Yours of the 5th inst. to hand for

10298

Letter No. ....

which I thank you very much  
Owing to not being able to get a life boat I thought  
perhaps fishing for halibut might be better  
I understand that there is a company in Prince Rupert  
take boats out to the fishing grounds in the morning and  
bring them in in the evening if this is so if you  
could give me the names of such companies also the  
price of a halibut license & the dates you can fish  
I would like it.

Thanking you in advance I remain

Yours sincerely  
D. Jesomith
