LIABILITY SUMMARY

Re: OKAWA, Kuinosuke - Reg. No. 03226.

The following claims were filed against the Japanese:

1 - J. Swann - Machinists. $39.30

This claim was admitted by OKAWA and at his request, paid from the proceeds of the sale of his boat (2/3/43).

2 - Dr. M. UCHIDA. $20.00

The first list supplied by UCHIDA gave the amount as $20.00. A second list gave the same figure. This was taken to be an additional claim and thus presented to the Japanese who denied owing more than $10.00 on, all Dr. UCHIDA's claims were withdrawn.

3 - Bill Wagner - Diesel Repair Shop $117.57

OKAWA admitted the claim which was paid on March 20, 1943.

4 - B. C. Electric Railway Co. $1.08

This claim was filed against "J. OKAWA", 528 Princess St., Vancouver, B.C., the address of the above. The directory and files have been checked and reveal no one else of the name of OKAWA as residing at that address. It is to be noted that Kuinosuke's father was named Jingobe. He is now deceased. The claim was evidently never considered and was not referred to the Japanese. As it seems to be correctly filed it will be referred to OKAWA. We [illegible] from OKAWA. advising [illegible] R.C.M.P. This summary is certified to be in accordance with the information on file.

Valuation:

Phillipson: Undesirable, very old - no value.

Exhibit 2:

Ltr. Feb. 1/43 from Okawa accepting price of $350.00 net.

Catalogue Sheet:

Value: $2,000.00 - does not refer to dismantled engine, states boat 11 years old as at early 1942.

Age of Boat:

Age & description in claim agree with information in List of Shipping.

Hull was 16 years old at time of sale.
Engine, if installed new in 1939, would be 4 years old at time of sale.
Engine, Japanese-made, undesirable because of impossibility of obtaining new parts.

Damage:

There is no record that boat sank or was damaged while in Naval custody.

Repairs sufficient to keep boat afloat made by Custodian-charged to boat owner. No record of sinking while in Custodian's custody.
See Bill Wagner ltr. of Nov.5/42 re water in engine. Possible that, without sinking, leaky hull allowed water to reach engine.

Equipment:

No record of what equipment was on board at time of surrender to Navy.
Part of the engine was in machine shop where owner had placed it, part of the engine was taken to Greenwood by owner - questionable if boat being overhauled would have loose equipment on board.

Trolling gear referred to in claim - Information given to JFVDC was that "Point Ose" was a packer (fish carrier).
Bill Wagner's ltr. Nov.5/42 refers to $39.30 for gurdies supplied to Okawa. We do not know that these gurdies were on boat when surrendered.

Essential equipment missing, Aug.1/42, was listed by Naval surveyor. Claim for $27.00 (compass, anchor, anchor line & battery) was assigned to purchaser but has not been paid. Claim based on Aug.1/42 survey. Missing engine parts noted Aug.1/42, but Navy refused to consider claim for these as Navy aware that engine parts were in machine shop, and had not been on boat when surrendered.

Re F.V. "Point Ose"

Dear Sir:-

According to your request, we had a look at the engine in the "Point Ose", and found that apparently the boat had been sunk a second time, with everything extremely rusty and all moving parts frozen solid. Crank pits and reverse gear are still full of water. Also the injectors to the engine are missing, and I would say it will cost $430.00 to have the engine completely taken down, cleaned out and assembled again. This figure would include the finished machining of pistons in my possession, supplying of piston rings etc.

I already have a bill of $117.57 against the boat for engine repairs, therefore the complete engine overhaul would cost $ 547.57. We also have a bill against the boat of $39.30 for trolling gurdies supplied to Mr. Okawa. 586.87

This tender is only valid providing water is drained and parts cleaned immediately.

Very truly yours,

W. Wagner

Re: Nuinosuke OKAWA

The above named Japanese is the owner of a 34' fish carrier, called the "Point Ose", with a stated value of $2,000.00, in custody of the Navy, at New Westminster, B. C.

We have a claim against him of $39.30, lodged by Messrs. J. Swann Machinists & Engineers. In connection with the invoice from Bill Wagner for parts and work on the engine of the "Point Ose", please note that $111.37 of this invoice covers parts and work which have not been supplied to the boat.

The work was in hand at the time the boat was impounded, and nothing has been done about having these parts supplied to the boat.

Dear Sir:

Re: "Point Gas".

We have had a claim sent in by Bill Wagner covering repairs made to the above noted vessel. In order that this claim may be considered would you be kind enough to inform us immediately of the condition of your engine at the time it was delivered to the repair shop, and to tell us exactly what parts were missing when it was taken in.

