MEMORANDUM RE FRED McNAIR SHINGLE CO.

Mr. F. W. Smith called at 12:30 today concerning the company's interests at Stasley, Allouette Lake and Canal Lake. He claims that they have sold timber rights to Japs there, who cut same, and that he is disturbed in case a number of Japs are interned and we put people in without considering the interests of his company. I advised him that he did not need to worry about this.
