISSIONER: We will see what he has to say.

A I didn't take the size.

MR. VIRTUE: Q: What was that answer?

A I didn't take the size.

THE COMMISSIONER: Q: He did not measure the length?

A I didn't measure it.

MR. HUNTER: Q: Now, Mr. Fukumoto, what was this lumber? What type of wood?

A I think it was cedar.

Q And where was it left? A: Underneath the chicken house.

Q Was the chicken house supported on floats?

A Yes. Underneath the chicken house was about two feet, 5 inches. Two feet, 5 inches, to 3 feet.

About as high as from the floor to here (indicating).

Q That doesn't mean very much in the transcript.

THE COMMISSIONER: He said 2 feet, 5 inches.

MR. HUNTER: Q: This lumber was lying on the ground underneath this chicken house.

A Yes.

Q Was the framework or lumber painted at all?

A It was painted.

Q How many coats? A: One coat.

Q How the pipe for your greenhouse, was it in the same place? A: Near the wood.

Q Yes, all the pipe was new or used when you bought it?

A It was old pipe.

Q Yes. And you left it lying on the ground?

A I put it on top of two by fours.

Q Now, you have never been in the greenhouse business before? A: No.

Q Did you buy your greenhouse glass new?

A No, it was old.

Q I see. Are you a mechanic?

A I don't understand machinery.

Q In other words, you were not a motorcar mechanic who could keep your car in repair, is that right?

A No, I don't understand machinery.

Q And you have never carried on business as an auctioneer? A: No.

THE COMMISSIONER: Mr. Hunter, is there anything to be accomplished by cross-examination of that character?

MR. HUNTER: It was just a flying last question before I

sat down. I am quite willing to forget it.

THE COMMISSIONER: Are you through?

MR. HUNTER: I am through.

THE COMMISSIONER: Any re-examination?

MR. VINTER: No. I don't intend to go over these things again. My learned friend has put in the appraisal report and I merely want to call your Lordship's attention to page 3 of it. In this case the valuator has valued the trees and I want to call attention to the nature of the valuation. There are 75 fruit trees that I do think require attention that are in production, he says, and they consist of apples, pears, damsons, prunes, and cherries, all of which he fixes a magnificent value of $75.00 for 75 trees.

THE COMMISSIONER: You will have an opportunity later to criticize the appraiser. That is all, thank you, Mr. Fukumoto.
