Major J. C. Motherwell  
Dear Sir:

Letter No. 16438

Could you give me any in-  
formation about the Japanese  
fishing boats, if there is any  
left, and on what terms they  
can be purchased? Would  
like a Cod boat about 34'.

Have been alternately logging and  
salmon trolling for the past five  
years, and would like to go fishing  
steady, as I've an old injury from  
the woods that gives me trouble  
lately. Hoping to get some  
advice on this matter I remain

Yours  
A. Kronseth,  
Campbell River,  
B.C.

I am very anxious to see this hope of mine materialize and trust you may be  
in a position to give my request your fullest consideration. In the meantime I  
will be waiting for your reply. I will be glad to furnish any additional information  
and forward employment references and army rejection certificates upon request.

Yours very truly,

Stanley Last.

December 31, 1942.

Have on hand any fishing boats  
on the Vancouver coast or any  
you may have at your disposal  
in the event of hostilities with Japan.  
Type of boat and what arrangement

Ontario and have had considerable  
experience in living fishing off the B.C.  
coast. Forward to that type of life.

My request was rejected on account  
of three. On June 9, 1942  
I was rejected again for the same  
reasons of health.

I have been employed by the  
Canadian government. I am well acquainted
