Dear Sirs

I am interested in buying a Japanese fishing boat, that is in real good shape throughout.

I would want a boat not less than 36' long and like to buy before they have been all picked over.

Will you please send me full particulars re prices, condition of trams etc.

Yours Truly

E. A. Fabrick

P.S. Where should I apply for charts of the Strait of Georgia?

Is it possible to obtain charts showing the fishing grounds?
