GENERAL SUMMARY

File No. 6433

Tomokichi HASHIMOTO,
Deceased.

Reg. No. 02801

Tomokichi HASHIMOTO died at Bridge River, B. C. on May 22, 1944. He is survived by his widow, Tokuyo, file #6734, who was repatriated to Japan on May 31, 1946.

In his Custodian Declaration the deceased stated that he left three sockeye nets, two spring nets, two salmon nets and five lead lines at the Gulf of Georgia Cannery, House #3, Steveston, B.C. As shown on the net statement on file, a great many more nets were sold than were declared but a few nets, about which Hashimoto later inquired, were unaccounted for. The total amount realized on nets belonging to Hashimoto was \$353.00. This sum was sent to Hashimoto in \$100.00 installments during his lifetime.

The file indicates that the deceased was the owner of the fishing vessel "T.H." which was sold by the Japanese Fishing Vessels Disposal Committee for a net amount of \$610.25, the funds being sent direct to Hashimoto on April 8, 1942.

A few articles of Household Furniture were declared by the deceased but, in his letter of September 5, 1942, he stated that he had nothing left in his house for removal. It was however, reported by the Cannery that some furniture was left in house #3 but was appraised as valueless by Mr. Robinson. They asked permission to destroy this furniture.

The house in which Hashimoto lived was built by him on the property of the Gulf of Georgia Cannery and, according to an agreement made between the Japanese and the Cannery, when the Japanese ceased to fish for the Company, the house no longer belonged to him and could be torn down. In a letter dated September 5, 1942, the Japanese valued the house at \$200.00 and requested that we endeavour to obtain the sum of \$100.00 for him from the cannery for the house. The Cannery refused this request, stating that the house was of no value and that the Japanese no longer had any interest in it in any case. Permission was given by this office for the house to be demolished.

In July 1945, the sum of \$3.38 was received from the B. C. Electric Railway Company for credit to the account of the deceased, being a refund of security deposit for light. This sum was transferred to the account of the widow in this office on May 3, 1947, and will be applied on the amount owing to the Treasury Department on account of repatriation.

This summary is certified
to be in accordance with
information on file.

Mr. Tomekichi HASHIMOTO,
Registration No. 02801,
Bridge River, B. C.

Dear Sir:-

Further to recent correspondence, we regret to report that further enquiries from the Gulf of Georgia Cannery reveal no trace of the nets for which we have been unable to account. It may be interesting to note that on September 9th, 1942, after having purchased one of your nets the Canadian Fishing Co. reported that they still had four nets and one cork line on hand belonging to you. On them they commented as follows.

"We examined these nets with a view to taking them over but the prices set by Mr. Hashimoto are entirely out of line with their value and for your information might say that we have been making a charge for storage on these nets ever since last Fall and we would now suggest that you either have them removed or if you wish we will make you an offer for same based on their value, bearing in mind that whatever we pay for these nets now, we will have to carry them until next year as the fishing season is just about over and naturally depreciation is going on all the time."

You will note from the net statement previously sent you that altogether eight nets were sold on your behalf plus some lines although you only declared three Sockeye nets, one Spring net, two Salmon nets, and five cork and lead lines, when you registered on April 28th, 1942.

We have a record of what you claim but feel that for the time being at any rate, further correspondence will not achieve anything.

Yours truly,

H. F. Green
Protection Department

NOTE TO FILE: Although more nets have been sold than were

(Note to file cont.)

declared or acknowledged by the Canadian Fishing Co. in
letter of September 9th, 1942, the above is not altogether
satisfactory as we have been unable to account for the last
two items acknowledged in the letter referred to. Mr. Town-
send of the Gulf of Georgia Cannery has been extremely help-
ful in accounting for Japanese nets left in his care and it
can only be assumed that this is a case where a net was
stolen or the tag lost after delivery was taken by our re-
presentative.

Re: Tomekichi HASHIMOTO - File No. 6433.

