Dept of Fisheries:

Dear Sirs,

Ans'd by 6/11/42 JAN 6 1942

Jan 3rd / 1942

Letter No. 9967

On regards to the recent events in the Pacific, I would like to give some more information concerning these Japanese schooners and fishing boats; that our government has taking over for the duration of this war. I operated a schooner on Great Slave Lake from 1926 to 1933 and have done a great deal of deep lake fishing, but at present I have very little capital, but should you wish consider loaning these Japanese equipment to Canadians, or put it under Government control, and need experienced men to operate I trust you give me some consideration.

I trust that you will oblige me with the above information as soon as possible, I am

Yours sincerely
 Wm. E. Dunn
