March 23rd/43.

Dear Sir,

Letter No. 18088

We, are 3 families who are
intending to settle in British Columbia.
Buying 300 acres from the Government.
We are interested in the Commercial
fishing on the coast, and the Commissioner
of the B.C. Government. Lands Bureau
at Victoria, B.C. gave me your address
so that I could write you direct and get
the information. Would we be able to buy one
of the Japanese fishing boats. That the Gov
has at B.C. What would the price be for one.
and would we be granted a commercial fishing
license. Is it a special license for salmon fishing
around the mouth of the Fraser river.
We shall be glad to get any information
on this subject or booklets.

Thanking you in advance

I remain
yours truly
J. A. Wells.