Dear sir:

Please pardon the delay in answering your letter of May 3rd on account of the writer's absence on a trip up the coast.

On checking up we note that the following gear was purchased from the above Japanese through your office after his departure from the coast:

4/40 x 5 13/16 x 55 x 50F	No lines	\$15.00
4/40 x 5 13/16 x 55 x 150F	"	30.00
(Tagged at \$50.00 & valued at \$30.00 by Leckie)		
4/40 x 6" x 50 x 75F	No lines	30.00
(Valued by C.P. Leckie)		
6/40 x 7" x 50 x 150F	On lines	110.00
(Tagged at \$160.00 & valued at \$110.00 by Leckie)		
4/40 x 5 1/2" x 55 x 140F	No lines	100.00
200 Fathoms of cork line @ 10¢ F.		20.00

These are all the materials that were purchased by the Gulf of Georgia but we have no record of the gear removed from the plant by the Custodian in the fall of 1942. We note the mention of the 4/40 x 5 7/8" x 55 x 150 in Mr. Eckman's letter of Sept. 9, 1942 but there is no record of our Company purchasing that net.

Re: Tomekichi HASHIMOTO

We are sorry to keep on troubling you over the question of Japanese nets, but we are still receiving enquiries. Valued by him

5/40 x 5 1/2 x 50 - 300	35.00

P.S. On further reference to our file, we see that the first and third items given above were mentioned in yours of September 9th, 1942 signed by Mr. Eckman. We have since been able to account for one 160 fathom cork line, but two were claimed by the owner.

Your File No. 6433
Tomekichi Hashimoto

On November 2nd 1942 we wrote you that we wished to demolish the house on our property which was formerly occupied by the above Japanese, and you wrote us on November 7th that you were forwarding a copy to the above party by registered mail.

We have been waiting ever since that date for a reply and we now find ourselves in a position when the house must be torn down immediately as we must use the ground for the storage of materials and we would therefore appreciate hearing from you by return of mail to the effect that there will be no objection on the part of your office to our taking the necessary action.

We regret that we can not consider any further delay in this matter and therefore must ask your office to make a decision because you have certainly waited long enough to hear from Tomekichi Hashimoto, who after all has no interest whatever in this house, which as your representative has no doubt told you is in a dilapidated condition and will very soon fall down.

Hoping you can see your way clear to write us immediately we remain,

Dear Sir:

We are in receipt of your letter of the 5th instant in which you speak of obtaining, if possible, the sum of \$100.00 for your house at the Gulf of Georgia Cannery.

As we wrote to you on August 20th, the Canadian Fishing Co., Ltd. claim that the arrangements made with you regarding this house only remained effective while you continued to fish for them.

It is not their intention to purchase this house but to tear it down. We believe that they would have no objection to this building being removed from their property. This, however, would not appear very feasible as it would mean the purchasing of another site and also entail the cost of removal.

Our purpose in writing to you before was to know if you would confirm the statement they make regarding the actual arrangements made concerning the ownership and use of the building. We presume that you are not in a position to dispute their claim and as you do not own the land you would appear to have no right at law to the actual ownership of the building erected on it.

Unless you have any suggestion in regard to the removal of this building and so advise us, we do not see that we can offer any objection to the Canadian Fishing Co., Ltd. exercising any rights they have in this matter.

In reply to your letter dated
August 20th 1942 we might say that Mr. Hashimoto
did leave the following furniture in this house:

2 Benches
2 Chairs
2 Home-made Tables
1 Desk

Your Mr. Robinson who we understand

has visited the premises and has appraised this
furniture of being of no value and not worth
moving but we have requested that this furniture
be removed immediately, otherwise we want your
permission to destroy same.

owned by Mr. Hashimoto in storage at our net house
at the Gulf of Georgia cannery:

1 net 6/40 x 7" mesh x 50 MD x 200 Fath with
lines, marked value \$160. # 822

1 net 9/40 x 9" mesh x 45 MD x 140 Fath with

1 net 4/40 x 5 7/8" mesh x 55 MD x 150 Fath

Re: Tomekichi HASHIMOTO

Thank you very much for your letter dated August 17th.

