Dear Sir:-

You will remember that you did not register until March 31st, 1943 at which time you declared as personal property "beds, table, chairs and a stove." we rather think this referred to your belongings in New Denver in which, of course, this office is not interested as we are only concerned with effects in the protected area.

Your wife did declare furniture left at 2155 Fern-
dale Street but as she was not evacuated until some months
after the declaration, we think she must have made her own ar-
rangements in the meantime. At least our investigators were
able to find nothing at this address and we asked her on August
2nd, 1943 to advise if we were not correct in assuming that
she had disposed of everything.

We see that you disputed the claim of \$3.61 from
the B. C. Electric and this office will not follow this matter
further.

Finally, we have to advise you that we have sold for
\$3.00 your one cylinder 8 H. P. Bensid engine. We did have an
offer for it of \$20.00 which we telegraphed you on February
26th, 1943 but to which you did not reply. The offer was sub-
sequently withdrawn.

An appraisal of March 17th, 1943 showed that this
engine was not complete and the piston was rusted solid in the
cylinder. The value was put at \$15.00. A subsequent valuation
described the engine as fit only as junk and worth \$2.50 only
at the outside. It was advertised and the best offer that could
be obtained was \$3.00. This, less cost of advertising in the
amount of 75¢, has been credited to your account and we are,

therefore, now sending you our cheque for \$2.25. This exhausts
your credit with us and we believe completes all transactions
this office need conclude on your behalf.

Dear Sirs:-

Re: Parcels 2, 3, and 7
Engines at Steveston.

Thank you for yours of November 15th from which we note you are willing to quote \$15.00 for Parcels 2, 3, and 7 only. This is accepted. We will arrange to refund to you the balance of \$5.00 due.

We enclose a letter authorizing Mr. Harris, our Steveston representative (telephone Steveston 225) to deliver to you these engines. We think you should advise him before you go to Steveston to take delivery as some of the local hooligans have pushed one of the engines into the dyke by the roadside and it may be a little difficult to remove it. The engine is, however, safely situated in the dyke, partly covered by water, but its value as scrap metal, we believe unimpaired.

Yours truly,

to our trying to collect \$20.00 for these Parcels failing which we could accept the appraised prices as set by Easthope. These were \$2.50 for Parcel 2 (File 13967), \$10.00 for Parcel 3 (File 9609) and "worthless" for Parcel 7, owner unknown.

The writer recommends that as the owner of Parcel 7 is unknown and as he probably abandoned it as worthless, the \$15.00 be credited to Parcels 2 and 3 proportionately to the valuations, that is \$3.00 to Parcel 2 and \$12.00 to Parcel 3.

Receipt is acknowledged of your letter of September 19th offering \$20.00 for Parcels 2, 3, 7 and 8 as advertised. We are not able to accept this offer as it stands as the valuation for Parcel 8 alone is \$25.00 and we have received an offer of \$25.00 for Parcel 8 alone.

Before returning your cheque, we wish to enquire whether you would be willing to make your offer applicable to Parcels 2, 3, and 7 only. If so, please advise, failing which, we will return your cheque immediately.
