Jan. 14th 42,

File No. 1-5-19 Box 319.
Powell River
B.C.

Letter No. 10382

Dear Sir.

You will remember me calling to see you just before Christmas and asking about the Japanese fishing boats, and you told me at the time that nothing definite had been settled, and you advised me to write to you after the new year and you would give me what information you could. I have been watching the papers and I see that the Japanese Fishing Licenses have been suspended. The boat which I now own is too small for the grounds I intend trolling on this year. I wonder if you could give me any information as to the procedure of obtaining a larger Trolling Boat

Sincerely Yours

Harry W. Pickles