We are sending a copy of your letter to Mr. Hashimoto today for an expression of opinion from him and as soon as we receive his reply we shall get into touch with you without fail. In the meantime we request that you take no action whatsoever regarding the tearing down of House #3 which was erected by Mr. Hashimoto some years ago on your property with your consent.

When registering his assets with us, Mr. Hashimoto declared that he had stored in the Gulf of Georgia Net House three Sonkaye Nets, one Spring Net, two Salmon Nets and five Cork and Lead Lines. We would appreciate your being good enough to confirm to us that these items are held by the Gulf of Georgia Net House as declared by the Japanese.

Mr. Hashimoto also declared that he had turned over the key to House #3 to the Cannery and that he had left in said House three tables, two book-cases and one bed.

Dear Sir:-

You will recall that you and your wife were residing in House #3 belonging to the Gulf of Georgia Cannery, Steveston, operated by the Canadian Fishing Company Limited.

The Canadian Fishing Company Limited inform us that you erected this house some years ago on the understanding that you would be permitted to use it as long as you fished for the Company. The Company adds that this arrangement has been terminated, as you have ceased to fish for the Company, that the building is affixed to their land, that you have no right to ownership in it, and that the Canadian Fishing Company Limited expects to tear your house down as and when the property is required.

We would appreciate your being good enough to provide us by return mail with an expression of your opinion. You have our assurance that should the need arise, we can arrange to have the items in the house belonging to you removed and placed in our warehouse in Steveston.

Mr. R.P. Alexander,
Office of the Japanese Custodian,
506 Royal Bank Bldg.
Vancouver, B.C.

Dear Sir:

Re. Tomekichi Hashimoto-
Your File No. 6433

In reply to your letter dated August 13th we might say that the house referred to which was previously occupied by Mr. Tomekichi Hashimoto was not erected on piles but was entirely on land.

We have been paying the taxes on this property ever since we purchased same many years ago so there is no question about the ownership of the land.

We would therefore appreciate an early reply and acceptance of approval to our tearing down this house as soon as the property is required.

Yours very truly,

THE CANADIAN FISHING CO. LTD.

MEMO - MR. WRIGHT

The Canadian Fishing Company Limited state in their letter dated July 15th, which I saw for the first time on August 12th, that Mr. T. Nakata (an internee, your file no. 496) put up house no. 40 on part of Lots 14A and B, Block 12, on their property.

The company also states that this house was erected on the understanding that Mr. Nakata would be permitted to use same as long as he fished for the company. In conclusion the Canadian Fishing Company state that now that Mr. Nakata has ceased to fish for the company the arrangement has terminated, that the building is affixed to their land, that the Japanese had no right of ownership in the same and that the company expects to tear this house down as and when the property is required.

We have informed the Canadian Fishing Company that you would be writing to them in connection with Mr. T. Nakata.

We have written them in connection with two other individuals, presumably in the same situation, being our files nos. 11017 and 6433, which we shall be happy to loan to you should you desire to see them.

Mr. Ian MacPherson,
Custodian of Japanese Property,
506 Royal Bank Bldg.
VANCOUVER, B.C.

Dear Sir:

We wrote you the other day in regard to a house on our Gulf of Georgia property at Steveston and now just as a matter of record we have two other houses that were put up by Japanese some years ago on the understanding that they would be permitted to use same as long as they fished for the company.

ent. file #496
- T. Nakata - House #40 on part of lots
14 A & B. Blk. 12
✓ T. Hashimoto - House #3 on part of lots
15A - 17 - 18 - Blk. 8.

Now that they have ceased to fish for the company the arrangement has terminated. The buildings are affixed to our land and the Japanese have no right of ownership in same and we expect to tear these houses down as and when the property is required.

Yours very truly,

THE CANADIAN FISHING CO. LTD.
