General Delivery,  
Kansas City, Mo.,  
October 26, 1942.

We have been advised by Commercial Fisheries Weekly that you might have the information we want, as follows:

We would like to know what was done with the Jap fishing boats? Have you any for sale? If so, what is price of them and what size are they and kind of engines, etc. Are they sold for cash or on terms. Are they suitable for trolling, seining and shark fishing. would like description. Photo would be appreciated. Does any of boats have cabin or canvas so to allow use of (?) for nets, etc.

(Sgd) Wm. Nash.
