Letter No. 10464

Sir  
How are you getting along, sir,  
Well my boat has been taken away  
by order as ordinary Japanese.  
Of course Obeys is at present our  
first duty, but that is not the way to  
treat a man who served in the midst  
of powder, smoke and bullets rain for  
the union jack.

I did not vainly pay bloody tax  
in France.

I beg you will not concern yourself  
about it, as I make statement for your  
information only.

Your obedient servant  
J. Saito
