Dear Sirs;

I am interested in obtaining information concerning confiscated Japanese fishing boats, as I heard that these boats were being offered for sale.

I am a middle aged man, military exempt and a willing worker. The information I would like is as follows:—

1. average cost per boat.
2. types of power plants (diesel, etc)
3. what qualifications necessary.
4. what conditions on payments.
5. whether they are equipped with fishing gear or not.

Please send, above information to:—
