MAY 30 1942

Dear sir;

I am interested in the salmon fishing in or around Vancouver. I would like to know the starting date for the coming season. Would appreciate it very much if you could give the the name of some responsible fishing bo from which a boat and nets could be rented.

Are any of the fishing boats which were seized from the gape available for use, and from what person could they be rented. (or bought)

Yours truly,
Ted Striker