If, as Mr. Wagner states, the injector valves are missing, would you be kind enough to give us details of their location at the present time. If some of these missing parts can be found and returned to the boat, it will, of course, reduce the amount of the bill to be paid.

Your prompt and courteous attention to this matter will be appreciated.

Yours faithfully,

The previous owner of the above-named boat has informed this office that he has the missing injector valves in his possession.

If you are still interested in obtaining these, let us know and we will again get in touch with the former owner.

Are you interested in the engine parts that are in the possession of Bill Wagner?

Dear Sir: Fishing Vessel "Point Ose"

Thank you for your prompt reply to our letter in regard to the parts missing from the engine of the above-named vessel.

Among the parts missing are the adapters, injection valves and punk holders. The adapters are especially important as the fact that these are missing has made it difficult to dispose of this vessel.

The following bills have been registered against this boat:

J. Swann Machine Shop	$ 39.30
Bill Wagner	117.57

It is possible that the engine parts in the possession of Bill Wagner and the J. Swann Machine Shop, with those in your possession, will be sufficient to complete the engine, and we trust that when this is done enough money will be obtained to enable us to pay the outstanding debts and leave a balance of $350.00.

Will you, therefore, send us the engine parts that are in your possession?

Yours very truly,

F. Matheson,

We have for acknowledgment yours of the 19th ultimo, regarding the above.

We wrote to Mr. Okawa, and he replied as follows:-

"I have duly received yours dated 27th ult., in regard of my indebtedness to Mr. J. Swann, I owe him $39,30 for fishing equipment.

If I have money I will pay the same but I am scarcely supporting my family at present, therefore, I am not able to do so.

Will you kindly ask to the Japanese Fishing Vessel Disposal Committee at Marine Building that when my boat is sold to deduct that amount and pay to Mr. G. W. McPherson, otherwise, I can't pay right now as aforesaid reason."

We have advised the Fishing Vessel Disposal Committee of your claim, and it will be attended to when funds become available. In the meantime, we have no funds standing to the credit of this man.

Trusting this will be satisfactory to you.

IN THE MATTER OF THE CLAIM OF
HUTHOSUKE OKAWA

PROCEEDINGS AT HEARING

APPEARANCES:

HAROLD W. McINNES, Esq., appearing for the Dominion Government

A.E. COBUS, Esq., appearing for the Claimant.

L.A. DODD, Esq., Secretary to Grand Forks Sub-Commission

MRS. I.C. SMITH, Official Interpreter

G. HAMBLETON, Esq., Official Reporter

T. Okawa
In Chief

MR. COBUS: The claim, your honour, of Okawa, Nuinosuke, No. 74 on the Secretary's list. That will become Case No. 314, Mr. Secretary.

THE SECRETARY: That is right.

(MRS) TOKU NUINOSUKE, a witness called on behalf of the Claimant herein, being first duly sworn, testified through the official interpreter as follows:

MR. COBUS: I would ask leave, your honour, to amend the claim which is a claim for a boat by amending the value of the boat to read $2,000 in place of $4000.00. The radio item is being abandoned, and we are crediting the Custodian with $550.00, leaving a net claim of $1450.00.

MR. McINNES: $550.00, did you say?

MR. COBUS: That is correct.

DIRECT EXAMINATION BY MR. COBUS:

Q: Witness, I produce to you a claim form which appears to be signed by one N. Okawa. Do you recognize that signature?

A: This is my husband's name.

Q: You are representing your husband and giving evidence on his behalf, are you?

A: Yes.

Q: Of your own knowledge, are you familiar with the facts relating to the vessel which is the subject matter of the claim? A: Yes.

Q: I produce to you a statement concerning the vessel. Did you instruct Mr. Leckie to prepare this

statement and is that your signature?

A: Yes, this is my signature.

Q: Are the statements contained therein true to the best of your knowledge and recollection?

A: Yes.

THE INTERPRETER: She wanted to know how much was claimed.

MR. COBUS: But the answer to the question was yes, I take it.

THE INTERPRETER: Yes.

MR. COBUS: I ask to file the statement as an exhibit.

(STATEMENT MARKED EXHIBIT NO. 1)

Q: Witness, is your husband a great war veteran?

A: Yes.

Q: How long did he serve, I presume in the Canadian Forces?

A: About three years.

Q: Did he go overseas in the Great War?

A: He was in the front line.

THE COMMISSIONER: Is that the First War or the last one?

MR. COBUS: The First Great War, your honour.

Referring to the statement filed as Exhibit 1, your honour, the vessel for which claim is being made is known as the "Point Ose," a trolling vessel which was purchased in 1927; that is, it was built for the claimant in 1927. The price paid was $7500.00 and that included the hull and a Vivian gas engine.. The usual maintenance work of scraping and copper painting was done annually, and the condition of the vessel was

good when turned over to the Navy in 1941. The claimant estimates the value of the vessel to be $2000.00.

In 1939 the claimant installed a new Hippath Engine, 35 H.P., which was a diesel engine which cost him $1500.00. He points out that his vessel, being a trolling vessel, was equipped with special gear for trolling. The witness says that she is representing her husband as to the claim and that she is familiar with the facts relating to the vessel. In December of 1941 her husband dismantled the engine and took the parts to one Bill Wagner, a marine engine repair man in Vancouver, for overhauling the engine, and apparently the parts which he took were the injector valves. But these he sent to the Custodian later so that the engine was complete when the Custodian sold the vessel. Her husband, she says, wrote a letter to the Custodian in February, 1943 agreeing to take $350.00 for the hull alone, and, under stress of financial circumstances, he agreed to this price of $350.00. The Custodian sold the vessel for $550.00 which was much below what the witness considers to be a fair market value. She thinks it would be worth at least $2000.00 at that time.

Would my learned friend produce the letter referred to in the statement from the claimant to the Custodian dated February 1st, 1943?

MR. McINNES: Yes.

MR. COBUS: Q: Witness, I produce to you, from the Custodian's file, a letter dated February 1st, 1943 at Greenwood, B.C. and addressed to the office of the Custodian and appearing to have been signed by Nuinosuke Okawa, Registration Number 03228. Do you recognise that signature?

A: This is not my husband's signature.

Q: Well, was the letter written on the instructions of your husband?

A: She doesn't think that it was necessary for him to write this letter.

Q: Well, would you just ask her this: Did her husband have this letter written?

A: My husband can't read nor write so if it had been sent, it must have been written for him.

Q: But she doesn't know? A: I talked the matter over with my husband to sell the boat, but I don't remember sending that letter.

MR. COBUS: Your honour, this letter should be filed, your honour, for whatever it is worth, I think. She refers to the letter in her statement.

THE COMMISSIONER: Well, it having been referred to, you had better file it.

MR. COBUS: I file it on behalf of the Crown.

(LETTER MARKED EXHIBIT NO. 2)

Q: Witness, at the time your husband appeared to agree to sell something for $350.00, were you and your family in rather straitened circumstances?

A: My husband was working for the Commission for $45.00.

Q: $45.00 a month? A: A month, and it was not sufficient to keep the family going.

Q: How large a family have you?

A: I had two daughters who were attending the high school and I had to pay $4.00 each to keep them in school.

MR. COBUS: Your witness.

MR. McINNES: Don't you want the valuations.

MR. COBUS: I am sorry, yes,I do.

I have had produced from the Custodian's file, your honour, the survey report of John Gould dated August, 1942 at Vancouver. The estimated market value is shown as $650.00, the valuation, $550.00. I file that on behalf of the Crown.

(APPRAISAL MARKED EXHIBIT NO. 3)

MR. COBUS: If my learned friend will admit the date of sale was January 7, 1943 and that it was a Custodian sale, and that it was sold for $550.00.

MR. McINNES: Yes, that is right.

MR. COBUS: Your witness.

MR. McINNES: In this case, your honour, it will be submitted that the vessel was sold for its appraised value or, alternatively, for its fair market value.

I would ask that the summary taken from the vessels records, from which my friend has asked for certain admissions, be filed as an exhibit.

(SUMMARY MARKED EXHIBIT NO. 4)

MR. McINNES: That is all.

(Witness to interpreter)

THE COMMISSIONER: Is there anything else you wish to say?

THE INTERPRETER: A: She said, could she mention about the difference in the price of $4000.00 and $2000.00? She said that when her husband went for the boat the engine was taken off the boat and the boat had already gone out , so at that time he only put in a $2000.00 claim, but when this J.P. form was written, the engine had been put back in the boat so it was really worth $4000.00. She is claiming now for $4000.00.

MR. McINNES: That would be a matter to be referred to her counsel, I think.

MR. COBUS: I would think so.

THE COMMISSIONER: I will give you the right to make further amendments if you consider any further amendments advisable or desirable.

MR. COBUS: Thank you, your honour. I did not take the interview myself, so I will speak to the claimant.

THE COMMISSIONER: Very well.

MR. COBUS: Would you tell the witness I will speak to her about this later.
